Great difficulty having been experienced in maintaining the Establishments of Windy Lake and Merrys House of late, which have been very unproductive in regard to returns, and the Post of Manitoo Lake being only 40 miles distant from Oxford House it is considered expedient to concentrate the business by abandoning the Posts of Windy Lake and Merrys House and to establish in their stead a Post at the east end of Island Lake, where the fishery is so productive as to afford abundant means of living, and to which the Indians of both these Posts can be drawn without inconvenience, likewise to abandon the post of Manitoo Lake, merely keeping a Fisherman there for the support of the people employed on the Winter road, and who would be provided with a few essentials to supply the Indians with when absolutely necessary in the course of the Winter, it is therefore Resolved

The allowance of £50 p. annum usually given to Dr. Bunn for medical advice to the Honble Company's Establishment at Red River, the retired servants who cannot afford to pay for such and all other Pauper Settlers, being insufficient to remunerate him for the time and attention devoted to such professional duty, it is Resolved

75. That the allowance usually given to Dr. Bunn for such services be increased to £100 p. annum commencing with the Outfit terminating 1st Inst.

The very great benefits that are likely to arise connected with the objects of morality, religion and education not only in Red River but through the Country at large, from the highly respectable and admirably conducted Boarding School, lately established for the instruction of the youth of both sexes under the management of the Revd. Mr. Jones, excites feelings of the most lively interest in its favor, and of great solicitude for its prosperity and success, which even in a business point of view are very desirable from the large amount of Capital it brings into circulation, while it is highly creditable to the Country and honourable to the Gentlemen who have come forward so handsomely in its support; but it is with unfeigned regret we observe that, owing to the heavy expense incurred by Mr. Jones in erecting the necessary buildings for this Seminary, it cannot possibly, at the present charge for board & education, afford remuneration adequate to the labour bestowed by Mr. Jones upon it and the outlay of money it has occasioned to him; and as an increased charge for Board and Education might operate to the prejudice of this Establishment in its infant state, it is Resolved

77. That an allowance be made to the Revd. Mr. Jones of £100 p. annum in aid of this highly promising establishment subject to the approbation of the Governor and Committee, and it is further Resolved

78. That a vote of thanks be presented to Mr. & Mrs. Jones, for the readiness with which they entered into the views and wishes of the Gentlemen in the Country, when requested to undertake the formation of such an establishment, for the deep and lively interest they take in the improvement, and for the unremitting attention they pay to the health and comfort of the young folk entrusted to their care.

79. That a grant of £300 be made towards the expenses of building a gaol about to be erected at Red River Settlement and in aid of other Public Works in progress there.

That Chief Factor John Rowand's private account be charged with £5 paid to Augustin Valle, such extra wages being given without consulting the Governor in Council, contrary to the Standing Rules and Regulations; but that the said Augustin Valle be re-engaged from 1st June 1835 at £30 p. annum wages. That Chief Factor John Stuart's private Account be charged with £10 for Outfit 1834 paid to Charles Forrest; such extra wages having been given without the authority of the Governor and Council and contrary to the Regulations of the Service.

With reference to the 23rd Resolution of the Standing Rules and Regulations, it is Resolved

97. That the wages of a Servant acting in the capacity of Cook or Gentleman's waiting man shall in no case be allowed to exceed £17 p. annum or the usual wages of a Middleman of the District in which he serves, and that the additional Gratuity heretofore given to persons acting in that capacity shall in future be allowed only to servants who, on the Summer Voy-

age to and from the Wintering grounds, act in the capacity of Cook or waiting man independent of his duty as one of the regular crew of the Craft in which he may be employed; except the Cooks or waiting men employed at the Depot of York Factory, Vancouver, Moose and Norway House and at Fort Garry, Red River Settlement.

With further reference to the 24th Resolution of the Standing Rules and Regulations, it is Resolved

98. That the accountant of the different Depts. instead of debiting the private account of Gentlemen, deviating from the instructions contained in the Resolutions on the subject of Servants' Wages, Gratuities &c., with extra Wages or Gratuities, be instructed to forward to the Governor & Council annually a list of such extra wages or Gratuities, to be considered and determined on by the Council previous to being charged to private Account.

classed unsaleable or considered as such, it is left discretionary with those superintendents of Districts or Posts to dispose of at a price corresponding with their estimated value.

9. That Buffalo Robes dressed, and parchment Leather brought out to Norway House and the Depot or transferred to other Districts be charged at Inventory prices; and that the articles when sold to Settlers at Red River be charged at 100 p. Cent on Inventory prices, to cover the risk and freight of their transport thither, and that no provisions excepting at the Depot or required for transfers be valued at Inventory.

10. That all imported Goods returned to the Depot be considered on the account and risk of the District transferring the same.

Serious inconvenience having been experienced of late years from the circumstances of Gentlemen in charge of Brigades leaving the Factory with Craft not fully laden thereby occasioning a loss of Freight, it is Resolved.

11. That lading of boats belonging to all Districts in the Northern Department leaving the Depot be 70 pieces goods of full weight or measurement; exclusive of the usual allowance for passengers, viz—10 pieces for each Commissioned Gentleman, 5 pieces for first class Clerks, 3 pieces for junior Clerks, and Postmasters. That one-half of the above allowances be made to cover the freight or private orders for the same classes remaining inland and that each servant remaining inland, be allowed the freight of $1\frac{1}{2}$ pieces to cover his private order which shall be considered cargo but that the private luggage of the crew be over and above the cargo; and that in all cases where a loss of freight is occasioned by neglect of this resolve, the same be chargeable to the private account of the Commissioned Gentleman conducting the Brigade.

And with reference to the foregoing Resolutions in order to regulate the charges for freight of private property conveyed inland exceeding the fixed allowance, it is Resolved

12. That the same be charged to private account of the parties as follows viz.

Norway House to Oxford House	2/	“
Oxford House to Y. Factory	3/	“

14. That all Chief Factors and Chief Traders for whom no special mode of conveyance is provided accompany their loaded craft to and from the Depoe and, the better to prevent loss of freight, that those in charge of loaded craft from the Depot, previous to their departure, give in to the person appointed for that purpose correct Bills of Lading thereof, which must be conformable to the provisions of the 11th Resolve.

The better to insure co-operation and efficiency between those superintending and those co-operating in Districts to which two or more Commissioned Gentlemen are appointed, it is Resolved.

15. That the person appointed as superintendent thereof by Council be authorized to assume the direction of affairs and to issue orders and instructions for the good government and successful management of the Posts and trade thereof as to him from time to time appear expedient to which every attention and conformity are required from those to whom such orders and instructions are addressed or have reference.

Serious inconvenience to the Service having in many instances arisen of late from the circumstances of Clerks in distant parts of the country applying to the Governor and Council for permission to visit the Depot or withdraw from the District without having previously consulted the Commissioned Gentleman superintending the District and to guard against a recurrence of such inconvenience, it is Resolved

16. That no such permission be granted in future unless the applicant first submit his request in writing to the Gentleman superintending the District to which he belongs; who is hereby directed to report on the same for the information of the Governor and Council, and that any Clerk coming to the Depot without such permission be considered as retiring from the Service.

In order to guard against irregularities and expenses arising from little favoritisms and partialities which occasionally discover themselves, it is Resolved

17. That all appointments to the offices of Postmaster, Interpreters, Apprentice Tradesmen, or Sailors in the Service be made by the Governor and Council, by whom also the wages of the parties are to be regulated, and that no individual be permitted to make such appointments or to increase, reduce or determine such wages, and that the wages of Postmasters shall not hereafter exceed £50 per annum except in cases where parties are at present in the enjoyment of higher wages.

18. That no Guide or Interpreter, whether at the Factory Depot or Inland, be permitted to mess with Commissioned Gentlemen or Clerks in charge of Posts; but while at the Depot they will be allowed per week 4 days ordinary rations as issued to Engagees, besides 2 loaves of bread, 3 lb. pork, $\frac{1}{4}$ lb. tea, 2 lbs. sugar and 1 pint rum; and have an allowance delivered to them on departure for the voyage inland of 1 lb. tea, 6 lb. sugar, 10 lb. biscuit and 10 lb. beef or pork, besides an extra allowance for the wintering grounds of 25 lb. flour, 20 lbs. sugar and 10 lb. grease, in addition to the ordinary rations of Engagees at the place where they winter.

In looking over the list of servants in each District it is much to be regretted that the number and classification determined on by the Resolutions of Council are not generally adhered to which is productive of irregularity and unnecessary expense, it is therefore Resolved

19. That no Gentleman be permitted in future to deviate from the number and classification of people determined on in Council to be employed in the business of the District.

As it appears by the accounts from several Districts that the established scale of wages is not duly observed, it is Resolved

20. That in order to prevent all misapprehension on that subject in future the existing scale of wages be attended to as follows viz.

For all Districts in the H. B. Territories—

Steersmen	£22
Bowsmen	20
Middlemen	17

For Athabasca and McKenzie River—

Steersmen	£24

ployed on the voyage from the West side the Mountains to York Factory and back again, Guides never to exceed £5 in addition to the wages of Steersmen of the District and not to be exempted from the ordinary duties of a Steersman, nor allowed an extra man in their Boats with the exception of the Athabasca Guide and the Guides of the hired transport Brigades; no more Bowsmen or Steersmen to be employed in any District than absolutely required for the management of the Craft belonging thereto.

Boat builders not to exceed £30 p. annum Wages

Interpreters “ “ 25 “ “

Wages of Mechanics at the Depot to be regulated and varied according to circumstances; and those of Blacksmiths inland not to exceed the Wages of Steersmen of the District.

In order to guard against misapprehension and to check irregularities in regard to Servants, it is Resolved

21. That all Servants engaged in England, Canada, or in the Country be considered for the term of their first Contracts as being disposable for general service at the Wages stated in their Engagements, unless “*Prix du Poste*” be distinctly specified, in which case, the wages of the District to which the party is attached to be allowed; but in all cases where the Engagements are renewed in the Country, the wages of the District for which the Servant is engaged to be allowed accordingly.

The items of Gratuities and Extra Service money having increased to such a degree as to render it necessary to check them, it is therefore Resolved

22. That no gratuity or extra Service money be allowed to any Servant or person whatsoever except the usual gratuities to Indians in consideration of Goods &c. &c. unless such gratuities or extra service monies be authorized by a former Resolve in Council.

To prevent misapprehension and abuse, it is Resolved

23. That all Commissioned Gentlemen, having distinct charges, be permitted to employ on the Voyage or inland one of the people appointed to the District in the capacity of Cook or Servant in addition to his ordinary duties, and that for such extra service he be allowed the sum of £3 in addition to his regular wages, to be put to the credit of his Account at the end of the year, provided the Contract wages of such servant do not exceed those of a common Laborer of the District.

And in order to insure due respect and attention to the foregoing Resolutions, it is Resolved

24. That parties deviating from the instructions contained in the Resolution on the subject of Servants, Wages, gratuities, &c. &c. be held liable for the amount of expenses incurred by such irregularities, which the Accountants of the several Depots are hereby authorized to charge to their Accounts immediately, from whence it cannot be withdrawn, nor can the charge be remitted without special authority from the Governor and Council first duly asked and obtained.

25. That in renewing all Contracts it be distinctly specified that the person hired be at the rate of so much per annum; Wages and duty to commence and be computed from the 1st June, if hired in the Country, and if hired in Britain or in Canada the same to commence and be computed from the date of his embarkation thence, and in either case both to be continued to his re-embarkation and departure from the Depot, subject however, if under the rank of Clerk, to work his passage, if required, from thence in any of the Company's Craft or Vessels, whether light or laden, without any compensation till his arrival in England or in Montreal, where his engagement will cease also that a clause be inserted therein requiring the person hired to give a year's notice of his intention of retiring at the expiration of his agreement, otherwise he will be retained and considered disposable for the Current at the salary of the preceding year's Outfit.

26. That the originals of all Contracts with Clerks and Servants, together with notices of retirement be deposited with the Accountant at the Depot for the purpose of being registered.

27. That no indented Servant be permitted to have advances in the course of the year exceeding three fourths of this Current wages viz.: about half at the Depot and one-fourth inland.

28. Gentlemen

Since the breaking up of the Council, the subject of continuing the use of Spirituous Liquors in the Indian Trade in several Districts and Posts in the Northern Department to which that Article still continues to be imported has been fully discussed in Committee with Chief Factors McLoughlin, Christie, Rowand and Finlayson and Chief Traders Hargrave and Nicol Finlayson, and I am happy to say that those Gentlemen unanimously coincide with me in opinion that no serious difficulty or inconvenience is likely to arise from immediately and henceforth interdicting the use of Spirituous Liquors in the Indian Trade throughout the Lac la Pluie and Jack River De-

partments, at the Posts of Cumberland and Moose Lake, in the Saskatchewan Department at the Posts of Shoal River and Manitoba in the Swan River Department, and at the Posts of Oxford and Island Lake in the York Department. I have therefore to desire that no Spirituous Liquors be issued to Indians at any of the said Posts from henceforward without special authority from the Governor & Committee or Council

I remain Gentlemen

Your most obedt humble Servant

Russian Agreement.

Agreement between the Hudsons Bay Company and the Russian American Company respecting certain commercial arrangements hereinafter noticed, signed at Hamburgh sixth day of February 1839.

The Governor, Deputy Governor & Committee of the Hudsons Bay Company London and the directors of the Russian American Company of St. Petersburg being desirous of drawing still closer the ties of good understanding and friendship which unite them by means of an agreement which may settle on the basis of reciprocal convenience and advantage different points connected with the Commerce of the said Hudsons Bay Company and the Russian American Company have named agents to conclude an Agreement for this purpose; that is to say The Hudsons Bay Company of London have appointed Mr. George Simpson Governor of their Territories of Rupert's Land to act in their behalf; and the Russian American Company have appointed his excellency Baron Wrangell, Rear Admiral in the service of his Majesty, The Emperor of Russia, to act in their behalf; who after having communicated to each other their respective full powers found in good and due form have agreed upon & signed the following Articles.—

Article 1st. It is agreed that the Russian American Company having the sanction of the Russian Government to that effect shall cede or lease to the Hudsons Bay Company for a term of 10 years commencing from the 1st June 1840 for commercial purposes the Coast (exclusive of the Islands) and the interior country belonging to his Majesty the Emperor of Rus-

sia, situated between Cape Spencer, forming the Northwest headland of the entrance of Cross Sound and Latitude $54^{\circ} 40'$ or thereabouts say the Mainland Coast and Interior Country belonging to his Majesty, the Emperor of Russia together with the free navigation and trade of the waters of that Coast and Interior Country, situated to the Southward and Eastward of a supposed line to be drawn from the said Cape Spencer to Mount Fair-Weather, with the sole or entire Trade or Commerce thereof; and the Russian American Company shall abandon all and every station and Trading Establishment they now occupy on that Coast and in the Interior Country already described, and shall not form any station or trading Establishment during the said term of ten years, nor send their Officers, Servants, Vessels or Craft of any description for the purpose of trade into any of the Bays, Inlets, Estuaries, Rivers or Lakes in that line of Coast and in that interior Country; and shall not have any communication for the purpose of trade with any of the Tribes of Indians occupying or inhabiting that Coast or interior Country, and shall not receive in Trade, Barter or otherwise any of the Furs, Peltries or Produce whatsoever of the Mainland Coast or Interior Country already described. And shall in good faith & in spirit to the letter relinquish in favor of, and cede and assign to the Hudsons Bay Company the entire Trade and Commerce of the said Coast and Country, and by every means in their power protect the Hudsons Bay Company from all interference, encroachment or competition in their trade on the part of other Russian subjects, strangers and Foreigners whatsoever during the said term of Ten years as effectually as if the said Coast and Interior Country had not been ceded and had been virtually occupied by themselves. And that the Russian American Company shall permit and afford facilities to the Hudsons Bay Company to take and retain possession of the Russian Establishment of Point Highfield at the mouth of the Stikine river and to occupy by the formation of other Establishments, Stations or otherwise for the purposes of trade, such other Posts of the said Coast and Interior Country as they may consider it desirable so to occupy. And in the event of this Agreement not being renewed after the expiration of the said term of Ten Years it is agreed that the Hudsons Bay Company shall relinquish in favor of the Russian American Company the said Establishment situated at Point Highfield and any other stations or Posts they may in the meantime form on the Russian Territory

already described. And in consideration of such cession & protection and of the Commercial and other advantages The Hudsons Bay Company may derive from such cession and protection, it is agreed that the Hudsons Bay Company shall pay or deliver to the Russian American Company as annual rent 2000 seasoned Land Otter Skins (excluding Cub and damaged Skins) taken or hunted on the west side of the Rocky Mountains during the said term of Ten years; the first payment of the said rent to be by the delivery of the said 2000 Otter Skins on or before the 1st June 1841 to the Agents of the Russian American Company on the Northwest Coast.

Article 2nd. It is further agreed that the Hudsons Bay Company shall not trade with Indians nor receive in trade or Barter nor hunt any Furs or Peltries on any other part of the Russian Territory on the Northwest Coast or Islands than that ceded to them under the provisions of the foregoing Articles.--

Article 3rd. It is further agreed that the Hudsons Bay Company do sell to the Russian American Company all the seasoned Land Otter Skins they may collect on the West side of the Rocky Mountains not exceeding 2000 skins over and above the 2000 skins agreed to be paid as rent under the provisions of the first Article for the said term of Ten Years at the price of 23/ Sterling per skin deliverable annually to their Agent on the Northwest Coast. And that the Hudsons Bay Company do further agree to sell to the Russian American Company 3000 seasoned Land Otter Skins taken or hunted on the East side the Rocky Mountains for the said term of Ten Years at the price of thirty two shillings sterling per skin deliverable annually in like manner to the Agent of the Russian American Company on the Northwest Coast, the first delivery of Skins under this Article likewise to be on or before the first June 1841; and the following delivery of Skins to be on or before the first of June in every year.

Article 4th. It is further agreed that the Hudsons Bay Company shall provide the Russian American Company annually for a term of Ten Years with Wheat to the extent of 2000 Fenagos of 126 pounds per Fenago in 1840 and to the extent of 4000 Fenagos per annum afterwards at the price of Ten Shillings and Nine Pence Sterling per Fenago, and the whole or as much of the undermentioned Articles as convenient in 1840 and the full quantities annually for a term of 9 years afterwards at the prices affixed to those articles respectively, viz.:

160 cwt.	Wheat Flour	@ 18/5 per cwt.
130 "	Pease	" 13/ "
130 "	Grits & hulled Pot Barley, if it can be annually provided	" 13/ "
300 "	Salted Beef	" 20/ "
160 "	" Butter	" 56/ "
30 "	Pork Hams	" 6d per lb.

Provided nevertheless that if through any unforeseen cause it may not be possible for the Hudsons Bay Company to fulfil their part of the Agreement, then and in that case it is agreed that the Russian American Company shall send one of their Vessels to the Southern course for the purpose of receiving the like supplies through the agency of the Hudsons Bay Company, any extra charge that may be incurred through such contingency to be defrayed by the Hudsons Bay Company.

Article 5th. It being desirable for the Hudsons Bay Company to increase their Shipping or Tonnage from England to the North West Coast as a means of facilitating the transport of the Wheat & other supplies they have, under the foregoing Article of this Agreement undertaken to deliver to the Russian American Company, it is further agreed that whenever the Russian American Company may have occasion to forward to their Settlements on the Northwest Coast British manufactured Goods and other supplies of the like description as they have been usually in the habit of receiving from England & the United States of America they will forward the same on Freight by the Hudsons Bay Company's annual ship from England at a freight of £13 Sterling per Ton, the freight to be computed either by weight or measurement according to custom. It being provided nevertheless that when the Russian American Company may have occasion to send any of their own ships from St. Petersburg to the North West Coast, they will in such cases forward their supplies by their own Ships instead of by the Hudson Bay Companys Ships.

Article 6th. It is further agreed that the purchase money for Otter Skins under the 3rd Article; the purchase money of wheat and other Agricultural produce under the 4th Article; the Freight of Goods under the 5th Article of this Agreement; and the purchase money for any other Article that may be supplied to the Russian American Company by the Hudsons Bay Company from time to time shall be paid from time to time on the delivery respectively of the said Skins, Wheat and other Agricultural produce, Goods on Freight and other articles to

the Agent of the Russian American Company at Fort Simpson, Stihine or any other Point more convenient to the Hudsons Bay Company on the Northwest Coast, North of the Latitude of Fort Simpson by Bills of Exchange in Triplicate to be drawn by the said Agent of the Russian American Company on the Directors of the Russian American Company at St. Petersburg in favor of the Governor, Deputy Governor and Committee of the Hudsons Bay Company or order at sixty days after sight which the said Directors of the Russian American Company shall duly honour by acceptance and payment.

Article 7th. It is further agreed that should a declaration of War or hostilities unfortunately break out between Great Britain and Russia hereafter during the existence of this agreement, then and in that case such national hostilities shall not become a pretext for the non-payment on the part of the Russian American Company of the Drafts of their Agent on the North West Coast of America in favor of the Hudsons Bay Company but that all pecuniary matters of Account between the Contracting parties shall be liquidated and discharged honourably and in good faith as if their respective nations were in the most perfect amity.

Article 8th. It is further agreed that should a declaration of war or hostilities unfortunately break out between Great Britain and Russia hereafter during the existence of this agreement, the Russian American Company shall guarantee and hold harmless the Hudsons Bay Company from all loss and damage arising from such hostilities in so far as to enable the Hudsons Bay Company to evacuate and abandon their possessions and Trading Posts within the Russian Territory quietly and peaceably and to remove their Goods, Furs and other property within 3 months after receiving information of such hostility or declaration of war.

Article 9th. It is further agreed by the Hudsons Bay Company in consideration of the arrangements entered into under the provision of this agreement that they shall relinquish their claim now pending on the Russian Government, the Russian American Company or whoever else it may concern for injury or damage said to be sustained by the Hudsons Bay Company arising from the obstruction presented by the Russian authorities on the North West Coast of America to an Expedition belonging to the Hudsons Bay Company at the mouth of the river Stihine on the North West Coast of America in the year 1834 outfitted and equipped by the said Hudsons Bay

Company for the purpose of forming a commercial station in the interior British Territory on the Banks of the said Stihine River.

Instructions for preparing Caviare.

Immediately after the Sturgeon is cut open, take out the Roe, remove the film or skin surrounding it, let the particles of Roe be separated by hand and the little film or pieces of skin be picked out; put the Roes into a sieve or perforated Tub so that the blood and Oil may drain off for two or three hours, in a house of moderate temperature, afterwards mix it well up by hand with Salt in the proportion of one Salt to 7, 8 or 10 of Roe according to the time it is intended to be kept, let it then be put into a Bag of Cotton or Linen or clean bale cloth, tightly compressed and tied at the neck and hung up for 4 to 8 days in the house (moderate temperature) so as to allow the Oil or Moisture to drain off, and afterwards let it be packed up and pressed tight in clean Kegs or Casks either with or without the Bags and carried to Market in as cool a temperature as possible. Caviare is made of the Roe of any Fish. The Beluga, a very large Fish of the Sturgeon kind caught in the Volga Ladoga and Onega produces the best; but it is supposed that none can be preferable to the Hudsons Bay or Columbia Sturgeon. Caviare is worth in St. Petersburg about 60 Rubles or 2/10 the Pood of 36 lb. or 1/4 to 1/5 per lb. and is sold in the Shops in London at from 2/— to 2/6 per lb.

We find that the want of necessary information will not enable us to propose at present the requisite conditions which may entitle candidates to be placed as pensioners on this Fund, nor will the uncertainty as to the probable number of applicants, and the amount of its proceeds permit us to propose with desirable accuracy any stated amount for such Pension. We are therefore of opinion that the final arrangement of this scheme should be settled by the Governor & Committee, or under their Honors' directions, by the Governor & Council in this Country next season.

Duncan Finlayson,	Chief Factor, President.
Roderick McKenzie,	do
Donald Ross,	do
J. E. Harriott,	Chief Trader.

Resolved 1. That the rotations of furlough for the current outfit, 1842, be in favor of Chief Factors John Rowand, J. Lee Lewes, and Roderick McKenzie, with Chief Traders W. H. McNeil and George Barnstone.

2. That Chief Factors John Rowand and Roderick McKenzie, and Chief Traders W. H. McNeil and George Barnstone having given no intimation of their intention to avail themselves of their rotations this season, their services be considered disposable for the current outfit.

3. That Chief Factor Lewes cannot avail himself of his rotation of furlough for the current outfit; such being contrary to the tenor of the 4th Resolution of last year's Council, which declares that no commissioned officer shall be entitled to furlough until the expiration of 7 years after his last furlough or leave of absence.

BRITISH NORTH AMERICA ACT, SECTION 146.¹

ADMISSION OF OTHER COLONIES.

146. It shall be lawful for the Queen by and with the advice of Her Majesty's Most Honourable Privy Council, on addresses from the Houses of the Parliament of Canada, and from the Houses of the respective Legislatures of the Colonies or Provinces of Newfoundland, Prince Edward Island, and British Columbia, to admit those Colonies or Provinces, or any of them, into the Union, and on Address from the Houses of the Parliament of Canada to admit Rupert's Land and the North-western Territory, or either of them, into the Union, on such Terms and Conditions in each Case as are in the Addresses expressed and as the Queen thinks fit to approve, subject to the Provisions of this Act; and the Provisions of any Order in Council in that Behalf shall have effect as if they had been enacted by the Parliament of the United Kingdom of Great Britain and Ireland.

To Her Most Gracious Majesty
Victoria

Queen of Great Britain and Ireland.
&c., &c., &c.

The Memorial of the undersigned, Merchants, Traders, Farmers, &c., inhabitants of that part of Rupert's Land, the Red River Settlement.

Humbly Sheweth,

That Whereas, it is the earnest wish and desire of the inhabitants of this isolated portion of Your Most Gracious Majesty's Dominions in British North America to be created a Crown Colony, with a view of being ultimately embraced in the Grand Confederation of the Provinces of British North America, to foster and protect British Interests from the Atlantic to the Pacific.

Your Majesty's loyal Memorialists would here briefly set forth their reasons, that no further delay should take place in granting the Prayer of this Memorial,—The Provinces of British North America being now on the eve of a great political change; together with the settlement between Your Majesty's Government, and the Hudson's Bay Company, for the sovereignty and freehold of this valuable portion of Your Majesty's possessions—

Therefore, Your Majesty's Memorialists consider the time has now arrived, when they may fairly urge upon Your Majesty's Government, the importance of favorably considering this Memorial and Prayer of Your Majesty's loyal subjects in Rupert's Land, and thereby taking action thereon at the approaching Session of the Parliament of Great Britain.

Your Majesty's Memorialists would here humbly represent for the consideration of Your Majesty's Government, the rapid advancement of civilization and settlement by our adjoining American neighbors, now extending to the Confines of the

International Boundary Line. While notwithstanding our Superior Climate, and vast Agricultural and Mineral resources, we remain helpless to advance in developing the same, having no outlet or market, besides being entirely indebted to the enterprise of a foreign power, for any Postal, or other Communication with the outer world. The imports and exports of the country for the past year amounting to over three hundred and sixty thousand Pounds Sterling.

That this state of affairs in such a valuable portion of Your Majesty's Possessions will now cease, notwithstanding previous unsuccessful application, is the humble, and earnest hope of Your Majesty's Most loyal Memorialists—

Your Majesty's Memorialists would humbly suggest to Your Majesty's Government, as a means of the immediate development of this vast country viz., with the creation of a Crown Colony, the at once opening up of the Lake Superior route to British Columbia for Commerce and Emigration, and a regular Postal Communication, an early settlement of Indian Land Titles and the presence of a Military Detachment.

Wherefore Your Majesty's Memorialists humbly pray, that Your Most Gracious Majesty may be pleased to recommend immediate action to be taken by Your Majesty's Government on this Memorial and that the creation of this portion of the Territory of Rupert's Land known as Assiniboia, to a Crown Colony, may become law during the approaching Session of Parliament and

Your Majesty's humble Memorialists as in duty bound will Ever Pray &c

My Lord—As President elect, by the people of the newly-organized Government and Council of Manitoba, in British

territory, I have the dutiful honor of laying before your Lordship, for the consideration of Her Most Gracious Majesty, our beloved Queen, the circumstances attending the creation of this self-supporting petty government in this isolated portion of Her Majesty's Dominions, and, as loyal British subjects, we humbly and sincerely trust that Her Most Gracious Majesty, and Her advisers, will be pleased forthwith to give this government favorable recognition, it being simply our aim to develop our resources, improve the condition of the people, and generally advance and preserve British interests in this rising Far West.

An humble address from the people of this settlement to Her Majesty the Queen, was forwarded through the Governor-General of Canada, in June last, briefly setting forth the superior attractions of this portion of the British Dominions, the growing population, and the gradual influx of immigrants, and humbly praying for recognition, law, and protection, to which no reply or acknowledgment has yet reached this people.

Early in January last, at a public meeting of settlers, who number over four hundred, it was unanimously decided to at once proceed to the election and construction of a government—which has accordingly been carried out—a revenue imposed, public buildings commenced, to carry out the laws, provisions made for Indian treaties, the construction of roads, and other public works, tending to promote the interests and welfare of the people, the boundaries of the jurisdiction being, for the time, proclaimed as follows:—

North—From a point running due north from the boundary line of Assiniboia, till it strikes Lake Manitoba, thence, from the point struck, a straight line across the said Lake to Manitoba Port; thence by longitudinal line 51, till it intersects line of latitude 100.

West—By line of latitude 100 to the boundary of the United States and British America.

East—The boundary line of the jurisdiction of the Council of Assiniboia.

South—The boundary line between British North America and the United States.

I have the honor to remain, my Lord,
Your Lordship's obedient servant,

T. SPENCE,
Pres. of the Council.

(c) *Letter from A. Morrison, M.P., to President Thomas Spence, April 4, 1868.*⁽¹⁾

OTTAWA, 4th April, 1868.

My dear Sir,

On the receipt of your letter, "dated 17th January last," with official communication signed by you as President of the Council of Manitoba, Rupert's Land, and countersigned by your Council; I immediately placed myself in communication with Sir John Macdonald, after reading your communication he at once placed the same before "Lord Monck" The Governor General, who then submitted it to his Council, and afterwards a Copy was ordered to be sent forthwith to the Secretary of State for the Colonies; I now send you a copy of Sir John's letter returning the Document; by it you will see that Parliament could not recognise it as official, altho privately with the Governor in Council, it has been *used* as *such*:

I feel satisfied the course adopted by the inhabitants of Manitoba for *self rule* and *protection* was a correct one; and I have no doubt this important step will bring the Hudson Bay Company and Her Majesty's Ministers into some conflict; the result of which I hope will be a temporary amicable arrangement whereby your Territory under the provisions of our Union Act will before long become part and parcel of the Dominion of Canada: When carried out you may rest assured your personal interests will not be overlooked by the writer.

With respect to that part of your letter, intimating that if Canada or England did not take immediate steps to grant your people civil rights and representation in the Parliament of Canada "An Appeal would be made to the United States authorities to recognize your Provisional Government:" on this point, I do urge you, and your Council not to make this declaration public, as it would certainly induce the Fenians to unite on your *Confines* and when an opportunity was given, to raid your Territory, and for no other purpose than to annoy the English and Canadian Governments: again my advice is be careful and do refrain from any overt Act whereby the Yankees might be induced to Volunteer Assistance, before asked to do so; However I do hope the present self movement on the part of the *Inhabitants of Manitoba* will bring about, not only a speedy, but a satisfactory settlement of all your long recognised neglects and wants.

¹ Dominion Archives, M. 155, pp. 360-363.

As President of the Council your name is now familiar with all the M.P.'s of our House of Commons: the fact is I have had any quantity of inquiries made about your character and standing in the settlement; all of which I kindly inclined in your *favor* adding that your Loyalty to Queen Victoria and her Dominion was equal to my own. The Hon. Darcy McGee appears to take an interest in your favour. I allowed him to peruse your communication, and his views were not to bring it before the *House* for the reasons *above mentioned*.

I have had several chats with Mr. Simpson, the M.P. for the Algoma Division, he thinks some good will come out of the course adopted by your people, he has much sympathy for you all.

I am pleased to say a new *Steamboat "first Class" called the Chicora* will be placed on Lake Huron this summer, and will make weekly trips from Collingwood to Fort William; this is one good point gained in the *right direction*.

With respect to the opening up, this summer, the road from Fort William to Fort Garry, a *difficulty* exists between the Dominion Government and the Local Government of Ontario, in regard to the expense; still I believe every thing to be done would be done if the Hudson Bay Company's claim was settled by England, so that the whole Territory might be placed in the hands of the Canadian Government.

You may rest assured all in my power will be done with our Government so as to *promote immediately* such facilities as will obtain for your people a speedy political connecteion with our Dominion.

In case Lork Monck receives a *reply* to your *communication*, and he grants me the *information*, I will immediately write you fully on the subject.

I am again reviving my old *North West Inland Navigation and Railway Company*, if (or so soon as) the H. B. Company's claim was settled, I would urge on our Government to *subsidise* the Company to build a good road with *Lake* service to Fort Garry; however you will bear in mind that patience is a *bliss*; still I admit great neglect has been made on the part of
(1) Governments.

N. W. Territory:

still we must hope in the future that all will be right.

Where blank occurs the letter has been torn.

I would have written you before this, but delayed until I could give you all possible information & hoping to hear from you soon—

Yours faithfully,

A. MORRISON.

*(d) Letter from Downing Street to President Thomas Spence,
May, 30, 1868.⁽¹⁾*

DOWNING STREET,

May 30, 1868.

SIR,—

I am directed by the Duke of Buckingham and Chandos to inform you that your letter of the 19th February last, addressed to the Secretary of State for Foreign Affairs, has been forwarded to this Department and that His Grace has also received a copy of a letter addressed by you to Mr. Angus Morrison, a member of the Canadian Parliament, dated the 17th of January last.

In these communications you explain the measures that have been taken for creating a so-called self-supporting government in Manitoba, within the Territory of the Hudson's Bay Company.

The people of Manitoba are probably not aware that the creation of a separate government in the manner set forth in these papers has no force in law, and that they have no authority to create or organize a Government or even to set up Municipal Institutions properly so-called for themselves, without reference to the Hudson's Bay Company or to the Crown. Her Majesty's Government are advised that there is no objection to the people of Manitoba voluntarily submitting themselves to Rules and Regulations which they may agree to observe for the greater protection and improvement of the Territory in which they live, but which will have no force as regards others than those who have so submitted themselves. As it is inferred that the intention is to exercise jurisdiction over offenders in Criminal cases, to levy taxes compulsorily, and to attempt to

put in force other powers which can only be exercised by a properly constituted Government, I am desired to warn you that you and your Coadjutors are acting illegally in this matter, and that by the course which you are adopting you are incurring grave responsibilities.

I am, Sir,
Your Obedient Servant,

T. FRED ELLIOT.

2. Instructions issued to Hon. Wm. McDougall as Lieutenant Governor of the North West Territories, Sept 28, 1869.

OFFICE OF THE SECRETARY OF STATE FOR THE PROVINCES,
Ottawa, 28th Sept, 1869.

*The Hon. Mr. McDougall, C.B.,
Ottawa.*

SIR,—As you have been appointed Lieutenant-Governor of the North-West Territories, in anticipation of the formal transfer of those Territories by Her Majesty to the Dominion of Canada, and as it is expected that such transfer will be made within the course of the next two or three months, I have the honor, by command of His Excellency the Governor General, to inform you that it is desirable that no time should be lost in making the necessary preliminary arrangements for the organization of the Government of the Territories.

2. With this view I am to instruct you to proceed with all convenient speed to Fort Garry, in order that you may effectually superintend the carrying out of the preliminary arrangements indicated in the preceding paragraph, and be ready to assume the Government of the Territories on their actual transfer to Canada.

3. On your arrival at Fort Garry, you will place yourself at once in communication with Mr. McTavish, the Governor of the Hudson Bay Company, and notify him of your appointment; you will, at the same time, offer seats in your Council to Mr. McTavish and to Mr. Black, or other Chief Judicial Officer of the Hudson Bay Company now in the Territory. Should either or both of these gentlemen decline to accept office, you will submit, for the consideration of His Excellency, the names

of one or two other officers of the Company, whom you consider eligible to act as members of your Council. You will, at the same time, submit the names of several of the residents of character and standing in the Territory, unconnected with the Company, qualified to act as Councillors, giving particulars respecting them, and stating their comparative merits.

4. You will have the goodness to report with all convenient speed, for the information of His Excellency, on the state of the Laws now existing in the Territories, transmitting copies of any Laws, Ordinances or Regulations of the Company now in force there, together with a full report as to the mode of administering Justice, the organization of the Courts, the number and mode of appointment of Justices of the Peace, the Police arrangements, and the means adopted for keeping the peace, &c.

5. In preparing your Report on the matters referred to in the preceding paragraph, it will be well that you should confer with the Chief Judicial Officer of the Company in the Territories.

6. You will have the goodness to report also upon the system of Taxation (if any) now in force in the Territories, the system of licensing Shops, Taverns, &c., the mode of regulating or prohibiting the sale of Wines, Spirituous and Malt Liquors; and further, as to the mode of keeping up the Roads, and generally on the Municipal Organization (if any) existing in the Territories.

7. You will also make a full report upon the state of the Indian tribes now in the Territories—their numbers, wants and claims; the system heretofore pursued by the Hudson Bay Company in dealing with them—accompanied by any suggestions you may desire to offer with reference to their protection, and to the improvement of their condition.

8. You will have the goodness to report also on the nature and amount of currency or circulating medium now employed in the Territories, and of the probable requirements of the Territories in that respect in the future.

9. You will also report on the system of education (if any) which now obtains in the Territories.

10. You will also please to report as to such lands in the Territories as it may be desirable to open up at once for settlement, transmitting a plan of such survey as may be necessary, with an estimate of the cost of survey, a statement of the conditions of grants of land and settlement. The plan, should

show the number of townships it is proposed to lay out at once, the size and situation of townships, and the size of the lots, making the necessary reservation for churches, schools, roads, and other public purposes.

11. You will also report upon the relations at present existing between the Hudson Bay Company and the different religious bodies in the Territories.

12. You will also report as to the number of officers now employed by the Hudson Bay Company in the Administration of the Government of the Territories, stating the duties and salaries of such officers, and specifying those who should, in your opinion, be retained; you will also report as to the number of persons whom it will be necessary hereafter to employ in the Administration of the Government, and you will report generally on all subjects connected with the welfare of the Territories upon which it may seem to you desirable to communicate with the Government of the Dominion.

13. It is desirable that you should take immediate measures for the extension of the telegraph system from the Territory to Pembina, and for its connection at that place with the system of the American Telegraph Company or Companies, making any provisional arrangements for that purpose that may be necessary, and forwarding a copy of such arrangements to this Department for confirmation by His Excellency.

I have the honor to be, Sir,

E. A. MEREDITH,

Under Secretary of State.

(4) *Letter from J. S. Dennis to Hon. Wm. McDougall, Oct. 27, 1869.*

WEDNESDAY, 27th October, 1869.

NOON.

Have just returned from a visit to the lower part of the settlement on the west side of Red River, having left yesterday afternoon.

Called upon Mr. * * and Mr. * *, and others.

From the conversation had with these different gentlemen. I am satisfied that the general disposition is in favor of receiving the incoming Government with respect, but there is no enthusiasm.

The attitude of the English speaking portion of the colony, may, I think, be fairly stated as follows:—

They say: We feel a disposition to extend a sincere welcome to the Honourable Mr. McDougall, as the gentleman who has been selected for our future Governor.

We regret sincerely that the good name of the colony should be prejudiced by any such action as that we are told is contemplated by a portion of the French half-breeds.

We consider it a most outrageous proceeding on their part, and one that we would be glad to see, if possible, put a stop to. At the same time, should an appeal to arms be necessary, we could hardly justify ourselves in engaging in a conflict, which would be, in our opinion, certain to resolve itself into one of nationalities and religions, and of which we could hardly, at present, see the termination.

We feel this way: We feel confidence in the future administration of the Government of this country under Canadian rule; at the same time, we have not been consulted in any way as a people, in entering into the Dominion.

The character of the new Government has been settled in Canada, without our being consulted. We are prepared to accept it respectfully, to obey the laws, and to become good subjects: but when you present to us the issue of a conflict with the French party, with whom we have hitherto lived in friendship, backed up, as they would be, by the Roman Catholic Church, which appears probable by the course at present being taken by the priests, in which conflict it is almost certain the aid of the Indians would be invoked, and perhaps obtained, by that party, we feel disinclined to enter upon it, and think that the

Dominion should assume the responsibility of establishing amongst us what it, and it alone, has decided upon.

At the same time, we are ready—should the Council make an appeal to the settlement, to prevent the gross outrage contemplated—by a large mounted deputation, unarmed, to meet and escort the Honourable William McDougall to Winnipeg; and thus show to the French party, now in arms, that the English-speaking portion of the colony is entirely opposed to the present threatening movement by a portion of the French half-breeds,—we will cheerfully and promptly respond to the call.

7 P. M.

Mr. * * * has just come in, and reports that about eighty of the French party, who are opposed to the views of the insurgents, met by invitation at the camp of the disaffected today; but that their remonstrances and appeals to get them to disband, were entirely without avail.

Several priests were present; among others, Père Lestanc, the Father Superior.

Père Lestanc took little or no part in the proceedings one way or another; some of the others were less scrupulous, Père Richtot declaring in favor of the stand taken, and called upon the insurgents to maintain their ground.

The appeals of this priest¹ and of the leaders of the insurgent party, had the effect of even withdrawing then and there, some twenty or thereabouts of Mr. Dease's party over to their side.

Mr. Dease thereupon withdrew his party from the ground, and they accordingly went into camp a short distance nearer to Fort Garry, where they are at present.

Mr. Dease, previous to coming to me, states that he had an interview with Governor McTavish, in which he expressed the determination of his party to remain together, and if possible to overawe the others, with which view he requested a supply of arms and ammunition.

He proposes, if these are granted to his party, to escort the Governor in.

His proposition is, for a number of his men (say fifteen) to ride down towards Pembina, and meet Mr. McDougall, and escort him straight to his residence on the Assiniboine, pass-

¹ Another of the Dease party testifies that, on this occasion, the priest raved and tore his gown, addressing the assemblage in the most frantic and excited manner.

ing the "old crossing" over the river Sale, possession of which (as it is understood that there are a few men of the insurgents now at that point), should previously have been taken by another party of his men.

He does not fear that Mr. McDougall will be interfered with at any other point.

He thinks, that, once on the north side of the Assiniboine, at his own house, or at the Fort, five miles lower down, Mr. McDougall would not be subjected to any indignity.

I accompanied Mr. Dease to the Fort, and had an interview with Governor McTavish, at which Dr. Cowan was present when Mr. Dease's proposition was discussed.

The Governor, who was very feeble, and is evidently feeling the responsibility and delicacy of his position, determined to consider the matter to-night, and call in the aid of some Members of the Council to-morrow morning, and decide what course was best to be pursued.

It is worthy of remark, that Mr. Dease expressed his conviction from what had fallen from the lips of the insurgent leaders, that it would not be a matter of much regret to them, "implying that they would feel it a relief rather than otherwise, owing to the evident division among the French elements," were the Governor to find his way into the settlement by another route.

Mr. Dease remarked to me that his party were entirely without provision, and he feared, if they were obliged to go home, it might be difficult to get them together again, and so prejudice the position in favor of the insurgents; and I agreed to send him a small supply to-morrow morning, for their sustenance, until the Council shall have decided on the course to be taken.

There was no determination come to by Governor McTavish as to furnishing his party with arms.

I understood that there were three or four hundred stand of arms, the old "Brown Bess," with ammunition, at present in the Fort.

I may say further that I sent * * * , a man of influence among the French Half-breeds, but favorable to our cause, up to the French Settlement on the "White Horse Plains," on the Assiniboine, yesterday, to use his influence to prevent the people there from coming down to help the insurgents. He returned to-day, and the result of his mission is given in the annexed paper.

5. *Letter from Governor Macdowall to Hon. Wm. McDougall,
Oct. 30, 1869.*

FORT GARRY, RED RIVER,
30th October, 1869.

The Honorable William McDougall, C. B.

MY DEAR SIR,—It is with much concern I have to say that, among a certain portion of the half-breed population here, there prevails a degree of excitement at the prospect of your arrival in the country, which seems to make it necessary that in coming into the settlement, you should use great circumspection; and it is for the purpose of pointing attention to that apparent necessity that I send you this communication.

For some weeks past, rumors have been reaching me through more or less reliable channels, of dissatisfaction among the French half-breeds with the recent arrangements but believing, as I then did, that these feelings had no very deep root, I indulged the hope that they might pass away. But in this respect, I am deeply pained to say, I have been disappointed, and that, within the last few days, the feeling of discontent has manifested itself in such a manner as to create serious apprehensions for the result. After interfering with the surveying operations of Col. Dennis, these people, in considerable numbers, have combined for the avowed purpose of stopping your entrance into the settlement, and with that view they have actually taken up permanent positions on the road by which, in the usual course of travel, you would advance.

Ever since matters began to assume a serious aspect, the conduct of these people has been, I may say, constantly engaging the earnest deliberations of the local authorities, but although every effort has been made which the Council deemed prudent or practicable for bringing these misguided people to reason, and for procuring their peaceable dispersion, yet I am sorry to say that, hitherto, all has been without effect, and that the difficulty, the serious and now somewhat alarming difficulty, still remains unsolved, as to how you are to be effectually protected from molestation in approaching the settlement.

From Col Dennis I learn that, by different hands he has lately been sending you reports upon the state of matters here, and that in his last communication he has advised you to remain in Pembina, until you should ascertain, through reliable

intelligence from this, by some means or other, the course has been cleared so as to make it prudent for you to come on. It appears to me that under the circumstances, the advice so tendered by Col. Dennis was sound and judicious, and it relieved my mind from much anxiety to hear that officer express so confident a belief that you would be inclined to act upon it; although I cannot but add that I fully share in his feeling of mortification at being so circumstanced as to be constrained to counsel such a course.

I have not myself seen Col. Dennis's communications to you on the subject of these unfortunate occurrences, but he has been kind enough to read them to some members of the council, for the purpose of enabling them to judge of the accuracy and completeness of his information; and upon their assurance, I have no hesitation in saying that the contents of the Colonel's communication to you may be relied upon as conveying in the main a correct narrative of the occurrences to which they refer, and a fair representation of the popular sentiment throughout the settlement.

The question which now presses itself upon every mind is, what is to be done to secure your peaceable entrance into the settlement. So far, all our expedients have failed; and unless the efforts of a temporizing character which are still being earnestly used for the dispersion of the malcontents succeed, it is to be feared that your coming into the settlement at the present moment, would not be free from considerable danger.

From Col. Dennis's despatches and this letter you will derive as full and accurate knowledge of the position of the affairs here as I believe can very well be given in writing; and having satisfied myself that you are acquainted with all the material circumstances of the case, I think that you are now in possession of the principal data for enabling you to determine the important question of your movements; and I need not say that I shall most anxiously await your decision.

But without, of course, in any way meaning to prescribe the line to be pursued, I may be permitted to add that to those who with myself have been deliberating upon the most advisable steps to be taken in circumstances of so embarrassing and so critical a nature, there have been suggested three courses for meeting the difficulty as it now stands.

The first is, that, there happily being among even the French half-breeds a considerable element of well-disposed persons, there should be carefully selected from that section

a body of from twenty to thirty men, who, mounted and armed should proceed to Pembina and escort you to your residence in the settlement by a roundabout road, which would keep you entirely clear from the roads on which the malcontents are known to have taken up their positions.

The second is, that of making a public call upon the whole loyal portion of the settlement to turn out in the cause of order. and to the number of, say 300 unarmed able-bodied men, if such a force could be mustered, proceed to Pembina and escort you into the settlement by the usual route, whether the malcontents remain upon it or not.

And the third is, that you should remain at Pembina and await the issue of conciliatory negotiations, with the view of procuring a peaceable dispersion of the malcontents.

Now, with respect to the first of these courses, it is in my opinion, open to the grave objection, that even if it were to issue in your safe arrival amongst us, it would obviously involve a virtual acknowledgment of the ascendancy of these lawless people, and would have a direct tendency to inspire them with fresh courage in the prosecution of their designs; and besides, I am strongly of opinion that, under present circumstances, your personal safety could not be sufficiently provided for by the attendance of so small a body of men as that proposed—a body large enough to provoke a collision, but probably far from strong enough to meet it.

The second is one which all along the local authorities have been pondering, but one which, as in somewhat similar emergencies on former occasions, they have hitherto shrunk from adopting, partly from a misgiving as to the extent and the spirit of the response to such a call as that proposed, and partly also, but principally, from an apprehension of precipitating a collision between different sections of the people, which might plunge not only the settlement, but the whole Territory, into all the disasters of a war of races and religions—a war, in which the legitimate object for which it had been begun would probably soon be lost sight of, and passion and prejudice alone animate the minds of those engaged in it.

To the Council and myself it appears that, under present circumstances, the third proposal is the only one that can be regarded as prudent or practicable; and it is therefore our opinion that you should remain at Pembina and await the issue of conciliatory negotiations, in the hope of procuring a peaceable dispersion of the malcontents.

I have only to add that, although this letter proceeds ostensibly from myself, it embodies the views of the Council of Assiniboine, and that, at a meeting of the Council to-day, held for the express purpose, it was unanimously adopted as the communication which I should immediately make you.

Earnestly hoping that ere long some peaceable solution of all these difficulties may be arrived at.

I remain, my dear Sir, yours faithfully,

W. McTAVISH.

6. *Letter from Hon. Wm. McDougall to Governor MacTavish, Nov. 2, 1869.*

PEMBINA, 2nd November. 1869.

Governor McTavish, &c., Fort Garry.

MY DEAR SIR,—I have the honour to acknowledge the receipt, by the hands of Col. Dennis, of your letter of the 30th October. announcing the assemblage of a body of armed men upon the public road near Fort Garry, for the avowed purpose of preventing my entrance into the settlement. Col. Dennis had already apprised me of the movements and designs of these people, and as you state that his communications to me had been shown to, and approved as to the statements contained, by the members of your Council, I have no doubt that I am now in possession of sufficient information to enable me to understand the origin and nature of the outbreak which your Government has been unable to prevent, and which obstructs, for the present my further progress into the country.

I have acted upon the suggestion of Col. Dennis (repeated and confirmed by you), that I should delay a few days at Pembina, in the hope that the measures you have taken may result in the withdrawal of the armed parties from their present position. As you are aware, the transfer of the Territory and the powers of government entrusted to you is to take effect on a day to be named in Her Majesty's Royal Proclamation; until that day arrives (which I am informed will be about the 1st day of December next), you are the legal ruler of the country, and responsible for the preservation of the public

peace. My commission authorizes and commands me to assume and exercise the powers of government from and after that day. I am instructed to proceed in the meantime to the Territory and report on certain subjects, and make preparations for the new state of things.

In these circumstances you will see that the legal authority to resist any lawless exhibition of force which may occur previous to the actual transfer of the powers of government, is in other hands than mine. You have not, it appears, felt justified in calling upon the loyal and well-disposed inhabitants of the country to aid you in the suppression of the outbreak of which you have notified me. I must, therefore, conclude that your better knowledge of the disposition of the people and of the means at your disposal to enforce your authority, convinces you that such a call would prove ineffectual; but I cannot help thinking that a proclamation from your Government, explaining the provisions of the late Imperial Act respecting the Territory, and the authority under which the new Government will exercise its powers, at the same time warning the malcontents of the serious nature of the crime they meditated, and the grave consequences to all concerned, that must result from its commission, would have been well-timed, and perhaps sufficient to prevent the designing men at the head of this movement from accomplishing their purposes. I understand from Col. Dennis that no proclamation or warning has as yet been published at Fort Garry, under official sanction.

I am unwilling, at this distance from the scene of action, and in the circumstances by which I am surrounded, to make any other suggestion. Perhaps the measures you have taken may prove successful.

I sincerely hope they may, and remain.

My dear Sir,

Very faithfully, &c., &c., &c..

WM. McDOUGALL.

9. *Appeal of residents of Winnipeg to Governor McTavish, of the Hudson's Bay Company, and Proclamation issued by him November 16, 1869, in accordance therewith.*

TOWN OF WINNIPEG,

November 12th, 1869.

To William McTavish, Esq.,

Governor Hudson's Bay Company, Fort Garry.

We, the undersigned residents of the Town of Winnipeg, and loyal subjects of Her Majesty the Queen of Great Britain and Ireland,

Beholding, with great alarm, the unsettled state of feeling existing in this Territory, and the threatening position assumed by a portion of its French speaking population towards the Crown, in the person of Her Majesty's representative, the future Governor of this Territory; and, believing, as we do, that this disaffection or dissatisfaction is the result of various slanderous interpretations having been from time to time disseminated among the people by persons unknown:

We do, therefore, now demand that you, as the representative of Her Majesty in this Territory, do proclaim among the people, either by convening a public meeting for that purpose, or posting in conspicuous places throughout the Country, a full and correct exposition of the nature of the transfer of this Territory to the Dominion of Canada.

We also request that you will explain, so far as lies in your power, the policy likely to be adopted by the Canadian authorities relative to the governing of the Territory.

Also, that you deny the numerous libellous slanders which are in circulation regarding the purposes for which the Territory was acquired. That you warn them of the danger they are incurring to themselves by persistence in their present violent course, thereby imperilling the future welfare of the Country; and that you do entreat them to lay down their arms, and return peaceably to their homes.

PROCLAMATION.

Whereas, I, William McTavish, Governor of Assiniboine, have been informed that a meeting is to be held to-day of persons from the different districts of the Settlement, for the ostensible purpose of taking into consideration the present political condition of the Colony, and for suggesting such measures as may appear to be best adapted for meeting the difficulties and danger connected with the existing state of public affairs.

And, whereas, I deem it advisable, at this juncture, to place before that meeting, as well as before the whole body of the people, what it appears to be necessary for me to declare in the interest of public order, and of the safety and welfare of the Settlement;

Therefore, I notify all whom it concerns that, during the last few weeks, large bodies of armed men have taken positions on the public high-road to Pembina, and, contrary to the remon-

strances and protests of the public authorities, have committed the following unlawful acts:—

First.—They have forcibly obstructed the movements of various persons travelling on the public highway in peaceable prosecution of their lawful business, and have thus violated that personal liberty which is the undoubted right of all Her Majesty's subjects.

Secondly.—They have unlawfully seized and detained, on the road at La Rivière Sale, in the parish of St. Norbert, goods and merchandize, of various descriptions, and of very considerable value, belonging as well to persons coming into the Colony as to persons already settled here and carrying on their business in the Settlement, thereby causing great loss and inconvenience not only to the owners of these goods, but, as has formally been complained of, also to the carriers of the same, and possibly involving the whole Colony in a ruinous responsibility.

Thirdly.—They have unlawfully interfered with the public mails, both outgoing and incoming, and by that tampering with the established means of communication between the Settlement and the outside world, have shaken public confidence in the security of the mails, and given a shock to the trade and commerce of the Colony, of which the mischievous efforts cannot now be fully estimated.

Fourthly.—Not only without permission, but in the face of repeated remonstrations on the part of the Hudson Bay's Company's officer in immediate charge of Fort Garry, they have, in numbers varying from about sixty to one hundred and twenty, billeted themselves on that establishment, under the plea of protecting it from a danger which they alleged was known by themselves to be imminent, but of which they have never yet disclosed the particular nature. They have placed armed guards at the gates of an establishment, which every stick and stone of it is private property; in spite of the most distinct protestations against such a disregard of the rights of property, they have taken possession of roads within the Fort; and, although they have there as yet committed no direct act of violence to person or property beyond what has been enumerated, yet, by their presence in such numbers, with arms for no legitimate purpose that can be assigned, they have created a state of excitement and alarm within and around the Fort which seriously interferes with the regular business of the establishment.

Fifthly.—A body of armed men have entered the Hudson Bay's Company's Post at Pembina, where certain gentlemen

from Canada, with their families, were peaceably living; and, under threats of violence, have compelled them to quit the establishment at a season of the year when the rigors of winter were at hand, and forced them to retire within American Territory.

And, in the last place, they have avowed it as their intention, in all those unlawful proceedings, to resist arrangements for the transfer of the government of this Country, which have been made under the sanction of the Imperial Parliament, and of virtually setting at defiance the royal authority. Instead of adopting those lawful and constitutional means which, under the enlightened rule of Her Most Gracious Majesty our Queen, are sufficient for the ultimate attainment of every object that rests upon reason and justice; the persons who have been engaged in committing those unlawful deeds, have resorted to acts which directly tend to involve themselves in consequences of the gravest nature, and to bring upon the Colony and the Country at large, the evils of anarchy and the horrors of war.

Therefore, in the interests of law and order, in behalf of all the securities you have for life and property, and, in a word, for the sake of the present and future welfare of the Settlement and its inhabitants, I again earnestly and emphatically protest against each and all of these unlawful acts.

I charge those engaged in them, before they are irretrievably and hopelessly involved, immediately to disperse themselves and peaceably to depart to their habitations, or to their lawful business, under the pains and penalties of law; and whatever in other respects may be the conclusions of those who meet to deliberate upon the present critical and distracted state of public affairs, I adjure you as citizens, having the interests of your country and your kindred at heart, to ratify and proclaim, with all the might of your united voices, this public notice and protest, and so avert from the Country a succession of evils, of which those who see the beginning may never see the end.

You are dealing with a crisis out of which may come incalculable good or immeasurable evil, and with all the weight of my official authority, and all the influence of my individual position, let me finally charge you to adopt only such means as are lawful and constitutional, rational and safe.

Given under my hand and seal, at Fort Garry, this 16th day of November, 1869.

W. McTAVISH,
Governor of Assiniboine.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., &c., &c.

WILLIAM McDUGALL.

To all whom it may concern,—GREETING:

PROCLAMATION.

Whereas, by “The British North America Act, 1867,” it was (amongst other things) enacted, that it should be lawful for Her Majesty, by and with the advice of Her Majesty’s Most Honorable Privy Council, on Address from the Houses of the Parliament of Canada, to admit Rupert’s Land and the North-Western Territory, or either of them, into the Union or Dominion of Canada, on such terms and conditions as are in the Address expressed, and as Her Majesty thinks fit to approve.

And, whereas, for the purpose of carrying into effect, the said provisions of “The British North America Act, 1867,” “The Rupert’s Land Act, 1868,” enacted and declared, that it should be competent for “the Governor and Company of Adventurers of England trading into Hudson’s Bay,” to surrender to Her Majesty, and for Her Majesty, by any instrument under Her sign manual, and signet, to accept a surrender of all, or any of the lands, territories, powers, and authorities, whatsoever, granted, or purported to be granted, by certain Letters Patent of His Late Majesty *King Charles the Second*, to the said Governor and Company within *Rupert’s Land*, upon such terms and conditions as should be agreed upon, by and between Her Majesty, and the said Governor and Company.

And, whereas, by “The Rupert’s Land Act 1868,” it is further enacted, that from the date of the admission of *Rupert’s Land* into the Dominion of Canada, as aforesaid, it shall be lawful for the Parliament of Canada to make, ordain, and establish, within the said land and territory so admitted, as aforesaid, all such laws, institutions and ordinances, and to constitute such courts and officers as may be necessary for the peace, order, and good government of Her Majesty’s subjects, and others therein;

And, whereas, it is further provided by the said Act, that until otherwise enacted by the said Parliament of Canada, all the powers, authorities, and jurisdiction, of the several courts of justice, now established in Rupert's Land, and of the several officers thereof, and of all magistrates and justices, now acting within the said limits, shall continue in full force and effect therein;

And, whereas, the said Governor and Company have surrendered to Her Majesty, and Her Majesty has accepted a surrender of all the lands, territories, rights, privileges, liberties, franchises, powers and authorities granted, or purported to be granted, by the said Letters Patent, upon certain terms and conditions agreed upon by and between Her Majesty, and the said Governor and Company;

And, whereas, Her Majesty, by and with the advice of Her Majesty's most Honorable Privy Council, and on an Address from both the Houses of the Parliament of Canada, in pursuance of the one hundred and forty-sixth section of "The British North America Act, 1869," hath declared that Rupert's Land and the North-Western Territory, shall, from the *first day* of December, in the year of Our Lord one thousand eight hundred and sixty-nine, be admitted into, and become part of the Dominion of Canada, upon the terms and conditions expressed in the said Address, of which Her Majesty has approved, and *Rupert's Land*, and the said *North-Western Territory*, are admitted into the Union, and have become part of the *Dominion of Canada* accordingly;

And, whereas, the Parliament of Canada by an Act intitled: "An Act for the Temporary Government of Rupert's Land and the North-Western Territory, when united with Canada," enacted that it should be lawful for the Governor, by any order, or orders, to be by him, from time to time, made with the advice of the Privy Council (and subject to such conditions and restrictions as to him should seem meet), to authorize and empower such officer as he may, from time to time, appoint, as Lieutenant-Governor of the North-West Territories, to make provision for the administration of justice therein, and generally to make, ordain, and establish all such laws, and institutions and ordinances as may be necessary for the peace, order and good government of Her Majesty's subjects, and others therein.

Now know Ye, that we have seen fit, by Our Royal Letters Patent, bearing date the twenty-nine day of September, in the year of Our Lord one thousand eight hundred and sixty-nine to appoint the Honorable William McDougall, of the City of Ottawa, in the Province of Ontario, in Our Dominion of Canada, and Member of Privy Council for Canada, and Companion of Our Most Honorable Order of the Bath, on, from, and after the day to be named by *Us*, for the admission of Rupert's Land and the North Western Territory, aforesaid, into the Union or Dominion of Canada, to wit; or from and after the first day of December, in the year of Our Lord one thousand eight hundred and sixty-nine, to be, during our pleasure, the *Lieutenant Governor* of the North-West Territories;

And we did thereby authorize, and empower, and require and command him, in due manner, to *Do* and *Execute*, in all things that shall belong to his said command, and the *Trust* we have reposed in him, according to the several provisions and instructions granted, or appointed him, by virtue of our said Commission, and the Act of the Parliament of Canada herein before recited, and according to such instructions as have been, or may, from time to time, be given to him, and to such Laws as are or shall be enforced within the North-West Territories.

Of all which our Loving Subjects of Our Territories, and all others, whom these Presents may concern, are hereby required to take notice, and govern themselves accordingly.

In Testimony Whereof, we have caused these, Our Letters, to be made Patent, and the Great Seal of Our North-West Territories to be hereunto affixed: Witness Our Trusty and Well Beloved, The Honorable William McDougall, Member of Our Privy Council for Canada, and Companion of Our Most Honorable Order of the Bath, Lieutenant Governor of Our North-West Territories, &c., &c., &c., At the Red River, in our aforesaid North-West Territories, this first day of December, in the year of Our Lord one thousand eight hundred and sixty-nine, and in the thirty-third year of Her Reign.

By command.

J. A. N. PROVENCHER,
Secretary.

11. Commission appointing Col. Dennis, Lieutenant and Conservator of the Peace, Dec. 1, 1869.

THE NORTH-WEST TERRITORIES.

[L. S.]

By His Excellency the Honorable William McDougall, a Member of Her Majesty's Privy Council for Canada, and Companion of the Most Honorable Order of the Bath, Lieutenant-Governor of the North-West Territories.

To JOHN STOUGHTON DENNIS, Esq., Lieutenant-Colonel Military Staff, Canada,

GREETING:

Whereas, large bodies of armed men have unlawfully assembled on the high road, between Fort Garry and Pembina, in the Colony or District of Assiniboine, and have, with force and arms, arrested, and held as prisoners, numerous private and official persons, and preventing them from proceeding on their lawful journey and business, and have committed other acts of lawless violence, in contempt and defiance of the magistrates and local authorities;

And whereas, William McTavish, Esq., Governor of Assiniboine, did on the sixteenth day of November last, publish and make known to these armed men, and all others, whom it might concern, that the lawless acts aforesaid, and which were particularly set forth in his Proclamation, were, "contrary to the remonstrances and protests of the public authorities," and did therein himself protest against each and all, of the said unlawful acts and intents, and charged and commanded the said armed persons to immediately disperse themselves, and peaceably to depart to their habitations or lawful business under the pains and penalties of the law;

And, whereas, since the issue of the said protest or Proclamation, certain of the armed men aforesaid, have taken possession of the public records and papers at Fort Garry, and have seized and held as prisoners, the public officers or persons having charge of the same, and, as I am creditably informed, still keep unlawful possession of the said records and public property, and with force and arms continue to obstruct public officers, and others, in the performance of their lawful duty and business, to the great terror, loss, and injury of Her Majesty's peaceful subjects, and in contempt of Her Royal authority;

And, whereas, Her Majesty, by Letters Patent, under the Great Seal of the Dominion of Canada, bearing date the twenty-ninth day of September, in the year of our Lord one thousand eight hundred and sixty-nine, has been graciously pleased to appoint me to be, from and after the first day of December instant, Lieutenant Governor of the North-West Territories, and did authorize and command me to do and execute all things in due manner that should belong to my said command.

Know You, that reposing trust and confidence in your courage, loyalty, fidelity, discretion, and ability, and under and in virtue of the authority in me vested, I have nominated and appointed, and, by these presents, do nominate and appoint you, the said John Stoughton Dennis, to be my Lieutenant and a Conservator of the Peace in and for the North-West Territories, and do hereby authorize and empower you as such to raise, organize, arm, equip and provision, a sufficient force within the said Territories, and with the said force, to attack, arrest, disarm, or disperse the said armed men so unlawfully assembled and disturbing the public peace; and for that purpose, and with the force aforesaid, to assault, fire upon, pull down, or break into any fort, house, stronghold, or other place in which the said armed men may be found; and I hereby authorize you, as such Lieutenant and Conservator of the Peace, to hire, purchase, impress, and take all necessary clothing, arms, ammunition, and supplies, and all cattle, horses, wagons, sleighs, or other vehicles, which may be required for the use of the force to be raised as aforesaid; and I further authorize you to appoint as many officers and deputies under you, and to give them such orders and instructions, from time to time, as may be found necessary for the due performance of the services herein required of you, reporting to me the said appointments, and orders, as you shall find opportunity, for confirmation or otherwise; and I hereby give you full power and authority to call upon all magistrates and peace officers to aid and assist you, and to order all or any of the inhabitants of the North-West Territories, in the name of Her Majesty the Queen, to support and assist you in protecting the lives and properties of Her Majesty's loyal subjects, and in preserving the public peace, and for that purpose, to seize, disperse, or overcome by force, the said armed men, and all others, who may be found aiding or abetting them in their unlawful acts.

And the said persons so called upon in Her Majesty's name,

are hereby ordered and enjoined, at their peril, to obey your orders and directions in that behalf; and this shall be sufficient warrant for what you or they do in the premises, so long as this Commission remains in force.

Given under my hand and seal at arms, at Red River, in the said Territories, this the first day of December, in the year of our Lord one thousand eight hundred and sixty-nine, and in the thirty-third year of Her Reign.

13. Proclamation of Sir John Young, Governor General of Canada, Dec. 6, 1869.

By His Excellency the Right Honorable Sir JOHN YOUNG, Baronet, a Member of Her Majesty's Most Honorable Privy Council, Knight Grand Cross of the Most Honorable Order of the Bath, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Governor General of Canada.

To all and every the Loyal Subjects of Her Majesty the Queen, and all to whom these Presents shall come,

GREETING:

The QUEEN has charged me, as Her representative, to inform you that certain misguided persons in Her Settlements on the Red River, have banded themselves together to oppose by force the entry into Her North-Western Territories of the officer selected to administer, in Her Name, the Government, when the Territories are united to the Dominion of Canada, under the authority of the late Act of the Parliament of the United Kingdom; and that those parties have also forcibly, and with violence, prevented others of Her loyal subjects from ingress into the country.

Her Majesty feels assured that she may rely upon the loyalty of Her subjects in the North-West, and believes those men, who have thus illegally joined together, have done so from some misrepresentation.

The Queen is convinced that in sanctioning the Union of the North-West Territories with Canada, she is promoting the best interest of the residents, and at the same time strengthening and consolidating her North American possessions as part of the British Empire. You may judge then of the sorrow and displeasure with which the Queen views the unreasonable and lawless proceedings which have occurred.

Her Majesty commands me to state to you, that she will always be ready through me as her representative, to redress all well founded grievances, and that she has instructed me to hear and consider any complaints that may be made, or desires that may be expressed to me as Governor General. At the same time she has charged me to exercise all the powers and authority with which she has entrusted me in the support of order, and the suppression of unlawful disturbances.

By Her Majesty's authority I do therefore assure you, that on the union with Canada all your civil and religious rights and privileges will be respected, your properties secured to you, and that your Country will be governed, as in the past, under British laws, and in the spirit of British justice.

I do, further, under her authority, entreat and command those of you who are still assembled and banded together in defiance of law, peaceably to disperse and return to your homes, under the penalties of the law in case of disobedience.

And I do lastly inform you, that in case of your immediate and peaceable obedience and dispersion, I shall order that no legal proceeding be taken against any parties implicated in these unfortunate breaches of the law.

Given under my hand and Seal at Arms at Ottawa, this Sixth day of December, in the year of our Lord, One Thousand Eight Hundred and Sixty-nine, and in the Thirty-third year of Her Majesty's Reign.

By Command.

14. *Letter from Hon. Joseph Howe to Hon. Wm. McDougall,
Dec. 7, 1869.*

DEPARTMENT OF SECRETARY OF STATE FOR THE PROVINCES.
Ottawa, December 7th, 1869.

To the Honorable Wm. McDougall, C.B.

SIR,—I had the honor to address to you Despatches on the 19th and 29th November, which, in view of the insecurity of the mails, were enclosed to a friend at St. Paul, to be sent forward, if possible, by private hand. For fear that they may have miscarried, duplicates are annexed to this.

Your Despatch of the 13th ult., with its enclosures, from ("A") to ("E") reached me on the 3rd inst., and was immediately laid before the Council. Copies will be sent to the Colonial Secretary this week.

I have now the honor to inform you that the Very Rev. Mr. Thibault, accompanied by Charles de Salaberry, Esq., proceeds to-morrow, *via* St. Paul and Pembina to Fort Garry, for the purpose of assisting in putting down the unlawful assemblage of people on the Red River, and obtaining access for the Canadian Authorities into the North-West.

Mr. Thibault has had great experience in that country, having been for 37 years a priest there, and having only left it last year.

Mr. de Salaberry has also had considerable experience in dealing with the French half-breeds.

After consulting with you, they will take such action with these people as they think most calculated to carry out our objects, and it may, perhaps, be politic that they should have as little open communication with you as possible.

It is, of course, advisable not to arouse the suspicions of the Insurgents, who would be very likely to view with disfavor any persons coming directly as agents from you, and acting under your instructions; you will, however, be good enough to strengthen their hands as much as possible.

With them we send you a Proclamation issued by the Governor General by the direct command of Her Majesty. This should be widely disseminated, in such a manner and at such a time as you think most expedient. It has also been thought well to print copies of your Letter of Instructions, which will, of itself, show how unfounded is the charge that the North-

West is to be governed without the interposition or aid of the residents, but by Canadians solely.

Messrs. Thibault and de Salaberry will be followed by Donald A. Smith, Esq., the Hudson's Bay Agent at Montreal, who now occupies the position formerly held by Mr. Hopkins. In his capacity as an officer of the Hudson's Bay Company, he will obtain ready access to the country and to Governor McTavish; and it is hoped that he will be able to strengthen that gentleman in his attempts to restore law and order at Fort Garry.

In order to give his representations due weight and importance, Mr. Smith has been asked to act as a Commissioner holding confidential relations with the Canadian Government. In that capacity, having once reached Fort Garry, he will be able to speak authoritatively as to the beneficent intentions of the Government.

We hope that calmer counsels will soon prevail, and that these misguided people will disperse. So soon as they do so, you will, I presume, proceed to Fort Garry and carry out your instructions.

It will be well for you to arrange for sending messages to St. Cloud, so that we may know by telegraph that order has been restored. On receiving this intimation, His Excellency will communicate the fact, by cable message, to the Colonial Office, and the Proclamation will be at once issued. It has been hitherto delayed, so that the authority of the Hudson's Bay Company might continue unimpaired, until it was replaced by the Canadian Government, as represented by you.

I have the honor also to send you an Order in Council, passed this day, on the subject of Customs duties.

You will now be in a position, in your communication with the residents of the North-West, to assure them:—

1. That all their civil and religious liberties and privileges will be sacredly respected.
2. That all their properties, rights, and equities of every kind, as enjoyed under the Government of the Hudson's Bay Company, will be continued them.
3. That, in granting titles to land now occupied by the settlers, the most liberal policy will be pursued.
4. That the present tariff of Customs duties will be continued for two years, from the 1st January next, except in the case of spirituous liquors, as specified in the Order in Council above alluded to.

5. That in forming your Council, the Governor General will see that not only the Hudson's Bay Company, but the other classes of the residents, are fully and fairly represented.

6. That your Council will have the power of establishing municipal self-government at once and in such manner as they think most beneficial to the Country.

7. That the Country will be governed, as in the past, by British law, and according to the spirit of British justice.

8. That the present Government is to be considered as merely provisional and temporary, and that the Government of Canada will be prepared to submit a measure to Parliament, granting a liberal constitution so soon as you, as Governor, and your Council have had an opportunity of reporting fully on the wants and requirements of the Territory.

You had, of course, instructions on all the above-mentioned points, excepting as regards the tariff, before you left Ottawa, but it has been thought well that I should repeat them to you in this authoritative form.

Trusting that ere long you may be in a position to carry these liberal propositions practically into the administration of the affairs of the North-West.

I have, &c.

JOSEPH HOWE.

16. Proclamation by the Provisional Government, Dec. 8, 1869.

DECLARATION OF THE PEOPLE OF RUPERT'S LAND AND THE
NORTH-WEST.

Whereas, it is admitted by all men, as a fundamental principle, that the public authority commands the obedience and respect of its subjects. It is also admitted, that a people, when it has no Government, is free to adopt one form of Government, in preference to another, to give or to refuse allegiance to that which is proposed. In accordance with the above first principle the people of this country had obeyed and respected the authority to which the circumstances which surrounded its infancy compelled it to be subject.

A company of adventurers known as the "Hudson Bay Company," and invested with certain powers, granted by His Ma-

jesty (Charles II), established itself in Rupert's Land, and in the North-West Territory, for trading purposes only. This Company, consisting of many persons, required a certain constitution. But as there was a question of commerce only, their constitution was framed in reference thereto. Yet, since there was at that time no Government to see to the interest of a people already existing in the country, it became necessary for judicial affairs to have recourse to the officers of the Hudson Bay Company. This inaugurated that species of government which, slightly modified by subsequent circumstances, ruled this country up to a recent date.

Whereas, that Government, thus accepted, was far from answering to the wants of the people, and became more and more so, as the population increased in numbers, and as the country was developed, and commerce extended, until the present day, when it commands a place amongst the colonies; and this people, ever actuated by the above-mentioned principles, had generously supported the aforesaid Government, and gave to it a faithful allegiance, when, contrary to the law of nations, in March, 1869, that said Government surrendered and transferred to Canada all the rights which it had, or pretended to have, in this Territory, by transactions with which the people were considered unworthy to be made acquainted.

And, whereas, it is also generally admitted that a people is at liberty to establish any form of government it may consider suited to its wants, as soon as the power to which it was subject abandons it, or attempts to subjugate it, without its consent to a foreign power; and maintain that no right can be transferred to such foreign power. Now, therefore, first, we, the representatives of the people, in Council assembled in Upper Fort Garry, on the 24th day of November, 1869, after having invoked the God of Nations, relying on these fundamental moral principles, solemnly declare, in the name of our constituents, and in our own names, before God and man, that, from the day on which the Government we had always respected abandoned us, by transferring to a strange power the sacred authority confided to it, the people of Rupert's Land and the North-West became free and exempt from all allegiance to the said Government. Second. That we refuse to recognize the authority of Canada, which pretends to have a right to coerce us, and impose upon us a despotic form of government still more contrary to our rights and interests as British subjects, than was that Government to which we had subjected ourselves, through necessity

up to recent date. Thirdly. That, by sending an expedition on the 1st November, ult., charged to drive back Mr. William McDougall and his companions, coming in the name of Canada, to rule us with the rod of despotism, without previous notification to that effect, we have acted conformably to that sacred right which commands every citizen to offer energetic opposition to prevent this country from being enslaved. Fourth. That we continue, and shall continue, to oppose, with all our strength, the establishing of the Canadian authority in our country, under the announced form; and, in case of persistence on the part of the Canadian Government to enforce its obnoxious policy upon us by force of arms, we protest beforehand against such an unjust and unlawful course; and we declare the said Canadian Government responsible, before God and men, for the innumerable evils which may be caused by so unwarrantable a course. Be it known, therefore, to the world in general, and to the Canadian Government in particular, that, as we have always heretofore successfully defended our country in frequent wars with the neighbouring tribes of Indians, who are now on friendly relations with us, we are firmly resolved in future, not less than in the past, to repel all invasions from whatsoever quarter they may come; and, furthermore, we do declare and proclaim, in the name of the people of Rupert's Land and the North-West, that we have, on the said 24th day of November, 1869, above mentioned, established a Provisional Government, and hold it to be the only and lawful authority now in existence in Rupert's Land and the North-West which claims the obedience and respect of the people; that, meanwhile, we hold ourselves in readiness to enter in such negotiations with the Canadian Government as may be favourable for the good government and prosperity of this people. In support of this declaration, relying on the protection of Divine Providence, we mutually pledge ourselves, on oath, our lives, our fortunes; and our sacred honor, to each other.

Issued at Fort Garry, this Eighth day of December, in the year of our Lord, One thousand eight hundred and sixty-nine.

JOHN BRUCE, Pres.

LOUIS RIEL, Sec.

16. *Commission issued to Donald A. Smith appointing him Special Commissioner, Dec. 17, 1869.*

CANADA.

VICTORIA, BY THE GRACE OF GOD, &c.

To Donald A. Smith, of the City of Montreal, in the Province of Quebec, and Dominion of Canada, Esquire, and to all others to whom the same may in any wise concern,

GREETING:

WHEREAS, by an Act of the Parliament of Canada, passed in the thirty-second and thirty-third years of Our Reign, intituled: "An Act for the temporary Government of Rupert's Land and the North-West Territory, when united to Canada," it is recited that it is probable that we may be pleased to admit Rupert's Land and the North-West Territory into the Union of the Dominion of Canada, before the then next Session of the Canadian Parliament, and that it is expedient to prepare for the transfer of the said Territories from the Local Authorities to the Government of Canada, at the time appointed by us for the Civil Government of such Territories, until more permanent arrangements can be made by the Government and Legislature of Canada, and it is by the said Act in effect enacted that our Governor may authorize and empower such officer as he may appoint as Lieutenant Governor of the North-West Territories, and who shall administer the Government as by the said Act contemplated.

And, whereas, in the preparation for the transfer of the said Territories, Our Governor of Canada was pleased to send the Honourable Wm. McDougall, the gentleman selected to be the Lieutenant Governor as aforesaid, on its union with Canada, in advance and in anticipation of the union, and his entry into the said Territories was obstructed and prevented by certain armed parties who have declared their discontent and dissatisfaction at the proposed union, and their intention to resist the same by force.

And, whereas, it is expedient that inquiry should be had into the causes and extent of such obstructing, opposition and discontent, as aforesaid.

Now know ye, that having confidence in your honesty, fidelity, and integrity, we do, by these presents, nominate, constitute, and appoint you, the said Donald A. Smith, to be our Special Commissioner, to enquire into the causes, nature, and extent of the obstruction offered at the Red River, in the North-West Territories, to the peaceable ingress of the Honourable William McDougall, and other parties, authorized by our Governor General of Canada to proceed into the same; and also to enquire into the causes of discontent and dissatisfaction alleged to exist in respect to the proposed union of the said North-West Territories with the Dominion of Canada; and further to explain to the inhabitants of the said Country, the principles on which the Government of Canada intends to administer the Government of the Country, according to such instructions as may be given to you by Our Governor in Council in this behalf; and to take steps to remove any misapprehensions which may exist in respect to the mode of Government of the same, and to report to Our Governor General the result of such enquiries; and on the best mode of quieting and removing such discontent and dissatisfaction; and also to report on the most proper and fitting mode for effecting the speedy transfer of the Country and Government from the authority of the Hudson's Bay Company to the Government of Canada, with the general assent of the inhabitants.

And further, to consider and report on the most advisable mode of dealing with the Indian Tribes in the North-West Territories.

To have and to hold the said office of Commissioner, for the purposes aforesaid unto you the said Donald A. Smith, during pleasure.

In testimony whereof, &c.

(Great Seal.)

DEPARTMENT OF SECRETARY OF STATE FOR THE PROVINCES,
OTTAWA, 24th December, 1869.

*To the Hon. Wm. McDougall, C.B.,
Pembina.*

SIR,—Your despatch, dated Pembina, 2nd December, and its enclosures A and B, reached this office on the 18th instant, and were promptly laid before the Governor General in Council.

As it would appear from these documents that you have used the Queen's name without her authority—attributed to Her Majesty acts which she has not yet performed—and organized an armed force within the Territory of the Hudson's Bay Company, without warrant or instructions, I am commanded to assure you that the grave occurrences which you report have occasioned here great anxiety.

The exertion of military force against the misguided people now in arms, even if under the sanction of law, was not to be hastily risked, considering the fearful consequences which might ensue, were the Indians, many of them but recently in contact with the white inhabitants of the neighbouring States, drawn into the conflict. But as the organization and use of such force by you was, under the circumstances, entirely illegal, the Governor General and Council cannot disguise from you the weight of responsibility you have incurred.

Acting on the belief that the country would be quietly transferred, with the general assent of the inhabitants, all the preparatory arrangements were made, as you were aware, in anticipation that, on or about the 1st December, the Territory would be surrendered by the Company to the Queen, and that thereupon, Her Majesty would issue Her Proclamation, *fixing a day for the Union* of the country with Canada.

The Proclamation, when officially communicated to you, would enable you, under the Commission and authority given in anticipation of that event, to enter legally, *upon the appointed day*, on the discharge of your official duties as Governor of the North West.

In the Commission issued on the 28th September, you were empowered to enter upon the duties of Government, only "on, from, and after the day to be named" in the Queen's Proclamation; and in the instructions handed to you with the Commission, you are directed to proceed to Fort Garry, and "be ready to assume the Government of the Territories on their actual transfer to Canada."

That you clearly understood this limitation of authority was hoped from your letter from Pembina, of the 7th November, addressed to Governor McTavish, and communicated to this Department, in which you say "I shall remain here until I hear officially of the transfer of authority, and shall then be guided by circumstances as to what I shall say and do," and because, in your letter of the 14th November, addressed to this Department, you thus refer to some injudicious proposal made by your

friends: "the recommendation that I should issue a Proclamation, is not made for the first time, but I have uniformly replied that until the transfer of the Territory has taken place, and I am notified of the fact, I shall not assume any of the responsibilities of Government."

The peaceful surrender of the country was assumed throughout the negotiations, and this Government never claimed or pretended to exercise any authority within North West, until invested with the Sovereignty by the terms of the Queen's Proclamation.

The transfer of the Territories would, no doubt, have been proclaimed on or about the 1st December, had not your report of the 31st October, and the documents which accompanied it, changed the whole position of affairs, and thrown upon this Government grave responsibilities of a very novel character. In those papers you represented that serious obstruction had been opposed to your entrance into the country, that a large number of persons were opposed to the establishment of the authority of the Dominion, that a Provisional Government had been formed, and the roads barricaded and guarded. That some of the Catholic Clergy were openly abetting these movements, and that the officers of the Hudson's Bay Company, if not aiding the revolutionists, were unable to control them.

Your despatch was received here on the 19th November, and on the 26th those of the 5th and 17th came to hand, from which it appeared that the insurrectionary movement had still continued without check, and that the Hudson's Bay Officers were powerless, and that you had been driven out of the country.

The facts disclosed in these despatches entirely changed the basis upon which the negotiations, in perfect good faith on the part of the Dominion, had, up to that time, been conducted with the Hudson's Bay Company, and with the Imperial Government.

If, with the facts before them, the Canadian Government accepted the responsibility of governing, or rather, assuming the Government of a country that could only be recovered by conquest, at a vast distance from the base of operations, and which, for many months, could only be approached through the United States, they could hardly justify an act of such precipitancy to Parliament and the country; while it is equally clear that if you were invested with the legal title to govern without being able to get into Rupert's Land, or exercise any authority, the revolutionary Government would be strengthened by your

weakness, and would, in fact, (the Proclamation having superseded Governor McTavish) be the only Government in the Territory until put down by force of arms.

It was a matter of necessity then, rather than choice, to delay the issue of the Queen's Proclamation, and it was assumed here that the necessity would be as apparent to you as it was to the Privy Council.

To postpone the surrender by the Company until it was able to transfer, not only its own rights, but the Territory itself, to Her Majesty; to stay the issue of the Queen's Proclamation, and to leave with the Hudson's Bay Company and the Imperial Government the obligation of enforcing order, and asserting the rights of the Sovereign, was the first duty of this Government; and the Governor General and Council had hoped that this would be as obvious to you as to them.

They had another duty, and to that they addressed themselves without delay. It was to disabuse the minds of the people of Rupert's Land of the erroneous impressions under which, there was too much reason to fear, that they had acted, and to restore tranquillity by peaceful means. The measures taken with this view were explained to you in my despatches of the 19th and 29th November, and of the 7th, 8th, 10th, 11th and 17th December. In none of those despatches will there be found any warrant or authority for the proceedings reported in your despatch of the 2nd December. It is to be regretted that they had not reached you sooner; but the sanguine hope is entertained here that, if no collisions have taken place, or blood been shed till you have read those despatches, and conferred with the gentlemen who have been sent to Red River, matters may yet wear a more cheerful aspect, and the Government of the Territory be assumed with some guarantee for order, and with all the formalities of law. Whether this hope is realised or not, your duty is plain; and I am commanded by his Excellency to instruct you to remain at Pembina until you can get peaceable access to Fort Garry, with the assent, and under the protection of the Hudson's Bay Company authorities that you are to take every means of removing the misapprehensions that exist in the minds of the residents, by explanations and otherwise; and that you are to exercise no acts of authority on behalf, or in the name of the Government of Canada, until officially informed that the Queen's Proclamation has issued, and until you shall have assumed the Government, and taken the oaths of office, on or after the day fixed in it for the union of the countries.

As the course of action proposed by you in your despatch of the 2nd December was to be carried out before an answer could possibly reach you, I have delayed replying for some days, in order to learn, if possible, the result of your policy; but the receipt of your despatch of the 6th instant which reached me on the 23rd with its enclosures, 2A, 2B, and 2C; and the course taken by Col. Dennis, as described in those papers, make it necessary, without further delay, to send this despatch by a special messenger.

I wish I could inform you, that this report had entirely relieved the Governor General and Council from the anxiety already expressed. It is true that no blood had been shed up to the 6th, and you had not carried out your intention of occupying the Stockade near Pembina with an armed party, but the proceedings of Colonel Dennis, as reported by himself, are so reckless and extraordinary, that there can be no relief from solicitude here while an officer so imprudent is acting under your authority.

Had the inhabitants of Rupert's Land, on the breaking out of the disturbances, risen and put an end to them, or had Governor McTavish organized a force to occupy his Forts, and maintain his authority, all would have been well, and Riel and his people would have been responsible for any bloodshed or property destroyed. But Colonel Dennis, with no legal authority, proceeds to seize the Fort, then in possession, not of the insurgents, but of the Hudson's Bay Company, and to garrison it with a mixed force of Whites and Indians, and proposes to give battle to the insurgents, should a junction be formed with some forces which he has ordered to be drilled on the Assiniboine. He appears never to have thought that the moment war commenced, all the white inhabitants would be at the mercy of the Indians, by whom they are largely outnumbered, and, divided as they would be, might be easily overpowered.

It is impossible to read the Colonel's account of his attempt to persuade Judge Black to aid him in proclaiming martial law, without strong feelings of regret, that you should have been represented in the settlements by a person with so little discretion. It is no wonder that Judge Black was "frightened" at the proposal, as he must have known that Colonel Dennis would have to answer, at the bar of justice, for every life lost by such an assumption of authority, and that the illegal

seizure of an American citizen, would at once provoke interference in the quarrel, and lead to very serious complications.

Jan. 8, 1870.⁽¹⁾*

The people of Rupert's Land are notified by these presents:—

1st.—Mr. John Bruce having, on account of ill health, resigned his position as president, Mr. Louis Riel was chosen to replace him.

The new president takes this opportunity, in conjunction with the Representatives of the People, to express their high sense of the qualities which distinguish the ex-president. Among others, his modesty, the natural moderation of his character, and the justness of his judgment. These qualities, which were of such great assistance to the people, deserve public recognition, and the Representatives accepted his resignation only in the hope thereby to preserve the health of one dear to them.

2nd.—Mr. François Xavier Dauphinais has been chosen Vice-President.

3rd.—Mr. Louis Schmidt has been appointed Secretary of the council.

4th.—Mr. W. B. O'Donohue has been appointed Secretary-Treasurer.

5th.—Mr. Ambroise Lepine has been appointed Adjutant-General.

6th.—It has been decided that Mr. A. G. B. Bannatyne should be continued in his position as Postmaster.

7th.—All the officers or employés of the old government who might pretend to exercise that old authority shall be punished for high treason.

¹ Begg. History of the North West, I. 440.

8th.—Justice shall be administered by the Adjutant-General, whose council shall be composed of Mr. A. G. B. Bannatyne, F. X. Dauphinais and Pierre Poitras. This council will sit on the first and third Monday of each month.

9th.—All licenses for the sale of intoxicating liquors must be given by the Adjutant's council, and all those who took this kind of license on the 1st December last, must have them renewed by the said council.

In publishing these orders the President and Representatives of the People, anxious to draw upon the exercise of their authority the blessing of Heaven and the approbation of all, announce to the people of Rupert's Land that they have pardoned twelve political prisoners, showing thereby that clemency and forgiveness are as familiar to them as severity.

Mar. 15, 1870.⁽¹⁾*

1st. That we, the representatives of the inhabitants of the North-West, consider that the Imperial Government, the Hudson's Bay Company, and the Canadian Government, in stipulating for the transfer of the government to the Dominion Government, without first consulting, or even notifying, the people of such transfer, have entirely ignored our rights as people of the North-West Territory.

2nd. That notwithstanding the insults and sufferings borne by the people of the North-West heretofore; which sufferings they still endure—the loyalty of the people of the North-West towards the Crown of England remains the same, provided the rights, properties, usages and customs of the people be respected; and we feel assured that as British subjects such rights, properties, usages and customs will undoubtedly be respected.

21. List of Rights presented to the Dominion Government.⁽²⁾

1st. That the Territories, heretofore known as Rupert's Land and North West, shall not enter into Confederation of the Dominion, except as a province, to be styled and known as the Province of Assiniboia, and with all the rights and privileges common to the different provinces of the Dominion.

2nd. That we have two representatives in the Senate, and four in the House of Commons of Canada, until such time as an increase of population entitles the province to a greater representation.

3rd. That the Province of Assiniboia shall not be held liable, at any time, for any portion of the public debt of the Dominion, contracted before the date the said province shall have entered the Confederation unless the said province shall have first received from the Dominion the full amount for which the said province is to be held liable.

4th. That the sum of eighty thousand dollars be paid annually by the Dominion Government, to the Local Legislature of this province.

¹ Begg. *History of the North West*, Vol. I., 473.

² Begg. *History of the North West*, Vol. I., 476-478.

5th. That all properties, rights and privileges enjoyed by the people of this province, up to the date of our entering into the Confederation, be respected, and that the arrangement and confirmation of all customs, usages and privileges be left exclusively to the Local Legislature.

6th. That during the term of five years the Province of Assiniboia shall not be subjected to any direct taxation, except such as may be imposed by the Local Legislature for municipal or local purposes.

7th. That a sum of money, equal to eighty cents per head of the population of this province, be paid annually by the Canadian Government to the Local Legislature of the said province, until such time as the said population shall have increased to six hundred thousand.

8th. That the Local Legislature shall have the right to determine the qualifications of members to represent this province in the Parliament of Canada and in the Local Legislature.

9th. That in this province, with the exception of uncivilized and unsettled Indians, every male native citizen who has attained the age of twenty-one years; and every foreigner, being a British subject, who has attained the same, and has resided three years in the province, and is a householder; and every foreigner other than a British subject, who has resided here during the same period, being a householder, and having taken the oath of allegiance, shall be entitled to vote at the election of members for the Local Legislature and for the Canadian Parliament. It being understood that this article be subject to amendment, exclusively by the Local Legislature.

10th. That the bargain of the Hudson's Bay Company, in the respect to the transfer of the government of this country to the Dominion of Canada, be annulled so far as it interferes with the rights of the people of Assiniboia and so far as it would affect our future relations with Canada.

11th. That the Local Legislature of the Province of Assiniboia shall have full control over all the public lands of the province, and the right to annul all acts or arrangements made or entered into with reference to the public lands of Rupert's Land and the North-West, now called the Province of Assiniboia.

12th. That the Government of Canada appoint a Commissioner of Engineers to explore the various districts of the Province of Assiniboia, and to lay before the Local Legislature a

report of the mineral wealth of the province, within five years from the date of our entering into Confederation.

13th. That treaties be concluded between Canada and the different Indian tribes of the Province of Assiniboia, by and with the advice and co-operation of the Local Legislature of this province.

14th. That an uninterrupted steam communication from Lake Superior to Fort Garry be guaranteed to be completed within the space of five years.

15th. That all public buildings, bridges, roads, and other public works be at the cost of the Dominion Treasury.

16th. That the English and French languages be common in the Legislature, and in the Courts, and that all public documents as well as Acts of the Legislature, be published in both languages.

17th. That whereas the French and English-speaking people of Assiniboia are so equally divided as to numbers yet so united in their interests, and so connected by commerce, family connections, and other political and social relations, that it has happily been found impossible to bring them into hostile collision, although repeated attempts have been made by designing strangers for reasons known to themselves to bring about so ruinous and disastrous an event.

And whereas, after all the troubles and apparent dissensions of the past, the result of misunderstanding among themselves they have, as soon as the evil agencies referred to above were removed, become as united and friendly as ever; therefore, as a means to strengthen this union and friendly feeling among all classes we deem it expedient and advisable:

That the Lieutenant-Governor who may be appointed for the Province of Assiniboia should be familiar with both the French and English languages.

18th. That the Judges of the Superior Court speak the English and French languages.

19th. That all debts contracted by the Provisional Government of the Territory of the North-West, now called Assiniboia, in consequence of the illegal and inconsiderate measures adopted by Canadian officials to bring about a civil war in our midst, be paid out of the Dominion Treasury, and that none of the members of the Provisional Government or any of those acting under them be in any way held liable or responsible with regard to the movement, or any of the actions which led to the present negotiations.

20th. That in view of the present exceptional position of Assiniboia duties upon goods imported into the province shall, except in the case of spirituous liquors, continue as at present for at least three years from the date of our entering the Confederation, and for such further time as may elapse, until there be uninterrupted railroad communication between Winnipeg and St. Paul, and also steam communication between Winnipeg and Lake Superior.

22. Proclamation to the people of the North-West, April 9, 1870.⁽¹⁾

PROCLAMATION.

To the People of the North-West—

Let the assembly of twenty-eight representatives which met on the 9th of March be dear to the people of Red River; that assembly has shown itself worthy of confidence. It has worked in union; the members devoted themselves to public interests, and yielded only to the sentiments of good will, duty, and generosity. Thanks to that noble conduct public authority is now strong; that strength will be employed to sustain and protect the people of the country. To-day the Government pardons all those whom political differences led astray only for a time. An amnesty will be generously accorded to all those who will submit to the Government; who will discountenance or inform against dangerous gatherings. From this day forth public highways are open, and the Hudson Bay Company can now resume business. Themselves contributing to the public good, they circulate their money as of old. They pledge themselves to that course. The attention of the Government is also directed very especially to the northern part of the country, in order that trade may not receive any serious check, and that peace in the Indian districts may thereby be all the more securely maintained. The disastrous war which was at one time threatened has left among us foes, and various deplorable results, but the people feel reassured; and elected by the grace of Providence and the suffrages of my fellow-countrymen to the highest position in the Government of my country, I proclaim that peace reigns in our midst this day. The Government will take every precaution to prevent this peace from being disturbed. While

internally all is thus returning to order; externally also matters are looking favourable. Canada invites the Red River people to an amicable arrangement. She offers to guarantee us our rights, and to give us a place in the Confederation equal to that of any of the other Provinces. As defined by the Provincial Government, our national existence will be based upon justice, and shall be respected. Oh, happy country! to have escaped many misfortunes that were prepared for her in seizing her children on the point of war. She recommends that old friendship which used to bind us, and by the ties of the same patriotism she has renewed them again for the sake of preserving their lives, their liberty, and their happiness. Let us remain united and we shall be happy, with the strength of unity. We shall retain prosperity. Ah, my fellow-countrymen, without distinction of language, or without distinction of creed, keep my words in your hearts. If ever, in time, division should unfortunately take place amongst us, as foreigners have heretofore sought to create, that will be a signal for all the disasters which we have had the happiness to avoid. In order to prevent similar calamities the Government will treat with all the severity of the laws those who dare again to compromise the public safety. It is ready to act against the disorder of parties, as well as against that of individuals; but let us hope, however, that extreme measures will be unknown, and that the lessons of the past will guide us in the future.

(Signed) LOUIS RIEL.

23. Report of Donald A. Smith, Esq.

OTTAWA, 12th April, 1870.

*The Hon. Joseph Howe, Secretary of State
for the Provinces, Ottawa.*

SIR,—In pursuance of the commission confided to me by His Excellency the Governor General, in relation to the affairs of the North-West Territories, I addressed you from time to time during my residence within Fort Garry, a correspondence carried on under very unfavourable circumstances, as will appear from the report I have now the honor to submit.

Leaving Ottawa on the 13th December last, I reached St. Cloud, the terminus of railway communication on the 17th, continuing on the same day by stage, and arriving at Abercrombie

on the evening of the 19th. Here we had to abandon wheeled carriages, and, procuring a sleigh, after a couple of hours' rest, we resumed the journey, and on the afternoon of the 21st, met Hon. Mr. McDougall and party about thirty miles beyond Georgetown. From him I learned how serious the aspect of affairs had latterly become at Red River; and, pushing on, we got to Pembina about 11 p.m. of the 24th, and to Fort Garry on the 27th.

The Gate of the Fort we found open, but guarded by several armed men, who, on my desiring to be shown to Governor MacTavish's house, requested me to wait till they could communicate with their chief. In a short time, Mr. Louis Riel appeared. I announced my name; he said he had heard of my arrival at Pembina, and was about to send off a party to bring me in. I then accompanied him to a room occupied by ten or a dozen men; whom he introduced to me as members of the "Provisional Government." He requested to know the purport of my visit, to which I replied in substance that I was connected with the Hudson's Bay Company, but also held a commission from the Canadian Government to the people of Red River, and would be prepared to produce my credentials so soon as they, the people, were willing to receive me. I was then asked to take an oath not to attempt to leave the fort that night, nor to upset their government, legally established. This request I peremptorily refused to comply with, but said that, being very tired, I had no desire to go outside the gate that night, and promised to take no immediate steps forcibly to upset the so-called "Provisional Government," "legal or illegal, as it might be," without first announcing my intention to do so. Mr. Riel taking exception to the word illegal, while I insisted on retaining it. Mr. O'Donohue, to get over the difficulty, remarked "That is as he" (meaning myself) "understands it," to which I rejoined, "Precisely so." The above explanation, I am the more particular in giving, as it has been reported that I at once acknowledged the Provisional Government to be legal. Neither then nor afterwards did I do so.

I took up my quarters in one of the houses occupied by the Hudson's Bay Company's officers, and from that date until towards the close of February, was virtually a prisoner within the Fort, although with permission to go outside the walls for exercise, accompanied by two armed guards, a privilege of which I never availed myself.

All my official papers had been left in charge of Mr. Provencher, at Pembina, as I had been warned that if found in my

possession, they would unquestionably be seized, as were those brought into the Settlement shortly after by the Rev. Mr. Thibault and Colonel De Salaberry.

The state of matters at this time, in and around Fort Garry, was most unsatisfactory, and truly humiliating. Upwards of sixty British subjects were held in close confinement as "political prisoners," security for persons or property, there was none; the Fort, with its large supplies of ammunition, provisions, and stores of all kinds, was in the possession of a few hundred French half-breeds, whose leaders had declared their determination to use every effort for the purpose of annexing the Territory to the United States; and the Governor and Council of Assiniboia were powerless to enforce the law.

On the 6th January, I saw Mr. Riel, and soon came to the conclusion that no good could arise from entering into any negotiations with his "Council," even were we to admit their authority, which I was not prepared to do.

We learnt that on the 13th, the Grand-Vicar Thibault and Colonel De Salaberry appeared before the "President and Council of the People," when some explanations and compliments were exchanged, after which the Very Rev. gentleman and his associate were politely bowed out and lost sight of.

Meantime we had frequent visits in the Fort from some of the most influential and most reliable men in the Settlement, who gladly made known to the people generally, the liberal intentions of the Canadian Government, and in consequence one after another of Riel's Councillors seceded from him, and being joined by their friends and by many of their compatriots and co-religionists who had throughout held aloof from the insurgents, they determined no longer to submit to his dictation. This change evidently had a marked effect on Riel, causing him to alter his tactics and to profess a desire for an accommodation with Canada; accordingly on the 14th January, he called on me, informed me that he had seen Messrs. Thibault and De Salaberry, whose instructions did not authorize them to give assurances that the people would be secured in possession of their rights on entering into the Confederation, their errand being merely "to calm the French Half-breeds." He then asked to see my Commission, and on my explaining that, owing entirely to the action taken by himself, it was not in my possession, in an excited yet faltering manner he said "yes, I know, 'tis a great pity, but how soon could you have it?" "probably in five or six days," I replied. "That is too long, far too

long" he responded, and then asked where the documents were deposited, requesting at the same time a written order for their delivery to his messenger. To this I would not accede, but on his assuring me that they would be delivered into my hands, and that I should be afforded an opportunity of communicating their contents to the people, I consented to send a friend for them. It was so decided, and immediately after the messenger had received his instructions from me, I was placed under strict arrest, a Captain's guard being assigned me, whose instructions were, not to lose sight of me for one moment day or night, and to prevent me from communicating either verbally or in writing with any individual. I protested, saying, "am I to consider myself a prisoner?" He replied, "certainly not, I have the utmost confidence in your honor, but circumstances demand this." It was now about 10 o'clock and my messenger having been marched out, I retired to bed, but only to be awakened 'twixt two and three o'clock in the morning of the 15th, by Mr. Riel, who with a guard, stood by the bed side and again demanded a written order for the delivery of my Official Papers, which I again peremptorily refused to give.

The well affected French party became aware of what had happened and not believing in Riel's good faith, determined to prevent the papers from falling into his hands. They got together some sixty or eighty men, who met my friend on his way back and were escorting him, when on the 18th about 10 miles from the Fort, they were accosted by Riel and some of his party, and by the Reverend Mr. Ritchot. An altercation took place, Riel attempted to use his pistol, saying: "he would not be taken alive in his own country," on which a revolver was levelled at his head, and Mr. Ritchot, having interposed, he was unceremoniously told to stand aside and "not to interfere any further with matters unconnected with his spiritual duties." It may be well to note that all those who took part in this affair were Catholics, and, with one or two exceptions, French Half-breeds. Nothing more serious happened at this time and the party proceeded together to Fort Garry, where they arrived in the forenoon. A few minutes before they entered the house, the Very Rev. Mr. Thibault, Pere Lestane and Colonel DeSabberry, called upon me and, with the exception of my guard they were the first individuals with whom I was permitted to converse since the 14th. They appeared to be much concerned, and said it was currently reported I had been endeavouring to incite the different parties to hostile collision. I repudiated

any such charge; explained that I had acted only in the cause of peace and order, and with the desire of making the people, both French and English, fully acquainted with the liberal views of the Canadian Government, so that a peaceful transfer of the Territory might be effected, adding that I was pleased to think there was now every likelihood this would speedily be accomplished. In the meantime, the party in possession of my papers entered the adjoining room on which Père Lestanc joined them, while Messrs. Thibault and De Salaberry went outside. Immediately after they retired, Mr. Riel came to me, saying: "Your commission is here; but in the hands of men who had no right to have it." I expressed satisfaction that it had been brought in, and said being now in possession of it, I must be relieved from all restraint, and be permitted freely to communicate with the people. He at once removed the guard, and we went up to the party who had just arrived. Messrs. Riel and O'Donohue, with a few of their friends, were present, and vehemently protested against the action now being taken, while the ex-councillors accused them of treason to the Imperial Crown, and of using every effort to bring about the annexation of the Country to the United States. Riel replied "that was only supposing the people desired it, but that he was willing the question should be submitted to them." Père Lestanc spoke warmly in favor of the "President," who, he said, had acted so as to merit the gratitude of his countrymen, and begged them still to place confidence in him. This evidently had no effect, and ultimately, after a good deal of recrimination it was arranged that a meeting of the inhabitants from all parts of the Settlement should be called for the morrow, the 19th, at which the papers bearing on the subject should be read, a guard of forty men remaining in the house to ensure the safe-keeping of the documents.

Riel's men were now falling away from him, while the loyal party expressed their determination no longer to be guided in the matter either by him or by Père Lestanc and his associates. They were full of hope, and confident that the following day would bring with it complete success to the cause of Canada.

Late that night, Père Lestanc paid them another visit, which was prolonged for several hours beyond midnight, and next morning it was found that a majority of those who had seceded from Riel were again on friendly terms with him.

The hour for the meeting having arrived, upwards of a thousand people attended, and deeming it of great importance

that the explanations to be made on behalf of the Canadian Government should be faithfully rendered to the French speaking portion of the Settlers, whose leaders had studiously withheld from them all knowledge of the true state of matters in connection with the proposed transfer of the country, I requested Colonel de Salaberry to act as interpreter, but the Colonel, diffident of his own ability as a translator, proposed Mr. Riel as interpreter, and the latter was appointed accordingly.

At this meeting, and that held the following day, the reading of the Commission, the Queen's Letter, and every other document was contested with much obstinacy, but ultimately carried; and threats were used to myself in the presence and hearing of the Chairman, of the Secretary, Judge Black, and others, more especially by Mr. Riel and Rev. Mr. Lestane. At the commencement of the meeting, I requested the Chairman and those near him to begin by insisting that all arms should be laid down, and that the flag then flying (fleur de lis and shamrock) should be replaced by the British ensign; this, they thought, would come better at an after-stage; but the opportunity of doing so now lost, never recurred.

As is generally known the result of the meeting was the appointment of forty delegates, 20 from either side, to meet on 25th January, "with the object of considering the subject of Mr. Smith's Commission, and to decide what would be the best for the welfare of the country," the English as a body, and a large number of the French declaring their entire satisfaction with the explanations given, and their earnest desire for union with Canada.

On the 22nd, Riel had several conferences with the well affected French within the Fort; he was melted even to tears, told them how earnestly he desired an arrangement with Canada, and assured them that he would lay down his authority immediately on the meeting of the Convention. They believed him sincere, and, although I considered that their guard in the Fort should not be decreased, they held that ten men would be amply sufficient to leave while they went to secure their elections; the consequence was that they had hardly gone when repressive measures were resorted to and the Hudson's Bay Company's stores which had hitherto been only partially in their hands, were now taken complete possession of by Riel.

Efforts were made to have the prisoners released, but without effect.

The Delegates met on the 25th, and continued in session till the 10th February. On the 26th, I handed to their Chairman, Judge Black, the documents read at the meetings of the 19th and 20th January, and, on the 27th, attended the Convention by appointment. I was received with much cordiality by all the delegates, explained to them the views of the Canadian Government, and gave assurances that on entering confederation, they would be secured in the possession of all rights, privileges, and immunities enjoyed by British subjects in other parts of the Dominion; but, on being requested by Mr. Riel to give an opinion regarding a certain "list of rights," prepared by his party in December last, I declined to do so, thinking it better that the present Convention should place in my hands a paper, stating their wishes to which I should "be happy to give such answers as I believed would be in accordance with the views of the Canadian Government." The Convention then set about the task of preparing a "list of rights," embodying the conditions on which they would be willing to enter the confederation. While the discussion regarding this list was going on, Mr. Riel called on me and asked if the Canadian Government would consent to receive them as a Province—my reply was, that I could not speak with any degree of certainty on the subject, as it had not been referred to when I was at Ottawa, the intention then being that the North-West should, in the first instance, be incorporated under the Dominion as a Territory; but I added, that no doubt it would become a Province within two or three years. On this Mr. Riel, with much emphasis, exclaimed "then the Hudson's Bay Company is not safe yet," to which I answered: "Mr. Riel, that cannot influence me in the slightest degree, and I am quite prepared to act as may be required of me in my capacity as Canadian Commissioner." This was on the evening of the 3rd February, on the following day the proposition to enter as a Province was negatived by the Convention, and on the 5th, another motion directed against the Hudson's Bay Company, also failed; the language used by Mr. Riel on the latter occasion having been violent in the extreme. The same evening, Riel proceeded to Governor McTavish, who had been dangerously ill for many weeks back, and was then barely able to sit up, placed a guard over him, and heaping reproaches and insult on him, declared that he would have him shot before midnight. Riel then sought out Dr. Cowan, the officer in immediate charge of Red River District, upbraided him for his persistent opposition to

"the people," the insurgents, and declaring that his name would go down with infamy to posterity for the part he had taken, demanded that he would immediately swear allegiance to the Provisional Government, or prepare for death within three hours, giving him a quarter of an hour for consideration. The Doctor immediately replied, that he knew no legal authority in the country, but that of Great Britain, to which his allegiance was due and that he would not take the oath required of him. He was then seized and put in confinement along with the prisoners taken in December last. I was also put under strict guard, but not removed from the house.

Notwithstanding this, and the painful doubt created in the minds of the English members of the Convention as to the course they should pursue after these arrests the Delegates again met on the 7th. On the 5th, they had resolved to place in my hands the List of Rights they had drawn up, which was done at 11 o'clock on the 7th, with an intimation that the Convention would be glad to meet me at 1 o'clock p.m., the intervening two hours being allowed me to frame my answers. In drawing up these, I was allowed no reference to any document either written or printed, except the "List of Rights," and a guard stood over me to see that I should write nothing else than that to be presented to the convention. I had just finished writing when Mr. Riel and his "Adjutant-General" Lépine, who was also a member of the Convention, came in, and Riel looking at the latter in a significant manner said "the answers to the List of Rights must be simply yes or no." On this I remarked that I thought otherwise and would act as circumstances might appear to me to require. I then retired, and on returning to the room a few minutes later, found there Mr. Riel, the Rev. Mr. Thibault and Colonel De Salaberry. We proceeded together to the Convention, and in course of conversation Col. De Salaberry said he would gladly have come to see me before, but could not as he "had been a prisoner throughout."

The proceedings of the convention as reported in the "New Nation" newspaper, of the 11th and 18th February, copies of which I have had the honor of addressing to you, are sufficiently exact, and render it unnecessary for me here to enter into details. Suffice it to say that a large majority of the delegates expressed entire satisfaction with the answers to their "List of Rights," and professed confidence in the Canadian Government, to which I invited them to send delegates, with the view

of effecting a speedy transfer of the Territory to the Dominion, an invitation received with acclamation and unanimously accepted, as will appear by resolution hereto annexed, along with the List of Rights and my answer to the same. The delegates named were John Black, Esq., Recorder, the Rev. Mr. Ritchot, and Mr. Alfred H. Scott. A good deal of opposition having been offered to the election of the last named of the three.

The proceedings of the Convention came to a close on the 10th February, by the nomination of a Provincial Government, in the formation of which several delegates declined to take any part. Governor MacTavish, Dr. Cowan, and two or three other persons were then released and the Hudson's Bay Company officers again allowed to come and go at pleasure, but I was still confined to the Fort; Riel, as he expressly stated to Judge Black, being apprehensive of my influence with the people in the approaching election.

Riel promised that all the prisoners should soon be released. On the 11th and 12th six or eight of them were set at liberty, and Dr. Cowan was informed in my presence, that as they were all to be discharged without delay, the rooms they had occupied would be placed at his disposal in a day or two; Riel remarking at the same time that he would have them thoroughly cleaned out.

Rumours now began to circulate of a rising at the Portage, and on the night of the 14th and 15th of February, some 80 or 100 men from that district passed down close to Fort Garry, and proceeded to Kildonan, where they were joined by from 300 to 350 men, principally English half-breeds, from the lower parts of the Settlement. Had those men, properly armed and organized, been prepared to support the well affected French party, when the latter took action, about the middle of January, or even in the beginning of February, during the sitting of the Convention, order might have been restored and the transfer to Canada provided for without the necessity for firing a single shot; but now the rising was not only rash, but purposeless, as, without its intervention, the prisoners would unquestionably have been released. The party was entirely un-organized, indifferently armed, unprovided with food even for one meal, and wholly incapable of coping with the French now re-united, who, to the number of at least seven hundred were prepared to offer the most determined resistance, which, as they were in possession of a number of guns (six and three pounders), ample stores of ammunition, provisions, and every other requisite, they could

have done most effectually. My sympathies were, in a great measure, with the Portage men, whom I believe to have been actuated by the best of motives; but under the circumstances it was not difficult to foresee that the issue could not be otherwise than disastrous to their cause. The attempt was, therefore, to be deplored, as it resulted in placing the whole Settlement at the feet of Riel. The great majority of the settlers, English and Scotch, discountenanced the movement and bitterly complained of those who had set it on foot. Forty-seven of the party were captured on their way home, while passing within a few hundred yards of the Fort; the explanation I have heard given for their otherwise inexplicable conduct in having taken this route, instead of making a *détour* which would have ensured safety, being a supposed promise by Riel that they would be permitted to pass unmolested. Their messenger, a young man named McLean on being questioned by Archdeacon McLean and myself in the presence of the Rev. Mr. Gardner and one or two other gentlemen, admitted that Riel, on being asked "if the party would be permitted to pass," was silent, and only, on being informed that they intended next day to use the route just outside the town, remarked "ah! that is good," and for his purpose it no doubt was so. Captain Bolton led the party, and he and his friends at the Portage assured me that he exerted himself to the utmost to keep them from rising, and only joined them at the last moment when he saw they were determined to go forward. He was captured on the 17th, tried by "Court Martial," and condemned to be shot at noon on the following day, but at the intercession of the Lord Bishop of Rupert's Land, Archdeacon McLean, and, in short, every influential man among the English, and I have been told also, at the earnest entreaty of the Catholic Clergy, the execution was delayed till midnight of Saturday, the 19th. Further than this, Riel declared he could not, would not, yield, except, indeed, Dr. Schultz should be captured in the meantime, in which case *he* would be shot instead of Bolton. Archdeacon McLean had been in close attendance on Capt. Bolton for twenty-four hours, had administered to him the sacrament, received his last commands, and had promised to be present with him at the last moment, and when I met the Archdeacon on my way to see Riel, about 8 o'clock on the evening of the 19th, he was deeply affected, and had given up all hope. I found with Riel, Mr. H. N. Robinson, of "The Nation" newspaper, and shortly afterwards Mr. James Ross, "Chief Justice," entered, followed in a few min-

utes by Mr. Bannatyne, Postmaster, who had been ordered to bring the key of the mail bag, which Riel opened, and examining the letters perused and retained one or more. Mr. Ross pleaded for Bolton, but was repulsed in the most contemptuous manner. I had already been speaking to Riel on the subject when interrupted by Mr. Ross' entrance, and now resumed the conversation. Riel was obdurate and said that the English settlers and Canadians, but more especially the latter, had laughed at and despised the French Half-breeds, believing that they would not dare to take the life of anyone, and that, under these circumstances, it would be impossible to have peace and establish order in the country; an example must therefore be made, and he had firmly resolved that Bolton's execution should be carried out, bitterly as he deplored the necessity for doing so. I reasoned with him long and earnestly, until at length, about 10 o'clock, he yielded, and addressing me, apparently with much feeling, said "hitherto I have been deaf to all entreaties, and, in now granting you this man's life," or words to that effect, "may I ask you a favour?" "Anything," I replied, "that in honor I can do." He continued, "Canada has disunited us, will you use your influence to re-unite us? You can do so, and without this it must be war—bloody civil war!" I answered, that as I had said on first coming to the country I would now repeat, that "I would give my whole heart to effect a peaceable union of the country with Canada." "We want only our just rights as British subjects," he said, "and we want the English to join us simply to obtain these." "Then," I remarked, "I shall at once see them and induce them to go on with the election of delegates for that purpose;" and he replied, "if you can do this, war will be avoided, not only the lives but the liberty of all the prisoners will be secured, for on your success depend the lives of all the Canadians in the country." He immediately proceeded to the prison, and intimated to Archdeacon McLean that he had been induced by me to spare Capt. Bolton's life, and had further promised to me that immediately on the meeting of the Council shortly to be elected, the whole of the prisoners would be released, requesting the Archdeacon, at the same time, to explain these circumstances to Capt. Bolton and the other prisoners.

The moment was a fearful one for the settlement: every man's life was in the hands of Riel and fully appreciating the significance of this, the Bishop of Rupert's Land and the Protestant clergy generally, now earnestly counselled the people to elect

their delegates without loss of time as by this means they might to some extent control the course of events, while otherwise they were utterly powerless. I entirely concurred in this view of the case and, Archdeacon McLéan having kindly offered to accompany me, we visited the different parts of the settlement, and found that in several parishes, the people, and those the most loyal to the British Crown and most desirous for union with Canada, had already chosen their Councillors. I explained to all, that the Council was to be Provisional, in the strictest sense of the word, intended expressly for effecting the transference of the country to Canada, and for ensuring safety of life and property in the meantime. In some instances, I found they had drawn up petitions to Mr. Riel as "President" expressing submission, &c., these I requested them to destroy, advising that nothing more should be done than under the circumstances was absolutely necessary, namely, that having made their election, you should simply intimate the fact in formal terms to Mr. Bunn, who had been named Secretary of the Council, and not to Mr. Riel. The elections in the English parishes having taken place on the 26th February I again saw Riel, who re-assured me, that all the prisoners would be released within a day or two after the first meeting of the Council. On the 28th, he again sent for me in presence of Mr. Fraser, delegate from the *Scotch* Parish, Kildonan, repeated his promise that the lives of the prisoners were secured, and that their release would shortly follow.

I had no further communication with Riel until Monday, the 4th March, when about 10 o'clock in the morning, Père Lestane called on me. He informed me of Bishop Taché's expected arrival, not later certainly than the 8th, and probably some days earlier, adding that his Lordship had telegraphed to request that, if about to leave for Canada, I should defer my departure till he could communicate personally with me. He then said that the conduct of the prisoners was very unsatisfactory, that they were very unruly, insolent to the "soldiers" and their behaviour altogether so very bad, that he was afraid the guards might be forced to retaliate in self defence. I expressed much surprise at the information he gave, as the prisoners, without exception, had promised to Archdeacon McLéan and myself, that seeing their helpless condition, they would endeavour to act so as to avoid giving offence to their guards, and we encouraged them to look forward to being speedily released in fulfilment of the promise made by Mr.

Riel. One man, Parker, was mentioned as having made himself particularly obnoxious by his violent conduct, but not one word was said on this occasion regarding Scott, or the slightest intimation given, that he or any other person had been condemned to be shot. About 11 o'clock Père Lestanc left me and went up stairs to communicate to Governor MacTavish, as he said "the good news that Bishop Taché was expected so soon." The Reverend Mr. Young, Methodist clergyman, had just entered the house and meeting the Père in the hall, conversed with him a few minutes. Mr. Young then came up to me, and from him, I had the first intimation that it was intended to shoot Thomas Scott, and that the sentence was to be carried into effect at 12 o'clock, noon, that day. We agreed in believing that the thing was too monstrous to be possible, and Mr. Young mentioned that poor Scott himself was equally incredulous on the subject, thinking they merely intended to frighten him. However, even to keep him in suspense was of itself a horrible cruelty; and it was arranged that as Mr. Young had been sent for to attend the man, he should see Riel, ascertain exactly how the matter stood, and, if really serious, to let me know at once. Mr. Young accordingly called on Riel, was informed that Scott had been condemned, that the sentence was irrevocable, and would not be delayed one minute beyond noon. Mr. Young begged for delay, saying "the man is not prepared to die," but all without avail. He was paralyzed with horror, returned to the prisoner, and immediately, sent a messenger to inform me of the result of his visit. I determined to find out Riel immediately, but recollecting that Père Lestanc was still up stairs with Mr. MacTavish, went to him, related what I had heard, and asked him if he knew anything about the matter. His answer I cannot give in precise words, but it was to the effect that they had seen Mr. Riel on the other side (St. Boniface), and had all spoken to him about it, by which I understood that *they* had interceded for Scott. Governor MacTavish was greatly shocked on being informed of Riel's purpose, and joined in reprobating it. Père Lestanc consented to accompany me, and we called on Riel. When we entered, he asked me "what news from Canada." The mail had arrived the preceding day, and I replied, "only the intelligence that Bishop Taché will be here very soon." I then mentioned what I had heard regarding Scott, and before Riel answered, Père Lestanc interposed in French words, meaning "is there no way of escape?" Riel replied to him, "my

Rev. Père, you know exactly how the matter stands," then turning to me, he said I will explain to you, speaking at first in English, but shortly after using the French, remarking to me, "you understand that language." He said in substance that Scott had throughout been a most troublesome character, had been the ringleader in a rising against Mr. Snow, who had charge of the party employed by the Canadian Government during the preceding summer in road making; that he had risen against the "Provisional Government" in December last, that his life was then spared; that he escaped, had again been taken in arms, and once more pardoned,—referring no doubt to the promise he had made to me that the lives and liberty of all the prisoners were secured—but that he was incorrigible, and quite incapable of appreciating the clemency with which he had been treated, that he was rough and abusive to the guards, and insulting to him, Mr. Riel, that his example had been productive of the very worst effects on the other prisoners, who had become insubordinate to such an extent, that it was difficult to withhold the guards from retaliating. He further said, "I sat down with Scott as we are doing now, and asked him truthfully to tell me, as I would not use his statement against him, what he and the Portage party intended to have done with me, had they succeeded in capturing me, when they surrounded Coertu's house," to which he replied, "we intended to keep you as a hostage for the safety of the prisoners." I argued with Riel, and endeavoured to show that some of the circumstances he had mentioned, and especially the last, were very strong reasons to urge why Scott's life should not be sacrificed and that, if as he represented, Scott was a rash, thoughtless man, whom none cared to have anything to do with, no evil need be apprehended from his example. I pointed out that the one great merit claimed for the insurrection was that, so far, it had been bloodless, except in one sad instance, which all were willing to look upon as an accident, and implored him not now to stain it, to burden it with what would be considered a horrible crime. He exclaimed "we must make Canada respect us." I replied, "she has every proper respect for the people of Red River, and this is shown in her having sent Commissioners to treat with them." I told him I had seen the prisoners some time back, when they commissioned me to say to their friends at the Portage, that they desired peace, and I offered to go to them again and reason with them, should that be necessary. On this he said, "look here, Mr. Smith, Mr. Scott,

the representative, went to see the prisoners at my desire, and on asking them whom they would vote for as Councillor, if they were permitted a choice outside of their own body, Thos. Scott came forward and said, "my boys have nothing to do with those —Americans." And when I remarked "this is really a most trifling affair, and ought not to have been repeated," he said, "do not attempt to prejudice us against the Americans, for although we have not been with them—they are with us, and have been better friends to us than the Canadians." Much more was said on both sides, but argument, entreaty, and protest alike failed to draw him from his purpose and he closed by saying, "I have done three good things since I commenced, I have spared Bolton's life at your instance, and I do not regret it, for he is a fine fellow, I pardoned Gaddy, and he showed his gratitude by escaping out of the bastion, but I don't grudge him his miserable life, and now I shall shoot Scott." Lépine, the Adjutant-General, who was president of the Council of Seven, which tried Scott,—and five of whom, Riel told me, "with the tears streaming from their eyes, condemned him as worthy of death," a sentence which he had confirmed—now entered, and in answer to Riel, said "he must die," Riel then requested the Rev. Père Lestanc to put the people on their knees for prayer as it might do good to the condemned man's soul. Referring to Père Lestanc and making a final appeal unnecessary here to repeat I retired. It was now within a few minutes of one o'clock and on entering the Governor's house Rev. Mr. Young joined me, and said, "It is now considerably past the hour, I trust you have succeeded." "No, I said," for God's sake go back at once to the poor man, for I fear the worst." He left immediately, and a few minutes after he entered the room in which the prisoner was confined, some guards marched in and told Scott his hour was come. Not until then did the reality of his position flash upon poor Scott. He said good-bye to the other prisoners, was led outside the gate of the Fort, with a white handkerchief covering his head, his coffin, having a piece of white cotton thrown over it, was carried out; his eyes were bandaged; he continued in prayer, in which he had been engaged on the way for a few minutes; he asked Mr. Young how he should place himself, whether standing or kneeling, then knelt in the snow, said farewell, and immediately after fell back pierced by three bullets, which passed through his body. The firing party consisted of six men, all of whom it is said were more or less intoxicated.

It has been further stated that only three of the muskets were loaded with ball cartridge, and that one man did not discharge his piece. Mr. Young turned aside when the first shots were fired, then went back to the body and again retired for a moment while a man discharged his revolver at the sufferer, the ball it is said, entering the eye and passing round the head.

The wounded man groaned between the time of receiving the musket shots and the discharge of the revolvers. Mr. Young asked to have the remains for interment in the burying ground of the Presbyterian church, but this was not acceded to, and a similar request preferred by the Bishop of Rupert's Land was also refused. He was buried within the walls of the fort. On descending the steps leading from the prison, poor Scott, addressing Mr. Young said "This is a cold-blooded murder," then engaged in prayer, and was so occupied until he was shot.

After this date I held no communication whatsoever with Riel, except in reference to getting away from the country, which I was not allowed to leave without a pass. I felt that under the circumstances it was not desirable I should remain longer at Red River, but it was not until late in the night of the 18th inst. Riel gave permission for my departure.

Although not accomplishing all that could have been desired, the mission to Red River, as I shall endeavour to show in a few words, has been productive of some good, and that it was not entirely successful, may fairly be attributed to the circumstances above referred to in connection with the action taken and meetings held in January last. Success, although in a lesser degree, might also have been gained at a later period but for the rising in February, which, though rash and productive of results the most unfortunate, I can hardly blame, knowing, as already stated, that those who took part in it were actuated and impelled by generous motives.

On reaching Red River in December last, I found the English-speaking portion of the inhabitants greatly divided in opinion as to the comparative advantages of union with Canada and the formation of a Crown colony, while a few, a very small number, favored annexation to the United States. The explanations offered on the part of Canada they received as satisfactory, and, with hardly a dissentient voice, they would now vote for the immediate transfer to the Dominion. They earnestly requested me to assure His Excellency the Governor General of their warm loyalty to the British Crown.

The case is different as regards the French half-breeds. A not inconsiderable number of them remained true to their allegiance during all the troubles through which they have had to pass, and with these will now be found associated many others whose minds had for a time been poisoned by gross misrepresentations made by designing men for their own selfish ends. A knowledge of the true state of the case, and of the advantages they would derive from union with Canada, had been carefully kept from them, and they were told to judge of Canadians generally, by the acts and bearing of some of the less reflective immigrants, who had denounced them as "cumberers of the ground," who must speedily make way for the "superior race" about to pour in upon them.

It is also too true that in the unauthorised proceedings of some of the recent Canadian arrivals, some plausible ground had been given for the feeling of jealousy and alarm with which the contemplated change of Government was regarded by the native population. In various localities these adventurers had been industriously marking off for themselves considerable, and in some cases very extensive and exceptionally valuable tracts of land, thereby impressing the minds of the people with the belief that the time had come when, in their own country, they were to be entirely supplanted by the stranger, a belief, however, which I have no doubt, might have been completely precluded by the prevention of all such operations, until Canada had fully unfolded her policy and shown the groundlessness of these fears.

Let us further bear in mind that many of the Catholic clergy in the country are not French Canadians but Frenchmen, and consequently, it may be presumed, not very conversant with British laws and institutions and with the liberty and privileges enjoyed under them. Warmly attached to their flocks, they deemed it necessary to exact some guarantee that, in their new political condition, they would not be treated with injustice. It is unnecessary here to point out how the breach widened until at length it attained a magnitude and significance little dreamt of in the commencement, even by those who joined most heartily in the movement. It is far more pleasing to be able to state, which I do with much confidence, that a large majority of the French party have no misgivings as to union with Canada, and that joined by and under the guidance of His Lordship, Bishop Taché, and other members of the clergy who enjoy their confidence, they will

very shortly prove themselves to be staunch supporters of the Dominion, firm in their allegiance to England.

In course of the insurrection one deplorable crime and many grossly illegal acts have unquestionably been committed, but it would be alike impolitic and unjust to charge them on the French population generally.

Much obloquy has been heaped on the Hudson's Bay Company and their Governor and officers in the North-west, which I consider it quite unnecessary at this moment, even to attempt to answer or refute, although, not doubting that both could be readily and satisfactorily done. Errors, many and grave, have, it cannot be denied, been committed on all sides, but wilful and intentional neglect of duty, cannot, I feel convinced, be laid to the charge, either of the Hudson's Bay Company, or their representatives in the Country. Personally, I have been entirely unconnected with the administration of affairs in that department.

I would respectfully submit, that it is of the utmost importance, there should be a strong military force in the North-west as early as practicable. The minds of the Indians, especially the tribes in the Saskatchewan Country have been so perplexed and confused, by the occurrences of the past six months, that it would be very unsafe to trust to their forbearance; and indeed, until the question of Indian claims has been finally settled, it would not, in my opinion, be prudent to leave the country unprotected by military. The adjustment of those claims will require early attention, and some memoranda and evidence in my hands on the subject, I shall, if desired, be prepared to lay before the Government.

I have the honor to be, Sir,

Your obedient servant,

DON. A. SMITH.

25. Order of Her Majesty in Council admitting Rupert's Land and the North-Western Territory into the Union.

At the Court at Windsor, the 23rd day of June, 1870.

PRESENT:

The QUEEN'S Most Excellent Majesty.

Lord President.

Lord Privy Seal.

Lord Chamberlain.

Mr. Gladstone.

WHEREAS by the "*British North America Act, 1867*," it was (amongst other things) enacted that it should be lawful for the Queen, by and with the advice of Her Majesty's Most Honorable Privy Council, on Address from the Houses of the Parliament of Canada, to admit Rupert's Land and the North-Western Territory, or either of them, into the Union on such terms and conditions in each case as should be in the Addresses expressed, and as the Queen should think fit to approve, subject to the provisions of the said Act. And it was further enacted that the provisions of any Order in Council in that behalf should have effect as if they had been enacted by

the Parliament of the United Kingdom of Great Britain and Ireland:

And whereas by an Address from the Houses of the Parliament of Canada, of which Address a copy is contained in the Schedule to this Order annexed, marked A, Her Majesty was prayed, by and with the advice of Her Most Honorable Privy Council, to unite Rupert's Land and the North-Western Territory with the Dominion of Canada, and to grant to the Parliament of Canada authority to legislate for their future welfare and good government upon the terms and conditions therein stated:

And whereas by the "*Rupert's Land Act*, 1868," it was (amongst other things) enacted that it should be competent for the Governor and Company of Adventurers of England trading into Hudson's Bay (hereinafter called the Company) to surrender to Her Majesty, and for Her Majesty, by any Instrument under Her Sign Manual and Signet to accept a surrender of all or any of the lands, territories, rights, privileges, liberties, franchises, powers, and authorities whatsoever, granted or purported to be granted by certain Letters Patent therein recited to the said Company within Rupert's Land, upon such terms and conditions as should be agreed upon by and between Her Majesty and the said Company; provided, however, that such surrender should not be accepted by Her Majesty until the terms and conditions upon which Rupert's Land should be admitted into the said Dominion of Canada should have been approved of by Her Majesty and embodied in an Address to Her Majesty from both the Houses of the Parliament of Canada, in pursuance of the 146th Section of the "*British North America Act*, 1867:"

And it was by the same Act further enacted that it should be competent to Her Majesty, by Order or Orders in Council, on Addresses from the Houses of the Parliament of Canada, to declare that Rupert's Land should, from a date to be therein mentioned, be admitted into and become part of the Dominion of Canada:

And whereas a second Address from both the Houses of the Parliament of Canada has been received by Her Majesty praying that Her Majesty will be pleased, under the provisions of the hereinbefore recited Acts, to unite Rupert's Land on the terms and conditions expressed in certain Resolutions therein referred to and approved of by Her Majesty, of which said Resolutions and Address copies are contained in the Schedule

to this Order annexed, marked B, and also to unite the North-Western Territory with the Dominion of Canada, as prayed for by and on the terms and conditions contained in the herein-before first recited Address, and also approved of by Her Majesty:

And whereas a draft surrender has been submitted to the Governor-General of Canada containing stipulations to the following effect, viz.:—

1. The sum of 300,000*l*. (being the sum hereinafter mentioned) shall be paid by the Canadian Government into the Bank of England to the credit of the Company within six calendar months after acceptance of the surrender aforesaid, with interest on the said sum at the rate of 5 per cent. per annum, computed from the date of such acceptance until the time of such payment.

2. The size of the blocks which the Company are to select adjoining each of their forts in the Red River limits, shall be as follows:—

	Acres.
Upper Fort Garry and town of Winnipeg, including the inclosed park around shop and ground at the entrance of the town	500

White Horse Plain	500

3. The deduction to be made as hereinafter mentioned from the price of the materials of the Electric Telegraph, in respect of deterioration thereof, is to be certified within three calendar months from such acceptance as aforesaid by the agents of the Company in charge of the depots where the materials are stored. And the said price is to be paid by the Canadian Government into the Bank of England to the credit of the Company within six calendar months of such acceptance, with interest at the rate of 5 per cent. per annum on the amount of such price, computed from the date of such acceptance until the time of payment:

And whereas the said draft was on the fifth day of July, one thousand eight hundred and sixty-nine, approved by the said Governor-general in accordance with a Report from the Committee of the Queen's Privy Council for Canada; but it was not expedient that the said stipulations, not being contained in the aforesaid second Address, should be included in the surrender by the said Company to Her Majesty of their rights aforesaid or in this Order in Council.

And whereas the said Company did by deed under the seal of the said Company, and bearing date the nineteenth day of November, one thousand eight hundred and sixty-nine, of which deed a copy is contained in the Schedule to this Order annexed, marked C, surrender to Her Majesty all the rights of government, and other rights, privileges, liberties, franchises, powers and authorities granted, or purported to be granted to the said Company by the said Letters Patent herein and hereinbefore referred to, and also all similar rights which may have been exercised or assumed by the said Company in any parts of British North America not forming part of Rupert's Land, or of Canada or of British Columbia, and all the lands and territories (except and subject as in the terms and conditions therein mentioned) granted or purported to be granted to the said Company by the said Letters Patent:

And whereas such surrender has been duly accepted by Her Majesty, by an instrument under her Sign Manual and Signet, bearing date at Windsor the twenty-second day of June, one thousand eight hundred and seventy:

It is hereby Ordered and declared by Her Majesty, by and with the advice of the Privy Council, in pursuance and exercise of the powers vested in Her Majesty by the said Acts of Parliament, that from and after the fifteenth day of July, one thousand eight hundred and seventy, the said North-Western Territory shall be admitted into and become part of the Dominion of Canada upon the terms and conditions set forth in the first hereinbefore recited Address, and that the Parliament of Canada shall from the day aforesaid have full power and authority to legislate for the future welfare and good government of the said Territory. And it is further ordered that, without prejudice to any obligations arising from the aforesaid approved Report, Rupert's Land shall from and after the said date be admitted into and become part of the Dominion of Canada upon the following terms and conditions, being the terms and conditions still remaining to be performed of those embodied in the said second address of the Parliament of Canada, and approved of by Her Majesty as aforesaid:—

1. Canada is to pay to the Company 300,000*l*, when Rupert's Land is transferred to the Dominion of Canada.

2. The Company are to retain the posts they actually occupy in the North-Western Territory, and may, within twelve months of the surrender, select a block of land adjoining each of its posts within any part of British North America not com-

prised in Canada and British Columbia, in conformity, except as regards the Red River Territory, with a list made out by the Company and communicated to the Canadian Ministers, being the list in the Schedule of the aforesaid Deed of Surrender. The actual survey is to be proceeded with, with all convenient speed.

3. The size of each block is not to exceed [10] acres round Upper Fort Garry, [300] acres round Lower Fort Garry; in the rest of the Red River Territory a number of acres to be settled at once between the Governor in Council and the Company, but so that the aggregate extent of the blocks is not to exceed 50,000 acres.

5. The Company may, for fifty years after the surrender, claim in any township or district within the Fertile Belt, in which land is set out for settlement, grants of land not exceeding one twentieth part of the land so set out. The blocks so granted to be determined by lot, and the Company to pay a rateable share of the survey expenses, not exceeding 8 cents Canadian an acre. The Company may defer the exercise of their right of claiming the proportion of each township for not more than ten years after it is set out; but their claim must be limited to an allotment from the lands remaining unsold at the time they declare their intention to make it.

6. For the purpose of the last Article, the Fertile Belt is to be bounded as follows:—On the south by the United States boundary; on the west by the Rocky Mountains; on the north by the northern branch of the Saskatchewan; on the east by Lake Winnipeg, the Lake of the Woods, and the waters connecting them.

7. If any township shall be formed abutting on the north bank of the northern branch of the Saskatchewan River, the Company may take their one-twentieth of any such township, which for the purpose of this Article shall not extend more than five miles inland from the river, giving to the Canadian Dominion an equal quantity of the portion of lands coming to them of townships established on the southern bank.

8. In laying out any public roads, canals, &c., through any block of land reserved to the Company, the Canadian Government may take, without compensation, such land as is necessary for the purpose, not exceeding one twenty-fifth of the total acreage of the block; but if the Canadian Government require any land which is actually under cultivation, or which has been built upon, or which is necessary for giving the Company's servants access to any river or lake, or as a frontage to any river or lake, they shall pay to the Company the fair value of the same, and shall make compensation for any injury done to the Company or their servants.

9. It is understood that the whole of the land to be appropriated within the meaning of the last preceding clause shall be appropriated for public purposes.

10. All titles to land up to the eighth day of March, one thousand eight hundred and sixty-nine, conferred by the Company are to be confirmed.

11. The Company is to be at liberty to carry on its trade without hindrance in its corporate capacity, and no exceptional tax is to be placed on the Company's land, trade or servants, nor any import duties on goods introduced by them previous to the surrender.

12. Canada is to take over the materials of the electric telegraph at cost price—such price including transport, but not including interest for money, and subject to a deduction for ascertained deterioration.

13. The Company's claim to land under agreements of Messrs. Vankoughnet and Hopkins is to be withdrawn.

14. Any claims of Indians to compensation for lands required for purposes of settlement shall be disposed of by the Canadian Government in communication with the Imperial Government; and the Company shall be relieved of all responsibility in respect of them.

15. The Governor in Council is authorized and empowered to arrange any details that may be necessary to carry out the above terms and conditions.

And the Right Honorable Earl Granville, one of Her Majesty's principal Secretaries of State, is to give the necessary directions herein accordingly.

SCHEDULES.

SCHEDULE (A).

ADDRESS to HER MAJESTY the QUEEN from the Senate and House of Commons of the Dominion of Canada.

To the Queen's Most Excellent Majesty.

Most Gracious Sovereign, .

We, your Majesty's most dutiful and loyal subjects, the Senate and Commons of the Dominion of Canada in Parliament assembled, humbly approach your Majesty for the purpose of representing:—

That it would promote the prosperity of the Canadian people, and induce to the advantage of the whole Empire, if the Dominion of Canada, constituted under the provisions of the "*British North America Act, 1867*," were extended westward to the shores of the Pacific Ocean.

That the colonization of the fertile lands of the Saskatchewan, the Assiniboine, and the Red River districts; the development of the mineral wealth which abounds in the region of the North-west; and the extension of commercial intercourse through the British possessions in America from the Atlantic to the Pacific, are alike dependent on the establishment of a stable government for the maintenance of law and order in the North-western Territories.

That the welfare of a sparse and widely scattered population of British subjects of European origin, already inhabiting these remote and unorganized territories, would be materially enhanced by the formation therein of political institutions bearing analogy, as far as circumstances will admit, to those which exist in the several Provinces of this Dominion.

That the 146th section of the "*British North America Act, 1867*," provides for the admission of Rupert's Land and the North-western Territory, or either of them, into union with Canada, upon the terms and conditions to be expressed in addresses from the Houses of Parliament of this Dominion to your Majesty, and which shall be approved of by your Majesty in Council.

That we do therefore most humbly pray that your Majesty will be graciously pleased, by and with the advice of your Most Honorable Privy Council, to unite Rupert's Land and the

North-western Territory with this Dominion, and to grant to the Parliament of Canada authority to legislate for their future welfare and good Government; and we most humbly beg to express to your Majesty that we are willing to assume the duties and obligations of government and legislation as regards these territories.

That in the event of your Majesty's Government agreeing to transfer to Canada the jurisdiction and control over the said region, the Government and Parliament of Canada will be ready to provide that the legal rights of any corporation, company or individual within the same shall be respected, and placed under the protection of Courts of competent jurisdiction.

And furthermore that, upon the transference of the territories in question to the Canadian Government, the claims of the Indian tribes to compensation for lands required for purposes of settlement will be considered and settled in conformity with the equitable principles which have uniformly governed the British Crown in its dealings with the aborigines.

All which we humbly pray your Majesty to take into your Majesty's Most gracious and favorable consideration.

1. *Resolutions.*

May 28th, 1869.

Resolved,—That the Senate and Commons of the Dominion of Canada, during the first session of the first Parliament of Canada, adopted an Address to Her Majesty, praying that Her Majesty would be graciously pleased, by and with the advice of Her Most Honorable Privy Council, under the provisions of 146th section of "*The British North America Act, 1867*"; and on the terms specified in the Address, to unite Rupert's Land and the North-West Territory with this Dominion, and to grant to the Parliament of Canada authority to legislate for their future welfare and good government, and assuring Her

Majesty of the willingness of the Parliament of Canada to assume the duties and obligations of government and legislation as regards those territories.

Resolved,—That the Joint Address of the Senate and Commons of Canada was duly laid at the foot of the throne, and that Her Majesty, by despatch from the Right Honorable the Secretary of State for the Colonies, to the Governor General of Canada, under date of 23rd of April, 1868, signified Her willingness to comply with the prayer of the said Address; but She was advised that the requisite powers of government and legislation could not, consistently with the existing charter of the Hudson's Bay Company, be transferred to Canada without an Act of Parliament, which Act was subsequently passed by the Imperial Parliament, and received Her Majesty's Assent on the 31st July, 1868.

Resolved,—That by despatch dated 8th August, 1868, from the Honorable Secretary of State for the Colonies, the Governor General was informed, that in pursuance of the powers conferred by the Act for the surrender of the Hudson Bay Territories to Her Majesty, he proposed to enter into negotiations with the Company as to the terms of such surrender, whereupon, under authority of an order of the Governor-General in Council of the 1st October, 1868, the Honorable Sir George Et. Cartier, Baronet, and the Honorable William McDougall, C.B., were appointed a Delegation to England, to arrange the terms for the acquisition by Canada of Rupert's Land, and by another Order in Council of the same date, were authorized to arrange for the admission of the North-west Territory into union with Canada, either with or without Rupert's Land, as it might be found practicable and expedient.

Resolved,—That the Delegates proceeded on their mission to England and entered into negotiations with his Grace the Duke of Buckingham and Chandos, the Secretary of State for the Colonies, and afterwards with the Right Honorable Earl Granville, his successor in office, for the acquisition by Canada of the territorial and other rights claimed by the Hudson's Bay Company in Rupert's Land, and in any other part of British North America, not comprised in Rupert's Land, Canada, or British Columbia. That terms of agreement were conditionally assented to by the Delegates on behalf of the Dominion, and on their return to Canada were submitted with a Report dated 8th May, 1869, which was approved by His Excellency the Governor in Council, on the 14th day of the same month.

Resolved,—That the Senate will be prepared to concur in accepting the transfer of the territorial and other rights of the Hudson's Bay Company in Rupert's Land, and in any other part of British North America, not comprised in Rupert's Land, Canada or British Columbia, on the terms conditionally agreed to on behalf of the Government of Canada, by the Hon. Sir George Et. Cartier, Baronet, and the Hon. William Mac-Dougall, C.B., and on behalf of the Hudson's Bay Company, by Sir Stafford H. Northcote, Governor of that Company, and approved by His Excellency in Council as aforesaid, which terms are set forth in a letter from Sir Frederic Rogers, Under-Secretary of State for the Colonies, of the 9th March, 1869, communicated to the Delegates by direction of Earl Granville, and in two subsequent Memorandums dated respectively 22nd and 29th March, 1869, containing a modification of such terms, and are in the words and figures following:

Bay Company to pay a rateable share of the survey expenses, not exceeding an acre.

SCHEDULE (C).

The Governor and Company of Adventurers of England trading into Hudson's Bay to HER MAJESTY QUEEN VICTORIA.

DEED OF SURRENDER.

To all whom these presents shall come unto, or concern, the Governor and Company of Adventurers of England, trading into Hudson's Bay, send greeting.

WHEREAS the said Governor and Company were established and incorporated by their said name of "The Governor and Company of Adventurers of England, trading into Hudson's Bay," by Letters Patent granted by His late Majesty King Charles the Second in the twenty-second year of his reign, whereby His said Majesty granted unto the said company and their successors the sole trade and commerce of all those seas, straits, bays, rivers, lakes, creeks and sounds in whatsoever latitude they should be, that lay within the entrance of the straits commonly called Hudson's Straits, together with all the lands and territories upon the countries, coasts, and confines of the seas, bays, lakes, rivers, creeks, and sounds aforesaid, that were not already actually possessed by, or granted to, any of His Majesty's subjects, or possessed by the subjects of any other Christian Prince or State, and that the said land should be from thenceforth reckoned and reputed as one of His Majesty's Plantations or Colonies in America, called Rupert's Land; and whereby His said Majesty made and constituted the said Governor and Company and their successors the absolute lords and proprietors of the same territory, limits and places aforesaid, and of all other the premises

saving the faith, allegiance and sovereign dominion due to His said Majesty, his heirs and successors for the same; and granted to the said Governor and Company and their successors, such rights of Government and other rights, privileges and liberties, franchises, powers and authorities in Rupert's Land as therein expressed. And whereas ever since the date of the said Letters Patent, the said Governor and Company have exercised and enjoyed the sole right thereby granted of such trade and commerce as therein mentioned, and have exercised and enjoyed other rights, privileges, liberties, franchises, powers, and authorities thereby granted; and the said Governor and Company may have exercised or assumed rights of Government in other parts of British North America not forming part of Rupert's Land, or of Canada, or of British Columbia. And whereas by "*The British North America Act, 1867*," it is (amongst other things) enacted that it shall be lawful for Her present Majesty Queen Victoria, by and with the advice and consent of Her Majesty's most Honorable Privy Council, on address from the Houses of Parliament of Canada, to admit Rupert's Land and the North Western Territory or either of them into the Union of the Dominion of Canada on such terms and conditions as are in the Address expressed, and as Her Majesty thinks fit to approve, subject to the provisions of the said Act. And whereas, by the "*Rupert's Land Act, 1868*," it is enacted (amongst other things) that for the purposes of that Act the term "Rupert's Land" shall include the whole of the lands and territories held or claimed to be held by the said Governor and Company, and that it shall be competent for the said Governor and Company to surrender to Her Majesty, and for Her Majesty, by any instrument under Her Sign Manual and Signet to accept a surrender of all or any of the lands, territories, rights, privileges, liberties, franchises, powers and authorities whatsoever, granted or purported to be granted by the said Letters Patent to the said Governor and Company within Rupert's Land, upon such terms and conditions as shall be agreed upon by and between Her Majesty and the said Governor and Company; provided, however, that such surrender shall not be accepted by Her Majesty until the terms and conditions upon which Rupert's Land shall be admitted into the said Dominion of Canada shall have been approved of by Her Majesty, and embodied in an Address to Her Majesty from the Houses of the Parliament of Canada, in pursuance of the 146th Section of "*The British North America Act, 1867*," and that upon the

acceptance by Her Majesty of such surrender, all rights of Government and proprietary rights, and all other privileges, liberties, franchises, powers and authorities whatsoever, granted or purported to be granted by the said Letters Patent to the said Governor and Company within Rupert's Land, and which shall have been so surrendered, shall be absolutely extinguished, provided that nothing in the said Act contained shall prevent the said Governor and Company from continuing to carry on in Rupert's Land or elsewhere trade and commerce. And whereas Her said Majesty Queen Victoria and the said Governor and Company have agreed to terms and conditions upon which the said Governor and Company shall surrender to Her said Majesty, pursuant to the provisions in that behalf in the "*Rupert's Land Act, 1868*," contained, all the rights of Government and other rights, privileges, liberties, franchises, powers and authorities, and all the lands and territories (except and subject as in the said terms and conditions expressed or mentioned) granted or purported to be granted by the said Letters Patent, and also all similar rights which have been exercised or assumed by the said Governor and Company in any parts of British North America not forming part of Rupert's Land, or of Canada, or of British Columbia, in order and to the intent that, after such surrender has been effected and accepted under the provisions of the last-mentioned Act, the said Rupert's Land may be admitted into the Union of the Dominion of Canada, pursuant to the hereinbefore mentioned Acts or one of them. And whereas the said terms and conditions on which it has been agreed that the said surrender is to be made by the said Governor and Company (who are in the following articles designated as the Company) to Her said Majesty are as follows (that is to say):—

1. The Canadian Government shall pay to the Company the sum of 300,000*l.* sterling when Rupert's Land is transferred to the Dominion of Canada.

2. The Company to retain all the posts or stations now actually possessed and occupied by them or their officers or agents whether in Rupert's Land or any other part of British North America, and may within twelve months after the acceptance of the said surrender select a block of land adjoining each of their posts or stations, within any part of British North America, not comprised in Canada and British Columbia in conformity, except as regards the Red River Territory, with a list made out by the Company and communicated to the Canadian Ministers.

being the list in the annexed schedule. The actual survey is to be proceeded with, with all convenient speed.

3. The size of each block is not to exceed in the Red River Territory an amount to be agreed upon between the Company and the Governor of Canada in Council.

4. So far as the configuration of the country admits, the blocks shall front the river or road by which means of access are provided, and shall be approximately in the shape of parallelograms, and of which the frontage shall not be more than half the depth.

5. The Company may, at any time within fifty years after such acceptance of the said surrender, claim in any township or district within the fertile belt in which land is set out for settlements, grants of land not exceeding one-twentieth part of the land so set out; the blocks so granted to be determined by lot, and the Company to pay a rateable share of the survey expenses not exceeding 8 cents Canadian an acre. The Company may defer the exercise of their right of claiming their proportion of each township or district for not more than ten years after it is set out, but their claim must be limited to an allotment from the lands remaining unsold at the time they declare their intention to make it.

6. For the purpose of the last article the fertile belt is to be bounded as follows:—On the south by the United States boundary; on the west by the Rocky Mountains; on the north by the Northern Branch of the Saskatchewan River; on the east by Lake Winnipeg, the Lake of the Woods and the waters connecting them.

7. If any township shall be formed abutting on the north bank of the northern branch of the Saskatchewan River, the Company may take their one-twentieth of any such township, which, for the purpose of this article, shall not extend more than five miles inland from the river, giving to the Canadian Dominion an equal quantity of the portion of land coming to them of townships established on the southern bank of the said river.

8. In laying out any public roads, canals or other public works, through any block of land reserved to the Company, the Canadian Government may take without compensation such land as is necessary for the purpose, not exceeding one-twenty-fifth of the total acreage of the block; but if the Canadian Government require any land which is actually under cultivation, which has been built upon, or which is necessary for

giving the Company's servants access to any river or lake, or as a frontage to any river or lake, the said Government shall pay to the Company the fair value of the same, and shall make compensation for any injury done to the Company or their servants.

9. It is understood that the whole of the land to be appropriated within the meaning of the last preceding clause, shall be appropriated for public purposes.

10. All titles to land up to the eighth day of March, one thousand eight hundred and sixty-nine, conferred by the Company, are to be confirmed.

11. The Company is to be at liberty to carry on its trade without hindrance in its corporate capacity; and no exceptional tax is to be placed on the Company's land, trade or servants, nor any import duty on goods introduced by the said Company previously to such acceptance of the said surrender.

12. Canada is to take over the materials of the electric telegraph at cost price; such price including transport, but not including interest for money, and subject to a deduction for ascertained deterioration.

13. The Company's claim to land under an agreement of Messrs. Vankoughnet and Hopkins is to be withdrawn.

14. Any claims of Indians to compensation for lands required for purposes of settlement shall be disposed of by the Canadian Government in communication with the Imperial Government; and the Company shall be relieved of all responsibility in respect of them.

And whereas the surrender hereinafter contained is intended to be made in pursuance of the agreement, and upon the terms and conditions hereinbefore stated.

Now know ye, and these presents witness, that, in pursuance of the powers and provisions of the "*Rupert's Land Act*, 1868," and on the terms and conditions aforesaid, and also on condition of this surrender being accepted pursuant to the provisions of that Act, the said Governor and Company do hereby surrender to the Queen's Most Gracious Majesty, all the rights of Government, and other rights, privileges, liberties, franchises, powers and authorities, granted or purported to be granted to the said Governor and Company by the said recited Letters Patent of His late Majesty King Charles the Second;

and also all similar rights which may have been exercised or assumed by the said Governor and Company in any parts of British North America, not forming part of Rupert's Land or of Canada, or of British Columbia, and all the lands and territories within Rupert's Land (except and subject as in the said terms and conditions mentioned) granted or purported to be granted to the said Governor and Company by the said Letters Patent. And Whereas it is expedient to prepare for the transfer of the said Territories to the Government of Canada at the time appointed by the Queen for such admission:

And Whereas it is expedient also to provide for the organization of part of the said Territories as a Province, and for the establishment of a Government therefor, and to make provision for the Civil Government of the remaining part of the said Territories, not included within the limits of the Province:

Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

Province to be formed out of N. W. Territory when united to Canada.
Its name and boundaries.

North-Western Territory) to the meridian of ninety-nine degrees of west longitude,—thence due north along the said meridian of ninety-nine degrees west longitude, to the intersection of the same with the parallel of fifty degrees and thirty minutes north latitude,—thence due east along the said parallel of fifty degrees and thirty minutes north latitude to its intersection with the before-mentioned meridian of ninety-six degrees west longitude,—thence due south along the said meridian of ninety-six degrees west longitude to the place of beginning

(No. 369.)

Office of Secretary of State for the Provinces,

OTTAWA, 4th August, 1870.

Sir.—In reference to my letter of 30th July last, transmitting to you a Commission from the Governor General, appointing you Lieutenant-Governor of the North West Territories, I have the honor, by command of His Excellency, to forward to you the following instructions for your guidance in the Government of the Territories.

1. You will, with as little delay as possible, open communication with the Indian Bands occupying the country lying between Lake Superior and the Province of Manitoba, with a view to the establishment of such friendly relations as may make the route from Thunder Bay to Fort Garry secure at all seasons of the year, and facilitate the settlement of such portion of the country as it may be practicable to improve.

2. You will also turn your attention promptly to the condition of the country outside the Province of Manitoba, on the North and West; and while assuring the Indians of your desire to establish friendly relations with them, you will ascertain and report to His Excellency the course you may think most advisable to pursue, whether by treaty or otherwise, for the removal of any obstructions that may be presented to the flow of population into the fertile lands that lie between Manitoba and the Rocky Mountains.

3. You will have the goodness to report with all convenient speed, for the information of His Excellency, on the state of the Laws now existing in the Territories, transmitting copies of any Laws, Ordinances or Regulations of the Hudson's Bay Company now in force there, together with a full report as to the mode of administering justice, the organization of the Courts, the number and mode of appointment of Justices of the Peace, the Police arrangements and the means adopted for keeping the peace, &c., &c.

4. You will have the goodness to report also, on the system of Taxation (if any) now in force in the Territories, the system of licensing shops, taverns, &c., the mode of regulating or prohibiting the Sale of Wine, Spirituous and Malt Liquors, and further as to the mode of keeping up the Roads, and generally on the Municipal Organization (if any) existing in the Territories.

¹ Sessional Papers, 34 Victoria (No. 20, p. 8).

5. You will also make a full report upon the state of the Indian Tribes now in the Territories; their numbers, wants and claims, the system heretofore pursued by the Hudson's Bay Company in dealing with them, accompanied by any suggestions you may desire to offer with reference to their protection, and to the improvement of their condition.

6. You will have the goodness to report also, on the nature and amount of currency or circulating medium now employed in the Territories, and of the probable requirements of the Territories in that respect in the future.

7. You will also please to report as to such lands in the Territories as it may be desirable to open up at once for settlement transmitting such sketch or plan as may be necessary, with an estimate of the probable cost of survey, a statement of the conditions as to settlement or otherwise, suggested for grants of land, such sketch or plan to show the number of Townships it is proposed to lay out at once, their size and situation, and the size of the lots, making the necessary reservations for churches, schools, roads and other public purposes.

8. You will also report as to the number of Officers now employed by the Hudson's Bay Company, in the administration of Government in the Territories, stating the duty and salaries of such Officers, and specifying those who should, in your opinion be retained; you will also report as to the number of persons whom it will be necessary hereafter to employ in the administration of the Government, and you will report generally on all subjects connected with the welfare of the Territories upon which it may seem to you desirable to communicate with the Government of the Dominion.

These instructions may be altered or amended from time to time.

I have, etc.,

(Signed) E. A. MEREDITH,

Under-Secretary of State for the Provinces.

Lieutenant Governor of the North West Territories.

Sir,—

I beg to acquaint you that on the 21st Inst. I appointed the Honble. Francis Goodshall Johnson and Donald A. Smith

& Paschal Brelan (*d*) Esquires to be members of the Executive & Legislative Councils for Rupert's Land and the North Western Territory. These Gentlemen have been this day sworn into office and entered upon their Legislative and Executive duties.

Of Judge Johnson & Mr. Smith who are both well known to the Government of Canada I need say nothing.

Mr. Paschal Brelan is a French Half-breed about sixty years of age and who has long enjoyed a high reputation in this Province for integrity and intelligence. I find him spoken of in the highest terms by men of all sides, French & English.

He took no part in the troubles of last winter. At the time, I believe, he was absent at the Plains. He will be able to contribute valuable information on subjects connected with the West, having spent many years of his life on the Plains as a hunter. I assume that it will be necessary presently to add to the number of the Councillors but for the moment a limited Body is sufficient, and my present Council gives a fair representation of the three great interests of the West, the English, the French & the Hudson's Bay interest.

(No. 26)

Fort Garry, October 22nd, 1870.

Sir,—

I beg to acquaint you that I have found it necessary to take some steps with a view to arrest the spread of small pox in the region of the Saskatchewan, and to prevent its introduction into the Province of Manitoba.

I send you herewith an extract from a letter of the Reverend Père Lacombe, to the Right Reverend the Bishop of St. Boniface, which has just arrived from the Saskatchewan, and which gives a frightful picture of the disease and of its loathsome

¹ Papers of Secretary of State for the Provinces, Ottawa, 492, 1870. also Sessional Papers 34 Victoria. (No. 20) p. 69.

nature, and of the extent to which it prevails. There seems to be much danger of the introduction of the disease into Manitoba and there is great difficulty, by a mere Order in Council, to adopt measures sufficiently stringent.

We could hardly give the force of law to any regulations we might adopt, and such regulations, even if valid, could extend to the Province only.

Under these circumstances, I have thought it best to use the Legislative Authority of the Governor and Council of Rupert's Land and the North West Territories, to enact such provisions on the subject as the circumstances would seem to justify. I shall endeavor, herewith, to enclose you a Copy of the Ordinances that have been framed, but possibly I may not be able to do so before the mail closes, in which case I shall enclose them to you by the next mail.

I have the honor to be, Sir,

Your obedient servant,

(Signed)

ADAMS G. ARCHIBALD.

The Honorable,

5. Letter from the Secretary of State for the Provinces to Lieutenant Governor Archibald, Nov. 17, 1870.

Office of the Secretary of State for the Provinces,
OTTAWA, 17th Nov. 1870.

(No. 573.)

SIR,—

I have the honor to acknowledge the receipt of your Despatch of the 22nd Ult., stating that you have appointed
28159—62½

Messrs. Johnson, Smith & Brelan to be Members of the Executive and Legislative Councils for Rupert's Land & the North West Territories.

I have no doubt that in making these appointments you have acted after full consideration of the question as to your authority to make them. In the absence, however, of information on this point, the Government here are in the dark as to the authority under which you have acted, & would desire explanations from you in order that in case any irregularity may have occurred, it may be remedied by confirmatory action here.

The appointment cannot have been made under the Act 32 & 33 Vict. Ch. 3, as by the 4th clause it is provided that "the Governor General may, with the advice of the Privy Council, appoint a Council of not exceeding fifteen nor less than seven persons to aid the Lieut. Governor in the Administration of Affairs."

This Council is to be a mere consultative Body, with such additional powers, as may be from time to time conferred upon it by order of the Privy Council of Canada.

I presume therefore that the appointment of the three Gentlemen you have named has been made in pursuance of the 5th & 6th clauses of the Act. If so, you will be kind enough to report for the information of His Excellency the nature & extent of the Law or other authority under which the appointments have been made.

The only Council that we are informed of is the Council of Assiniboia whose powers do not, it is supposed here, extend beyond the limits of Manitoba.

His Excellency has no doubt that the selection of these three Gentlemen has been made with proper care and after full consideration, and you are to understand that further information is now sought from you for the purpose of confirming these appointments should there be any question as to your power to make them.

It is considered advisable by His Excellency, the Governor General, that a Council under the Act above cited should be established and you will be good enough to transmit to me a List of names of Gentlemen eligible for the position. The minimum is fixed at Seven, and you will therefore report to me a number of names, giving in detail their qualifications

from position, education, race or otherwise so that from the List, His Excellency may be able to select a Council of Seven.

I have the honour to be,

Sir,

Your obedt. Servant,

The Honble

A. G. Archibald,
Lieut. Governor
Fort Garry,
Manitoba.

(No. 576.) Office of the Secretary of State for the Provinces,
Ottawa, 19th November, 1870.

Sir,—

I have the honor to acknowledge the receipt of your Despatch, No. 26, dated 22nd ultimo, enclosing copy of an Act or Ordinance passed by the Lieutenant Governor and Council of Rupert's Land and the North-Western Territories, for the prevention of small pox.

The Ordinance seems well adapted for the purpose for which it was enacted, and the only question is as to the authority to pass it. On this subject I would refer to the observations in my Despatch to you of the 17th instant on the appointment of Messrs. Johnson, Smith and Brelan(d) as His Excellency the Governor General desires to be informed as to the nature and intent of the authority under which you are acting.

I have the honor to be, Sir,

Your obedient servant,

State for the Provinces, Nov. 22, 1870.*

No. 48.

GOVERNMENT HOUSE, FORT GARRY.

22nd Nov^r., 1870.

SIR,—

I had the honor to inform you by my Despatch No. 26 of the 22nd October last of the alarming progress of smallpox in the region of the Saskatchewan, and of the measures I had taken under the Legislative power of the Governor and Council of the North West Territory to meet the emergency.

By my despatch No. 20 of the 13th October last, I had previously informed you of the frightful accounts received from the West, and I was induced by the information so received and by the urgent solicitations of the Board of Health, that something should be done without delay to arrest the progress of the disease to take the only means that seemed to me to be in my power to bring Legislative action to bear on the question. It did not seem to me that an order of the Executive Council of Manitoba would have sufficiently legal vigor to meet the case, and therefore the only course open to me seemed to be to resort to the Legislative power within the Province.

Unfortunately although I had then been in the Province from the 3rd September, nearly eight weeks, my books and papers, despatched from Ottawa on the 6th August, had never reached this place, and in all Manitoba not a single copy of the Acts of 1869 was to be found.

I had but a vague recollection of the terms of the Rupert's Land Act, but I assumed that substantially it would be the same with the Manitoba Act, so far as my power of appointment was concerned. Judge Johnson with whom I conferred could not add to my information. Mr. Donald A. Smith who was the Commissioner of the Government of Canada during the time the Act was applicable to the whole North West could give no particulars.

Accordingly I did the best I could in the emergency and selected three Gentlemen for Councillors who were duly sworn into office and we immediately proceeded to legislate passing some very stringent ordinances on the subject of smallpox and spirituous Liquors. We immediately despatched these laws to the West and appointed an officer or two just beyond the

Border, to carry them into effect, and since then I have reason to hope that in consequence of the vigorous manner in which the difficulty was met we may escape the ravages of this frightful scourge, while it would inevitably have visited us, if we had not taken most determined measures to prevent the importation of furs and robes from the infected district.

Meanwhile about the 5th Inst., my books arrived, and when I turn to the Rupert's Land Act (which you recollect was not printed in the pamphlets containing the Union and Manitoba Acts, of which there were numerous copies here) I find that I have been all wrong and that I have been exercising functions belonging to the Governor General who by the 4th section of the Act, has the appointment by warrant under his Sign Manual of a Council not exceeding fifteen and not less than seven persons to aid the Lieutenant Governor in the administration of Affairs, with such powers as may be from time to time conferred upon them by Order in Council.

The 2nd section of the Act is rather equivocal in its reading. It prescribes that the Governor General may by Order in Council confer upon the Lieutenant Governor the power to make provision for the administration of Justice in the Territory, and, as regards the Legislative power, it may mean either that the Governor General may himself make and ordain Laws or that he may authorize the Lieutenant Governor to do so.

The Act says it shall be lawful for the Governor General to authorize the Lieutenant Governor to make provision for the administration of Justice, and generally to make and ordain Laws. Does this mean that it shall be lawful for the Governor General to confer the authority to do all this, or to confer the authority as regards the administration of Justice, and to make and ordain Laws himself? To construe the Statute by grammatical rules, it would seem that the latter is the meaning, but judging from the scope and object of the Act, this could never have been intended and the true construction is probably that of the marginal note where the clause is summarised "Appointment and functions of Lieutenant Governor: Power to him to make Laws."

But even if that construction is adopted, it will be necessary to confer the powers of the Legislation by an Order-in-Council, and I have therefore to ask you to call the attention of the Government to the wording of the clause with a view to the passing of such an Order-in-Council, as would confer the Leg-

islative power which I assume ought to be held by the Lieutenant Governor.

The Council prescribed by the 4th clause of the Act are a Body to aid in the Administration of Affairs. The *Administration of Affairs* is to be conducted under the 3rd clause of the Act, pursuant to instructions to be given by Order-in-Council. This would seem to confine the powers of the Council to those of an advisory nature.

Was it intended, and if it was, does the language of the Act give the necessary power that the Council is to have Legislative authority?

I have always understood that in the old Governments of Governor and Council, the functions of legislation were exercised by the Council passing and the Governor assenting, substituting two branches for three, but then these Governments flowed from the prerogative while this has its origin in a Statute, and takes those powers only which it was the pleasure of the Legislature to confer.

Doubtless the matter was thoroughly understood by those who passed the Act but I confess I was greatly surprised in reading it to find its language so different from what I expected to find it.

On making the discovery of how far I had been mistaken I was at some loss what course to take.

Fortunately I had not gazetted the appointments, or done anything further than the publication of the Ordinances to make public the fact that there was a Council in existence, and the matter up to this moment has not excited an enquiry, but the Ordinances are treated as perfectly legal & valid.

Meanwhile I shall take an opportunity of suggesting at an early day the names of enough persons to make a Council of Seven and if the Government at Ottawa will by order, accordingly as they interpret the Act, confer on me, or on myself & the Council which is appointed, the Legislative power, it will be easy to make the Ordinances legal by a ratification of them made by proper Legislative authority.

It is of great importance that the Legislation adopted should be made valid & enforced as nothing short of these stringent measures will meet the necessities of the case.

One lesson I shall learn from what has taken place, that is, —never again, however great the apparent necessity, to assume

to act under a Statute on a mere vague recollection of its terms.

I have the honor to be,

Sir,

Your obedient Servant,

Government House, Fort Garry,

No. 58.

December 6th, 1870.

Sir, —

I have the honour to acknowledge the receipt of your Despatch No. 572 under date of the 17th November last, referring to my Despatch of the 22nd October on the subject of my appointment of certain Gentlemen to be members of the Council for the North West Territories & asking explanations as to the authority under which I had acted in making these appointments.

In my Despatch No. 48 under date the 22nd Ulto. I entered fully into an explanation of the circumstances under which this action had been taken, & took occasion to express my regret that yielding to what seemed the necessities of the moment I had undertaken to act without having before me, or having any opportunity to refer to, the Statute of 32 & 33 of Victoria Ch. 3. a copy of which at the time was not to be found in Manitoba.

In that communication I requested from you an interpretation of some of the clauses of this Act in question. Your letter to which I am now replying gives me information on one point, but I shall feel obliged if you will let me have the views of Government on the other points referred to in it.

You speak of the Council of Assiniboia as one that I may have supposed to be in existence but its jurisdiction never extended beyond a circuit of fifty miles from Fort Garry & besides it passed away with the regime of the Hudson's Bay Company on the 16th July last. At this moment I take it

the only legal authority in the North West Territories is that of myself as Governor and the Justices of the Peace, if any there were, under the Hudson's Bay Company's Régime who were continued in power by the Act of 1869.

Before closing this Despatch I shall as desired submit the names of a number of Gentlemen as suitable persons to form a Council for the North West Territories, provided I can procure some information of which I have need, in time for this mail, otherwise I will forward by next mail.

I have the honor to be,

Sir,

Your obedient Servant,

Honorable Gentlemen of the Council of the North West, I have much pleasure in calling you around me to assist me in the administration of the affairs of the North West Territories. The duties which devolve upon you are of a highly important character. A country of vast extent which is possessed of abundant resources is entrusted to your keeping, a country which though at present but sparsely settled, is destined I believe to become the home of thousands of persons, by means of whose industry and energy that which is now almost a wilderness will be quickly transformed into a fruitful land where civilization and the arts of peace will flourish. It is for us to labour, to the utmost of our power, in order to bring about as speedily as possible, the Settlement of the North West Territories and the development of their resources, and, at the same time, to adopt such measures as may be necessary to insure the maintenance of Peace and Order, and the welfare & happiness of all classes of Her Majesty's subjects resident in the Territories. It will also be advisable to ascertain the numbers of the various native tribes, with the localities in which they reside, and to suggest measures for concluding satisfactory treaties with them. Means must be devised for the proper administration of Justice, the prevention of Trade in intoxicating liquors, and the vigorous assertion of the law in all cases of crime and disorder.

I will also take your Counsel as to the most appropriate locality in which the band of Sioux now resident in Manitoba, should be placed for permanent residence.⁽²⁾

I now invite you to enter upon the duties of your office, well assured, as I am, of your sincere desire to assist me loyally and faithfully in the administration of the affairs of the North West, and in the development of that mighty region whose Future I believe to be so full of promise.

The following Bill authorizing the appointment of Magistrates⁽¹⁾ and Coroners was then read a first, second and third time and passed.

"Whereas it is necessary to provide for the repression of crimes and other infractions of the laws in the North West Territories, the immediate appointment of Justices of the Peace is of urgent importance.

Resolved, That in the opinion of Council it is necessary that for the Maintenance of Peace and Order in the North West Territories, a sufficient force of Military and Police, the latter being under Military discipline and either wholly or in part mounted, should without delay be stationed in the Territories.⁽²⁾

Resolved, That the Council of the North West Territories ask authority to send the Honble. Mr. Breland out at once to ascertain facts as to the threatened Sioux Raid which has been represented to them.

²The Royal Northwest Mounted Police were organized in 1873 with an initial strength of 300 men under Commissioner French. The bill to establish the R.N.W.M.P. was assented to May 23, 1873.

A dispatch, based upon the resolution was at once sent by telegraph to Ottawa (See Tel. No. 1.)

The Act for the prohibition of the sale of Liquors, with amendments, was then read a second and third time and passed in the following form.

"Whereas the giving, selling, or bartering to Indians of spirituous liquors is subversive of public order and dangerous to the public peace and the use or sale of such liquor in the North West Territories is detrimental not only to the Indian population but to the other residents therein;

Be it therefore enacted by the Lieutenant Governor of the North West Territories, by and with the advice of the Council of the said Territories as follows.

1st. The importation by any person or persons whatsoever into any portion of the North West Territories⁽¹⁾ not being within the Province of Manitoba, of any rum, whiskey or other spirituous liquor whatever is prohibited; and any person who shall take, carry, send bring or import or have in his possession at any place within the said Territories, any such liquor as aforesaid, shall forfeit and pay a fine not exceeding £100 and such liquor shall be confiscated, spilled on the ground and destroyed by the officer or person seizing the same.

2nd. It shall be lawful for any Justice of the Peace, Quarantine or Peace Officer, Constable, or other person, with or without warrant and without any form of seizure to take confiscate and destroy all and any such spirituous liquors found or being within the Territories aforesaid.

3rd. All fines imposed by this Act shall be recoverable before one Justice of the Peace upon complaint, either oral or in writing, upon the oath of one credible witness, and one-half of the penalty imposed shall belong to the complainant, and one-half to the Government.

4th. Provided always that nothing in this Act shall be held to extend to any such liquors on the way by sea or land into Manitoba, or other Province of the Dominion, through the said North West Territories.

5th. Provided always that wine for Sacramental purposes may be introduced into the Territories on a permit from the Lieutenant Governor in favour of any Priest, Minister, (or Missionary in charge of a recognized Missionary station) or of the Bishop or other Ecclesiastical authority, and shall not be

liable to seizure and any such Wine introduced for such purposes shall if seized be released on proof that the same was bona fide, brought in for such purposes as aforesaid.

6th. All other enactments inconsistent with the Statute are hereby repealed, except as to any proceedings now pending thereunder."

The following Act was then read a first, second and third time, and passed—

"The Lieutenant Governor of the North West Territories, by and with the advice and consent of the Council of the North West Territories enacts as follows:

1. It shall henceforth be unlawful for any person to import or take in to the North West Territories, or into any part thereof, or to have in⁽¹⁾ his possession, any strychnine or other poison; or to use or cause to be used the same within the said Territories, either for the purpose of capturing or destroying any animal, or for any other purpose whatever.

2. Any person importing or taking into the North West Territories, or any part thereof, any strychnine or other poison, or having the same in his possession, or using or causing to be used the same for any purpose whatever, shall be subject for the first offence to forfeit the same as well as any animal skin or fur thereby captured or procured; and for any subsequent offence, shall over and above such forfeiture be subject to a penalty not exceeding twenty-five dollars and costs of prosecution, and shall be subject to imprisonment until such penalty and costs are paid.

3. Any Justice of the Peace in the North West Territories, shall either on his own view or on the evidence of one credible witness, summarily deal with and adjudge upon any offence against this Act.

4. Provided, however, that the word "poison" as used in the Act shall not be held to extend or to include any drug or other poison, bona fide imported as medicine only for the use of sick persons, and the onus of proof that such drug &c is so imported for such use only shall lie upon the person in whose possession the same may be found, and in default of such proof the same shall be held to have been imported in violation of this Act."

The following resolutions were then passed:

¹ Under the Hudson Bay Company all factors were regarded as magistrates. Cases of outrage were tried usually at Red River or Norway House. Murderers were sent to Canada for trial in accordance with George III, Act 43, Chap. 138.—"An Act for extending the jurisdiction of the courts of justice in the Provinces of Lower and Upper Canada to the trial and punishment of persons guilty of crimes and offences within certain parts of North America, adjoining to the said provinces." Later an Act (George IV. Act 1 and 2, Ch. 66) entitled "An Act for regulating the fur trade and establishing a commercial and civil jurisdiction within certain parts of North America," removed the doubt whether George III. Act 43 Ch. 138, extended to the H. B. Co. Territories. The N. W. Council was simply succeeding the H. B. Co. in the administration of justice. The Company's officers were still the fittest agents for the administration of justice as Justices of the Peace or local magistrates.

¹The Qu'Appelle Treaty (No. 4) was concluded Sept. 15, 1874. The adhesion of Cree Saulteaux and Assiniboine Indians took place at Qu'Appelle Lakes, Sept. 8 and 9, 1875. Treaties were made at Forts Carlton and Pitt in 1876.

The Minutes of the last Meeting were read and approved.

The Committee instructed at last Meeting to report as to the necessity of a Treaty being negotiated with the Indians next year, &c., reported through their Chairman Honble. Mr. Smith, having reported on all questions referred to them.

The Committee instructed at last Meeting to report as to the enforcement of the laws in the North-West Territories, reported through their Chairman, Honble. Mr. Girard, and asked and obtained leave to sit again.

Honble. Messrs. Girard, Smith, Clarke, Schultz and Dubuc appointed a Committee to prepare Rules of Procedure for the Legislation of the Council, and submit the same to Council at its next session.

Moved by Honble. Donald A. Smith

Seconded by Honble. Mr. Schultz and

Resolved That the Council of the North-West are of opinion, that in view of the rapid increase of Settlement in the North-West Territories, and the present disturbed condition of the Indians and their anxiety as to the future, it is imperatively necessary that a Treaty should be concluded with the bands of Indians living between the Western Boundary of that portion of the Territory in which the Indian title has already been extinguished, and Fort Carlton or thereabouts.

The Council are of opinion that to defer the negotiation of a Treaty of this nature beyond the earliest time possible in the year 1874 would be attended with unfortunate results.

The Council are also of opinion that the payments to be made to the Indians under the provisions of this Treaty should be in the shape of annuities terminable in twenty-five years.⁽¹⁾

The Council recommend that such Treaty shall provide that if parties not entitled to participate in annuities to be paid to any particular tribe are allowed to do so, then a *pro rata* sum shall be deducted from the next annual payment to be made to the tribe by whom this improper payment was permitted to be made.

In the opinion of the Council, it would be preferable if the payments made to the Indians were made in goods rather than in money; the Council having reasons to know from the experience of the past, that the Indians will greatly profit by obtaining all their goods through the Government Agent, instead of purchasing them from traders with their annuities.

In the Settlement of the Reserves and the payment of annuities, a person of mixed blood electing to be called an

“ Indian ” and participating in the benefits of the Treaty as such, shall not be entitled to the same privileges enjoyed by other Settlers.

That it is, in the opinion of the Council, necessary that the⁽¹⁾ Treaty should provide for the establishment of Schools for the education of the Indians, for the purchase of agricultural implements, cattle and also for teaching the Indians the proper mode of cultivating the soil.

Moved by Honble. Mr. Girard

Seconded by Honble. Mr. Fraser and

Resolved That Council are of opinion that, as soon as a Treaty has been concluded with the Indian Tribes resident in the Country lying between the Western boundary of that portion of the North-West Territories wherein the Indian title has already been extinguished, and Fort Carlton or thereabouts, surveys should be made in those parts of the said Country where white or Half-breed settlements have taken place, or where it may be desirable to form settlements.

Moved by Honble Mr. Bannatyne

Seconded by Honble Mr. Clarke and

Resolved. That the Council of the North-West have observed that an Indian Commission has been appointed for the purpose of dealing with the Indians of the North West, and are of opinion that grave difficulties and complications are likely to arise from the existence of the District organizations, the one dealing, of necessity, with, and authorized to legislate with regard to many matters affecting the Indian population, and the other charged with the general control of Indian affairs.⁽²⁾

They believe that the best interests of the Dominion would be subserved if a plan was devised for placing the direction of Indian matters under the supervision of this Council, subject to directions from the Honble The Minister of the Interior.⁽³⁾

Moved by the Honble Mr. Breland

Seconded by the Honble Mr. Hamilton and

¹ This was actually done.

² In 1871 a joint commission to treat with the Ojibbeway Indians was issued to Wemyss M. Simpson, S. J. Dawson and W. J. Pether. After Mr. Simpson's resignation, Lieut. Col. J. A. N. Provencher was appointed Commissioner of Indian Affairs. In 1873 a Commission was issued to Lieut. Gov. Alexander Morris, Lieut. Col. Provencher and Lindsay Russell. As Mr. Russell was unable to act Mr. Dawson was appointed Commissioner in his stead. Hon. Alex. Morris, Hon. David Laird, Minister of the Interior, and W. J. Christie, retired Chief Factor concluded the Treaty at Qu'Appelle.

³ The Lieutenant Governor of the North West Territories afterwards was for a period also Indian Commissioner.

Resolved, That while the Council view with satisfaction the action of the Dominion Government in maintaining the existing military force now in Manitoba, and in organizing a body of Mounted Police for service in the North West and Manitoba, they are strongly of opinion that a still larger military force will be found immediately necessary, to provide for the maintenance of order, the enforcement of the Customs, and Civil and Criminal Laws, as well as for the sake of the moral effect which the presence of such a force would have in supporting the Civil authorities in the execution of the Laws.

The Council are led to this conclusion from the knowledge they possess that persons professing to be American citizens have established themselves in force within the Territory, and have also proceeded to perpetrate gross outrages upon the native population as well as upon Her Majesty's Subjects generally, including murders of a most aggravated kind, for which during the present condition of the Territory, and the absence of all Law and Order there, no redress can be obtained.

The Council are also aware that murders have been committed in various parts of the Territory by Indians and Half-breeds, which have been allowed to go unpunished, because there were no means at hand to enforce the Law. Such a condition of affairs if allowed to continue will effectually prevent the Settlement of the Country.

In reference to this matter, the Council of the North West desire to direct the attention of the Dominion Government, to the fact that Westward of Manitoba, the District of Country known as "The fertile Belt" extends for upwards of twelve hundred miles, and that, at the present⁽¹⁾ time, there is no means of communication with this region except by the ordinary cart or waggon.

The time occupied in travelling from Fort Garry to Fort Edmonton, is not, under ordinary circumstances less than one month, thus showing the impossibility of meeting any emergency promptly, without the aid of a resident force.⁽²⁾

It must also be remembered that lying Northward of and beyond the Fertile Belt, is a vast District, far more difficult of

access at present, the only means of communication with the greater portion of it being by water. Taking all these facts into consideration the Council of the North West are decidedly of opinion that the military force maintained in Manitoba and the North West Territories, exclusive of the Mounted Police, should consist of not less than five hundred men.

Moved by the Honble Mr. Girard

Seconded by Honble Mr. Clarke, and

Resolved That the following Act authorizing the appointment of Coroners in the North West Territories be read a first, second and third time and passed.

Whereas the immediate appointment of Coroners in the North West Territories is of urgent importance.

Her Majesty, by and with the advice and consent of the Council of the North West Territories enacts as follows:

1. It shall be lawful for the Lieutenant Governor in Council whenever he may think fit to appoint under the Great Seal one or more Coroners to serve in the North West Territories or any District or sub-division thereof.

Moved by Honble Mr. Hamilton

Seconded by Honble Mr. Clarke, and

Resolved That the Council view with satisfaction the provisions of the Dominion Act "to make further provision as to duties of Customs⁽¹⁾ in Manitoba and the North West Territories", for the prohibition of the importation of spirits into the North West. They desire to point out, however, that according to the provisions of that Act, spirits or strong waters &c. &c. in the North West can be seized and confiscated by Constables or Officers of the Law only, and in view of the absence of such Officers, and of the disastrous results likely to ensue from the sale of liquor to the Indians, they desire to suggest that the Act be amended in accordance with the Act passed by the North West Council at their last Session and shall give authority to any person to confiscate, spill on the ground, and destroy, any liquor brought into the Territories in contravention of the Law.

Moved by the Honble Mr. Dubuc

Seconded by the Hon. Mr. Fraser and

Resolved That the Council feel that the future welfare of the North West Territories greatly depends upon the prompt and efficient administration of justice. They are of opinion

that the bringing of all prisoners⁽¹⁾ charged with the graver crimes, together with witnesses &c &c from all parts of the Territory in the Province of Manitoba for trial, will in consequence of the enormous extent of the Territory, be attended with such vast expenses, as will practically lead in most cases, to a failure of justice and render the Law of no effect.

The Council are further of opinion that one or more Judges,⁽²⁾ with the powers of Judges of the Court of Queen's Bench, should be appointed for the North West Territories without delay.

A Committee, consisting of Honble Messrs Breland, Schultz Bannatyne and Hamilton, was appointed to report upon the Fisheries &c. of the North West with instructions to report at the next meeting of Council.

Honble. Mr. Schultz was added to the Committee on the Administration of Justice &c.

Council met at Government House, Fort Garry, at two o'clock P.M.

Present Honble Messrs Girard, Smith, Clarke, Breland, Schultz, Dubuc, Bannatyne, Fraser and Hamilton

The Minutes of the last Meeting were read and approved.

The Lieutenant Governor informed Council that he had received authority to send a Commissioner to the Western Country to see the Indians and give them presents, and His

¹ Any Justice of the Peace or Stipendiary Magistrate or any Judge of the Court of Queen's Bench of Manitoba had the power to send certain offenders to Manitoba for trial by the Manitoba Court of Queen's Bench according to criminal procedure in force in Manitoba. The punishment was awarded according to laws in force in the N. W. T.

² The North West Territories Act, 1875, provided for the appointment of not more than three Stipendiary Magistrates. They were given the power of two Justices of the Peace in the trial of offences. The Chief Justice or any Judge of the Court of Queen's Bench of the Province of Manitoba with one of the Stipendiary Magistrates as associate heard more serious cases. In 1884 the Stipendiary Magistrates became judges.

Honour intimated his desire to obtain the benefit of their advice with regard to the matter. It having appeared in discussion that the Hon. Mr. Breland had informed certain tribes of Indians at Coteau and Castor Rivers that they would be visited this year, as he (Mr. Breland) was authorized to do, Council advised that a messenger be sent at once.⁽¹⁾

The Lieutenant Governor also stated that although it was a matter not strictly within their province, he wished to consult them on another subject and to profit by the knowledge of Indian character and Indian habits which many members of the Council possessed. He explained that the Saulteaux Indians had promised to meet His Honour at the North⁽²⁾ West Angle, but had since changed their minds and wanted him to meet them at another point. Was it the opinion of the Council that he ought to do so? The Council strongly advised His Honour not to change the place of meeting as they considered it would be most unwise to do so, an opinion in which the Lieutenant Governor concurred.

The Committee on the administration of Justice reported the three following resolutions, which were adopted by Council.

Resolved That while the Committee on the administration of Justice in the North-West Territories are expected to submit an Act to Council providing for the collection of debts not exceeding the sum of two hundred dollars, the Council of the North-West desire to direct the attention of the Dominion Government to the fact that great inconvenience will arise if provision is not made for the collection of sums beyond that amount. This cannot be done until Judges or Stipendiary Magistrates are appointed.

Resolved That whereas it is of urgent importance that some law should at once be enacted providing for the relations existing between Masters and servants in the North-West Territories.

Her Majesty, by and with the advice and consent of the Council of the North-West Territories enacts as follows:

That the "Masters and Servants Act" passed by the Legislature of Manitoba 1871, shall with all the provisions thereof be extended to the North-West Territories and shall be of force there.

¹ Mr. Breland was commissioned to visit the Indians owing to the apprehension due to the Indian dissatisfaction with their treatment by Indian Commissioner Wemyss Simpson, and with the indifferent reception accorded to 'Little Knife' in Winnipeg.

² The North West Angle of the Lake of the Woods.

Resolved That the Council of the North-West desire to represent to the Dominion Government that they have no funds at their disposal to enable them to enforce any laws of the Dominion, or to discharge any obligation or to provide for any contingencies which may arise. They, therefore, earnestly request that the Dominion Government will place a sum of money, say ten thousand dollars, at the disposal of the Clerk of the Council, for the discharge of such debts obligations and charges, as may from time to time arise, in connection with the proceedings of the Council, and their administration of the affairs of the North West Territories so far as lies within their province. Upon this sum being placed at the disposal of Council, the Council desire that the Clerk of the Council shall act as Treasurer thereof, all vouchers for payment being countersigned by the Lieutenant Governor.

The Committee through their Chairman Honble. Mr. Girard, asked leave to sit again.

The Committee on Fisheries, &c., &c., reported through their Chairman Mr. Hamilton

Moved by Honble. Mr. Hamilton

Seconded by Honble. Mr. Schultz and,

Resolved That the Council of the North-West are glad to find from report which appears in the last Report of the Minister of Marine and Fisheries that the attention of the Dominion Government has been directed to the Fisheries of the North-West Territories. They concur in the remark contained in the report in question to the effect that "The White Fish forms an article of food which is not only exceedingly popular, but is also, for many reasons remarkably well adapted to the climate and Country."

They are of opinion that the time has arrived when steps should be taken with a view to preventing any serious diminution in the supply of white fish.

That in view of the fact that in certain portions of the North-West Territory and more especially in the vicinity of Norway House, the inhabitants are entirely dependent upon fish for food, the Council suggest that steps should be taken by the Dominion Government to prevent persons from setting nets or weirs in the main Channels of the Rivers, or at any other points through which fish are in the habit of passing to their spawning grounds, in such a manner as to prevent the ingress of the Fish, and to enforce such regulations as may, from time to time, appear necessary for the preservation of the Fish.

The Council also desire to suggest to the Dominion Government, that measures should be adopted to prevent the accumulation of sawdust in rivers and streams in such parts of the North-West Territories wherein Saw Mills have been or are about to be erected.

Proposed by Honble. Mr. Hamilton

Seconded by Honble. Dr. Schultz, and

Resolved, That the Council of the North-West Territories have pleasure in recognizing the services performed by the Revd. McKay of Stanley⁽¹⁾ Mission, in printing, translating and publishing in the Cree language the "Masters and Servants Act" of Manitoba, the provisions of which are now extended to the North-West Territories.

Proposed by Honble. Mr. Clark

Seconded by Honble. Mr. Smith and

Resolved, That the Council have much pleasure in acknowledging the very efficient manner in which Mr. Urquhart, the Clerk of the Council, has discharged the duties of his office, and recommend to the Dominion Government in view thereof, the high cost of living in Manitoba, and the increase of work which will be entailed by his discharging the duties of Treasurer to the Council, as Council desire, that his salary be increased by the additional sum of four hundred dollars per annum.

The Committee on Standing Orders, &c., were directed to sit during the recess and report to Council at their next Session.

Honble. Messrs. Bannatyne and Fraser were added to the Committee, and the number to constitute a quorum was fixed at three.

The new Oath of Office as prescribed by Order in Council, dated Ottawa October 1st. 1873 was administered to all the Members present and the Oath of Allegiance to Hon. Messrs Delorme, Bown, McKay and Kennedy—The oaths were administered by Hon. Justice Bétournay.

¹ Of the Court of Queen's Bench of the Province of Manitoba. They were both associates of Chief Justice E. B. Wood in the Lepine Trial.

The new Oath of Office thus taken was substituted for the one taken by Members on Sept. 4th 1873 as declared by Order in Council dated Oct. 1st 1873, before referred to, by which it is stated that the following form of Oath will be and is thereby substituted for the form of Oath of the Members of the Council of the North West Territories, adopted by the Order in Council of 6th August last.

His Excellency the Governor General's reply to the address of Council was read.

The Commission appointing Justice of the Peace was read.

His Honor the Lieutenant Governor then addressed the Council, referring to the principal topics upon which he desired to obtain their advice, and suggesting the order in which business should be taken up.

The first subject taken up was that of Postal Communication. A telegram from the Honble. the Postmaster General was read in which the opinion of Council was asked in reference to this subject.

His Honor the Lieutenant Governor presiding.

The Committee on Postal Communication made their Report which was adopted.

The following Resolution of Council, based thereon, was passed.

In reply to a telegram from the Post Office Department expressing a wish that the N. W. Council should express their views as to the extent and probable cost of Postal Service desired in the N. W. Territories,⁽¹⁾ and also as to the best practicable mode of providing for the performance of the same.

Council have the honor to report for the information of His Excellency the Governor General in Council.

1. That they regard the establishment of Postal Communication in the N. W. Territories as of vital importance, not only because it is highly desirable that regular information should, from time to time, be received as to the progress of events in the North West, but also because the establishment of such Postal Communication would do much to encourage Immigration and hasten on the settlement of the North West.

2. Council are of opinion that, to commence with, the service should consist of eight trips per annum each way.

3. The route should be from Fort Garry in the Province of Manitoba to Fort Edmonton in the North West Territories, by way of the following centres of Settlement and existing population, viz, Fort Ellice, Qu'Appelle, Fort Carlton, Fort Pitt and Victoria Settlement.

4. The time occupied in the journey would probably be about 39 days—see Appendix A.

¹ A regular mail route was inaugurated as far as the Saskatchewan in 1876. The contractor was Hon. James McKay.

5. The question of cost is one in relation to which it is difficult to arrive at once at a correct conclusion; but it is probable that the service could be performed for \$18,000 per annum, or about that sum. The receipts would, no doubt, at first be comparatively insignificant, but would in all probability increase with great rapidity, while the advantage derived from the service, in other ways, would, as before said, be very considerable.

6. The Council recommend that tenders should, without delay, be asked for, for the performance of the Mail Service required.

APPENDIX A.

	Days.	Miles.
Fort Garry to Fort Ellice	10	220
Fort Ellice to Qu'Appelle	5	110

APPENDIX B.

Probable cost of Mail Service referred to in Appendix A.

39 days @ \$16 per day—\$624 per trip 16 trips per annum
i.e. eight trips each way—\$9,084 per annum, or say in round numbers—\$10,000.

In Summer the service, each way, would be performed by two men and four horses. In Winter two men with Dog Sleds would be required.

The Committee appointed to frame an Address to His Excellency the Governor General, made their report, which was adopted.

The following resolution of Council based thereon, was passed:

Resolved, That the Council of the North West beg respectfully to represent to His Excellency the Governor General in Council

That the Council met on Sept. 4th 1873, and sat for some days, giving their diligent attention to such matters in con-

nection with Her Majesty's North West Territories as appeared to them to require immediate action—; finally transmitting to Ottawa, for His Excellency's approval, copies of the following Acts, Resolutions and Minutes of Council, viz.:

Resolution respecting	Indian Treaty
“	“ Survey of land
“	“ The Indian Commission
“	“ Military Force in the N.W.T.

An Act appointing Coroners.

Resolution respecting administration of Justice, Collection of debts.

Resolution respecting Transportation of Liquor.

“	“ Masters and Servants Act.
“	“ Funds for use of Council.
“	“ Fisheries of the N.W.
“	“ Clerk of the Council's salary.
“	“ Fees for Justices of the Peace.
“	“ Expenses of Constables & Witnesses.
“	“ Criminal Statutes.
“	“ Postal Communication.

Council regret that they have not as yet been advised in relation to His Excellency's pleasure concerning these subjects, the urgent importance of which, is, day by day, becoming more and more evident, they therefore, beg most respectfully, but, at the same time, most earnestly, that His Excellency's views in reference to these subjects may be made known to them without delay.

They feel that the affairs of the North West Territories are growing daily in importance and that any delay in dealing with them may be, and probably will be, attended with unfortunate results.

The Council are aware that exceptional circumstances may during the past few months, have prevented that prompt action which they trust will, in future, characterize the dealings of the Privy Council with North West affairs.

Sensible as they are of the great importance of the duties which they are called upon to perform, and earnestly desirous, as they are, to discharge those duties loyally and efficiently, the Council feel that they will be unable to do so, if matters which they believe to be of urgent importance, and which they have taken occasion to represent as such, be permitted to remain altogether unnoticed for a period of six months. They there-

fore deem it their duty most respectfully to call the attention of His Excellency in Council to this important subject.

Committee on the Liquor Law &c., &c., reported and asked, through their Chairman, Honble. Mr. Dubuc, leave to sit again.

The subject of Indian affairs was then taken up and some communications read.

A committee consisting of the Honble. Messrs. Girard, Breland, Bannatyne, Hamilton, McKay, Bown and Kennedy, was appointed to report on Indian Affairs in all their bearings, the question of American Traders in the North West and the Military and Police question.

Honble. Messrs. Girard and Dubuc were appointed a Committee to consider and prepare, with the assistance of the Secretary of the Council a Bill providing for the appointment of Constables, and the amendment of the "Poisons Act" in accordance with the instructions of the Minister of Justice.

Council adjourned until 11 A.M. on Saturday, March 14th.

Honble. Mr.	Girard,

"	" Dubuc,
"	" Fraser,
"	" Hamilton,
"	" McKay,
"	" Kennedy.

The Committee on the Liquor Law &c., reported to Council, and the following resolution, based upon their Report was passed.

Resolved, That in the opinion of Council the Customs Act of the Dominion 36 Viet. Chap. 39, should be amended so far as related to its second clause, by the introduction, after the words, "Declare the same forfeited and cause them to be des-

troyed" of the following paragraph: "and any officer, or non-commissioned Officer of Dominion police, or any policeman acting under their orders, shall, upon reasonable ground of suspicion, have the right to search any houses, waggon, cart, tent, boat, canoe, or any other building, vehicle, or place, in which they believe spirits, strong waters or spirituous liquors to be concealed or stored."

Resolved, That the Act in question should be further amended so that, if it shall be proven upon credible evidence, that any person or persons, have had in their possession, or shall have sold, bartered, or given away, any spirits, strong waters, or spirituous liquors of any kind in the N. W. Territories, without a special permission from the Lieutenant Governor, they shall be liable to be punished therefor, although no spirits, strong waters &c. &c. may be found in their possession.

In this connection Council recommend that 25 Dominion Policemen be sent to Fort Ellice, and 50 more to Fort Qu'Appelle, immediately, with instructions to prevent the introduction of liquor into the N. W. Territories, and that they shall be ordered to watch all roads leading Westward within a reasonable distance of points; and that the Minister of Justice be communicated with, at once, in reference to this subject.

The Committee appointed to consider the Amendment of the "Poisons Act" and the preparation of an Act providing for the appointment of Constables, reported.

The Council then, being in legislative session, the following Acts were read at length and passed.

An Act to amend an Act entitled the "Poisons Act."

Whereas the currency of the Dominion of Canada is a decimal one, and the fine imposed for any infringement of the Poisons Act, as passed by this Council on the 10th March 1873, is in Sterling Currency, therefore,

Be it enacted that the Poisons Act be amended by the introduction of the words "Twenty-five Dollars" in lieu of the words "Five Pounds Sterling," as the amount to be inflicted for any contravention of the Act in question.

An Act providing for the appointment of Constables.

Whereas it is expedient that Justices of the Peace in the North West Territories shall have power and authority to appoint Constables for the due enforcement of the law and the preservation of the Public Peace, therefore,

1. Be it enacted, that any Justice of the Peace in the North West Territories may name and appoint one or more persons to be Constables and Peace Officers for the enforcement of the Law and the preservation of the Public Peace.

2. Every person so appointed shall faithfully perform the duties of the office for which he is so appointed for the space of one year, previous to expiration whereof the said Justice of the Peace shall appoint other persons as Constables in their stead; provided always that any person, or persons, who have thus served for one year may be re-appointed, and the Justice of the Peace may increase or diminish the number first appointed, as to them appears most for the public safety.

3. But no such appointment shall be valid in the case of a civil or military officer, or any person in Priest's orders, or in the profession or practice of physic or surgery, or any school master, or any person not of full age.

4. That before entering upon the duties of their office, all such Constables shall take and subscribe to the following Oath, which shall be administered to them and each of them by the Magistrate by whom they are appointed.

Form of Oath.

I swear that I shall, until lawfully discharged from my office of Constable in the N. W. Territories, be always ready to serve and execute all legal writs, or warrants, and to maintain public peace and security: and that, I shall, to the utmost of my ability, obey all laws and all lawful authorities within and for the said N. W. Territories, and use my best endeavor to induce all others to obey the same, so help me God.

Moved by Honble. Mr. Kennedy, seconded by Honble. Mr. Hamilton, and

Resolved, That the Council respectfully urge upon the Privy Council the necessity that exists, for the establishment, without delay, of the necessary machinery for the enforcement of the Criminal Law, and the collection of debts in the North West.

They, therefore, renew their recommendations and would suggest that Stipendiary Magistrates be appointed, stationed at Qu'Appelle and Fort Edmonton, and that a resident Judge with powers of the Queen's Bench, be appointed to be stationed at Fort Carlton. They would recommend that civil cases should be tried before such Judge without the intervention of a Jury with an appeal in cases over \$500, to the Queen's Bench

of Manitoba, and that for criminal offences of the graver kind, a simple machinery should be provided for the selection of Jurymen from the Country and existing settlement. Council represent the expense of bringing criminals and witnesses from the North West for trial in Manitoba, would be so great as, practically, to prevent Justice to be enforced.

The Council submit that the cost of administering Justice in the North West under the present system, will be much greater than would be incurred by the system they propose.

The Council are of opinion, however, that offences in the North West, within defined Districts within a reasonable distance from Manitoba, might continue to be heard in that Province. Council desire to express the opinion that any person appointed to fill the office of Stipendiary Magistrate in the North West Territories should be familiar with the North West Country and its people—Council are of opinion that such persons can be found in the Territories or in the Province of Manitoba.

Honble. Mr. Girard, on behalf of the Committee on Standing Orders &c. &c., reported progress and asked leave to sit again—Leave was granted. The Committee on Indian Affairs made a partial report, and asked leave to sit again, which was granted.

The following is the partial report received and adopted by Council:

The Council of the North West respectfully represent to His Excellency the Governor General in Council, that:

1. A Treaty should be made this year with the Indians inhabiting the Territory extending from Fort Ellice up Qu'Appelle River to the Elbow of the South Branch of Saskatchewan following down the South S. Branch to its mouth above Fort à La Corne, taking in all the Country, the waters of which flow in the Assiniboine;—down the Assiniboine River to Fort Pelly, down the Shell River, down the Assiniboine to Fort Ellice on to Moose Mountain S.W. to the 49th parallel W. along the boundary to 110 degrees West; then due North to Red Deer River, down the Saskatchewan to the Elbow of the South Branch.

2. That a Treaty should be made this year with the Indians inhabiting the Territory within the following limits: From 10 Miles North of the North Saskatchewan, up that River to Fort Pitt (still keeping ten miles North of the River) then due South to the Eye Brow Hills, 5 miles above Junction of Red

Deer River and the South Branch—From this South to the Bow River, down the Bow River to the Elbow of the South Branch of the Saskatchewan.

All the Indians of the East and South sides of the Saskatchewan (say about 2,500) to meet the Commissioners at Qu'Appelle.

All Indians of the North side of the South Saskatchewan, from the Deer River and the Eagle Hills to the Mouth of the Battle River 10 miles N. of the North Branch, to go to Fort Carlton.

Indians from the Birch Hills, Buffalo, Cart Plains and Quill Lake may go to either Carlton or Qu'Appelle.

Indians on each side Battle River, and 10 miles North of the North Branch shall go to Fort Pitt, 5,000 Indians will probably be included in the Treaties made at Fort Carlton and Fort Pitt.

Council also recommend that, if possible, a Treaty should be made with all Indians living in the Territory lying along the Saskatchewan between Fort a La Corne to Grand Rapids including 10 miles along the North Branch of the River, then South East along the West Shore of Lake Winnipeg to the Mouth of the Little Saskatchewan to the point crosses by the Manitoba Post Treaty, and so S.W. to the Assiniboine.

The Commissioner negotiating this Treaty might meet the Indians at Fort Pelly, Fort à la Corne and the Pas.

Probably about 1,500 Indians would be included in this Treaty.

The first meeting should take place at Qu'Appelle not later than July 15th.⁽¹⁾

The second meeting at Carlton about August 15th.⁽²⁾

The third meeting at Fort Pitt about Sept. 15th.⁽³⁾

The quantity of provisions sent to each of the two former points should be 400 bags flour, 50 oxen, 6 chests tea, 400 lbs. tobacco.

To Fort Pitt there should be sent 450 bags flour, 50 oxen, 7 chests tea, 450 lbs. tobacco.

The total number of Indians included in all these Treaties proposed would be about 9,000, Plain Crees, Chippawas and Assiniboines.

¹ The conference began on September 8; the Treaty was concluded on September 15th, 1874.

² The Commissioners met the Indians in the vicinity of Fort Carlton in August 1876, and concluded a treaty with the Plain and Wood Crees on the 23rd and with the Willow Crees on the 28th.

³ The Treaty at Fort Pitt was concluded September 9, 1876.

The Commissioner who goes to Fort Pelly, Fort à la Corne and The Pas should visit those points sometime in the month of August 1874.

After the adoption of the above Report Council adjourned until 2 P.M. of Monday March 16th.

The Committee on Indian affairs presented their Report on Indians and other matters which they were appointed to consider, and the following "Confidential Minute of Council," based upon the said Report was adopted by the Council.

1. Council recommend that steps be taken to secure the arrest of the murderers at Cypress Hills, of unoffending Indians, if in our⁽¹⁾ Territory, or their extradition if in the United States.

2. That a sufficient force be sent to secure the collection of the Customs duties and the repression of the trade in liquor by the American traders and outlaws in the Belly and Bow River Districts, and that such force should consist of such a number of trained men as the Military authorities are of opinion will be necessary to reduce the outlaws to order estimated at 300 men in view of the possibility of their effecting an Indian Alliance, and of their having fortified posts.

3. That in view of the danger of an Indian War and of International complications which might embroil, at any moment the British and American people in war, the Privy

¹ In the previous year some whiskey traders from the United States had massacred some Assiniboine Indians. In 1875, Major Irvine sent to Montana to arrest the murderers, brought some of the ringleaders before the Fort Benton authorities. Owing to lack of evidence they were discharged. Three of the party, James Hughes, Philander Vogel and George Bell were taken north of the boundary and taken to Winnipeg for trial.

Council should ask that a British Regiment should be stationed and maintained in the North West to act in support of the Civil authorities and in concert with the Dominion forces.

4. That the Council are of opinion that the existing Provisional Infantry and Artillery are of urgent necessity.

5. The Council recognize the value of the Police force, but suggest that they should be placed under more rigid discipline than the mere imposition of fines and dismissal will secure.

6. That while the Council advise the foregoing steps, they yet feel that they will not exceed their duty if they represent that it is necessary that a Military Force should be maintained in the Province of Manitoba.

The following Resolution in reference to the conduct of Indian affairs was then passed:

1. That this Council be entrusted with the duty of advising as to the Tribes with which Treaties ought to be made and as to all matters affecting Indian policy in the North West Territories.

2. That the Chief Indian Agent ought to be charged with the duty of seeing that the provisions of the several Indian Treaties are carried out.

3. That sub-agents should be appointed, one or more for each Treaty District according to its extent.

4. That Treaties should be made by Commissioners specially charged with the duty, a portion of whom should be living in the North West Territories or Manitoba and familiar with Indian Character and with Indian language and habits of thought. Such Commissioners should, after the conclusion of the Treaty, have nothing to do with matters of administration arising therefrom.

5. That in the event of the views of Council being acceded to, a Standing Committee be appointed, presided over by the Lieutenant Governor, under whose instructions the Chief Indian Agent should act, and with whom he should confer, on all matters affecting policy, and on all matters of dispute, and by whose advice he should be guided.

6. The Council cannot fail to recognize the importance of the Treaty made last October,⁽¹⁾ at the North West Angle, with the Indians of the Lake District, which they believe to have been most satisfactory and just, both to the Indians and the white man. The Council are glad to learn that the former are well satisfied with the provisions of the Treaty.

¹ October 3, 1873.

Resolved, That in view of the action of the Dominion Government in reference to aid to Indian Schools, the Council are gratified to notice this indication of the interest felt in the welfare of the Indian population by the Dominion Authorities, but respectfully suggest that the average number of pupils required by the Order in Council, to be attendant at any School in order to obtain Government assistance is too large and that an average attendance of twenty-five pupils should be considered sufficient.

The Lieutenant Governor having asked the advice of Council as to the best locality for a Reserve in the North West Territories for the Sioux now residing in and about Portage La Prairie in the Province of Manitoba, Turtle Mountain and Fort Ellice in the North West Territories, Council recommend that, for the better preservation of peace, and placing a sufficient distance between their Reserve and that of the Chippewas, and also from the new Settlements forming on the Western Frontier of Manitoba, a Reserve for the said Sioux should be set apart on the West Bank of the Little Saskatchewan where that River falls into the Assiniboine and along the North Bank of the Assiniboine, up that River, embracing a sufficient quantity of land, to each 80 acres.⁽¹⁾ The land is not adapted for large farms or for white Settlement, being, generally, hilly, stony, and with little timber for building purposes. At the same time in the neighbourhood, are facilities for hunting and fishing, which would be of value to the Indians. It would also afford them small farms.

Resolved, That in view of the fact that the Gentlemen Commissioned as Justices of the Peace in the North West Territories have had no opportunity of becoming acquainted with the Laws which now apply to the North West, the Council recommend that a Manual containing all such Acts and Orders of Council as relate to the Government of the North West Territories, together with all Acts of the Dominion of Canada, whether relating to the Criminal Laws or otherwise, which apply to the N. W. Territories and all Acts passed by this Council, should be prepared and a number printed, in both French and English for the use of the said Justices of the Peace and other officials. That the Secretary of the Council be asked to prepare such a Manual and that he be paid a reasonable sum for doing so, and seeing that a sufficient number of copies be properly and correctly printed and issued.

¹ This is Indian Reserve 58, in Township 10, 23 W. 1.

Resolved, That in the opinion of Council, a Proclamation should be issued by the Lieutenant Governor containing the names of the Justices of the Peace appointed in the North West Territories and calling upon the inhabitants to respect their authority. Honble. Messrs. Hamilton and MacKay to be a Committee to determine within what Districts such proclamation should be distributed.

Resolved, That in the opinion of Council, a Messenger should be sent in advance of any force of Military or Police going into the N. W. Territories to explain its object to the Inhabitants.

A Petition to Council from one Gordon Gordon was presented,⁽¹⁾ but its consideration was deferred until next Meeting of Council.

Resolved, That the Honble. Messrs. Clarke, Dubuc, Hamilton, Bown and Kennedy be appointed a Committee to consider as to Indian Orphan Children attending Schools in the North West and any suggestion to be made in connection therewith; and further, if they find it practicable, to frame a Draft of an Act for submission to next meeting of Council, to regulate the matter, and to define the mode in which the children should be adopted and the age at which the period of apprenticeship should cease.

The Council then adjourned.

Resolved, That the Council of the North West having been informed⁽¹⁾ that the Boundary Commission is about to proceed Westward and being aware of the jealousy with which their advance is likely to be viewed by the Indians, and also, of the feelings of animosity which the Sioux entertain towards the American portion of the Survey, and being also of opinion that if the Indians were thoroughly informed as to the real objects of the Survey they would not attempt to impede its onward progress, the Council recommend that Commissioners should precede the Survey to explain matters to the Indians, and also that a competent person should accompany the Survey for the same purpose.

That in view of the unsettled state of the Cree and Black-foot Indians, the Council of the North West Territories recommend that the first Treaty advised by the Council, otherwise known as the Qu'Appelle Treaty, be made, and that Messengers be sent to the rest of the Crees and the Assiniboinés, informing them of the Treaty and of the intentions of the Government in regard to them, before the occupation of their Country by the Mounted Police.

Moved in amendment by Honble. Mr. Bannatyne, seconded by Honble. Mr. McTavish, and

Resolved, That Council desire most urgently to recommend that the first Treaty suggested by them at their last Meeting, (Viz. to be negotiated at Qu'Appelle) should be made with as little delay as possible, and that the Indians should be notified to assemble on the 1st of August for that purpose—Council are of opinion that this is a matter which admits of no delay and is of vital importance.

Council would be glad if the other Treaties suggested by them could also be made this year if possible.

Council are of opinion that a Messenger should precede the Police Force to explain the object of their coming into the North West Territories, and to inform them that a Treaty will be made with the Indians of the Qu'Appelle region this year and also with the other Indians as soon as practicable.

A vote was then taken with the following result:

For the amendment: Hon. Messrs. Bannatyne, Breland, Dubuc, Boyd, Hamilton, Fraser, Royal, Delorme, Kennedy and Tait. Against the amendment—Honble. Messrs. Schultz & Bown.

The amendment was declared carried.

The allotment of land was extended to half-breeds resident in the North West Territories at the time of the transfer no less than in Manitoba.

Law of the Dominion and the protection of the Civil Rights in the North-West Territories, Council appoint Honble. Mr. Girard, Clarke, Dubuc, Hamilton, Schultz, Bannatyne and Royal a Committee to prepare a Bill to provide for the creation of a Court of competent jurisdiction in the North-West Territories, to be presided by one Judge who shall decide all Civil Cases without the intervention of a Jury, whose decisions in all cases where the amount exceeds \$500, shall be liable to review of the Court of Queen's Bench of Manitoba. Such Bill to be submitted to Council at its next Meeting, whether regular or emergent, in order that, if passed by Council, the approval of the Privy Council thereto may be sought without delay.

The Committee appointed to consider the case of Indian Children attending Schools in the North-West, reported two Bills, through their Chairman, Honble. Mr. Dubuc. The Bills referred back with instructions to the Secretary of the Council to enlarge their Preambles and have copies of the Bills printed (in English and French) for the use of Members.

Moved by Honble. Mr. Royal

Seconded by Honble. Mr. Boyd, and

Resolved, That in view of all the informations received from various sources the Council of the North-West are decidedly of opinion that a force of⁽¹⁾ 300 men (even were they a thoroughly organized force) is decidedly inadequate for the purpose of enforcing law and order in the North-West Territories, or maintaining peace therein. From what they have heard, Council are led to fear, that the consequences of sending Force into the Territories are likely to be disastrous, and may result in bloodshed and serious trouble. The presence of American Traders in the North-West Territories wherein they set all British law at defiance, is calculated to bring British and Canadian authority into contempt, and may, not improbably, lead to serious international difficulties.

The Council, therefore, must once more repeat the opinion expressed at their Meeting in October last, that it would in all respects, be advisable that a British regular Regiment should be stationed in the North-West, and Council urgently desire to impress this upon the Dominion Government, and ask them to represent this state of affairs to the Imperial authorities.

A Communication from Mr. McArthur, was read, concerning the Indian Reserve, at the Mouth of the Winnipeg River.

¹The Royal North West Mounted Police. The garrison at Fort Garry was increased to 300 at the time of the Modoc war in the United States.

The Secretary was instructed to take measures for ascertaining what are the facts in connection with the matter referred to by Mr. McArthur, and to prepare a Report for the next Meeting of Council.

A letter from Messrs. Kenny and Luxton was read, asking that a reporter might be present during the Legislative Session of Council. After some discussion it was agreed that the matter should lie over, to be the first business taken up on the first day of the next Session.

Honble. Messrs. Dubuc and Royal were appointed to frame Rules with regard to private Bills and the mode of giving notice of the intention to apply therefor.

The Council then adjourned.

Monday 7th December 1874.

The Council met at 2 o'clock P.M., His Honor the Lieutenant Governor presiding.

Present: Hon. Messrs McKay, Schultz, Breland, Dubuc, Girard, Boyd, Bannatyne, Kennedy and Fraser.

On the motion of the Honorable Mr. Dubuc,
Seconded by the Honble Mr. Bannatyne, and

Resolved, That the Act entitled an Act to regulate the relations existing between Religious Institutions and Children committed to their care was read a third time and passed under the Title of "An Act to regulate the Relations existing between Religious Institutions and Children committed to their care". Said Act being as follows:—

An Act to enable Religious Institutions in the North West Territories to receive into their care and guardianship Children voluntarily entrusted to their care.

Whereas it is expedient that certain Institutions in the North West Territories should be enabled to receive into their care and guardianship children voluntarily entrusted to their care, and that the terms upon which children are so received should be properly defined.

Therefore Her Majesty has seen fit by and with the advice and consent of Her North West Council to enact as follows:—

I. It shall be lawful for the authorities of any School or Orphanage in the North West Territories, maintained as such by the Church of England and Ireland, the Roman Catholic Church, the Canada Presbyterian⁽¹⁾ Church, the Methodist Church of Canada, or any other Protestant Church, to receive from the parents, or in the event of the decease of the parents, from the relations in charge thereof, any child under the age of fourteen years, for the purpose of supporting and educating such child.

II. Whenever such child shall be so received, the Institution receiving the same shall be bound to give proper nutriment, medical care, clothing and education to such child—and shall be bound to do so until such child shall reach the age of sixteen years—Provided always that during the whole term of such teaching and training the rights, powers of authority of the parents or guardians over such child shall cease, and shall be vested in and exercised by the Manager of the Institution having charge of the child.

III. Whenever such child shall be so received, it shall be duly explained to the parents or relatives placing such child in any such Institution that the Institution is bound to and will maintain and educate such child until arriving at the age of sixteen years, and that if such parents or relative voluntarily place such child in the said Institution, the parents or relatives shall be bound to leave such child under the care and guardianship of such Institution until the age of sixteen years unless such child shall be ordered to be given up to the parents or relatives thereof in manner hereinafter provided.

IV. In case any such institution refuses to give up such child at the demand of the said parent, or parents, such parent or parents may by application to a Stipendiary Magistrate after due notice of such application being given to the Institution, appear before

such Magistrate to support the said application and if proved that the parent or parents are fit and proper person or persons to take charge of the child, then the said Magistrate may upon good and sufficient reason being shown, order the child to be restored to the custody and control of such parent, or parents.

V. It shall be the duty of any such Institution to keep a Register of all the children so received, the date and particulars of their reception, name, age, and particulars of their condition, their death or removal from such Institution, the nationality or tribe to which they belong, and transmit to the North West Council yearly in the month of January an abstract of such Register.

VI. This Act shall be known as "An Act to regulate the relations existing between Religious Institutions and children entrusted to their care."

On the Motion of Honble Dr. Schultz,

Seconded by Honble Mr. Dubue, and

Resolved, That the Bill entitled "An Act to regulate the condition of Orphan or Destitute Children" was read a third time and passed under the Title of "An Act to regulate the condition of Orphan or Destitute Children," said Act being as follows:

An Act to regulate the condition of Indian Orphan or Destitute Children, attending schools in the North West Territories.

Whereas certain Institutions are by voluntary contributions maintained in the North West Territories for the purpose of furnishing a home for children who may be deprived of their natural protectors, either by death, abandonment, or otherwise, and for the purpose of protecting such children from the effect of want and exposure to crime, and affording them educational training.

Therefore Her Majesty has seen fit by and with the advice and consent of Her Majesty's North West Council to enact as follows:

I. Any person in the North West Territories may bring before two Justices of the Peace or a Stipendiary Magistrate, any child apparently under the age of fourteen years that comes within any of the following descriptions, viz:

II. That is found wandering and not having any home or settled place of abode, or proper guardianship, or visible means of subsistence.

III. That is found destitute, either being an Orphan or having a surviving parent who is undergoing imprisonment, or who has deserted the said child.

IV. The Justices or Stipendiary Magistrates before whom a child is brought, coming within one of the descriptions mentioned in the preceding clauses, if satisfied, on enquiry, of the fact, and that it is expedient to deal with such child under this Act, may order him (or her) to be sent to any such Institution as may be willing to receive such child in conformity with the provisions of this Act.

V. On determining on the School to which the child shall be sent, the Justices or Magistrate shall endeavour to ascertain the religious persuasion to which the child belongs, and shall select a School conducted in accordance with such persuasion to which the child or its parents, or parent, belong or belongs, and the order shall specify such religious persuasion.

VI. If the child shall be utterly ignorant and shall have no knowledge of any religious persuasion, or belief, he (or she) shall be sent to such one of the above named Institutions as shall be situated nearest to the place whereat the said Order is made.

VII. The Order shall specify the time for which the child is to be detained in the School, being such time as to the Justices or Stipendiary Magistrate seems proper for the teaching and training of the child, but not in any case extending beyond the time when he (or she) attains the age of sixteen years.

VIII. During the whole time of such teaching and training, the rights, power and authority of the parents or guardians over such child shall cease, and shall be vested in and exercised by the Manager of the Institution having charge of the child. Provided always, that if at any time, it shall be proved by indubitable evidence before the two Justices and Stipendiary Magistrate, that the parent of the child is a fit and proper person to take charge of it and is able to do so, then the said Justices or Magistrate as aforesaid may, upon good and sufficient cause being shown restore the child to the custody and control of such parent, or parents.

IX. Whenever any such child shall be so received, the Institution receiving the same shall be bound to give proper nutriment, medical care, clothing and education to such child, and shall be bound so to do until such child shall reach the age of sixteen years.

X. It shall be the duty of any such Institution to keep a Register of all the children so received, the date and particu-

lars of their reception, name, age and particulars of their condition, their death or removal from such Institution, the nationality or Tribe to which they belong, and transmit to the North West Council yearly, in the month of January, an Abstract of such Register.

XI. This Act shall be known as "The North West Orphans' Act".

November 23rd, 1875.

Council met at 11 o'clock A.M. His Honor the Lieutenant Governor presiding.

PRESENT

Honble. Messrs. Girard, McKay, Breland, Bown, Dubuc, Fraser, Bannatyne, Tait, Kennedy, Delorme and McTavish.

The Lieutenant Governor addressed the Council as follows:
"Gentlemen,—

I have now to address you in compliance with the Rules you have adopted for the regulation of the Proceedings of the Council.

You met, for the first time after the formation of the Council, on the 8th of March 1873 when I thus addressed you:

I have much pleasure in calling you around me to assist me in the Administration of the affairs of the North-West Territories. The duties which devolve upon you are of a highly important character. A Country of vast extent, which is possessed of abundant resources is entrusted to your keeping, a Country which though, at present, but sparsely settled, is destined, I believe, to become the home of thousands of persons, by means of whose industry and energy that which is now almost a wilderness will be quickly transformed into a fruitful land where civilization and the Arts of Peace will flourish. It is for us to labor to the utmost of our power in order to bring

about, as speedily as possible the Settlement of the North-West Territories, and the development of their resources, and at the same time to adopt such measures as may be necessary to insure the maintenance of Peace and Order, and the welfare and happiness of all classes of Her Majesty's subjects, resident in the Territories."

In again assembling you to meet in what may prove to be the last, or nearly the last Meeting of the present Council, I have quoted these words for the purpose of congratulating you on the efforts you made to carry into effect the objects which I placed before you at your first meeting. Before proceeding to the ordinary work of the Session, I, therefore, think this a fitting occasion to review the work the Council has accomplished, and to place on record the results of its legislation and of its suggestions. The Present Council are now only acting provisionally, and a new Council is to be organized,⁽¹⁾ partly nominated by the Crown, and partly elected by the people, with⁽²⁾ the view of exercising its functions under the presidency of a resident⁽³⁾ Governor within the Territories themselves. I am confident that the Council will take up the work you began and have so zealously endeavoured to carry out, and I trust that they will prove successful in their efforts to develop the Territories and attract to them a large population.

Though you had many difficulties to contend with, you surmounted most of them and will have the gratification of knowing that you in a large measure contributed to shape the policy, which will prevail in the Government of the Territories, and the administration of its affairs.

At your first Meeting, you passed an Act to prohibit, except under certain restrictions, the importation of spirituous liquors into the Territories, and the Parliament of the Dominion has since adopted your views, and given effect to them by the passing of a law of a similar import to that you formed.

I am glad to say that this measure has proved effective, and will, I believe, contribute largely to the promotion of the well being of the population of the Territories, and to the preven-

tion of disorder and crime. You also made provision for the appointment of Justices of the Peace, and in connection therewith you represented to the Government of the Dominion that the Criminal Laws of the Dominion should be extended to the Territories and that a Mounted Police Force under Military Discipline, should be established in the Territories for the maintenance of order therein, and the enforcement of the laws. You have had the satisfaction of seeing these suggestions adopted, and of knowing that the Police Force, which you proposed has proved, and is proving, of the greatest service in the Territories.

Such were some of the results of your first meeting, and your subsequent Sessions were not unproductive of good. I will only mention, generally, some of the more important subjects you dealt with.

You were and are of opinion that the Militia Battalion in Manitoba should be maintained and should be so increased that an effective force should be available in the Territories.

You proposed that treaties should be made with the Indians of the Plains at Forts Carlton, Pitt and Qu'Appelle, and you suggested that schools should be provided for, that agricultural implements and cattle should be given to the Indians, and that teachers should be furnished to teach them the arts of Agriculture.

You have seen a Treaty concluded at Qu'Appelle, and I am glad to inform you that Treaties will be made next year at the other points indicated.

You urged that Stipendiary Magistrates should be appointed, resident in various portions of the Territory, clothed with powers to deal with certain classes of Criminal offenses and also with a limited jurisdiction as regards Civil causes, and that a resident Judge, with Queen's Bench powers, should be appointed to deal with graver matters, with an Appeal to the Courts of Queen's Bench, in the Province of Manitoba, in certain cases.

Your recommendation as to Magistrates has been adopted by the Dominion, and though power has been given to the Judges of the Court of Queen's Bench of Manitoba, to hold Courts in the Territories, this can only be regarded as a provisional measure, so that I doubt not your proposal will be eventually carried into effect.

You called attention to the necessity of steps being taken to punish the actors in the Cypress Hills tragedy, and your re-

commendation has been acted on by the Privy Council, with the best effect, as regard the Indian population.

You proposed that a monthly mail should be established between Fort Garry and Fort Edmonton, for the convenience of the Public, and it is to be hoped that the private mail now carried for the use of the Police, and the Pacific Railway Service, may prove the precursor of a much needed boon to the people of the North West.

You asked that a reserve should be granted to the Norway House Indians, who had been deprived of their means of livelihood by the introduction of steam navigation and your request has, during the past Season, been granted.

You urged that measures should be adopted to collect Customs duties in the region of the west, known as the Belly and Bow River⁽¹⁾ Country, and your representations were complied with.

You passed laws for the appointment of Coroners, for caring for Orphan Children, for regulating the relations of "Masters and Servants" for the prohibition of the importation of poisons in the Territories, and of their use in hunting game.

You asked that the existing highways, portages and watering places, in the Territories, should be set apart for public use, and that as soon as the Treaties with the Indians were completed, surveys should be made of the lands where Settlements had taken place, and some of these subjects have been dealt with by the Privy Council, but others still remain for their action. Such, then, is a brief review of the work that you have accomplished, and I can safely tell you, that you have reason to be well satisfied with the results of your executive and legislative action, for, during your regime, most important steps have been taken towards the establishment of law and order in the Territories and towards the creation of respect amongst the people, for the authority of the Crown.

The foundation has now been laid for peace, security, the advancement of the Settlement of the vast region you have ruled over, and for the securing of the goodwill of the Indian Tribes, and I can only express my confident trust that those who follow you will rear, wisely and well, a noble superstructure on the basis that you have established.

¹ Begg, *History of the North West*, II, 237.—"The American outlaws had so increased in strength and audacity in the Territories, that they had established no less than ten forts at different points on the St. Mary Belly, Bow, and Red Deer rivers. At these forts, the Indians assembled to trade their buffalo robes for whiskey and the scenes enacted were terrible."

I will now, in conclusion, ask you to enter upon the ordinary work of the Session, and will suggest that you should, before you separate, lay down some mode of dealing with a subject which is of the utmost importance, as respects the relations of the Government of the Queen with the Indian Tribes, and as regards their means of livelihood, while they are passing through the transition process of being prepared to earn a living from the soil. I mean the regulation of the buffalo hunt, in such a way as to prolong the subsistence afforded to the native Tribes, by the wild cattle of the North West, and thus, to give time for their gradual civilization and accustomment to practise the arts of agriculture. I would also suggest that you should adopt measures to prevent the spread of prairie and forest fires.

You will now proceed to the discharge of your duties, and I am confident that harmony will prevail amongst you, and that you will exhibit the same desire to advance the best interests of the Dominion, which has hitherto actuated you.

Moved by the Honble. Mr. Girard, seconded by the Honble. Mr. Dubuc, and

Resolved,—That a Committee be struck to draw up a reply to the address in conformity with the Rules adopted at the last Meeting composed of the following Members:—Honorable Messrs. Girard, Bown, Bannatyne, Dubuc, Kennedy.

The undersigned has the honor to report that as Chairman of the Committee struck at the last Session of the North West Council to consider and report on the best mode of regulating the hunting of the buffalo in the North West Territories of the Dominion of Canada, he did not, on hearing that a new Council was to be appointed, summon the Committee to meet for the purpose of framing Rules; but since being notified of this special Session, the Committee has taken the matter under consideration and beg respectfully to submit the following suggestions for the attention of the Council.

1. No Buffalo shall be hunted or killed between the first of January and the first day of June.

2. ⁽¹⁾No pound or similar contrivance shall at any time be formed or used for the capture of the Buffalo.

¹The Pound was the old Indian method of hunting. The Half-breeds organized the elaborate buffalo hunt with its officers and laws. See Ross' *Red River Settlement*, Ch. XVIII.

3. It shall be unlawful to kill any Buffalo under the age of two years.

4. The period at which the hunting parties shall, within, the region thus defined, that is to say:—All the country bounded on the North by the North Branch of the Saskatchewan fifty miles west of Fort Edmonton, thence due South to the junction of the Bow and Belly Rivers, thence due South to the International Boundary, including all the Country Eastward—start for the hunt, shall from time to time be fixed by the North West Council.

5. The Committee further suggest that during the close Season the Dominion Government make some provision for the maintenance of the Indians in the aforesaid District by supplying them with necessary food or other aid in conformity with Treaty Regulations.

6. No small parties of hunters shall start for the buffalo hunt in advance of the large camp, or party of hunters, but one common start shall be made in a body.⁽¹⁾

7. Offenses against this Act shall be punished upon summary conviction on information or complaint before a Stipendiary Magistrate or Justice of the Peace as follows with costs a fine in a sum not exceeding one hundred dollars nor less than twenty-five dollars for each offence, and in default of the payment, it shall be lawful to levy a fine equivalent to the aforesaid amount on the goods and chattels of the offender, or offenders.

In any prosecution under the provisions of this Act where by the conviction of the offender, or offenders, is secured, the informer shall be entitled to receive one-half the amount of the fine imposed.

To His Excellency the Honorable Alexander Morris, Lieutenant-Governor of the North West Territories.

May it please Your Excellency;

We, Her Majesty's dutiful and loyal subjects the Members of the North West Council, cordially thank you for your Speech at the opening of this Session.

We have endeavored to the fullest extent, to bear in mind the words and advice of Your Excellency on the occasion of our first Meeting as Councillors.

The duties we were then and since have been called upon to discharge were of a highly important character.

A Country of vast extent, possessed of abundant resources, was entrusted to our Government, which, though, now but sparsely settled, is, we believe, destined to become the home of many thousands of different nationalities by means of whose industry and energy what is now a vast uncultivated wilderness will be speedily transformed into a fruitful and productive region where civilization and industry will prevail.

We have, as a Council, laboured with one mind and to the utmost of our powers to establish as rapidly as possible the peopling of the North West Territories and the development of its present resources, and have adopted such measures as we thought would be most beneficial for maintenance of Peace and Harmony amongst all races residing therein.

It is with feelings of no little satisfaction that we have heard from Your Excellency your approval of the efforts we have made to discharge the duties entrusted to us, more so as you have pointed out the many benefits arising out of our legislation and suggestions which have been adopted in the North West Territories by the Dominion Government.

We feel confident that our successors about to be appointed under an Act of last Session of the Dominion Parliament, will

with cordiality take up the work we have begun, and, favored by prompt effect given to their proceedings will have every success in developing the Territories and promoting the happiness and welfare of its population.

We are instigated by natural feelings of pride when we look back at the many difficulties we have had to contend with and have been able to surmount and it will be ever before us that we were called upon to lay the foundation stone of the policy which we feel certain will prevail in the Government and administration of the Territories.

Your Excellency has congratulated us on the results of our executive and legislative action during our short lived rule, and we heartily agree with you that very many important steps have been taken towards the creation of a wholesome respect for the law and the authority of the Crown in the Territories.

We perceived with pleasure the conclusion of the Treaties entered into with Her Majesty's Indian subjects in the North West Territories, and feel assured that they will contribute to the civilization and benefit of the Indians.

We heartily thank Your Excellency for the kindly feelings you have expressed towards us, and cannot allow this befitting opportunity to pass, without expressing our cordial feelings of gratitude for the valuable assistance you have at all times rendered to us in the performance of our duties, and it shall be our aim to make the result of our labors of this Session such as we can look back to with pride and satisfaction.

And now bearing in mind that this may prove to be the last Meeting of the Council, as at present organized, we desire to take this opportunity of assuring Your Excellency that we entered upon the duties of our office animated by sentiments of loyalty to our Queen, and desirous of doing all in our power to advance the best interests of the Dominion, and that when we retire from the Council, we will continue in whatever sphere in life we may occupy, to be actuated by the same feelings of warm attachment to the Sovereign, and loyal devotion to our Country.

PRESENT:

Honble. Messrs. Schultz, Kennedy, McKay, Girard, Dubuc, Bown, Fraser, Bannatyne, Tait, McTavish.

A letter from Mr. Luxton, Editor of the "Free Press" requesting that he be allowed to send a reporter to be present at the Legislative Meetings of the Council was read.—After some discussion, the Clerk was ordered to transmit the following letter in reply:—

January 26th, 1876.

SIR,—

I am in receipt of your letter of the 25th instant, which reached me after the Council had been in Session for two days, requesting to be permitted to attend the Legislative Session of the North West Council as reporter for the "Free Press" newspaper, and in reply, I have been directed by the Council to inform you that hitherto, no distinction has been made by the Council in disposing of Executive and Legislative business, but both have been taken up at the same time.

Should the Council continue in office for any length of time, they would contemplate holding distinct Executive and Legislative Sessions, and in that event, they would be disposed to regard favorably the admission of the Reporters of the Press generally to their Legislative Sessions, especially if provided with a room of sufficient extent, to afford the necessary accommodation to representatives of the Press—

The apartment at present used being inconveniently small for the reception of their own Members.

I have the honor to be, Sir,

Your obedient servant,

Seconded by the Honble. Mr. Girard,

Resolved, The Bill entitled an Act to authorize the collection of tolls by the owners of a Bridge constructed on the Sturgeon River in the North West Territories, was read a third time and passed, said Act being as follows:

An Act to authorize the collection of tolls by the owners of a bridge constructed on the Sturgeon River in the North West Territories.

Whereas it has been represented that the Right Reverend Vital Grandin Bishop of St. Albert and Richard Hardisty of Edmonton have constructed a bridge over the Sturgeon River, opposite the St. Albert Mission in the North West Territories, for which they have incurred large expenses; and that the said Bridge is a great benefit to the public—and whereas the said Right Reverend Vital Grandin and Richard Hardisty have prayed to be authorized to collect tolls from all party, or parties, passing over the said Bridge—

DESCENT OF REAL ESTATE.

14. Whenever any person dies seized in fee simple or for the life of another, of any real estate in the North-West Terri-

tories, without having lawfully devised the same, such real estate shall descend or pass by way of succession in manner following that is to say:—

Firstly, To his lineal descendants, and those claiming by or under them, *per stirpes*;

Secondly, To his father;

Thirdly, To his mother; and

Fourthly, To his collateral relatives,—

Subject in all cases to the rules and regulations hereinafter prescribed.

15. If the intestate leaves several descendants in the direct line of lineal descent, and all of equal degree of consanguinity to such intestate, the inheritance shall descend to such persons in equal parts, however remote from the intestate the common degree of consanguinity may be.

16. If any one or more of the children of such intestate be living, and any one or more be dead, the inheritance shall descend to the children who are living, and to the descendants of such children as have died, so that each child who shall be living shall inherit such share as would have descended to him if all the children of the intestate who have died leaving issue, had been living; and so that the descendants of each child who shall be dead shall inherit in equal shares the share which their parent would have received if living.

17. The rule of descent prescribed in the last preceding section shall apply in every case where the descendants of the intestate, entitled to share in the inheritance, shall be of unequal degrees of consanguinity to the intestate, so that those who are in the nearest degree of consanguinity shall take the shares which would have descended to them, had all the descendants in the same degree of consanguinity who have died leaving issue, been living, and so that the issue of the descendants who have died, shall respectively take the shares which their parents, if living would have received.

18. In case the intestate dies without lawful descendants, and leaving a father, then the inheritance shall go to such father, unless the inheritance came to the intestate on the part of his mother, and such mother be living; and if such mother be dead, the inheritance descending on her part shall go to the father for life, and the reversion to the brothers and sisters of the intestate and their descendants, according to the law of inheritance by collateral relatives, hereinafter provided; and

if there be no such brothers or sisters or their descendants living, such inheritance shall go to the father.

19. If the intestate dies without descendants and leaving no father or leaving a father not entitled to take the inheritance under the last preceding section, and leaving a mother and a brother or sister, or the descendant of a brother or sister, then the inheritance shall descend to the mother during her life, and the reversion to such brother or sister of the intestate as may be living and the descendants of such as may be dead, according to the same law of inheritance hereinafter provided; and if the intestate in such case leaves no brother or sister, nor any descendant of any brother or sister, the inheritance shall descend to the mother.

20. If there be no father or mother capable of inheriting the estate it shall descend, in the cases hereinafter specified, to the collateral relatives of the intestate; and if there be several of such relatives, all of equal degree of consanguinity to the intestate, the inheritance shall descend to them in equal parts, however remote from the intestate the common degree of consanguinity may be.

21. If all the brothers and sisters of the intestate be living, the inheritance shall descend to such brothers and sisters; and if any one or more of them be living, and any one or more be dead, then to the brothers and sisters and every of them who are living, and to the descendants of such brothers and sisters as have died, so that each brother or sister who may be living shall inherit such share as would have descended to him or her, if all the brothers or sisters of the intestate who have died leaving issue, had been living, and so that such descendants shall inherit in equal shares the share which their parent, if living, would have received.

22. The same law of inheritance as prescribed in the last section shall prevail as to the other direct lineal descendants of every brother and sister of the intestate, to the remotest degree, whenever such descendants are of unequal degree.

23. If there be no heir entitled to take under any of the preceding nine sections, then the inheritance, if the same came to the intestate on the part of his father, shall descend—

Firstly. To the brothers and sisters of the father of the intestate in equal shares, if all be living;

Secondly. If one or more be living, and one or more have died leaving issue, then to such brothers and sisters as are

living, and to the descendants of such of the said brothers and sisters as have died, in equal shares.

Thirdly. If all such brothers and sisters have died, then to their descendants; and in all such cases the inheritance shall descend in the same manner as if all such brothers and sisters had been the brothers and sisters of the intestate.

24. If there be no brothers or sisters, or any of them, of the father of the intestate, and no descendants of such brothers or sisters, then the inheritance shall descend to the brothers and sisters of the mother of the intestate, and to the descendants of such of the said brothers and sisters as have died, or if all have died, then to their descendants, in the same manner as if all such brothers and sisters had been the brothers and sisters of the father.

25. In all cases not herein provided for, where the inheritance came to the intestate on the part of his mother, the same, instead of descending to the brothers and sisters of the intestate's father, and their descendants, as prescribed in the preceding twenty-third section, shall descend to the brothers and sisters of the intestate's mother, and to their descendants, as directed in the last preceding section; and if there be no such brothers and sisters or descendants of them, then such inheritance shall descend to the brothers and sisters, and their descendants, of the intestate's father, as before prescribed.

26. In cases where the inheritance has not come to the intestate on the part of either the father or the mother, the inheritance shall descend to the brothers and sisters both of the father and mother of the intestate in equal shares, and to their descendants, in the same manner, as if all such brothers and sisters had been the brothers and sisters of the intestate.

27. Relatives of the half-blood shall inherit equally with those of the whole blood in the same degree, and the descendants of such relatives shall inherit in the same manner as the descendants of the whole blood, unless the inheritance came to the intestate by descent, devise or gift of some one of his ancestors; in which case all those who are not of the blood of such ancestors shall be excluded from such inheritance.

28. On failure of heirs under the preceding rules, the inheritance shall descend to the remaining next of kin of the intestate, according to the rules in the English statute of distributions of personal estate.

29. Whenever there is but one person entitled to inherit according to the provisions hereinbefore contained, he shall

take and hold the inheritance solely; and wherever an inheritance or a share of an inheritance shall descend to several persons under such provisions, they shall take as tenants in common in proportion to their respective rights.

30. Descendants and relatives of the intestate begotten before his death, but born thereafter, shall in all cases inherit in the same manner as if they had been born in the lifetime of the intestate, and had survived him.

31. Children and relatives who are illegitimate shall not be entitled to inherit under any of the provisions of this Act.

32. The estate of a widow as tenant in dower, shall not be affected by any of the provisions hereinbefore contained.

The Governor in Council may cause to be erected, in any part or parts of the North-West Territories, any building or buildings, or enclosure or enclosures, for the purpose of a gaol or lock-up, for the confinement of prisoners charged with the commission of any offence, or sentenced to any punishment therein; and confinement or imprisonment therein shall be held lawful and valid, whether under sentence of imprisonment in a penitentiary, gaol or other place of confinement.

70. Whenever in any Act of the Parliament of Canada in force in the North-West Territories any officer is designated

for carrying on any duty therein mentioned, and there shall be no such officer in the North-West Territories, the Lieutenant-Governor and Council may order by what other person or officer, such duty shall be performed; and anything done by such person or officer, under such order, shall be valid and legal in the premises; or if it be in any such Act ordered that any document or thing shall be transmitted to any officer, court, territorial division or place, and there is then in the said North-West Territories no such officer, court or territorial division or place, then the Lieutenant-Governor and Council may order to what officer, court or place such transmission shall be made, or may dispense with the transmission thereof.

ADMINISTRATION OF CIVIL JUSTICE.

71. Every Stipendiary Magistrate of the said Territories, and the Chief Justice and any Judge of the Court of Queen's Bench of Manitoba or any one of them, shall respectively have power, jurisdiction, and authority to hear and determine within the North-West Territories, and at a court held under section fifty-nine, any claim, dispute or demand as hereinafter mentioned, viz:—

1. Where the claim, dispute or demand is for a tort, wrong or grievance, in which the amount claimed does not exceed five hundred dollars, or if for a debt or on contract, in which the amount claimed does not exceed one thousand dollars, in a summary way and without the intervention of a jury;

2. In all other claims, disputes or demands than those above-mentioned, or for the recovery of the possession of real estate, if neither party demands a jury, in a summary way and without the intervention of a jury; but if either party demands a jury, then with the intervention of a jury not exceeding six in number, who shall be returned instantly by the clerk of the court to try the facts of the matter in dispute; and the Stipendiary Magistrate or Judge shall make such orders, judgments and decrees as appear to him just and agreeable to equity and good conscience: but neither the Stipendiary Magistrate nor any other judge or the court shall have cognizance of any action for any gambling debt or for any intoxicating liquor or intoxicant, or of any action by any person on a note of hand or other document, the consideration or any part of the consideration for which was for a gambling debt or for any such intoxicating liquor or intoxicant.

72. Every judgment of the Stipendiary Magistrate or presiding judge shall be openly pronounced in court as soon as may be after the hearing of the case, except that in any case where the Stipendiary Magistrate is not prepared to pronounce judgment *instanter*, he may postpone judgment and name a subsequent day and hour for the delivery thereof at the clerk's office in writing; and at such day and hour it shall be lawful for the clerk to read the judgment to the parties or their agents if present, and if not, then to enter the said judgment in their absence; and such judgment shall be as effectual as if rendered in court at the trial:

2. Execution of any such judgment shall be carried into effect in the manner prescribed by any ordinance of the Lieutenant-Governor and Council or Assembly, as the case may be,—or if no such ordinance be then in force, then in like manner as a judgment to the same amount in the Province of Manitoba.

73. Any person feeling himself aggrieved by the decision of any Stipendiary Magistrate, or presiding judge, or court, in a claim, dispute or demand under the second sub-section of the seventy-first section of this Act, may appeal to the Court of Queen's Bench of Manitoba, which shall have jurisdiction to confirm the decision or to order a new trial; and the mode of such appeal and all particulars relating thereto, shall be determined from time to time by ordinance of the Lieutenant-Governor and Council or Assembly, as the case may be.

PROHIBITION OF INTOXICANTS.

74. Intoxicating liquors and other intoxicants are prohibited to be manufactured or made in the said North-West Territories, except by special permission of the Governor in Council, or to be imported or brought into the same from any Province of Canada, or elsewhere, or to be sold, exchanged, traded or bartered, except by special permission in writing of the Lieutenant-Governor of the said Territories: and if any such intoxicating liquor or intoxicant is imported or manufactured or made in the said Territories, or brought into the same, or is sold, exchanged, traded or bartered, in contravention of this Act, it shall be absolutely forfeited, and may be seized by any officer of the customs or excise, or by any constable or other duly qualified person wheresoever found; and on complaint made before him, any Judge, Sti-

pendiary Magistrate, or Justice of the Peace, may, on the evidence of one credible witness that this Act has been contravened in respect thereof, order the said intoxicating liquor or intoxicant so seized, to be forthwith destroyed; or in case of the same not having been seized, then on complaint as aforesaid, such Judge, Stipendiary Magistrate, or Justice of the Peace, may issue a search warrant, as in cases of stolen goods under the Acts in force respecting the duties of Justices of the Peace out of Sessions in relation to persons charged with indictable offences, and upon the same being found, may cause them to be forthwith destroyed and the still, machinery, keg, barrel, case, box, package or receptacle whence or in which any intoxicating liquor or intoxicant has been manufactured, imported or made, sold, exchanged, traded or bartered, and as well that in which the original supply was contained as the vessel wherein any portion of such original supply was supplied as aforesaid, and the balance of the contents thereof, if such still, machinery, barrel, keg, case, box, package, receptacle or vessel aforesaid, respectively, can be identified, may be seized by any officer of the customs or excise, or by any constable or other duly qualified person, wheresoever found within the said Territories; and on complaint before any Judge, Stipendiary Magistrate or Justice of the Peace, he may on the evidence of any credible witness, that this Act has been contravened in respect thereof, declare such intoxicating liquor or intoxicant, still, machinery, vessel, or receptacle forfeited, and cause the same to be forthwith destroyed: and the person in whose possession any of them were found may be condemned to pay a penalty not exceeding one hundred dollars, nor less than fifty dollars, and the costs of prosecution; and one-half of such penalty shall belong to the prosecutor, and the other half to Her Majesty.

1. Any person who manufactures, makes, imports, sells, exchanges, trades or barterers any intoxicating liquor, or intoxicant, except by special permission as aforesaid, or in whose possession, or on whose premises such intoxicating liquor or intoxicant of any kind may be or may have been found, shall be liable to a penalty not exceeding two hundred dollars, nor less than fifty dollars,—one-half of which shall go to the informer.

2. Any person who knowingly has in his possession any article, chattel, commodity or thing purchased, acquired, exchanged, traded or bartered, either wholly or in part, for any intoxicating liquor or intoxicant, shall forfeit and pay for

each offence a penalty not exceeding two hundred dollars, nor less than fifty dollars,—one-half of which shall go to the informer.

3. Every article, chattel, commodity or thing, in the purchase, acquisition, exchange, trade or barter of which, the consideration either wholly or in part may be any intoxicating liquor or intoxicant, shall be forfeited to Her Majesty, and shall be seized as hereinbefore mentioned, in respect to any receptacle of any intoxicating liquor or intoxicant.

4. Every person who refuses or neglects to aid any constable, sub-constable, or other duly authorized person, in the execution of any act or duty required by this section, or who knowingly refuses to give information, or gives false information in respect to any matter arising therefrom, shall be subject to a penalty not exceeding two hundred dollars, nor less than fifty dollars,—one-half of which shall go to the informer.

5. The expression “intoxicating liquor” shall mean and include all spirits, strong waters, spirituous liquors, wines, fermented or compounded liquors, or intoxicating fluids; and the expression “intoxicant” shall include opium, or any preparation thereof, and any other intoxicating drug or substance, and tobacco or tea mixed, compounded or impregnated with opium, or with any other intoxicating drug, spirit or substance, and whether the same or any of them be liquid or solid.

6. Any penalty incurred under this section shall be recoverable, with costs of prosecution, by summary conviction on the evidence of one credible witness, before any Judge, Stipendiary Magistrate or Justice of the Peace having jurisdiction in the North-West Territories,—who shall, on payment of the same, pay the informer his share thereof; and in case of non-payment of the penalty and costs immediately after conviction, the convicting Judge, Magistrate or Justice may, in his discretion, levy the same by distress and sale, or commit the person so convicted and making default in payment of the said penalty and costs, to any common gaol or house of correction or lock-up house within the North-West Territories for a period not exceeding six months, unless the said penalty and costs be sooner paid.

7. And upon conviction for a second offence, the offender shall be liable to a penalty, not less than two hundred and not exceeding four hundred dollars, and, in the discretion of the

convicting judge, magistrate or justice, to imprisonment for a period not exceeding six months.

8. No seizure, prosecution, conviction or commitment under this Act shall be invalid on account of want of form so long as the same is according to the true intent and meaning of this Act.

9. Intoxicating liquors imported or brought into the North-West Territories from any Province of Canada or elsewhere, by special permission in writing of the Lieutenant Governor of the said Territories, are subject to the several customs and excise laws of Canada, if in excess of one gallon.

75. Nothing in this Act shall affect the provisions of an Act passed in the thirty-seventh year of Her Majesty's reign, entitled "*An Act to amend certain Laws respecting Indians, and to extend certain Laws relating to matters connected with Indians, to the Provinces of Manitoba and British Columbia.*"

76. The several Acts and parts of Acts mentioned and contained in Schedule A., of this Act, if not expired, are hereby repealed; but such repeal shall not affect any duty accrued, right acquired, or penalty, forfeiture or liability incurred under the said Acts, or any of them, or any offence committed under any or either of them.

77. The several Acts and parts of Acts mentioned and contained in Schedule B, of this Act, as limited in the said schedule, shall apply to and be in force in the North-West Territories; but except the Acts mentioned and contained in Schedule B to this Act, and except such Acts of the Parliament of Canada or any part or parts thereof as may, under the eighth section of this Act, be made applicable to the North-West Territories, no Act of the Parliament of Canada heretofore passed, and no part thereof, shall apply to or be in force in the said Territories; and no Act of Parliament hereafter to be passed and no part thereof, shall apply to or be in force in the said Territories, unless the same be, by any such Act or under the eighth section of this Act, made applicable to or of force in the said Territories.

78. This Act shall come into force and effect upon, from and after such day as shall be named in a proclamation to be issued by the Governor in Council for that purpose.

79. This Act may be cited as "*The North-West Territories Act, 1875.*"

5. *A Constitutional Question.*⁽¹⁾

1. Resignation of Advisory Council, Oct. 29, 1889.

LEGISLATIVE ASSEMBLY,

REGINA, N.W.T., 29th October, 1889.

To His Honor the Lieutenant-Governor of the North-West Territories.

SIR,—We have the honor to tender our resignations as Members of your Advisory Council. We have come to this decision reluctantly and only after serious consideration.

While recognizing that your Honor has on the whole carried out the position which was accepted last year, there have been some departures from that position, which we cannot accept responsibility for. These matters do not involve any serious departures from the general principles adopted by us, but they do in our opinion involve the Council and lay us open to censure for at least grave faults of administration.

We fully appreciate the practical difficulties in the way of carrying out an anomalous system like the present and have always been ready to make the best of an imperfect machinery.

The attitude of the Assembly has not helped to lighten the burden imposed upon us. Ever ready to criticise, and always prone to judge us by the standard of the ideal system, which they wished for, they have not given us that liberal support which in the nature of things we might reasonably have hoped for.

Knowing this feeling of the Assembly and being with the rest of our fellow Members jealous of the rights, which were granted to us, we are naturally more sensitive to criticism than under a more completely responsible system there would be any necessity for.

The constant discussions at Council meetings on the general theory of our constitution showed us plainly that your Honor only conceded what we claimed as a right.

¹ The documents in this section are taken from the Journals of the Legislative Assembly and of the Council of the North West Territories.

While differing from your Honor on this matter, we are ready to acknowledge the generous spirit in which your Honor yielded control in matters which you believed were entirely within your own personal province.

But in so important a matter as the construction of the Act under which we have our existence as a Council, such a grave difference of opinion can only lead to friction, which must inevitably destroy our usefulness.

We therefore tender our resignations, because we cannot continue to work under a system in which our most important powers are only granted to us in the form of concessions, and because we are unwilling to accept responsibility without a corresponding right of control.

We believe that our withdrawal from the Council will tend to bring about a more definite understanding with regard to the various powers and authorities of the Territories, and we can assure your Honor that our successors, if true to the general policy outlined by yourself last year, will always receive from us a loyal and generous support.

In conclusion, let us assure your Honor of our most grateful appreciation of your Honor's personal kindness to all of us, and of the continuance of loyalty and attachment on our part.

We are,

Your Honor's obedient Servants.

2. *Letter from Lieutenant Governor Royal to Mr. F. W. G. Haultain, Oct. 31, 1889.*

GOVERNMENT HOUSE,
REGINA, 31st October, 1889.

MY DEAR MR. HAULTAIN,—In your letter of the 29th instant, containing the resignations of the Members of the Advisory Board, I notice the following:—"These matters do not involve any serious departures from the general principles

adopted by us, but they do in our opinion involve the Council and lay us open to censure for at least grave faults of administration."

As I fail to remember exactly what are these "departures" which constitute, I suppose, "the grave faults of administration," would you be so kind as to refer specifically to these "grave faults" and assist me in refreshing my memory.

Believe me,

Dear Mr. HAULTAIN,

Yours very sincerely,

J. ROYAL,

Lieutenant-Governor, N.W.T.

F. W. G. Haultain, Esq., M.L.A.,
Regina.

3. Minute by His Honor the Lieutenant-Governor.

GOVERNMENT HOUSE,

REGINA, N.W.T., Tuesday, 5th November, 1889.

Whereas by Section 13 of Chap. 19, Vic. 51, it is enacted that the Lieutenant-Governor shall select from among the elected Members of the Legislative Assembly four persons to act as an Advisory Council on matters of finance, who shall severally hold office during pleasure, I do hereby under the provisions of the said Act select from the elected Members of the Legislative Assembly in the place of and room of the four Members selected on the 2nd November, 1888, and who have since resigned, the following four persons to act as such Council, namely:—

Robert George Brett, Esquire, Member for Red Deer;
John Felton Betts, Esquire, Member for Prince Albert;
David Finlay Jelly, Esquire, Member for North Regina;
Benjamin Parkyn Richardson, Esquire, Member for Wolseley.

J. ROYAL,
Lieutenant-Governor.

4. *Statement to the Assembly by Mr. Brett, 5th November, 1889.*

The Council of His Honor's Advisers, formed under the Law, will exercise the functions of an Executive in matters affecting the Territorial Finances *only*, as well as in the discharge of the duties assigned by the Ordinances to the Lieutenant-Governor in Council.

On the other hand, and in order that the requirements of the Country, as made known by the Members of this Legislature, may be met as fully as possible, I am authorized to state that it is the intention of His Honor to continue in consulting and seeking the advice of the Council upon all matters of the administration of public affairs, and to comply, as in the past, with the recommendations of the House in a liberal and constitutional spirit.

5. *Letter from R. G. Brett to Lieutenant-Governor Royal, November 11, 1889.*

LEGISLATIVE ASSEMBLY,

REGINA, N.W.T., Nov. 11th, 1889.

To His Honor the Lieutenant-Governor of the North-West Territories:

SIR,—In consequence of the House having adopted at its last sitting the following Resolution, viz:

“That the position assumed by the Advisory Council, as set out in the statement of their leader, when announcing the same, was assumed contrary to the wishes of this Assembly, and the Advisory Council do not possess the confidence of the Assembly.”

I beg leave to tender Your Honor my resignation and that of my colleagues.

While believing that the position we have taken on this question is in strict accordance with Law and the interests of the Territories, at the same time we feel you are entitled to this action on our part.

I have the honor to be,

Your obedient servant,

R. G. BRETT.

6..Letter from Lieutenant-Governor Royal to R. G. Brett,
Nov. 12, 1889.

GOVERNMENT HOUSE,
REGINA, November 12th, 1889.
10 o'clock a.m.

Dr. R. G. Brett, M.L.A., Regina:

MY DEAR SIR,—I am in receipt of your letter received yesterday forenoon, tendering your resignation and that of your colleagues, as Members of the Advisory Council, in consequence of the Legislative Assembly having adopted at its last meeting a resolution expressing its want of confidence in you and your colleagues for having assumed the position contrary to the wishes of the majority of the Assembly.

The question is one of Law, and having after due consideration requested you to assist me in carrying on the affairs of the Country according to the statute, I must decline to accept your resignation in the absence of any act showing that you have proved yourselves unworthy of the trust reposed in you.

If the regime, as established by Law, seems capable of amelioration, constitutional means may effectually be resorted to.

Territorial matters alone are intended by the statute to be placed under the control of the Assembly, and it is only in the event of you administering such affairs in opposition to the wishes of a majority of the House that your resignation as Members of the Executive, can be entertained.

I have selected you in the terms of the Law, and this prerogative would be very seriously impaired if you were to be denounced without waiting to see your acts.

At the last Session of this Assembly, I invited the representatives of the people to work cordially with the Council, in order to make the best possible form of government, with the temporary and necessarily imperfect elements placed by Parliament at our disposal.

It is my sincere belief that the unmistakable signs of confidence and satisfaction expressed by the Country, have gone far to prove that our efforts were crowned with success. Nevertheless the very liberal concessions made seemed of late to have failed in satisfying the Assembly, and impossibilities, with the present machinery, appear to have been imperatively

insisted upon both by the House and the first Advisory Council, finally leading the latter to resign before their action had been constitutionally dealt with by the Assembly.

Under these circumstances no other course was left open to me but to enter within the safe lines of the Law, and with the assistance of another Council, formed by another method, to administer the public affairs in full accord with the requirements of the Country and in strict agreement with the Law, as I find it on the Statute Book.

Having fully weighed all these facts and considerations and keeping the public interest steadily in view, I regret not being able to relieve you from the grave duty which you, as loyal citizens, owe to the Law and to your Country.

I have the honor to remain, my dear sir,

Your very obedient servant,

J. ROYAL,
Lieutenant-Governor North-West Territories.

7. *Letter from R. G. Brett to Lieutenant-Governor Royal, Nov. 15, 1889.*

LEGISLATIVE ASSEMBLY,
REGINA, 15th November, 1889.

To His Honor the Lieutenant-Governor of the North-West Territories.

SIR,—In consequence of a majority of the Assembly refusing to consider the Estimates for the year 1889-90 as prepared by your Honor's Advisory Council and submitted to the House on the 14th instant, I must press upon your Honor, the acceptance of the resignation of myself and colleagues.

Upon general questions we fully adhere to the views expressed by me when accepting office, and are still of opinion that, while in Territorial matters the Advisory Council should possess the confidence of the House, the Council cannot according to the true construction of the Law be held in any way responsible for the expenditure of the Dominion Funds. Upon this point a difference of opinion prevails amongst the mem-

bers of the Assembly and an adverse vote has consequently been given upon our first executive act.

In taking this step, we hope it may tend to further the work of the Session and if possible remove the obstruction placed by the Assembly by refusing to vote the Territorial funds necessary for the carrying on of the affairs of the Country.

In thus expressing ourselves, we also desire to convey to your Honor our thanks for the consideration you have always given to our suggestions and to assure your Honor that our highest aim shall be to assist in every way possible towards carrying on the Territorial Government to the fullest possible extent under the powers granted us.

I have the honor to be, Sir,

Your obedient servant,

R. G. BRETT.

8. Letter from Lieutenant-Governor Royal to R. G. Brett, Nov. 16, 1889.

GOVERNMENT HOUSE,
REGINA, 16th November, 1889.

MY DEAR SIR,—I have received your letter of the 15th instant, in which you press upon me the acceptance of your resignation and that of your colleagues, as Members of the Advisory Council, in consequence of a majority of the Assembly refusing to consider the Territorial Estimates for the current year submitted by you to the Legislature. Your first executive act having failed to secure the support of the Assembly, I deem it my duty to accept your resignation.

I trust the course now adopted by you will tend to convince your friends of the constitutional propriety of the position, which, under our existing circumstances, you and your colleagues had assumed.

Believe me,

Your very obedient servant,

J. ROYAL,

Lieutenant-Governor of N.W.T.

Dr. R. G. Brett, M.L.A., Regina.

*9. Letter from Lieutenant-Governor Royal to Thomas Tweed,
November 20, 1889.*

GOVERNMENT HOUSE,
REGINA, 20th November, 1889.

Mr. Dear Sir,—I regret that the several interviews had with Mr. CLINKSKILL, Tuesday afternoon and with you and Messrs. CLINKSKILL, CAYLEY and NEFF yesterday have failed to bring about what I must suppose to be the object of every one, namely, the formation of an Advisory Council in accord with the majority of the Assembly.

After a consultation with your friends about our last interview, you came back accompanied by the three gentlemen above named and handed me a slip of paper, which you informed me contained the propositions upon which alone a Council might count upon the support of a majority. I must confess that after the exhaustive explanation made during our interviews I did not expect to find ourselves at the point, where we had started at our first meeting in the morning. Be that as it may, the propositions which you communicated to me are as follows:—

1st. "Full accounts of 1888-89 according to vote, as shown by Ordinance No. 8 of 1888."

If as stated by you, your contention is that you should have the Federal accounts in order to criticise and investigate them, a right that you appear to claim under the Appropriation Ordinance of 1888, in which several Federal items were allowed to be included, I will say, regarding this contention, that, according to my interpretation of the amended North-West Territories Act, the Territorial Accounts are the only accounts which the Assembly seems to have the right to examine, and investigate and inquire into, and such accounts have been duly laid before the Assembly by order of the Lieutenant-Governor.

While it is correct to assert that certain items already voted by the Dominion Parliament for expenses of the North-West Government were embodied by the Assembly in its Appropriation Ordinance of 1888, the insertion of these items could not, in my view, imply anything more than an expression of the opinion of the Assembly respecting the apportionment of these moneys, by reason of the fact that the Assembly had not in my view any right to control their expenditure, or

to alter, or divert any portion from the purposes, for which they were originally voted. As far as the moneys voted by the Dominion Government for expenditure under the head of Roads and Bridges were concerned, I will call your attention to the fact that a plan to have the whole sum both Territorial and Federal voted for that service equally divided amongst the Members elected was recommended by the Assembly. Believing that the interests of the people might be thus better served, I agreed that this course should be pursued and I allowed the Federal Funds under that head to be added to the Territorial Fund appropriated for that purpose, thereby insuring for each district a much larger sum for expenditure under the advice of the various Members of the Assembly.

Permit me to say that I cannot but express my regret at the difficulties which have arisen of late in consequence of the course then adopted. And in order to avoid in the future any misconception and the giving of any grounds for claiming as rights, what were merely concessions, I took occasion upon the resignation of the first Advisory Council, to state what appeared to me to be the legal rights and duties of the Council. See my letter to Dr. Brett of the 12th instant. It may not be out of place to notice here that my letter to Mr. HAULTAIN, concerning the specific causes of his, and his colleagues' resignation dated the 29th of October last, is as yet without an answer.

2nd. Your second proposition is that "the Estimates to be communicated to the Assembly contain the full amount of the Dominion Vote for Territorial purposes for 1889-90."

On the 13th instant I sent a message to the Assembly with the Territorial Estimates for 1889-90, but I did not include any of the Dominion items of expenditure for the same period, because, as I have before stated, the Assembly is not in my view of the Law entitled to have included in the Territorial Estimates a statement of any of the sums already voted by the Dominion Parliament.

3rd. Your third proposition is that "all the moneys both Federal and Territorial are to be voted by the Assembly and expended by the Advisory Council."

I have upon every occasion shown that I admitted the proposition, and I am still of opinion, that under the present Law all the Territorial moneys should be voted by the Assembly

and expended under the authority and responsibility of the Advisory Council.

As far as Federal moneys are concerned, I must hold that the Law requires me to expend them under the direction of the Dominion Government and not under the direction of the Assembly.

I must therefore express my regret that under the Law, as I read it in the Statute Book, I cannot accede to this portion of your last proposition.

I sincerely hope and trust that some way be found out of the present difficulties, so that the business of the Territories may not suffer in consequence.

I have the honor to be,

Sir,

Your very Obedient Servant,

J. ROYAL,

Lieutenant-Governor, N.W.T.

T. Tweed, Esq., M.L.A.,
REGINA.

10.—Motion of Mr. Thorburn with amendment in the Legislative Assembly, Nov. 20, 1889.

Moved by Mr. THORBURN, seconded by Mr. NEFF.

1. That whereas, on Saturday, November 9th, a vote of want of confidence in the Advisory Council was passed by this House on a division of 13 to 8;

2. And whereas, in consequence of such vote, the Advisory Council tendered their resignation to His Honor the Lieutenant-Governor;

3. And whereas, His Honor the Lieutenant-Governor refused to accept the resignation of his Council, and the Council have persisted in retaining office;

4. And whereas, a full account of the moneys voted to Her Majesty by this Assembly at its last Session, for the public uses of the Territories, has not as yet been rendered to this Assembly by the Advisory Council selected by His Honor the Lieutenant-Governor to assist him in matters of finance;

5. And whereas, at the last Session of this Assembly \$105,484.90 was voted (see Ordinance No. 8 of 1888), and the statement of expenditure brought before the Assembly only accounts for \$18,078.74;

6. And whereas, on Thursday, November 16th, on motion made by the leader of the Advisory Council to consider of the supply for the current year, an amendment was moved to the effect that this House do not consider of any further supply, until an account has been rendered of the sums voted last Session;

7. And whereas, this amendment was opposed by the Members of the Advisory Council, and was carried by a vote of twelve to seven;

8. And whereas, the result of this vote proved that the advice tendered by the Advisory Council to His Honor the Lieutenant-Governor was not in accordance with the wish of this Assembly;

9. And whereas, the Estimates laid on the Table of this House do not meet with the approval of the House, inasmuch as they do not include the amounts voted by the Parliament of Canada at its last Session for expenses of Government, etc., in the North-West Territories;

10. And whereas, on Friday, November the 15th, an humble address was adopted by the Assembly, requesting that His Honor the Lieutenant-Governor be pleased to accept the resignation of the present Advisory Council and select another Council;

11. And whereas, His Honor has paid no attention to this humble address, but, in opposition to the wishes of the Assembly, retains his present Council in office; and as the Assembly cannot accept the financial propositions of a Council in whom it has no confidence, the public business is being delayed;

12. And whereas, the continuance in office of a Council not possessing the confidence of the Assembly was a gross violation of the rights and privileges of the Assembly;

13. Therefore be it *Resolved* that an humble address be presented to His Honor the Lieutenant-Governor, praying that he will cause this Resolution to be transmitted by telegram to-day to the Right Honorable the President of the Privy Council of Canada.

And the question being put, it was moved in amendment by MR. HAULTAIN, seconded by MR. CAYLEY, that all the words after the word "That" to the end of the question be struck out and the following substituted therefor:—

1. That whereas, on Saturday, November 9th, a vote of want of confidence in the Advisory Council was passed by this House on a division of 13 to 8;

2. And whereas, in consequence of such vote, the Advisory Council tendered their resignation to His Honor the Lieutenant-Governor;

And whereas, on Thursday, November the 16th, on motion made by the leader of the Advisory Council to consider of the supply for the current year, an amendment was moved to the effect that this House do not consider of any further supply, until an account has been rendered of the sums voted last Session;

7. And whereas, this amendment was opposed by the Members of the Advisory Council and was carried by a vote of twelve to seven;

8. And whereas, the result of this vote proved that the advice tendered by the Advisory Council to His Honour the Lieutenant-Governor was not in accordance with the wishes of this Assembly;

9. And whereas, the Estimates laid on the Table of this House do not meet with the approval of the House, inasmuch as they do not include the amounts voted by the Parliament of Canada at its last Session for expenses of Government, etc., in the North-West Territories;

10. And whereas, on Friday, November the 15th, an humble address was adopted by the Assembly requesting that His Honor the Lieutenant-Governor be pleased to accept the resignation of the present Advisory Council and select another Council;

11. And whereas, the continuance in office of a Council not possessing the confidence of the Assembly was a gross violation of the rights and privileges of the Assembly;

12. And whereas, the Advisory Council have since then resigned and His Honor the Lieutenant-Governor has been pleased to accept their resignation;

13. And whereas, no new Advisory Council can be formed, which will have the confidence of the Assembly, until His Honor has signified his intention to accede to the just demands of the Assembly;

14. And whereas, in consequence of the position taken up by His Honor the Lieutenant-Governor, no Estimates can be laid before the Assembly, and the business of the Territories is seriously impeded;

15. Therefore be it *Resolved* that an humble address be presented to His Honor the Lieutenant-Governor, praying that he will cause this Resolution to be transmitted by telegram to-day to the Right Honorable the President of the Privy Council of Canada.

And the question being put on the amendment, it was moved by Mr. RICHARDSON, seconded by Mr. BETTS, in amendment to the amendment, that Clause 3 of the amendment be amended by striking out the words "and the Council persisted in retaining office."

And the question being put upon the amendment to the amendment, it passed in the negative.

And the question being put upon the amendment, it passed in the affirmative.

The question was then put upon the main motion as amended, and it passed in the affirmative.

11. Memorandum concerning the form of the Government and the finances of the Territories, Nov. 21, 1889.

NORTH-WEST LEGISLATURE,
REGINA, Nov. 21st, 1889.

To the Honorable the Minister of the Interior.

SIR,—The Legislative Assembly of the North-West Territories, now in its second Session at Regina, desires to lay before you, both as Minister and as one of the Territorial Members, a memorandum concerning the present form of the Government in the Territories, and the finances of the Territories, with the request that you will lay it before the Privy Council

for their action, and that, in the event of it being the intention of your Department to re-introduce Bill No. 136 of last Session of Parliament, it may form the basis of some change therein.

MEMORANDUM.

At the first Session of this Assembly, held in 1888, a Memorial was transmitted to His Excellency the Governor-General in Council, setting forth, amongst other things, the following:—

“ That although this Assembly has been granted control of all expenditure for the current year, yet the North-West Territories Act does not clearly give the Assembly that control of the moneys voted by the Dominion Government for the expenses of Government in the Territories, which, in the opinion of the Assembly, they are undoubtedly entitled to.

That there is no permanent responsible body, whose business it is to prepare legislation for the consideration of this Assembly, and in consequence its legislative functions cannot be satisfactorily performed; for instance, the Assembly has had to present an humble address to His Honor the Lieutenant-Governor, praying that he may be pleased to appoint a Commission to draft, during the recess, certain measures deemed advisable by the Assembly; measures which it should be the duty of a Legislative Government to submit.

Therefore the Assembly recommends to His Excellency the Governor-General in Council, that full responsible Government should be given to the Territories with the other powers, in addition to those already possessed by the Assembly, granted by the British North America Act to the Provinces of Canada, with the exception of the power to raise money on the public credit.”

The Assembly now finds that the experience of the past year and of the present Session fully justifies the representations and the recommendation then made, but that, although a Session of the Dominion Parliament has been held since the same were made, neither by Bill No. 136, nor in any other manner, has the Government sought either to remedy the existing state of affairs or to carry into effect the recommendation above contained.

During the present Session, the first Advisory Council appointed by the Lieutenant-Governor resigned, because the

Executive did not always find itself bound by the advice of the Council in cases where the advice of the Council was invited. In their letter of resignation the Council used the following language: "The constant discussion at Council meetings on the general theory of our constitution showed us plainly that Your Honor only conceded what we claimed as a right," and "In so important a matter as the construction of the Act, under which we have our existence, as a Council, such a grave difference of opinion can only lead to friction, which must inevitably destroy our usefulness."

The next Council, on assuming office, had a serious difference with the Assembly on the "powers" or "concessions" withheld from it by the Lieutenant-Governor, and although a vote of want of confidence was passed upon it, and they resigned, their resignation was not accepted until the Assembly refused to vote the Estimates.

The radical difference of opinion between the Lieutenant-Governor and the Assembly arose with regard to the question of the extent of the powers and responsibility of the Advisory Council.

The Lieutenant-Governor holds that the Assembly is not entitled to have a statement of Public Accounts laid before them, showing what disposition has been made of moneys voted last Session by the Assembly, on the ground that the moneys unaccounted for were part of the Dominion vote to the Territories for 1888-89.

The Assembly considers that these moneys, having been voted on Estimates sent down by message of the Lieutenant-Governor, and by an Ordinance of the Assembly assented to by the Lieutenant-Governor, should be duly accounted for to the Assembly.

It is held by the Lieutenant-Governor that the Advisory Council has control and is responsible to the Assembly with respect to the Territorial Revenue only, and that the words "matters of finance" in Section 13 of the North-West Territories Act of 1888 are restricted in their application to Territorial Revenue exclusively.

A majority of the Assembly, on the contrary, holds that the Section means *all* matters of finance, including in consequence the Dominion grant.

The Lieutenant-Governor refusing to modify his view on this matter, the majority in the Assembly protested by refusing

to vote the Territorial Estimates, and by withdrawing the powers previously granted to the Advisory Council under the Ordinances.

This Assembly therefore, after a trial reaching well into its second year, is forced to the conviction that the present system of government in the Territories is defective, and desires to repeat its recommendation of last year, and the recommendation of the North-West Council of previous years, in favor of full control of the finances of the Territories, that is, that the money voted yearly by the Dominion Government for governmental purposes in the North-West be given to the representatives of the people of the Territories.

The Assembly does not ask for the abolition of the Advisory Council, although if the number of Councillors were reduced to three, it thinks that would be sufficient, but it asks that the Advisory Council should be paid, that the Lieutenant-Governor should not be a Member of it, and that it should be definitely declared that the Dominion grant is to be expended only on a vote of the Assembly.

If these things are done, the Assembly feels assured that economy in administration would be the result and that the people of the Territories would be fully satisfied with the form of government.

FINANCES.

That the necessities of local government in the North West Territories demand that there should be substituted for the annual vote by the Parliament of Canada of an indefinite sum, for expenses of government in the North-West, a fixed payment in the nature of a provincial subsidy; the amount of which should be determined with a view to the considerations hereinafter recited.

1. That, owing to the rapid increase of the population in the North-West, the amount of subsidy should be fixed for a term of not more than five years.

2. That the population of the Territories is now estimated at 100,000, and that, according to the known rate of increase in the past, and the still greater increase certain to accrue in the near future, as a result of the completion of the railway projects now in hand, the present estimated population may be expected to double in the said term of five years.

3. That in this case an estimated population of 150,000 would be the proper basis of calculation regarding subsidy for the proposed term.

4. That with an estimated population of 150,000 the subsidy at the rate of 80 cents a head, as allowed the Provinces, would amount to \$120,000.

5. That on debt account the Territories are entitled to five per cent interest on \$27.77 per head on an actual population of 100,000, which would amount to \$138,850.

6. That the specific grant for governmental purposes should be at least as liberal as that made to Manitoba, that is to say, \$50,000.

7. That, as Manitoba has been held to be entitled to a specific grant on account of lack of lands, the Territories are entitled to a like grant in consideration of their special circumstances, some of which are as follows:—

(1.) Owing to the vast area of the Territories, and the widely scattered nature of the settlement, all the business of the local government is rendered more expensive proportionately to population than in any of the Provinces.

(2.) That as the Parliament of Canada retains the control of the public lands, grass, timber and minerals of the Territories, and derives revenue therefrom, it has a direct financial interest in good government and public improvements in the Territories, as it has not in any of the Provinces, except Manitoba, and, therefore, should pay more proportionately to the support of the local government of the Territories than to that of any of the Provinces, in whose local government or improvements it has no such direct financial interest.

(3.) The more important of these local enterprises or improvements are the improvement of trails in the northern and western parts of the Country; the preservation and increase of the water supply in the eastern and southern part; protection from prairie or forest fires in all parts; and the opening up and improvement of trade routes into the vast and as yet almost unknown northern interior, which comprises about one third of the area of the whole Dominion.

For the foregoing reasons, a specific annual grant for the five years term should be made to the amount of \$100,000.

8. That, as above recited, the Territories are entitled to a total annual subsidy from the Parliament of Canada, for the five years next ensuing of \$408,850.

9. That the amount voted by the Parliament of Canada for expenses of government in the North-West Territories for the current year is \$145,000, which, with the sums appropriated for registration purposes, Members' indemnity, Clerk's salary and other matters properly chargeable to provincial account, makes a total subsidy of \$176,410 for the current year, as against a vote of \$20,000 for expenses of government in 1882.

10. That, as the yearly increase in the amount of the vote has been based on the yearly increasing needs of the Country, the fixed amount asked is probably not as great as would be reached during the proposed term of five years under the present system.

11. That at the same time it would be an advantage to the Territories to have the grant made in the manner specified. At the present time, as the grant lapses from year to year, there is not the same inducement to economical expenditure, as would exist, could the savings of one year be carried forward to the next.

Under the present system, public improvements are confined to works of a minor character, partly because the amount of the grant is kept so close to the barest needs of the Country; and partly because it is impossible, owing to uncertainty as to amount of the grant from year to year, to undertake work such as cannot be completed out of the grant of the simple year; and, as a consequence, works of the most pressing necessity are left undone, while the funds are being annually expended on works of minor importance.

BILL NO. 136.

The Assembly has had under consideration Bill No. 136 of last Session of Parliament, and, having given the Bill careful consideration, desires to make the following suggestions in regard thereto:—

1. With the exception of Section 110 of the Bill, which deals with the Prohibitory Law and other subjects, the Bill does not propose to deal with any matters affecting the Territories in a line with the often expressed wishes of the North-West Council and the North-West Legislature, but is distinctly retrogressive.

2. Section 10 of the Bill should be amended, so as to dispense with the sitting of Legal Expert with the Assembly.

3. Section 11 of the Bill should be amended, so as to make the term of the Assembly four years instead of three, and to place the power of dissolution, on the advice of his responsible advisers, in the hands of the Lieutenant-Governor.

4. Power to deal with Sections 15 and 16 of the Bill relating to the franchise should be given to the Assembly in the same way as is proposed for the prohibitory clauses, with the exception that the present Assembly be given power to deal with them.

5. Section 26, the Separate School Clause, has been made the subject matter of an Address to the Governor-General in Council.

6. The powers conferred upon the Governor-General in Council by Section 54 should be conferred upon the Lieutenant-Governor acting by and with the advice and consent of his responsible advisers.

7. Section 59 should be so amended as to give the appointments of Sheriffs and Clerks of Court to the Local Governments, together with all regulations in regard to the same.

8. Section 63 proposes to give the Lieutenant-Governor alone the power to regulate the fees of Clerks of Court, and should be changed, so as to leave that power under the control of the Assembly.

9. Section 66 of the Bill proposes to take away the power of appointing Justices of the Peace from the Lieutenant-Governor, and to give that power to the Governor-General in Council; there is no reason why this power, which belongs to all Provincial establishments, should be taken from the Territories.

10. Power also to prescribe qualification and make regulations regarding Justices of the Peace should be given to the Assembly.

11. Section 68 should be repealed, and Section 69 so amended as to give every person charged with a criminal offence the right to a jury, if he so desires it.

12. Section 98 of the Bill proposes to continue a law which under existing circumstances is unnecessary.

13. The property in all road allowances, trails, non-navigable rivers and streams and their road-beds, as well as the power of control, should be vested in the Government of the Territories.

14. Section 106 of the Bill should be expunged.

15. The provisions with regard to the prohibitory and other clauses contained in Section 110 of the Bill are satisfactory to the Assembly, except that the law in regard to liquor should not be amended by any Dominion Legislation, but should remain the same until the power conferred by Section 110 is exercised by the Assembly.

MEMORIALS OF THE LEGISLATIVE ASSEMBLY OF
THE NORTH-WEST TERRITORY TO THE HON-
ORABLE THE MINISTER OF THE INTERIOR.

1. Whereas, very serious losses have been suffered by farmers from the ravages of gophers in the growing grain, reaching according to various returns, from districts extending from range one to range twenty-two west of the second initial Meridian, to an average of 52 per cent of the acreage sown, during the season of 1889.

2. And whereas, gophers breed not only on the lands occupied by settlers, but also on the vacant lands held by the Dominion Government, the Canadian Pacific Railway Company, and other parties, and, in dry seasons especially, gather in from surrounding vacant lands on to the growing crops of settlers doing immense damage, and in such numbers that it has been found impossible for individual settlers, by their unaided efforts and at their own expense, to contend successfully in preventing the ravages thus committed.

3. And whereas, gophers can be more effectually stamped out in the early spring, before the young broods are produced, than later in the season.

4. Therefore the Assembly prays that you will be pleased to have a moderate amount placed in the Estimates, and have arrangements made for the purpose of paying a bonus of two cents per head for gophers, that shall be destroyed during the month of April, 1890, and one cent per head for gophers destroyed during the month of May, 1890, in the Territories, thus enabling farmers to engage in, or hire boys to undertake the destruction of gophers during these months.

5. And whereas, farmers in various districts in the Territories have had their crops destroyed during the past season from the effects of drought, the ravages of gophers, and by prairie fires, and many in such districts are comparatively destitute and are unable of themselves to procure seed grain for the spring of 1890.

6. And whereas, without special aid, large areas of cultivated land will remain uncropped in the districts referred to, during the year 1890, to the great detriment of the settlers and of every interest in the Territories;

7. Therefore the Assembly prays that you will be pleased to have a sufficient sum placed in the Estimates for the purpose of providing farmers, who require it, with seed grain and potatoes for the season of 1890. The seed thus supplied to be distributed on such conditions as may be considered desirable.

8. Whereas, the right of adding the eighty-acre pre-emption to the homestead, thus making one hundred and sixty acres for homestead, has been greatly appreciated by the settlers, but has been covered by the following condition, viz:—

That in order to have the advantage of this provision, a settler must buy a pre-emption of not less than eighty acres and not more than one hundred and sixty acres at two dollars and a half per acre, and that the amount of the pre-emption must be paid in full before a patent can be obtained;

And whereas, this condition has been greatly complained of by settlers;

Therefore the Assembly prays that the condition may be done away with.

9. That, in the opinion of the Assembly, it would be only just to those who entered for lands in the Territories during the operation of the Act permitting second homesteads, that second homesteading should in all cases be extended to them, provided they have continuously cultivated their first homestead.

10. Whereas, it has been proved that for the success of the settler it is necessary for him to engage in both grain and stock raising, and for this purpose he requires not less than three hundred and twenty acres of land:

Therefore the Assembly prays that the right of pre-emption be extended beyond the 1st January, 1890.

11. Whereas, extensive tree culture would prove of great assistance in promoting the agricultural prosperity of the Territories;

And whereas, it has been proved that trees grow rapidly and surely in the Territories, if properly managed;

Therefore the Assembly prays that the Dominion Government may adopt some plan having in view the encouraging of tree planting.

The said Memorials were then respectively read the second time and concurred in.

12.—*Certified copy of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 6th January, 1890.*

The Committee of the Privy Council have had under consideration the annexed Report dated 3rd January, 1890, from the Minister of Justice upon an Ordinance of the Legislative Assembly of the North-West Territories which was assented to on the 22nd day of November last, and which was received by the Secretary of State on the 17th December last, being "No. 24 of 1889, An Ordinance to amend Chapter I of the Revised Ordinances of the North-West Territories intituled 'The Interpretation Ordinance.'" This Ordinance is in amendment of Sub-section 6 of Section 8 of said Chapter I, and relates to the administration of financial affairs in the Territories.

The Committee concur in the opinions of the Minister of Justice as set forth in the said Report and the recommendations therein contained that the said Ordinance be disallowed, and advise that the same be disallowed accordingly.

The Committee further advise that the Secretary of State be authorized to transmit a copy of this Minute and of the annexed Report to the Lieutenant-Governor of the North-West Territories.

Clerk, Privy Council.

To the Honorable The Secretary of State.

13. *Report of the Minister of Justice, Jan. 3, 1890.*

DEPARTMENT OF JUSTICE, CANADA,
OTTAWA, 3rd January, 1890.

To His Excellency the Governor General in Council.

The undersigned has the honor to call the attention of Your Excellency to an Ordinance of the Legislative Assembly of the North-West Territories, which was assented to on the 22nd day of November last, and which was received at the Department of the Secretary of State on the 17th December last, being No. 24 of 1889. This Ordinance is in amendment of Sub-section 6 of Section 8 of Chapter I of the Revised Ordinances of the

North-West Territories, and relates to the administration of financial affairs in the Territories.

The power of the Legislative Assembly of the Territories to pass Ordinances is, of course, limited to such "as are not in excess of the power conferred by the 91st and 92nd Sections of the British North America Act upon the Legislatures of the several Provinces of Canada," and no such Ordinance can have validity if it is inconsistent with, alters or repeals any provision of that Act or of any Act of the Parliament of Canada in force in the Territories. This is provided by Section 13 and by Section 2 Sub-section C of "The North-West Territories Act," Chapter 50 Revised Statutes of Canada.

These being the powers possessed by the North-West Assembly, the undersigned has now to state to Your Excellency what the provision made by the Parliament of Canada is, in relation to the subject on which the Ordinance now under review was made.

The Lieutenant-Governor of the Territories having vested in him the administration of the Government, by virtue of Section 4 of "The North-West Territories Act," it is provided by an Act, in amendment of "The North-West Territories Act," namely Chapter 19, 1888, Section 13, that "The Lieutenant-Governor shall select from among the elected Members of the Legislative Assembly four persons to act as an Advisory Council, in matters of Finance, who shall severally hold office during pleasure, and the Lieutenant-Governor shall preside at all sittings of such Advisory Council, and have a right to vote as a member thereof, and shall also have a casting vote in case of a tie."

It seems unnecessary, in the view which the undersigned takes of this subject, to consider, at present, a question which has given rise to some controversy in the Territories, namely, whether the "matters of Finance" which are mentioned in the Section just quoted include the administration of moneys appropriated by the Parliament of Canada, as well as the revenues of the Territorial Government derived from local sources. It seems clear to the undersigned that the "matters of Finance," which are so mentioned in that Section, undoubtedly include the administration of the Territorial Revenues, which is one of the principal functions which the Lieutenant-Governor has to perform by virtue of his office.

The appropriation made by the Parliament of Canada, being placed at the disposal of Your Excellency, may be ad-

ministered in various ways, without being placed under the control of the Lieutenant-Governor, but the local revenues of the Territories are necessarily under his control by virtue of the Statutory provision which creates his office and invests him with the administration of the Government.

Being clearly of opinion, therefore, that the duty is imposed on the Lieutenant-Governor of appointing an Advisory Council on matters of Finance, and that these matters of Finance, on which he has to be so advised, include the administration of the Territorial Revenues, the undersigned is obliged to call the attention of Your Excellency to the fact that, in his opinion, the Ordinance above mentioned, (No. 24 of 1889) is inconsistent with the provisions of the Act of the Parliament of Canada relating to that subject.

By Chapter 3 of the Revised Ordinances of the Territories it is provided as follows:—

Section 1. All duties, revenues, license fees, fines, penalties and moneys whatsoever of the Territories, over which the Lieutenant-Governor and Legislative Assembly have, or hereafter may have the power of appropriation, shall form one fund, to be called the "General Revenue Fund," to be appropriated for the public service of the Territories, in the manner and subject to the changes hereinafter mentioned.

Section 2. The said fund shall be permanently charged, subject to revision and audit, as may be directed by Ordinance, or Order of the Lieutenant-Governor in Council, with all the costs, charges and expenses incident to the collection, management, receipt and disbursement thereof.

Section 4. Unless the said fund be appropriated in detail by Ordinance, the Lieutenant-Governor in Council may from time to time appropriate said fund, or any portion thereof, for any purpose of public utility in the Territories, and a statement of such expenditure shall be laid before the Legislative Assembly at every successive Session thereof.

Section 5. The Lieutenant-Governor in Council may, from time to time, determine what officers or persons it is necessary to employ for any of the purposes mentioned in this Ordinance, assign their names of office, prescribe their duties, grant salaries or pay for their services, make the necessary appointments, and exact such securities from such officers and persons as may be deemed proper.

The words "Lieutenant-Governor in Council," which appear in this and other Revised Ordinances, are declared by

Chapter 1, Section 8, subsection 6, to mean "the Lieutenant-Governor or person administering the Government of the Territories for the time being, acting by and with the advice of or by and with the advice and consent of or in conjunction with the Advisory Council of the Territories."

It will therefore be seen that, prior to the passage of the Ordinance which is the subject of this report, the Legislative Assembly of the Territories had declared in effect, that the expenditure of unappropriated Territorial Revenues should be vested in the Lieutenant-Governor and the Advisory Council, established by the Act of Parliament of 1888, Chapter 19, Section 13.

The provisions of the Ordinances to that end were unnecessary, as the enactments of Parliament, by vesting the Administration of the Government of the Territories in the Lieutenant-Governor, and by directing that he should appoint an Advisory Council to assist him in matters of Finance, had already accomplished the purpose which the Ordinance just cited would achieve. The only practical effect of this Ordinance would be that the Lieutenant-Governor and Advisory Council, under it, would receive the style of "Lieutenant-Governor in Council."

An important change, however, was made by the Ordinance now under review. The previous Ordinances, as already shewn, were parallel to the legislation of Parliament. They were unobjectionable, only as being of that character, but by amending subsection 6 of Section 8 of Chapter 1, the Legislative Assembly has made the two lines of legislation diverge, and the legislation of the Assembly has become inconsistent with that of Parliament.

The Ordinance under review is in the following words:

Sub-section 8 of Section 8 of Chapter 1 of the Revised Ordinances of the North-West Territories is amended by striking out the last seven words thereof, and substituting therefor the following words: "Two Members of the Legislative Assembly, to be selected, from time to time, by the Assembly, and who shall hold office until their successors are appointed, and who, in the first instance, shall consist of the following Members of the Assembly, namely, THOMAS TWEED, Esquire, Member for the Electoral District of Medicine Hat, and JOHN RYERSON NEFF, Esquire, Member for the Electoral District of Moosomin."

The effect of this provision is, that on its coming into force, the "Lieutenant-Governor in Council" mentioned in the Ordinance of the Territories would mean, the Lieutenant-Governor "acting by and with the advice of, or by and with the advice and consent of, or in conjunction with Messrs. TWEED and NEFF, or such other two Members of the Legislative Assembly as may be selected from time to time by the Assembly. To the Lieutenant-Governor and Messrs. TWEED and NEFF, or to the Lieutenant-Governor and two Members of the Legislative Assembly to be selected by the Assembly is given by the operation of Chapter 3, above cited, the control and expenditure of all Territorial Revenues which may not have been appropriated by the Assembly.

It appears that there has been no appropriation by the Assembly for the current year. Therefore (if the Ordinance now under review is to have effect), the administration of all the Territorial Revenues, for the current year at least, is given to the Lieutenant-Governor "acting by and with the advice of, or by and with the advice and consent of, or in conjunction with," Messrs. Tweed and Neff.

In all those important matters of Finance, therefore, which relate to the administration of the Territorial Revenues during the present year, or any other in which there may be no appropriation, or no complete appropriation, by the Assembly, the Lieutenant-Governor is required to have the advice and consent of two Members of the Assembly selected by the Assembly.

The points in which the Ordinance is inconsistent with the Statute of Canada above referred to are the following:

The Ordinance requires the Advisory Council to be appointed by the Assembly, the Statute vests the appointment in the Lieutenant-Governor. The Ordinance requires the Council to consist of two Members; the Statute requires four. The Ordinance requires the consent of both members of the Council to every act of the Lieutenant-Governor; the Statute implies that the Lieutenant-Governor may act on the advice of a majority, because it gives him a vote in the Council, and the casting vote also in case of a tie. The tenure of office prescribed by the Ordinance is the pleasure of the Assembly, while that prescribed by the Statute is the pleasure of the Lieutenant-Governor.

It is obvious, therefore, that the Ordinance is not such as the Assembly is empowered to make, in view of the provisions contained in Section 13 of "The North-West Territories Act."

Chapter 50 of the Revised Statutes, which provides that "no such Ordinance shall be so made which is inconsistent with, or alters or repeals any provision of any Act of the Parliament, of Canada, in force in the Territories."

It is equally obvious that two Advisory Boards, one constituted under the Statute of 1888, and another under the Ordinance, cannot be established. The Statute requires the Lieutenant-Governor to act with the Advisory Board established under the authority of Parliament, and the Ordinance requires him to act only on the advice of the two gentlemen appointed by the Assembly.

The undersigned has, therefore, the duty of advising Your Excellency that the Ordinance in question is inconsistent with the provisions of "The North-West Territories Act," and its amendment of 1888, and he therefore recommends that this Ordinance, "No. 24 of 1889," assented to on the 22nd of November last, be disallowed, and that the disallowance thereof be signified by the Secretary of State to the Lieutenant-Governor of the North-West Territories.

Minister of Justice.

14. Extract from Address in reply to Lieutenant-Governor Royal, Nov. 9, 1890.

The Assembly regrets that Your Honor has not seen fit to allude to the circumstances which have led to Your Honor's selection and retention in office of an Advisory Council not in accord with, nor possessing the confidence of, the majority of this Assembly. It appears to us to be necessary to the good government of the country, that the measure of control, if any, possessed by the Legislature over the acts of the Executive should be clearly defined. Having been left without the guidance of Your Honor in this matter, the Assembly can do no less than assume its rights to be such as the North-West Territories Acts and constitutional usage having the force of law appear to give. They are therefore compelled to believe in the right of the majority not only to pass legislation, but to advise and control in the matter of its being given effect—that the North-West Territories Acts, interpreted in the light of con-

stitutional usage, provide for control of the executive by an Advisory Council having the confidence of a majority of the House; that the assumption of such control by any Members of this House not possessing its confidence is a violation of the spirit and intent of the North-West Territories Acts, and an infringement upon the rights of the House against which it feels compelled to enter its most solemn protest, and to take such measures to protect itself as best it may.

The disregard for and violation of all constitutional rules, the infringement upon the rights and privileges of the House and usurpation of its prerogatives by its Members composing the Advisory Council, in our opinion, renders those Members unworthy of taking any part in the business of the Assembly. As the only means in our power of vindicating in our case the common rights of majorities in representative Assemblies, it is our duty to refuse all legislation and motions offered by these Members.

To further mark its disapproval of the course of the Advisory Council in ignoring its rights, the House has seen fit not to allow the several members of the Council to serve on any of its Standing Committees as long as they maintain their present attitude of defiance.

It is provided by the Act creating this Assembly that no motion regarding Finance may be adopted by the House except it first be recommended by message from Your Honor. This provision places the power of initiating financial legislation solely in the hands of Your Honor's Advisers, while the power to pass such legislation as unquestionably rests with the majority of the House. If your Advisers, in the present case, possessed the confidence of the House, their right to initiate financial legislation would be unquestioned. But not possessing that confidence, their right to initiate such legislation is denied. The House feels that it would be doing less than its duty if it did not insist on its unquestionable right in this matter; and as long as Your Honor chooses to refuse the advice of the majority of its Members on questions of finance, so long will Your Honor's Advisers be refused leave to introduce motions on questions of finance in the House. It must be apparent to Your Honor that, as a matter of expediency merely, it is altogether undesirable from the point of view of the public interest that financial legislation should be introduced by a minority who have not the control of the House—that is, of the majority—

necessary to give it effect. It must be apparent that the introduction of such legislation under such circumstances could only lead to unnecessary and undesirable disputes and delays. If Your Honor's Advisers were permitted to introduce financial motions at their pleasure—while they have not the power to carry them—create debates upon them, and introduce amendments which would create further debates, a weapon of obstruction would be placed in their hands which the House has reason to believe would be used to delay the public business and without regard to the welfare of the people of these Territories. As the only possible effectual means of protecting itself in this regard, the House claims its right to refuse leave to the several members of Your Honor's present Advisory Council to introduce any motion in this House.

At the same time it will be the care of the majority to see that no beneficial legislation fails to be introduced or passed merely because these Members cannot be allowed to introduce it.

It must be clear to Your Honor that this Assembly can legislate on but few of the subjects upon which it is expressly authorized by Dominion Order-in-Council without the question of finance being involved. This is particularly the case in regard to Schools. If the funds upon which the successful working of this most important Ordinance depends are entirely beyond our control, it would in our opinion be better to place the power to legislate regarding North-West Schools in the hands of those who do control the necessary funds, whether they be Your Honor alone, or Your Honor with your Advisers, or the Parliament of Canada. This Assembly must protest against its being placed in the position of being responsible to the people of the North-West Territories for proper legislation regarding Schools, and yet be deprived of the control of the funds whereby alone that legislation can be given effect—whereby alone the School system at present existing in the North-West Territories can be maintained. At the Session of 1888, the Assembly, believing that it possessed control of the grant in aid of Schools, provided that a certain proportion of aid from that grant should be extended to them. On the strength of the inducement thus held out, many new districts were organized, taxation was levied and liabilities were incurred for the erection of school houses whose usefulness depended on the continuance of the proportion of the aid promised in the Ordinance of the Assembly. During the Session of 1889 the promise of aid remained without any in-

timation from Your Honor that it would not be made good, and a still further increase in the number of School Districts took place. In the present year, after the annual taxation rate had been struck on the basis of the grant promised by the North-West Assembly, a circular, authorized by the Government of the North-West Territories, was received by the several School Districts warning them of a proposed reduction to be made in the amount of their grant.

This House is compelled to inform Your Honor that if it is to understand that the control of the School funds rests with Your Honor and not with this Assembly, as would appear from the circular referred to it will be necessary for us to amend the present Ordinance by striking out the provisions relating to aid to Schools and thereby make known that upon Your Honor rests the responsibility of the distribution of the said fund and the support of the School system of the North-West Territories.

The House very deeply regrets the extraordinary circumstances which compel it to take this stand in defence of its rights and dignity, and the rights and dignity of those whom it represents, but feels compelled to inform Your Honor thus clearly as to what its position is and as to the course which it intends to pursue, believing that as Your Honor's Advisers do not represent the majority of this House, they cannot properly represent to Your Honor the position which the House has taken, its reasons for taking that position, and its intention to maintain it.

15. Extract from Address in reply to Lieutenant-Governor Royal, Nov. 14 1890.

We take the liberty of pointing out to your Honor that this difference of opinion was not as to the right of your Advisory Council to control these funds, as might be inferred from your Honor's Message, but as to the right of control possessed by the House over them, and incidentally over the Advisory Council as well.

The reasons upon which the House bases the assertion of its right to control the moneys voted from year to year by the Parliament of Canada for expenses of Government in the North-West are as follows:—

1. They are in general terms appropriated for the purposes of the local Government, which Government we understand

the North-West Act to declare must be carried on by and with the advice and consent of this Assembly.

(b) In particular, they are apportioned to purposes which are controlled by, or dependent upon, the action of this House, that is to say: To give effect to our education laws; to pay for the printing which our proceedings render necessary; to pay for public improvements upon which we, as representatives of the people, are best fitted to advise, and as a matter of necessity do advise; to pay salaries of clerks and officials to meet the general expenses necessarily incurred in carrying on the Territorial Government—by and with our advice and consent—as the Act provides.

2. If there is a doubt as to the availability of funds for any desired purpose of legislation, that legislation is likely to remain unenacted, to the public inconvenience and loss, and if there is a hope of financial aid which is not realized when desired legislation is enacted, loss and inconvenience to the public again results, as well as discredit to this Assembly and its several Members. It therefore appears to us that if our legislation is to be of full benefit to the people of the Territories, we must be made aware from year to year of the amount of funds which can be depended upon to give effect to that legislation, and we can only properly become aware by the exercise of concurrent, if not absolute, control.

The Assembly further claims the right of the control of these funds on the ground that they must be considered as of the same nature as the subsidies received from the Federal Treasury by the several Provinces—that is, as a return, for the support of the local Government, on taxes paid by the people to the Federal Treasury—and therefore quite as much the property of the people of the North-West Territories, and quite as properly at the sole disposal of the local Government, as that part of the local revenues derived directly from the people by means of enactments of this Assembly.

We desire to point out that the fact of these funds not being raised under the authority of the North-West Government does not prevent them from properly being placed under the control of Your Honor, by and with the advice and consent of this Assembly: for the revenues derived from the issue of liquor permits and beer licenses under authority of Your Honor as Administrator of the North-West Government under instructions from Ottawa—which permits and licenses are in no way under the control of this Assembly, or issued on its responsi-

bility—are still held to be subject to account to and appropriation by this House.

To sum up: The Assembly bases its claim to control: 1st, On the intent expressed in plain terms by the title of the vote in Parliament; 2nd, On the necessities of the case, as it affects the people of these Territories through the legislation of this Assembly; and 3rd, on the absolute right of the people of the North-West Territories—according to the scheme of Confederation—to the full control of their own funds.

The Assembly must point out that at its first Session Your Honor used such expressions and took such action as led us to believe that your views at that date fully agreed with those we now hold on this question. In Your Honor's Speech at the opening of the first Session on Oct. 31st, 1888, You were graciously pleased to say:

“It affords me much pleasure in opening the First Session of the Legislative Assembly of the North-West Territories, to be able to congratulate you upon the general prosperity of the country, and the completeness of its representation in our Legislature, which I regard as the preceding step to Provincial organization. In the progressive evolution of our present constitution towards thoroughly representative Government, you will find that I am in full accord with your legitimate aspirations.”

In proof of what Your Honour then considered our “legitimate aspirations,” on December 11th, 1888, the leader of Your Honor's then Advisory Council, selected at the beginning of the Session, introduced the following Ordinance:

“No. 8 OF 1888.

*“An Ordinance for Granting to Her Majesty Certain Sums of
“Money to Defray the Expenses of the Public Service of
“the Territories for the Financial Year Ending 30th
“June, 1889, and for Other Purposes Relating Thereto.*

[“Assented to December 11th, 1888.]

“MOST GRACIOUS SOVEREIGN:

Whereas, it appears by Message from His Honor Joseph Royal, the Lieutenant-Governor of the North-West Territories, and the Estimates accompanying the same, that the

sums hereinafter mentioned in the Schedule to this Ordinance are required to defray certain expenses of the public service of the Territories, and for other purposes relating thereto, for the financial year ending 30th June, one thousand eight hundred and eighty-nine: May it therefore please Your Majesty that it may be enacted, and it is hereby enacted by the Lieutenant-Governor, by and with the advice and consent of the Legislative Assembly of the Territories as follows:—

“(1) From and out of the fund at the disposal of the North-West Government, there shall and may be paid and applied a sum (not exceeding in the whole) One hundred and five thousand four hundred and eighty-four dollars and ninety cents, for defraying the several charges and expenses of the public service of the Territories for the financial year ending 30th June, one thousand eight hundred and eighty-nine as set forth in the Schedule to this Ordinance.

“(2) The due application of all moneys expended under this Ordinance shall be accounted for to Her Majesty.”

In the Journals of the House of the same date appears the following:

“The Royal Assent to this Bill (No. 8 of 1888) was announced by the Clerk of the Legislative Assembly in the following words: His Honor the Lieutenant Governor doth thank Her Majesty's dutiful and loyal subjects, accepts their benevolence, and assents to this Bill in Her Majesty's name.”

It may be mentioned that the sums provided in the above mentioned Ordinance including funds derived from Territorial, Administrative and Federal sources, but only included that portion of such funds not expended under authority of your Honor while acting as Administrator of the North-West Government before the Assembly had been called to your assistance. Thereby making clear that while the Assembly assumed full responsibility, with Your Honor's formal and full consent for all funds on hand at the time, it assumed and was accorded no responsibility regarding funds which were not to be administered by and with its advice and consent.

The Assembly was not made aware of any change in Your Honor's views on this question until Nov. 5th, 1889, above

alluded to. On that occasion Your Honor did not address the Assembly directly, nor cite Your Honor's authority for the very important change in the method of control of these funds which Your Honor had evidently then determined to bring about.

The Assembly very deeply regrets the necessity of the several steps which it has since been compelled to take to assert that measure of control which it was once accorded but of which it is now deprived in regard to this important part of the functions of government, the control of the larger proportion of the funds, and also very deeply regrets that Your Honor did not see fit until the date of Your Honor's Message to communicate directly with the House on the subject.

It still more deeply regrets that having received Your Honor's gracious Message it cannot find therein any definite statement of Your Honor's authority for interposing Your Honor's power as Administrator of the North-West Government between the people of these Territories and what appears to us to be a proper control by them of the moneys appropriated by the Parliament of Canada for the purposes of their local government, which control as stated by the Honorable Minister of Justice in the passage from his opinion, quoted in Your Honor's Message, is not necessarily vested in Your Honor, and which as we read the passage indicated, may be included in the "matters of finance" upon which your Advisory Council as provided by Statute must advise Your Honor.

Until such statement of authority is laid before the House we are compelled to interpret the Law, both statutory and constitutional, for ourselves and to assert by every legitimate means our right to that measure of control of the public funds of these Territories which was exercised by us at the first Session of this Assembly, and of which we are now deprived by the action of Your Honor in ignoring the majority of this House without, so far as we are yet aware, any change in the Law on the subject having been made.

The Assembly begs to thank Your Honor for the definite statement contained in the eleventh paragraph of Your Honor's Message, that "His Excellency the Governor in Council has, for many years past, assumed without question the direct control of the expenditure of the moneys annually voted by the Parliament of Canada for School purposes in the Territories." This announcement very distinctly relieves the House from any responsibility regarding School funds.

The Assembly is also glad to be informed that "by Order in Council of the 18th July, 1890, they (the School funds) were directed to be expended in accordance with the Revised School Ordinance."

And also that Your Honor has reason to believe that a deficiency in the grant under the Ordinance will not occur.

This information relieves the Assembly from the necessity of taking any measures at the present time in regard to the Sections of the Ordinance providing for aid to Schools.

But, in view of possible future contingencies, the Assembly feels compelled to point out the absolute necessity of the prospects of aid to schools held out by the Ordinance being fulfilled to the letter—that to introduce the element of uncertainty as to the payment of grants would be to imperil the educational interests of the Territories, where above all countries in the world these interests are held to be of the highest importance. In this matter above all others, it appears to us that the powers of legislation and of financial control should go together and should definitely rest either here or at Ottawa, whichever the power holding the financial control—that is the Parliament of Canada—may please to decide.

*16. Speech from the Throne by Lieutenant-Governor Royal,
Nov 29, 1890.*

Mr. Speaker and Gentlemen of the Legislative Assembly:

At the close of the present Session, which terminates the Sessions of the First Legislative Assembly of the North-West Territories, I have pleasure in relieving you from further attendance to your Legislative duties, and I congratulate you upon the practical character of the legislation, to which I have just given assent in the name of Her Majesty.

I cannot but regret the unfortunate difference of opinion, which has arisen respecting the interpretation to be placed upon the portion of our constitution, which relates to the powers of the Advisory Council, and I desire to again convey to you the assurance that while I cannot, for reasons already communicated to you, accede to your claim to control the expenditure of the moneys voted by the Parliament of Canada for the Government of the North-West Territories, I have always been thoroughly in accord with you in your contention

that you are entitled to control, through an Advisory Council possessing your confidence, the expenditure of the Territorial Revenues.

I also regret that, owing to a majority of you withholding your confidence from any Council which does not claim for you the control of the Dominion Funds, I have had to retain the services of a Council, whose views upon this question are not those of the majority. It is only just that I should here pay to the Members of the Advisory Council a tribute of acknowledgment for the constant and patriotic attention given by them to the various details of the Territorial Administration under their control.

17. Letter from the Department of the Interior to the Department of Justice, Dec. 7, 1891.

DEPARTMENT OF THE INTERIOR,

OTTAWA, 7th December, 1891.

SIR,

It has been brought to the attention of the Minister of the Interior that Section 13 of the Act 51 Vic., Chap. 19, relating to the appointment of an Advisory Council to the Lieutenant-Governor of the North-West Territories, has not been repealed and the Minister requests me to ascertain from you whether or not in the opinion of the Minister of Justice, that Board has ceased to exist, under the provision of the Act of last Session, amending the North-West Territories Act, and if not, what is the proper course to be taken in regard to the matter, seeing that the expenditure of all Territorial funds may hereafter be dealt with by Ordinance of the Legislative Assembly.

I have the honor to be,

Sir,

Your Obedient Servant,

(Signed) A. M. BURGESS.

R. Sedgewick, Esq., Q.C.,

Deputy Minister of Justice.

Ottawa.

18. Letter from the Department of Justice to the Department of the Interior, Dec. 7, 1891.

DEPARTMENT OF JUSTICE,

OTTAWA, 7th December, 1891.

SIR,

I have the honor to acknowledge the receipt of your letter of this date, pointing out that Sec. 13 of Chap. 19, 51 Vic. relating to the appointment of an Advisory Council to the Lieutenant-Governor of the North-West Territories, has not yet been repealed, and asking whether that Council has ceased to exist under the provisions of the Act of last Session amending the North-West Territories Act, and, if not, what course shall be pursued seeing that the expenditure of all territorial funds may hereafter be dealt with by Ordinance of the Legislative Assembly.

In dealing with this question it may be well to consider briefly the various powers of legislation given to the North-West Assembly. By Sec. 7 of the North-West Territories Act of 1875, as amended by Section 3 of the North-West Territories Act of 1877, the Lieutenant Governor in Council was invested with such power to make Ordinances for the government of the Territories as the Governor in Council might, from time to time, confer upon him. In pursuance of that power, and on the 11th May, 1877, an Order in Council was passed giving the Lieutenant Governor in Council power to make Ordinances in respect of the following subjects, namely:—(1) the establishment and tenure of territorial officers, (2) the appointment and payment of territorial officers, (3) the establishment of municipal institutions, (4) the issue of licenses in order to the raising of a revenue for territorial or municipal purposes, (7) the imposition of punishment by fine, penalty or imprisonment, for the infraction of any territorial ordinance, and (9) matters of a merely local or private nature. By a further Order in Council of the 7th July, 1886, there was conferred on the Lieutenant-Governor-in-Council authority to make Ordinances in relation to (1) direct taxation within the territory in order to the raising of a Revenue for Territorial, including municipal purposes. Apart from the North-West Territories Act itself, these two Orders in Council contained all the authority under which the Lieutenant-Governor-in-Council, and subsequently the Legislative Assembly enacted Ordinances respecting matters of

finance in the Territories; and it was upon the authority so conferred upon the Assembly that Chap. 3 of the Revised Ordinances of the North-West Territories, namely: "An Act respecting Revenue and Expenditure" was passed. By 51 Vic. Chap. 19 the Council of the Territories was abolished and in its stead was substituted, the Legislative Assembly, Sec. 13 providing as follows:—

"The Lieutenant-Governor shall select from among the
"elected members of the Legislative Assembly four persons to
"act as an *Advisory Council on matters of finance*, who shall
"severally hold office during pleasure."

Then, finally, was passed the Act of last Session giving the Legislative Assembly power to make Ordinances in relation to (12) "*the expenditure of Territorial funds and such portions of any moneys appropriated by Parliament for the Territories as the Lieutenant-Governor is authorized to expend by and with the advice of the Legislative Assembly or of any Committee thereof.*"

Under the authority of Sec. 13 of the Act of 1887, Advisory Councils have, from time to time, been appointed and were in existence, at all events, until the dissolution of the late Assembly. The question now to be considered is, whether the Advisory Council has been abolished, and if not, what powers does it possess at the present time and what powers may it possess as soon as Ordinances are passed under the Act of last Session (as will doubtless be passed) giving the Assembly absolute powers of Legislation in respect to all Territorial funds and to Federal funds set apart to be dealt with by the Territorial Ordinance.

In dealing with these questions, reference must also be had to existing Territorial legislation relating to the Advisory Council created by the Act of 1887. By the Interpretation Ordinance, (Chap. 1, Revised Ordinances) Sub-clause 6 of Clause 8, it is provided as follows:—

"The expression 'The Lieutenant-Governor-in-Council'
"means the Lieutenant-Governor or person administering the
"Government of the Territories for the time being, acting by
"and with the advice of, or by and with the advice and consent
"of, or in conjunction with the Advisory Council of the said
"Territories."

By several other Ordinances the Lieutenant-Governor can act in certain matters only by and with the advice of the Advisory Council, as, for instance, by Ordinance 2 the Lieutenant-Governor-in-Council appoints the Queen's Printer and regulates the publication of the North-West Territories Gazette, by Ordinance 3, which creates the General Revenue Fund (composed of all Territorial revenues) the Lieutenant-Governor-in-Council is charged with the management of its expenditure under the different Ordinances. (See also the powers given to the Governor-in-Council under the Ordinance respecting the Security to be given by public officers, the Statute Labor and Fire Ordinance, the Herd Ordinance, the Brand Ordinance, the Prairie and Forest Fires Ordinance, etc.) It may be here mentioned that the term "Council" used in all these Ordinances, as well as the term "Advisory Council" used in the Interpretation Ordinance, has reference solely to the Advisory Council appointed under the authority of the Dominion Act of 1887. I am permitted to say before the Act of last session dealing with the North-West Territories was introduced into Parliament, careful consideration was given to the question of whether the abolition of the Advisory Council was in the public interest, particularly in view of the policy which the Government had adopted of materially extending the powers of the North-West Assembly in dealing with financial affairs, and the Government arrived at the conclusion that such abolition would be practically effected as soon as the Territorial legislation with regard to such affairs was completed. The simple repeal of Sec. 13 of the Act of 1887, resulting in the immediate abolition of the Advisory Council would, perhaps, have led to confusion, in view of the Ordinances imposing certain duties on the Lieutenant-Governor acting by the advice of the Advisory Council, and in view of the fact that some time must elapse before the election of the new Assembly and the enactment by it of Ordinances by which a new method of managing the finances of the Territories would be established. The result of there being no express repeal of Sec. 13 is that the Act of last session, giving as it does to the Assembly the exclusive power of dealing with questions of Territorial finance, gives to that Assembly, by implication, the power of practically repealing Section 13 of the Act of 1887 creating the Advisory Council. The Assembly may (subject, of course, to the power of disallowance vested in the Governor in Council,) pass any legislation it pleases as

to the administration of the funds in question, authorizing the expenditure of public moneys either with or without the advice of an Advisory Council or through a finance committee, or any other functionaries whom it may choose to appoint, or by its own express vote.

I am further to state, in reference to the status of the present Advisory Council that the personnel of such Council is not necessarily affected by the dissolution of the Assembly or even by the defeat at the polls of any of its members. The Members of that Council hold office during pleasure, until their successors are appointed.

It would doubtless, under ordinary circumstances and principles of constitutional law, be the duty of the Lieutenant-Governor to see that the Members of his Council were, or were likely to be elected members of the Assembly, and with that view to exercise his pleasure by making any removals or new appointments which might be necessary to keep the Council within the Assembly, but it seems very doubtful whether, under the circumstances above detailed, and especially in view of the new powers with regard to finance which have been conferred on the Assembly, the Lieutenant-Governor should appoint a new Advisory Council considering that the Assembly may by legislation at the approaching session make other arrangements which will dispense with the authority and functions of such a body. On this question perhaps, I am not called to express an opinion.

I have the honour to be,

Sir,

Your obedient Servant,

(Signed)

ROBT. SEDGEWICK,

Deputy Minister of Justice.

A. M. Burgess, Esq.,

Deputy Minister of the Interior,

Ottawa.

19. Statement on behalf of the Executive Committee by Mr. Haullain, Aug. 23, 1892.

Mr. Campbell asked the Executive Committee the following Questions:—

1. What action, if any, has been taken in respect of the Resolution passed at the last Session of this Assembly, with

reference to the annual appropriation made by the Parliament of Canada for the Government of the Territories?

2. What has been the result, if any, in regard to that Resolution?

Mr. Haultain, on behalf of the Committee, replied as follows:—

The Memorial passed by the Legislative Assembly at the Session of 1891-92 with reference to the annual appropriation made by the Parliament of Canada for the Government of the Territories and the deficit in amount required for Schools was duly forwarded to the Prime Minister of Canada and the Honorable the Ministers of Finance and the Interior.

The Executive Committee on the 29th February sent further Memorials to the Governor-General-in-Council with regard to these two subjects copies of these Memorials are hereto attached.

In consequence of these Memorials in the beginning of March, '92, Mr. Haultain, a Member of the Committee, was requested by the Government of Canada to go to Ottawa and confer with the Government with regard to the financial claims of the Territories.

On Mr. Haultain's arrival in Ottawa a Sub-Committee of the Privy Council, consisting of the Ministers of Finance and the Interior, was appointed to confer with him on the subject-matter of the Assembly and Executive Committee Memorials. As a result of several conferences, the Sub-committee reported in favour of granting an amount by way of subsidy, to the Territories, of \$250,000, in addition to provision by separate Votes for those special services administered by the Departments of Justice and the Interior, as well as for the Office of the Lieutenant-Governor and the statutory expenditure under the North-West Territories Act, making in all, a total Vote for the Territories of over \$300,000, or within about \$50,000 of the subsidy claimed by the Assembly.

The Report of the Sub-committee was not adopted by Council, and Mr. Haultain was requested to make an alternative proposition to the Assembly Memorial already under consideration. He, however, did not feel at liberty to make any proposition not based on the Memorials above mentioned, but requested to be heard by Council before a final decision on the Sub-committee Report was arrived at. The Privy Council added the First Minister and the Minister of Justice to the Sub-committee, and further conference was held with the Sub-committee thus enlarged. The Privy Council decided finally

not to accept the Report of the Sub-committee in favor of a subsidy, on the ground that it was not desirable to give the Territories a Provincial status by granting a subsidy, and again asked Mr. Haultain for an alternative proposition.

Mr. Haultain then suggested that, instead of an itemized Vote for the Territories, Parliament should vote a lump sum for expenses of Government in the North-West Territories, to be transferred under Order in Council similar in provisions to that of 8th December, 1891.

The Sub-committee considered this latter proposition favorably, and the result is shown by the Order in Council of the 25th July, 1892, sent down by Message of His Honor to this House on the 13th day of August instant, and which will appear in the Journals of this House of that date.

By this Order in Council a bulk sum of \$193,200 is placed under the control of the Assembly, the expenditure of which involves the control of the following services:—

Schools, Light and Fuel, Legislative Hall, Elections, Travelling expenses, Roads and Bridges, Clerical Assistance, Contingencies, Printing and Advertising, Newspapers, Well-boring Machines, Caretakers and Messengers, Stationery, Telegrams, etc., and Advertising Sittings of Court.

The other subject dealt with in the Memorials of the House and Executive Committee was the deficit in School money.

The Memorials of the Assembly and Committee were the basis of Mr. Haultain's recommendations to the Government.

After submitting the whole matter to the Minister of the Interior, he recommended a supplementary Vote for the amount requested, and subsequently Parliament voted the sum of \$26,700, as a supplementary Vote for Schools in the Territories, being slightly more than the amount claimed.

It will be seen that the lump Vote transferred by Order in Council of the 25th July, 1892, includes the item for light and fuel for the Legislative Hall, and all items asked for in the Executive Committee Memorial except that for Legal Adviser.

The total amount of the item transferred by the Order in Council of the 8th December, 1891, was \$142,660.58. The total amount transferred by the Order in Council of the 25th July, 1892, available for the current year, is \$193,200, or an increase of over \$50,000.

The new services placed under the control of the Assembly are "Clerical Assistance," "Light and Fuel," "Caretakers and Messengers" and "Contingencies."

Last Session the amounts for each service were specified by an itemized Vote. Now the Assembly apportions the lump Vote at its discretion and according to the actual necessities of the Country. Last Session the amounts of the several Votes had to be expended upon the service indicated by the Vote, or lapse. Now the whole amount of the lump Vote is available for any purpose.

It may be proper to mention, in conclusion, that all expenses in connection with Mr. Haultain's trip to Ottawa were borne by the Federal authorities.

MEMORIAL addressed to His Excellency the Governor-General in Council by the Executive Committee of the Territories in reference to the Parliamentary appropriation for the Government of the North-West Territories, 29th February, 1892.

In view of the large deficit in School funds that the Committee have to meet, it is imperative that representations should be made to the Federal Government with a view to obtaining a supplementary vote.

In November, 1890, estimates of expenditure for Schools in the Territories for the financial year 1891-92 were made up in the Lieutenant-Governor's Office and forwarded to Ottawa.

The amount then asked for was \$118,606.51 but the sum actually voted by Parliament was only \$100,000.00.

At the time this amount of money was voted by Parliament the Territorial Ordinance relating to Schools prescribed the nature and amount of the grants made to Schools; and under the Order of the Governor-General in Council of 18th July, 1890, the expenditure of this vote according to the terms of the Ordinance was authorized. On 22nd June, 1891, by an Order of the Governor-General in Council the former Order in Council was cancelled and it was decided that the Federal Vote for Schools should no longer be expended in accordance with the provisions of the Territorial Ordinance.

The School year in the Territories begins on the 1st January, and teachers are usually engaged and expenses incurred at that date. The yearly assessment for taxation in School Districts is made about the month of April.

The Territorial Ordinance and Order in Council of 18th July, 1890, being in force at the time, trustees engaged

teachers, incurred expenses and made their financial arrangements for the School year in the reasonable expectation that the grants held out to them by the Ordinance and Order in Council would be available. The Legislative Assembly was dissolved by effluxion of time in June, 1891, and in consequence of the lateness of the Session at Ottawa could not be called together until nearly the end of the year.

The effect of the Order in Council of 22nd June, 1891, was to suddenly deprive Schools throughout the Territories of the grants previously made them, after their assessments were made, and before the Legislature could be called together to pass any legislation rendered necessary by the new state of affairs. The lateness of the Session of the Legislature again prevented any change being made which could be fairly brought into operation until the 1st July, 1892.

After that date the provisions of Section 12 of Ordinance No. 28 of 1891-92 will come into force, and the grants to Schools therein provided for will be easily paid out of any vote for Schools, which may reasonably be expected.

Of the amount of \$26,658.43 asked as a supplementary vote, the amount of \$5,752.55 is a portion of a supplementary vote of last year which lapsed because it was impossible to expend it between the time it was available and the time it lapsed, September 30th, 1891.

This is an amount actually due for the financial year 1890-91, and by reason of the lapse, payments for that year have not yet been completed, and that amount stands as a charge against the Vote for 1891-92, which has been shown to be altogether inadequate for the actual necessities of the year.

The Order in Council of 22nd June, 1891, rendered the grants clauses in the Ordinance of 1888 inoperative, but the Legislative Assembly were unable to make any change until January, 1892.

The result was that for more than a year the Legislature held out grants which could not be paid, and by the abrogation of the Order in Council the Legislature was involuntarily obliged to break faith with the Schools of the Territories.

Feeling that their good faith was pledged by legislation which it was impossible to change at an earlier date, the Legislature have taken \$10,000 of local revenue to reduce the deficit in the School grants.

In view of the foregoing facts, the Committee would most respectfully request that a supplementary vote of \$26,658.48

be made in order to meet the School grants payable under the old system up to the 30th June, 1892.

MEMORIAL addressed to His Excellency the Governor-General in Council by the Executive Committee of the Territories in reference to the Parliamentary Appropriation for the Government of the North West Territories, 29th February, 1892.

1. That the moneys voted by Parliament for the Territories be hereafter voted in a lump sum, non-lapsable.

This mode of vote will be both economical and convenient from both a Federal and Territorial point of view.

From the nature of the Country, the enormous distances and difficulty of communication, it is frequently impossible to expend the moneys voted by Parliament before the 30th of September in each year when they lapse.

While the actual necessities of the Territories are indicated by the several items of a detailed vote, unforeseen circumstances frequently arise which make it desirable that more money should be expended on some particular service than is provided by the detailed vote.

It is respectfully submitted that the bulk of the money voted by Parliament for the Territories can be expended by the Legislature in detail more in accordance with local wants and requirements than by Parliament.

The present authorization of expenditure of portions of the money voted by Parliament for the Territories through the Assembly would seem to simply change the disbursing Agent of the Federal Government and not the mode of Expenditure.

The present system of expenditure involves a double system of vouchers, books, book-keeping and audit, and to a certain extent a dual clerical service which would be done away with if the money were voted in a lump sum and handed over to the Legislative Assembly.

That the following consideration of the items of the North-West vote for 1891-92 will bear out the foregoing.

(1.) Travelling expenses of officials.

This item would necessarily belong to the Legislative Assembly, if separate provisions were made for the Lieutenant-Governor.

(2.) Probable cost of elections.

The Assembly under the Statute has the power to pass legislation regarding Elections and would properly control this item.

(3.) Stationery, telegrams, postage and telephones.

Provided for by Order in Council of 8th December, 1891.

(4.) Legal expenses, including Legal Adviser's salary.

It is desirable that this item should be handed over to the Assembly, as the bulk of the work of the Legal Adviser arises in connection with those items of expenditure included in the Order in Council of 8th December, 1891.

(5.) Clerical Assistance.

A clear line of distinction can be drawn between what may be designated as "Local Clerical Assistance" and "Federal Clerical Assistance" as they exist in the Regina Offices.

Those of the Clerks, who perform work incidental to the Ordinances or those items of the federal vote controlled by the Legislature, should be placed under the control of the Legislature.

Those belonging to the Office of the Lieutenant-Governor, quâ Federal Officer, would still remain under the Lieutenant-Governor.

(6.) Subscriptions to Newspapers.

Provided for by Order in Council of 8th December, 1891.

(7.) Caretakers and Messengers, Legislative Hall and Government House.

This could be arranged in the same way as "Clerical Assistance."

(8.) Maintenance of insane patients in Manitoba Penitentiary, including transport.

This vote is mainly expended from Ottawa, and properly belongs to the Department of Justice, unless the Government contemplates a Territorial Asylum to be managed by local authorities.

(9.) Light and Fuel for Legislative Hall and Government House.

This might be looked after by Public Work Officials.

(10.) Fixtures, &c. in connection with electric light.

This is not a recurring vote, and would probably be expended by the Department of Public Works.

(11.) Management of four well-boring Machines.

Provided for by Order in Council of 8th December, 1891.

(12.) Miscellaneous Justice, including light, fuel and stationery for Sheriffs' offices.

This might be undertaken by the Department of Justice.

(13.) Rent of Court Room.

Same as No. 12.

(14.) Stationery for Judges of Supreme Court.

Same as No. 12.

(15.) Salaries of Caretakers of Court Houses.

Same as No. 12.

(16.) Incidental Justice.

Same as No. 12.

(17.) Amount required to buy books for the Library of the Court House, Regina, N.W.T.

Same as No. 12.

(18.) To pay the Salary of Dixie Watson, as Librarian, for the fiscal year ending 30th June, 1892.

Same as No. 12.

(25.) Publications of Magistrates' Returns and Clerks' Fees under Sec. 103, Cap. 178, R.S.C.

Same as No. 12.

(26.) Reporting and printing proceedings and judgments of Supreme Court in bane.

Same as No. 12.

(19.) Contingencies, (to be approved by Minister of Interior).

Part of this might be still voted to be expended as formerly by the Lieutenant-Governor, the balance could go into the bulk vote.

(20.) Salaries of Registrars, Inspector and Clerks, contingencies, etc.

This is administered by Department of Interior at Ottawa.

(21.) Schools.

Provided for by Order in Council of 8th December, 1891.

(22.) Roads and Bridges.

Provided for by Order in Council of 8th December, 1891.

(23.) Printing and advertising.

Provided for by Order in Council of 8th December, 1891.

(24.) Advertisingittings of Court.

This might properly be part of the bulk vote, and could be attended to by local Officials.

From a consideration of the foregoing items it will be seen that nearly the whole of the public service of the Territories can be transacted either at Ottawa by the different Depart-

ments or at Regina by local Officials controlled by the Legislature.

It is submitted that the foregoing establishes the fact that the business of the Territories can be carried on more cheaply and more conveniently, from both a Federal and Territorial point of view, by granting a lump sum to the Territories instead of having an itemized vote as hitherto.

It is also submitted that a local Executive Committee responsible to the Legislature can perform the work quite as efficiently and more satisfactorily to the people of the Territories, than it has been done under the old system.

It is further submitted that the Territories have developed sufficiently to be intrusted with the limited amount of self-government indicated in the foregoing.

Journals read and approved.

Mr. Speaker then came down from the Chair, and the same being taken by Mr. Sutherland, the Deputy Speaker, Mr. Speaker spoke from the floor of the House as follows:—

In resigning the Chair of this House, I desire to make the following statement:—

I was elected Speaker of a House to which a large majority of those who for two years previously had been struggling for responsible government had been returned. As one of the party which had been engaged in that struggle and had been successful in the late general election, I reasonably expected that any Advisory Council or Committee which might be formed would be composed of those and those only who had belonged to that party. Being in perfect accord with the majority of the House as to the course which would be pursued in regard to responsible control of our affairs, and to that item of expenditure, the Roads, Bridges and District Vote, with which

every Electoral District is more directly concerned, I was satisfied that the general rights of the Territories, as well as the particular interests of my own District, would be fully protected.

In view of the defeat of an Executive, advocating the principles which I had struggled for longer than any other Member of this House, and the success of a party evidently, indeed necessarily, opposed to those principles, I feel that in duty to myself and my constituents, I must place myself in such a position as to be able by voice and vote to advocate those principles and protect the interests of those who elected me to this House. I now resign the position of Speaker of this House.

Mr. Sutherland then left the Chair and announced to the House his resignation as Deputy Speaker.

The Members then dispersed.

WEDNESDAY, 31st August, 1892.

2.30 o'clock, p. m.

This day, all the Members being present,

And the Clerk having taken his Seat at the Table,

Mr. Cayley, addressing himself to the Clerk (who, standing up, bowed and then sat down) stated that His Honor the Lieutenant-Governor had been informed of the resignation of James H. Ross, Esquire, as Speaker of this House, and gave leave to the House forthwith to proceed to the choice of a new Speaker.

Mr. Cayley, thereupon addressing himself to the Clerk (who, standing up, bowed and then sat down) proposed to the House, for their Speaker, William Sutherland, Esquire, Member for North Qu'Appelle, and moved that he do take the Chair of this House, as Speaker, which resolution was seconded by Mr. McKay.

And the Question being put by the Clerk, the Members divided and, the votes being equal, the Clerk declared that no Election had been held.

And the Clerk having left his Seat at the Table, the Members then dispersed.

21. Report by the Minister of Justice, Sept. 29, 1892.

DEPARTMENT OF JUSTICE, CANADA,
OTTAWA, 29th September, 1892.

To His Excellency,

The Governor-General in Council.

The undersigned has the honor to report as follows on Ordinance No. 1 of 1891-92 of the Legislature of the North-West Territories (assented to on the 24th December, 1891) intituled "An Ordinance respecting the Executive Government of the Territories."

The subject of which this Ordinance treats ("The Executive Government of the Territories") is regulated by "The North-West Territories Act" of the Parliament of Canada and the Acts in amendment thereof, and, in the view of the undersigned, the Parliament of Canada is paramount in authority as to all matters respecting that subject, and is indeed the only authority which can regulate and define the mode of government which is to exist in the Territories.

It follows from this that an Ordinance which goes beyond the mere regulation of detail and which is not entirely in subordination to the Acts of Parliament, or which limits or extends the powers and responsibilities of the Lieutenant-Governor as established by those Acts is, so far, *ultra vires* of the Legislature of the Territories.

By Section 4, Sub-section 2, of Chapter 50 of the Revised Statutes of Canada, "The North-West Territories Act," it is provided that "The Lieutenant-Governor shall administer "the Government under instructions from time to time given "by the Governor-in-Council or by the Secretary of State of "Canada."

This principle has been modified by two Statutes.

By Chapter 19 of 1888, Section 13, it is provided as follows:—

"The Lieutenant-Governor shall select from among the "elected Members of the Legislative Assembly four persons to "act as an Advisory Council on matters of finance, who shall "severally hold office during pleasure: and the Lieutenant-Governor shall preside at all sittings of such Advisory Council and have a right to vote as a member thereof, and shall "have also a casting vote in case of a tie."

By Chapter 22 of 1891, Section 6, sub-section 12, the Legislative Assembly is authorized to make Ordinances relating to (among other things).

"The expenditure of Territorial funds and such portion of "any moneys appropriated by Parliament for the Territories "as the Lieutenant-Governor is authorized to expend by and "with the advice of the Legislative Assembly or of any Committee thereof."

There is reason for believing that it was intended, in passing this latter enactment, (Chapter 22 of 1891) to repeal Section 13 of Chapter 19 of 1888, and to leave matters of expenditure to be regulated by the Assembly, or by a committee thereof, under the Section just quoted.

It was suggested to the Lieutenant-Governor that it would not be difficult to make the two Sections above cited harmonize and that the Legislature would, of course, keep in view both provisions in framing any Ordinance under the Act of 1891, and that, if a Committee of the Assembly should be chosen by that body to deal with matters of expenditure, His Honor might constitute that Committee his Advisory Council, under the Act of 1888, if the numbers corresponded, as they might well do.

At all events, the Parliament of Canada has vested the Executive Government of the Territories in the Lieutenant-Governor, acting under instructions from Your Excellency in Council, or from the Secretary of State, with an Advisory Council on matters of finance, (under Section 13 of Chapter 19, 1888), or a committee under Chapter 22 of 1891, composed of members of the Legislative Assembly.

Possibly the enactment of 1891 may be regarded as authorizing the Assembly to make an Ordinance to establish a Committee having powers to deal with matters of expenditure, instead of the Advisory Council.

In any case, the functions of the Advisory Council under the Act of 1888, or the committee under the Act of 1891, are limited to matters of finance and expenditure.

The Ordinance under review, however, contains the much more extensive provisions that "There shall be a Committee "to aid and advise in the Government of the Territories so far "as the same is vested in the Lieutenant-Governor and the "Legislative Assembly."

This Committee, according to the Ordinance, is to consist of four persons, at least, chosen by the Lieutenant-Governor from the members of the Legislative Assembly.

They are to advise him on all matters connected with his duties of office, and not merely on matters of finance and expenditure.

In the opinion of the undersigned, this Ordinance is *ultra vires* of the Legislature of the Territories excepting in so far as it may be considered and construed to be an Ordinance in relation to "The expenditure of Territorial funds and such portion of any moneys appropriated by Parliament for the Territories as the Lieutenant-Governor is authorized to expend by and with the advice of the Legislative Assembly or of any committee thereof."

If given any wider effect, it would conflict with the provisions of "The North-West Territories Act" and the amendments above cited, as it would imply that the Lieutenant-Governor is to administer the Government as to all matters, according to the advice of the Executive Committee according to the Ordinance.

The undersigned is informed that an intimation was conveyed to the Lieutenant-Governor, while the Ordinance was under consideration by the Legislature, that this opinion was held by Your Excellency's Advisers, and that the Ordinance interpreted otherwise, would be beyond the powers of the Legislature, but that His Honor was pleased to give the Ordinance his assent: and the undersigned is further informed that His Honor was advised that the Ordinance could not be recognized as having any validity or effect other than that before mentioned, and that he would be expected to conform to the Statutes of Canada in all matters relating to the Government of the North-West Territories, and could not be relieved from responsibility by the circumstance of his having advisers on the general affairs of Government under the Ordinance in question.

This being the case, it has not been considered necessary to advise Your Excellency to disallow the Ordinance, although, in the view of the undersigned, it requires to be amended in order that confusion and misinterpretation be avoided.

It will probably be sufficient that the expression of opinion contained in this Report, if it should meet with Your Excellency's approval, be conveyed to His Honor.

The undersigned has, therefore, to recommend that a copy of this Report, if approved, be transmitted to His Honor the

Lieutenant-Governor of the North-West Territories, together with a copy of the Minute approving the same.

Respectfully submitted,

(Signed) JOHN S. D. THOMPSON,
Minister of Justice.

*22. Speech from the Throne by Lieutenant Governor Royal,
Sept. 16, 1893.*

Gentlemen of the Legislative Assembly:

As this is the last public occasion upon which I may expect to meet you, allow me to say that, in resigning the administration of the Government of the Territories into the hands of my successor, I shall do so with mingled feelings of regret and satisfaction.

I shall regret to leave you because I have never failed, even under trying circumstances, to receive at your hands the loyal treatment due to the representative of Her Majesty, notwithstanding the fact that at times our duty appeared to lie in opposite directions.

It was mine to carry into effect what I considered to be the Law, as laid down by the Parliament of Canada, for regulating your share of responsibility in the administration of public affairs, and, whilst you claimed to exercise a more complete control over the expenditure, that Law placed me in a somewhat invidious position of appearing to oppose the popular requests. Notwithstanding this controversy, no unpleasantness ever arose between me and the Assembly.

When on the 4th July, 1888, I was sworn in as Lieutenant-Governor of the North-West Territories, the functions of that office were as totally different from those of the Lieutenant-Governors of the Provinces, as they will be from those to be performed by my successor. I was responsible to the Privy Council of Canada alone for all executive acts done in the Territories. The Assembly had hardly a voice in the Government of the Country and the Lieutenant-Governor was practically a Political Commissioner under whose direct supervision and authority the affairs of the Territories were conducted and administered.

Now all this has been materially changed and hence my satisfaction.

The Legislature to-day practically enjoys the rights and privileges of self government. Let me congratulate you sincerely upon the wisdom and discretion you have displayed in undertaking your new and important duties.

My satisfaction is further derived from the fact that these Territories are at the present time enjoying a measure of peace and prosperity unsurpassed, if not unequalled, by any other portion of the Dominion of Canada. In this happy condition of affairs, for which we have to thank the Divine Providence, I now take leave of this Assembly.

6. The Attainment of the Provincial Status.

1. Extract from a Motion by Mr. Frank Oliver in the Council of the N.W.T., July 29, 1884.⁽¹⁾

5. That while the location and boundaries of the different Provisional or Postal Districts in the North-West make those districts well suited for erection into Provinces some time, it is not advisable at present to separate them from each other and place each one under the control of a Petty Provincial Parliament.

2. Letter from Lieutenant-Governor Forget to the Secretary of State, July 20, 1900.

GOVERNMENT HOUSE,
REGINA, July 20, 1900.

The Honourable,
THE SECRETARY OF STATE,
Ottawa, Ont.

SIR,—I have the honour to transmit herewith for submission to His Excellency the Governor General, an Address passed by the Legislative Assembly of the Territories, on the second day of May last, signed by the Speaker.

I have the honour to be, Sir,
Your obedient servant,

A. E. FORGET,
Lieutenant Governor.

¹ Journals of the Council of the N.W.T., 1884.

5. Memorial from Legislative Assembly, N.W.T., to Dominion Government, May 2, 1900.

To His Excellency the Right Honourable Sir Gilbert John Eliot Murray-Kynynmond, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the most Distinguished Order of St. Michael and St. George, etc., etc., Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY—

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the North-West Territories of Canada, in Session assembled, humbly approach Your Excellency for the purpose of representing—

That by The British North America Act 1867 it was (amongst other things) enacted that it should be lawful for the Queen, by and with the advice of Her Majesty's Most Honourable Privy Council, on Address from the Houses of the Parliament of Canada, to admit Rupert's Land and the North-Western Territory, or either of them, into the Union on such terms and conditions in each case as should be in the Addresses expressed and as the Queen should think fit to approve subject to the provisions of the said Act;

That by an Address from the Houses of the Parliament of Canada, Her Majesty was prayed to unite Rupert's Land and the North-Western Territory with the Dominion of Canada.

That in order to further the petition of the Parliament of Canada, Her Majesty, under the authority of The Rupert's Land Act 1868, accepted a Surrender from the Governor and Company of Adventurers of England trading into Hudson's Bay of all the lands, territories, rights, privileges, liberties, franchises, powers and authorities whatsoever granted or purported to be granted by certain Letters Patent therein recited to the said company in Rupert's Land;

That in the said Address it was represented to Her Majesty, as a reason for the extension of the Dominion of Canada westward, that the welfare of the population of these Territories would be materially enhanced by the formation therein of political institutions bearing analogy, as far as circumstances

will admit, to those which existed in the several Provinces then forming the Dominion;

That the Houses of Parliament of Canada by their said Address expressed to Her Majesty their willingness to assume the duties and obligations of government and legislation as regards these Territories;

That in pursuance and exercise of the powers vested in the Queen by the aforesaid Acts, Her Majesty, by and with the advice of Her Most Honourable Privy Council, ordered and declared that from and after the fifteenth day of July, 1870, Rupert's Land and the North-Western Territory should be admitted into and become part of the Dominion of Canada, and granted power and authority to the Parliament of Canada to legislate for the future welfare and good government of these Territories;

That by The British North America Act 1871 the Parliament of Canada was further given power from time to time to make provision for the administration, peace, order and good government of any Territory not for the time being included in any Province;

That under the several authorities so given the Parliament of Canada has created political institutions in these Territories bearing a close analogy to those which exist in the several Provinces of the Dominion;

That by the Confederation compact the Provinces which formed the Dominion on the fifteenth day of July, 1870, were furnished with the means of carrying on local self-government upon certain well defined bases;

That the Territories being an integral part of the Dominion, and having had imposed upon them the duties and obligations incidental to the political institutions which have been given to them, and which said duties and obligations the Parliament of Canada has declared its willingness to assume, are entitled to such Federal assistance for their maintenance as will bear due proportion and analogy to that given to other portions of the Dominion for similar purposes;

That repeated representations have been made in various ways to the Government of Canada with a view to obtaining just and equitable financial assistance towards providing for the proper and effective administration of local affairs in the Territories and for the public necessities of their rapidly increasing population;

That such representations have been met by intermittent and insufficient additions to the annual grant, the provision so made by the Parliament of Canada never bearing any adequate proportion to the financial obligations imposed by the enlargement and development of the political institutions created by itself;

That it is desirable that a basis should be established upon which the claims of the Territories to suitable financial recognition may be settled and agreed upon;

That we do therefore most humbly pray that Your Excellency will be graciously pleased to cause the fullest inquiry to be made into the position of the Territories, financial and otherwise, and to cause such action to be taken as will provide for their present and immediate welfare and good government, as well as the due fulfilment of the duties and obligations of government and legislation, assumed, with respect to these Territories, by the Parliament of Canada;

And furthermore that, by The British North America Act 1871, it was (amongst other things) enacted that the Parliament of Canada may from time to time establish new Provinces in any Territories forming for the time being part of the Dominion of Canada but not included in any Province thereof, and may, at the time of such establishment, make provision for the constitution and administration of . . . such Province, we do therefore most humbly pray that Your Excellency will be also graciously pleased to order inquiries to be made and accounts taken with a view to the settlement of the terms and conditions upon which the Territories or any part thereof shall be established as a Province, and that, before any such Province is established, opportunity should be given to the people of the Territories, through their accredited representatives, of considering and discussing such terms and conditions.

All which we humbly pray Your Excellency to take into Your Excellency's most gracious and favourable consideration.

WILLIAM EAKIN,

of the North-West Territories.*

4. Letter from Secretary of State's Department to Lieutenant-Governor Forget, July 25, 1900.

DEPARTMENT OF THE SECRETARY OF STATE,
OTTAWA, July 25, 1900.

His Honour,

The Lieutenant Governor of the North-West Territories,
Regina, N.W.T.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant, transmitting for submission to His Excellency the Governor General, an address passed by the Legislative Assembly of the Territories, on the Second day of May last, and to state that the matter shall receive attention.

I have the honour to be, Sir,

Your obedient servant,

B. PELLETIER,
Acting Under Secretary of State.

5. Letter from Premier Haultain to Minister of the Interior, Jan. 30, 1901.

OTTAWA, January 30, 1901.

The Hon. CLIFFORD SIFTON,
Minister of the Interior,
Ottawa, Ont.

SIR,—Following up the discussion between you, Mr. Ross and myself, on the subject of the North-West Assembly Memorial of the Second of May last, I now beg, agreeably to your request, to make a further statement in writing. The Memorial, while leading to definite constitutional changes, approaches the subject from the financial point of view and points out how, in the opinion of the Legislature, our legislative jurisdiction and administrative responsibilities have been enlarged and increased out of all proportion to the means placed at our disposal. I need not enlarge on this side of the question, as it has already been placed very fully before you in the financial statements furnished to you for the past two years by my colleague Mr. Ross. While financial embarrassments rather than constitutional aspirations have led the North-West Government

and Legislature to discuss the provincial status I think that sufficient practical reasons can be given for the early establishment of provincial institutions in the West.

We have a rapidly growing population, much larger, as the census will show, than that of British Columbia ten years ago, and than that of Prince Edward Island today; a population trained to the exercise of powers of self-government falling a little short only of those enjoyed by the Provinces. For nearly thirteen years the North-West Legislative Assembly has been occupied with founding local institutions and a body of laws suitable to the condition and circumstances of the country. Our parliamentary vote is apparently incapable of expansion at all in proportion to the needs of a rapidly developing country and our powers circumscribed as they are by the necessities of our present anomalous constitutional position, falls short just at the point where further progress demands their exercise.

The Territories have arrived at a point, where, by reason of their population and material development, the larger powers and larger income of a Province have become necessary. I have already in former communications pointed out to you how our limited powers are still more limited by the reservation of subjects such as the Land Titles law, the administration of the Criminal law and the control of the public domain. It is undoubtedly in the interest of any Province or Provinces hereafter to be established, that the important questions surrounding the subject of the public domain should be settled at once, and before any more of the public lands of the Territories are alienated from the Crown.

For these and other reasons which need not be advanced at length, I would ask you to urge the earliest possible action on the part of the Government on the lines suggested and with the object proposed by the Assembly Memorial.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN

*6. Letter from Minister of the Interior to Premier Haultain,
Mar. 21, 1901.*

DEPARTMENT OF THE INTERIOR,
OTTAWA, March 21, 1901.

HON. F. W. G. HAULTAIN,
Regina, Assa.

SIR,—Referring to your communication of the 30th January, and the conversations which I had with yourself and Mr. Ross in Ottawa, I may say that I realise very fully the difficulties of the position in which the Government and Legislative Assembly of the North-West Territories are placed, and I admit that there is very much in the suggestions which are made in your letter and in the memorial regarding the necessity of a change in the constitutional and financial position of the Territories.

Without at the present moment committing myself to any positive statement I am prepared to say that the time has arrived when the question of organising the Territories on the Provincial basis ought to be the subject of full consideration. It would appear to me that the better way of bringing the matter to a more definite position would be to arrange for a conference upon the subject between the representatives of your Government and a committee of Council representing the Federal Government. I shall be pleased to bring about arrangements for such a conference at any time that is mutually convenient.

Yours faithfully,

CLIFFORD SIFTON.

*7. Letter from Premier Haultain to Minister of the Interior,
Mar. 30, 1901.*

REGINA, March 30, 1901.

THE HON. CLIFFORD SIFTON,
Minister of the Interior,
Ottawa, Ont.

SIR,—I duly received your letter of the 21st instant, from which I was pleased to learn that you are of opinion that the

time has arrived when the question of organizing the Territories on the Provincial basis ought to be the subject of full consideration, and I will be glad to arrange for a conference upon the subject between representatives of the Territorial Government and the Privy Council at the earliest date convenient to you. The Legislative Assembly has been summoned for the second day of May and, while it would be impossible for us to be absent during the six weeks following that date, I think that it would be well that the discussion should be advanced as far as possible before the Legislature meets.

Yours faithfully,

F. W. G. HAULTAIN,
Attorney General.

S. Letter from the Minister of the Interior to Premier Haultain, April 5, 1901.

DEPARTMENT OF THE INTERIOR,
OTTAWA, April 5, 1901.

Hon. F. W. G. HAULTAIN,
Regina, Assa.

Dear Mr. HAULTAIN,—I have your letter of the 30th ultimo. I regret to say that with every desire to advance the discussion of matters relating to the status of the Territories I fear that it will be totally impossible for us to have a meeting before your legislature assembles. The latter portion of the Session of Parliament here finds all the Members of the Government extremely busy, and it would be hopeless to expect from them that mature and careful consideration of the various and important subjects which will require to be debated and settled in connection with the establishment of the Territories as a Province or upon a Provincial basis. I think I shall therefore be compelled to ask you to defer the discussion until after Parliament has prorogued.

Yours faithfully,

CLIFFORD SIFTON.

Dec. 7, 1901.*

EXECUTIVE COUNCIL,

REGINA, December 7, 1901.

The Right Honourable

Sir WILFRID LAURIER, G.C.M.G.,

President of the Council,

Ottawa, Ont.

SIR.—In response to the request made by the sub-committee of the Privy Council convened to consider the matters referred to in the Address to His Excellency the Governor General in Council presented by the Legislative Assembly of the Territories pursuant to Resolutions adopted on the Second day of May, 1900 (a copy of which is attached hereto), I have the honour to submit, on behalf of the Government of the Territories, the following statement of the present position as it appears to us, together with such remarks as seem to be necessary to properly set forth the reasons which led the Assembly to request that enquiries be made and accounts be taken with a view to the establishment of provincial institutions within that portion of the North-West Territories lying between the Provinces of Manitoba and British Columbia.

For a number of years back the attention of the Dominion Government has annually been directed to the necessities, financial and otherwise, of the Territories, in the estimates submitted through the Honourable the Minister of the Interior. Occasion has always been taken to set forth, as briefly as possible but necessarily with some considerable detail, the difficulties met with in the administration of affairs in the Territories. The documents submitted, I understand, were presented to Parliament during its last session so that their tenor will no doubt be familiar to you, and it will not be required that the matters they dealt with shall be repeated here. Put in the briefest possible form the position is simply this: The population of the Territories has been and is increasing so rapidly as the result of the efforts put forth by the Immigration Branch of the Interior Department that the means at the command of the Territorial Government are far from being sufficient to enable it to properly administer the affairs of the country. The increase in the population has increased our work and expenditures by a rate far greater than can be measured by the mere increase

in the number of the people. Immigration in other parts of the Dominion has resulted largely in adding only to the population in settlements and towns previously in existence: in the Territories it is not so. New settlers in the North-West seem desirous to pass by the settlements already opened up and to become pioneers in districts removed as far away as practicable therefrom. The new settlements are too small and the settlements are too widely scattered to bear the burdens which necessarily go with the opening up of a new country, and the fact cannot be disguised that they must be assisted to do so if the people are to become contented and prosperous, or even retained in the country. Bridges or ferries must be provided where it is necessary to cross rivers to reach market points. Where difficulty is met with in procuring an adequate water supply the Government has found it necessary to procure and operate machinery at considerable expense in order to sink public wells, or—as has been found practicable in some districts—to construct reservoirs in valleys or other natural depressions in order to conserve the surface water for the use of stock and even, in some instances, for domestic purposes. Wherever water courses run in the Territories the valleys are deep, the banks being often precipitous. These have the effect of rendering the ordinary road allowances, as laid down by the Dominion lands system of survey, impossible. They cannot be travelled and new roadways have to be provided, generally at considerable expense for right of way and construction. These are but a few of the difficulties which the Government of the Territories is called upon to find a means of ameliorating. There are others which it would appear to be needless to take up your valuable time by enumerating in detail, as it may be said they are all of the same character, being hindrances and drawbacks to the settlement of the country. In the older settled districts other difficulties arise. Where the people have advanced beyond the pioneer stage they often find themselves handicapped for lack of proper transportation facilities in order to place their produce upon their markets. Roads may be made, but when grain and dairy produce have to be hauled twenty, thirty and at times a greater number of miles in order to reach a market or shipping point no matter how good the road may be the return for the farmer's labour and use of his capital will show a tendency to pass the vanishing point.

It is thought that sufficient has been said to indicate to you the position in which the Government of the Territories finds

itself. In addition to the work of administration which devolves upon all governments, there is a constant—and hitherto, it must be admitted, lamentably ineffectual—struggle to keep pace with the work caused by the rapid development of the country by reason of the great increase in the population. It may be thought that the people ought to do this work for themselves, as to them will accrue the benefits, but whilst I am disposed to agree to the general proposition that, under ordinary conditions, the question of the provision of what may be called local public improvements is a matter of purely local and sectional concern, yet I am confident that you will readily recognize that the conditions at present existing in the Territories are far removed from being ordinary. After the subsidence of the first movement of people into the Territories consequent upon the completion of the Canadian Pacific Railway, the influx of population for a number of years did not proceed at the rate so noticeable of late, and no very great difficulties were met with in dealing with the conditions as they then existed. With the means provided in those days the Government was in an infinitely better position than is the case now, notwithstanding the fact that the grants made by Parliament for Government in the Territories have been materially increased upon the representations made to the Dominion Government from time to time. The public necessities are not created so much by the mere fact that thirty, forty or even fifty thousand people may be added to the population in any one year; but rather to the certainty that nearly every small group of new settlers, united by any tie whatever, means practically the opening up of a new settlement. We have no congested communities in the Territories. In some districts the land available for homestead purposes has practically all been taken up, but they are very few in number and extremely limited in area, and there is no evidence of any disposition amongst the people now coming to us to locate in districts already settled. I do not desire to press this point unduly, and I think that it will be made abundantly clear by a brief consideration of the following statement respecting the number of school districts and the annual increase during the past few years:

From the date of the passage of The
School Ordinance in 1884 to the
end of 1896, school districts were
organised to the number of..... 436

At the end of 1897 there were....	457	an increase of	21
“ 1898 “	480	“	23
“ 1899 “	524	“	44
“ 1900 “	576	“	52
At the present time, besides 35 districts in process of erection, there are.....	649	“	73

These figures give some idea of the number of new settlements that have been opened up within the past five years though it is not intended to convey the impression that the school districts represent all the settlements in the country, as there are a number, mostly opened up but recently, where the pressure of the struggle for mere existence has prevented any attempt being made to establish schools, notwithstanding the efforts of the local Government in that direction.

I have spoken of the number of the settlements in the Territories, and, as I have said, these are not only small for the greater part and far removed one from the other, but the people themselves are scattered widely. In very few districts have the people begun to emerge from what may be referred to as the pioneer form of existence, and the creation of anything but the simplest and most elementary organisations amongst them is impracticable. We have however, succeeded in bringing such organisations into existence, notably in our school districts and local improvement districts. Through their means we have been enabled to call upon the people for all that it is possible to expect of them. Further additions to the public taxation might possibly be made, but good and sufficient reasons exist why they should not. In the first place, it would be calculated to militate against the work of the Dominion Government in seeking to induce people from other lands to come and settle down amongst us. After all is done and said the real and most successful immigration agent is the contented settler, and a heavy rate of taxation, no matter how necessary, is not calculated to satisfy the man who is struggling to make a home in this undeveloped country. Then again, to require the people of the Territories to carry on the work of opening up and developing the country would not be to treat the early settlers in the North-West in the manner in which the people of the older Provinces have been treated. I need hardly remind you that on the completion of the Confederation of

the Provinces of Upper and Lower Canada, Nova Scotia and New Brunswick, the new Dominion immediately found itself in the possession of a debt amounting to \$93,000,000 of which sum only about \$17,000,000 could be shown to be represented by assets in any form or at any value whatever. It would be difficult at this date to state with any degree of certainty in what manner and for what purposes the Provinces originally forming the Confederation had created the debts they transferred to the Dominion, but I can refer you to the statement of Mr. (afterwards Sir) Alexander Galt, the Finance Minister in the last Government of the old Province of Canada, made in his speech upon the discussion of the Quebec resolutions. Mr. Galt, in presenting the financial aspect of the confederation question to the House, said:

“ It is necessary for us to review the liabilities of each Province, the reasons why they were incurred, the objects which have been sought. In doing so, the House will not fail to remark that the same policy has animated the Legislature of all the Provinces, or perhaps I should speak more exactly in saying those of Canada, New Brunswick and Nova Scotia. The public debt of all these Provinces has, with some slight exceptions, been incurred for public improvements, intended to develop the resources of the country to attract immigration and wealth to their respective shores, to cheapen the means whereby the products of their farms were to be taken to market, and to reduce the cost of freight of articles which enter largely into the consumption of their inhabitants.”

This statement appears to have passed without contradiction, and it may therefore be accepted that some considerable portion of the net debt of Canada on July 1, 1867, amounting to \$75,728,641, has been created by expenditures for the purposes described by Mr. Galt. This debt is still unpaid, and its cost is borne by every person in Canada who contributes in any form to the revenue of the Dominion, whether he resides within the boundaries of the Provinces for whose benefit the money borrowed was expended, or elsewhere. These provincial debts, too, it must not be forgotten, represent expenditures made over and above the expenditures rendered possible by the public revenues. You will, I trust, pardon me if I press your attention to the different manner in which the Dominion

looks upon the development of the North-West. All our public revenues go to swell the Consolidated Fund of Canada, our public domain is employed for purely Federal purposes, and we are not permitted to draw on the future. Our revenues are rigidly limited for all practical purposes by the grants annually made by Parliament for "Government of the North-West Territories," and we are not even entrusted with the expenditure of the whole amount of that sum. The grants made have never been considered from the view point of the requirements of the Territories. Carefully and economically prepared estimates of the cost of public requirements have been annually forwarded to Ottawa, but provision has never yet been made for the actual and crying necessities of the country. Last January we asked for a grant of \$600,000, based upon closely considered details. Parliament met the request by appropriating the sum of \$357,979 to meet the case. As a result, from one end of the country to the other complaints are rife as to lack of transportation facilities—roads, bridges, ferries, drains and other similar necessities—to permit not only old settlers to travel, but to enable new settlers, brought into the country by Dominion officials, to reach the locations to which their attention had been directed and which had been selected for their future homes. Expenditures, and large expenditures, too, are as urgently and imperatively required in the North-West today for "public improvements," "to develop the resources of the country," "to attract immigration" without speaking of "wealth," "to cheapen the means whereby the products of the farm are to be taken to market," as they ever were in the old Provinces of Canada, Nova Scotia or New Brunswick, and it does not seem at all inappropriate, in view of the circumstances, that Canada should provide the money for these purposes, for it is Canada at large, and not the North-West in particular, that will most benefit by the attraction of desirable immigrants to the country.

One other objection to the introduction of a sufficiently heavy rate of taxation to meet the general public requirements is found in the fact that the cost of a large number of the public works we are now constructing should properly be chargeable to capital expenditure. As we have no capital account, having no power or authority to utilise the public credit in any way, we are compelled to devote an unreasonably large part of our limited annual income towards defraying the cost of such

works, instead of spreading the expenditure over a term of years. You will at once perceive that it would be an undoubted hardship upon the people who are now here were they required to tax themselves for the cost of such works. They would not only be compelled to bear the cost of rendering the country habitable for themselves, but at the same time to develop it for the benefit of those who are yet to come instead of being enabled to place part of the cost upon those who will benefit by the results of the expenditure. Besides, such works not only serve the purpose of providing public conveniences and improvements, but every dollar spent upon them enhances the value of the lands held for various corporations by the Dominion Government and which do little or nothing to assist in the work. This is felt to be a public grievance but is one which I am glad to learn, the Government is making an earnest endeavour to remove as far as is at present practicable.

Our financial difficulties, though the most serious which we have to meet, are not the only ones, nor are they more pressing or important in their bearing than others to which I have the honour to direct your attention. I will be brief in doing so though I have no desire to minimise their importance. They might for the purpose of consideration be divided into two classes, those, namely, which relate to our administrative work and those others which relate to our legislation, but having pointed out that possible distinction I do not think it will be necessary to deal with the questions involved in detail. The North-West Territories Act, by which our constitutional powers are defined, derives its authority from that section of The British North America Act 1871 which gives to the Parliament of Canada power to make provision for the "administration, peace, order and good government" of the Territories. Under that authority from time to time, step by step, power by power, and in keeping with the spirit of the representations made to Her late Majesty by Parliament when the intervention of the Imperial authorities was sought in order to have Rupert's Land brought into the Dominion, Parliament has built up in the Territories "political institutions bearing analogy, as far as the circumstances" probably admitted, to those which existed in the several Provinces forming the Dominion in 1867. Section 92 of The British North America Act 1867 and Section 13 of The North-West Territories Act as it has been amended from time to time run along almost identical lines, but there

are omissions in and additions to The North-West Territories Act which for many purposes render futile the powers which it professes to give. I might instance the power given to the Assembly by the Act to pass Ordinances with respect to "property and civil rights." In the face of the enactment by Parliament of The Land Titles Act 1894 it will be realised that with respect to land, which forms by far the most visible form of "property" in the North-West, the Legislative Assembly is powerless. With respect to the administrative difficulties created by our Territorial position I will do no more than refer to the fact that public necessities and the exigencies of the case have required us to practically duplicate much of the administrative work now being carried on for the Territories by the Dominion, and will refrain from doing more than instancing the work called for in the administration of justice as a case in point.

The impossibility of continuing the present system upon its present basis must be self-evident. On the one hand, our limitations—rigidly fixed by Parliament in some instances and equally firmly placed by circumstances in others—preclude our doing for ourselves the things that ought to be done, and, on the other hand, Parliament makes no effort to assist us with even an approximate degree of adequacy. I have spoken of the work to be done by the Government of the Territories as being "ours," but I am satisfied that you realise as fully as we do that the work is only ours to do, as the doing of it and whatever may be accomplished when it is done will all redound to the credit and be for the benefit of Canada. We have been moderate in our requests for means to carry on the work given to us to do, and the successive annual failures of Parliament to meet the requirements have now brought us face to face with accrued public necessities far and away beyond our means to cope with. The Legislative Assembly has prayed that His Excellency will be pleased to make inquiry into the position of the Territories and to cause action to be taken to provide for their present and immediate welfare and good government. What can be done? In the first place I have to assure you that the present condition of the Territorial Treasury demands that a sum of not less than \$465,000.00 be available before the close of the current Dominion fiscal year in order to enable us to even attempt to perform our public duties during the first half of 1902. Towards that sum Parliament has already made an appropriation out of which \$178,989.50 will be available

and which we may possibly be able to increase by \$35,000.00 from other sources. We thus have a depleted Treasury to meet a deficit which in six months from now will amount to at least \$250,000.00. We can only look to Parliament for this money. It is not possible for us to obtain it here or advisable to make any attempt to do so. The public work must go on, and the longer it does so under existing conditions the further behind will we fall. This position is not one upon which either the Government or the Legislative Assembly of the Territories can look with equanimity, and I am convinced that once it is realised by the Dominion Government it will not be permitted to continue. Neglect to furnish prompt relief cannot but have the effect of neutralising the efforts of the Dominion to people the Territories, and it does not seem to us to be probable that Parliament, after making generous provision for carrying on the work of inducing immigration to the Territories will be niggardly in providing for assisting to retain the people so brought here.

Granting that the foregoing statement has the effect which we earnestly trust it will have, and that we shall receive your assurance that our present financial necessities will be relieved as soon as Parliament can be asked to make the necessary provision therefor, what then? How shall the future requirements be met? From official announcements made on different occasions we are led to the belief that there are good prospects of larger and more extensive movements of people towards the North-West than any yet seen. Will Parliament continue to provide the means for carrying on the work we know to be necessary, making increases in the grants made for the purpose bearing some proportion to the increases in the numbers of the people coming to us, as well as capital to permit development work to be carried on? If so, well and good. The Legislative Assembly has suggested that the time has arrived when some consideration be given to this question, and by its Address before cited has asked that "inquiries be made and accounts taken with a view to the settlement of the terms and conditions upon which the Territories or any part thereof shall be established as a Province." This request is made in the belief that such an inquiry will make it clear that the establishment of a Province in the Territories upon equitable terms will relieve the Dominion of any necessity for annually considering Territorial questions. It is thought that the time is opportune for looking into this matter. Our official machinery

is now upon a working basis and it does not appear that any disturbance of equilibrium can result from the operation of the increased powers and added duties that will follow the change. The present tentative nature of much of our legislation and some of our public institutions can be amended by the introduction of measures tending to place them upon a permanent footing, which work can be better done in the near future than at a time when the weakness and ineffectiveness of much of our work, due to causes already referred to, have had time to create public dissatisfaction and uneasiness. During the consideration which I have no doubt will be given to this part of the prayer of the Legislative Assembly, there are some matters which we respectfully submit, should receive most careful and thorough examination. It goes without saying that the principles of The British North America Act will form the basis of the constitution of any Province created. We seek for no advantages over any other Province, and we do not anticipate that we will be denied any privileges given elsewhere. After giving some earnest thought to the matter of presenting this part of the subject as desired by the sub-committee of the Privy Council, I have concluded that I cannot do so in any better manner than by submitting the views of the Executive Council of the Territories in the form of a draft Bill, in which the several points we would like to have brought to an issue are duly set forth, making such comment upon the principles involved as occurs to me in connection with each section or group of sections, and from this point onwards this communication will take the form thus indicated.

An Act to Establish and Provide for the Government of the Province of

His Majesty by and with the advice and consent of the Senate and House of Commons of Canada enacts as follows:

1. On, from and after the first day of January, 1903, that portion of the territory known as Rupert's Land and the North-Western Territory admitted into the Union or Dominion of Canada by Her Majesty Queen Victoria by and with the advice and consent of Her Majesty's Most Honourable Privy Council by Order bearing date the twenty-third day of June, 1870, under the authority of the 146th section of The British North America Act 1867, described as the Provisional Districts of Assiniboia, Saskatchewan and Alberta as the said districts are defined by Orders of His Excellency the Governor General of the Dominion of Canada made in Council on the eighth day

of May, 1882, and the second day of October, 1895, respectively, and that portion of the Provisional District of Athabasca, as the said district is defined by Order of His Excellency the Governor General of the Dominion of Canada made in Council on the eighth day of May, 1882, and the second day of October, 1895, respectively, lying to the south of the fifty-seventh parallel of north latitude, shall be formed into and be a Province which shall be one of the Provinces of the Dominion of Canada and which shall be called the Province of

MEMO.—In considering the question of the area to be included in this Province it may be claimed that the area proposed is too large for one Province. In this connection it should first be noted that the proposed area when compared with several of the other Provinces of the Dominion stands as follows:—

Quebec	347,000 square miles.
Ontario	220,000 " "
British Columbia	383,000 " "
Proposed Province	404,000 " "

From this comparison it will be noted that the proposed Province contains an area considerably larger than that contained in either of the three other Provinces mentioned, but it must be remembered that a large portion of the district of Athabasca and of the northern and eastern portion of Saskatchewan proposed to be included in the new Province will never, owing to situation or physical features, or both, contain anything more than a very small and scattered population. The area which it is proposed to include in the new Province is practically the area administered by the present Territorial Government and the experience of the past few years has indicated that there is no difficulty in properly administering the area from one centre.

The present cost of the Government "machine" in the Territories is proportionately much less than in the older Provinces above mentioned and although the full provincial powers will bring with them added duties and necessitate extensive additions to some of the present Territorial departments, these additions can easily be made and the departmental machinery extended to cover these services.

Our present cost of Government only amounts to ten per cent of the annual Territorial expenditure, which is much less than the percentage of charge for this service in the older Provinces and indicates that the present machinery of Government is well suited to the requirements of the country and can be extended much more cheaply and satisfactorily than any new Government departments can be organised.

The people in the provisional districts now administered by the Territorial Government, and which it is recommended should form the new Province, are well acquainted with and satisfied with the present Territorial laws and their administration, and there certainly does not seem anything to gain from a multiplication of Governments in the area proposed to be created into a Province.

The area in question, of course, contains much diversity of climate, soil, and other physical conditions which render it difficult to legislate in such a manner as to make the laws equally suitable to all portions, but no matter what division of the Territories might be made this condition would still exist and these difficulties have been fully realised and provided for in the existing Territorial laws.

2. On, from and after the said first day of January, 1903, the provisions of The British North America Act 1867, except those parts thereof which are in terms made or by reasonable intendment may be held to be specially applicable to or to affect only one or more but not the whole of the Provinces under that Act composing the Dominion, and except so far as the same may be varied by this Act, shall be applicable to the Province of _____ in the same way and to the same extent as they apply to the several Provinces of Canada and as if the Province of _____ had been one of the Provinces originally united by the said Act

MEMO.—This is the provision adopted on the incorporation of each of the Provinces since the Union.

3. The said Provinces shall be represented in the Senate of Canada by four members until it shall have according to decennial census a population of two hundred and fifty thousand souls and from henceforth it shall be represented therein by

five members and thereafter for each additional increase in population of fifty thousand souls according to decennial census there shall be an increase of one member in its representation until it is represented by twenty members.

MEMO.—This provision partially assumes a basis of representation by population which is not the usual basis for an upper chamber, or the basis applied at Confederation, but it was the basis adopted with certain limitations when Manitoba was formed, two members being given for the then population of 17,000 to be increased to three for a population of 50,000 and the ratio for subsequent representation being fixed for 25,000, practically one-half the ratio in the present instance from the commencement. The maximum number is reasonable on the basis of representation fixed by the Confederation Act, by which the country was divided into districts not equal in area or population but representative of different interests. The prairie portion of the country consisting of Manitoba and the proposed province comprises a division of the country as different in conditions and interests from the other portions of the country as the divisions under the Confederation Act, and the representation under this Act and the Manitoba Act would give it the same representation as each of the other divisions, while the limitation of twenty as compared with Manitoba's four seems reasonable on comparison of the areas and probable future populations.

4. The said Province shall be represented in the first instance in the House of Commons of Canada by ten members and for that purpose shall be divided by Act of Parliament or by Proclamation of the Governor General into ten electoral districts each of which shall be represented by one member: Provided that on the completion of each decennial census hereafter the representation of the said Province shall be readjusted according to the provisions of the fifty-first section of The British North America Act 1867.

MEMO.—By the Manitoba Act passed in 1870 Manitoba was given a representation of four members in a House to be elected in two years. The census taken in the following year showed a population of 18,995, which would have en-

titled her to one member. In 1881 the population had increased to 62,260, entitling her to three members. British Columbia, admitted in 1871 with a population of 36,247 entitling her to two members, was given six. In 1881 the population was 19,459. The Territories are now entitled on the basis of redistribution under the B.N.A. Act 1867 to six members, and the present rate of immigration and the prospects of immediate increase, which are much more promising than in the case of either Manitoba or British Columbia, which were given respectively four and three times the members they were entitled to on the same basis, would seem to indicate that the number of ten or twelve members in a House which is not to be elected for three or four years, errs if at all in the direction of being too few rather than too many. Even at the present moment the immigration for the year just about to close will give an estimated increase of more than 25,000 to the population as shown by the census lately taken.

5. The Executive Council of the Province shall be composed of such persons and under such designations as the Lieutenant Governor shall from time to time think fit.

MEMO.—This is exactly the same provision as that contained in The Manitoba Act except as regards the limit in number in the first instance to five, which appears uncalled for.

6. All powers, authorities and functions which under any law or custom which were before the coming into force of this Act vested in or exercisable by the Lieutenant Governor of the North-West Territories with the advice or with the advice and consent of the Executive Council thereof or in conjunction with that Council or with any member or members thereof or by the said Lieutenant Governor individually, shall as far as the same are capable of being exercised after the coming into force of this Act be vested in and shall or may be exercised by the Lieutenant Governor of the Province of _____ with the advice or with the advice and consent of or in conjunction with the Executive Council or any member or members thereof or by the Lieutenant Governor individually as the case requires, subject nevertheless to be abolished or altered by the Legislature of the Province.

MEMO.—When The British North America Act 1867 came into effect, there were, of course, no Legislative Assemblies in Ontario or Quebec, and in Nova Scotia the Assembly was dissolved. In New Brunswick, however, an Assembly existed, and provision was made by section 88 of The British North America Act 1867 similar to that contained in this section for its continuance. The Assembly of the Territories occupies the same relation to the Province that the Assembly of the then Province of New Brunswick did to the Province under Confederation and it seems fitting that the same provision should be made.

10. In and for the Province the said Legislature may exclusively make laws in relation to irrigation and, subject to any rights acquired under any Act of the Parliament of Canada before the first day of January, 1903, the property in and the right to the use of all the water at any time in any river, stream watercourse, lake, creek, ravine, canyon, lagoon, swamp, marsh or other body of water shall on, from and after the said date belong to and be vested in the Province unless and until and except only so far as some right of some person therein or to the use thereof inconsistent with the right of the Crown and which is not a public right or a right common to the public is established.

MEMO.—This section provides that laws relating to irrigation shall be made exclusively by the Province and transfers titles to all water to the Province. It is assumed in discussing this section that if the Province be created without special provision for this matter that the title to the water in unnavigable streams and lakes would under ordinary terms of The British North America Act pass to the Province but that the title to navigable waters would remain in the Government of Canada. This would make systematic irrigation impossible without joint legislation.

It has been clearly proved and admitted by the Dominion Government that in a large section of the Territories to be included in the new Province irrigation is a necessity.

This necessity exists in only a portion of the proposed Province and is therefore a "local" need which must be dealt with in the same way as other "local" needs in other portions of the proposed Province and under Provincial control and administration.

It is admitted by those interested that the success which has already attended the introduction of irrigation undertakings in the Territories is largely due to the careful government control which has been exercised of the record and use of water rights, and that such control can be best administered from local government sources was recognized some years ago by the Dominion Government when the delegation of the administration of The North-West Irrigation Act to the Territorial Commissioner of Public Works was made.

If, as has been assumed, the new Province will, under the terms of the British North America Act, own the water in unnavigable streams and lakes, the present provisions of The North-West Irrigation Act dealing with the title to such water will of course have to be repealed and unless the provision contained in section 10 of the proposed Act becomes law there will at once be a clash between the Dominion Government and the Provincial Government regarding the use of water for irrigation. This difficulty will arise owing to uncertainty as to the streams or other bodies of water which are navigable and must be dealt with by the Dominion and the other bodies of water which will become the property of the Province and can only be dealt with by the Province.

In the Irrigation States and Territories to the South of the new Province one of the greatest drawbacks to irrigation development has resulted from litigation as to the title to water rights, and this difficulty can only be abolished in the new Province by continuing the present exact and carefully administered system of Government control and record of water rights, and that system cannot be continued if there is any question as to which Government (Dominion or Provincial) is entitled to deal with these water rights.

The difficulty could of course be overcome by special provision being made in the Act, reserving the title to all water to the Dominion, but if this were done the new Province would be treated on an entirely different basis from the other Provinces of the Dominion, including Manitoba, and would be precluded from dealing with a matter which as has been stated is a purely local one, and which experience has proved can be best dealt with by a department in close touch with the people interested.

The provisions of the section are taken from the Federal Irrigation Act of 1895, section 2, but vesting in the Province all water rights.

11. In addition to all other powers the Legislative Assembly of the Province shall have the powers conferred on the Legislative Assembly of the North-West Territories by the nineteenth section of chapter twenty-two of the Acts of Parliament of Canada passed in the fifty-fourth and fifty-fifth years of the reign of Her Majesty Queen Victoria.

MEMO.—The object of this section is to continue in the new Province certain powers respecting legislation on the subject of importation, etc., of intoxicating liquors conferred on the Territories by The North-West Territories Act and which would not be comprised in the general powers under The British North America Act 1867.

12. The Judges of the Courts of the Province shall be selected from the bar of the Province or from the bar of some other Province in which the laws relative to property and civil rights and the procedure of the Courts are the same as in the Province of

MEMO.—This section contains exactly the same provision as is contained in section 97 of The British North America Act 1867, as regards the Provinces whose system of law was founded on the English common law.

13. Except as otherwise provided by this Act all laws in force in the North-West Territories on the first day of January, 1903, and all Courts of civil and criminal jurisdiction and all legal commissions, powers and authorities existing therein on the said date shall continue as if this Act had not been passed, subject nevertheless (except with respect to such as are enacted by or exist under Acts of the Parliament of Great Britain or of the Parliament of the United Kingdom of Great Britain and Ireland) to be repealed, abolished or altered by the Parliament of Canada or by the Legislature of the Province according to the authority of the Parliament or of the Legislature under this Act.

(See memo, following section 14.)

14. All public officers and functionaries, judicial, administrative and ministerial, holding office in the North-West Territories on the first day of January, 1903, shall continue to hold such office in the Province of with the same duties and powers as before until otherwise ordered by the Governor General of Canada or the Lieutenant Governor of the Province according to the authority of the Governor General or the Lieutenant Governor under this Act.

MEMO.—Sections 13 and 14 contain the necessary provisions for continuing the laws, courts, officers, etc., and are the same as contained in section 129 of the British North America Act 1867, here divided into two sections, the words of section 129 not appearing to be very appropriate as applied to officers.

15. Until altered by the Lieutenant Governor in Council the Seal of the North-West Territories shall be the Great Seal of the Province of

MEMO.—This is a simple provision to prevent the Province being without a seal until one can be provided, and conforms to that of section 136 of The British North America Act 1867.

16. The penitentiary situate in the Province of Manitoba shall until the Parliament of Canada otherwise provides be the penitentiary for the Province of

MEMO.—This section continues the penitentiary arrangements at present in force, as was done in the case of the then Provinces by The British North America Act 1867.

17. Nothing in this Act shall in any way prejudice or affect the rights or properties of the Hudson's Bay Company as contained in the conditions under which that company surrendered Rupert's Land to Her Majesty Queen Victoria, and all rights, privileges and properties conferred on Canada by the said conditions shall in so far as they relate to matters within the legislative authority of the Province belong to and be vested in the Province.

MEMO.—Provision for the rights of the Hudson's Bay Company was thought to be necessary in the case of Mani-

toba (see Manitoba Act, section 34) and is therefore continued in the present Act. The latter provision of the section, though not in The Manitoba Act, seems desirable, particularly in view of the fact that at present the Hudson's Bay Company has denied the right of the Territories to take without compensation lands required for roads through reserves, which right is given to Canada by the conditions of surrender.

18. All lands belonging to the Crown situate in the Province of _____ other than lands reserved by Statute or Order in Council for the use of Indians or for and earned by any person or corporation and lands entered for homestead or pre-emption but not granted and all sums due and payable on the first day of January, 1903, for such lands shall belong to the Province.

(See memo. following section 21.)

19. All mines, minerals, timber and royalties belonging to the Crown situate, being or arising in the Province of _____ and all sums due and payable on the first day of January, 1903, for such mines, minerals, timber or royalties shall belong to the Province.

(See memo. following section 21.)

20. The Province shall receive and retain all the public property of the North-West Territories not otherwise disposed of in this Act.

(See memo. following section 21.)

21. All buildings in the North-West Territories belonging to Canada used or intended for court houses, jails and land titles offices and for residence and offices of the Lieutenant Governor and Government of the North-West Territories together with all appurtenances connected therewith and all moneys the proceeds from the sale or leasing of school lands in the North-West Territories and all moneys forming the assurance fund under the provisions of The Territories Real Property Act and Land Titles Act 1894 shall be the property of the Province of _____

MEMO.—Sections 18, 19, 20 and 21 deal with the public property within the proposed Province, and provide, as far as the circumstances appear to admit, for an arrangement analogous to that which obtains in the several Provinces originally forming the Confederation. The right and title to the public domain is in the Crown, but in the Colonies directly established by Great Britain the beneficiary interest in the revenues arising from the sale or other disposal of the public domain has been surrendered by the Crown for the benefit of the people residing in such Colonies. The Union Act of 1840 specifically provided that the territorial and other revenues then at the disposal of the Crown should be placed in future at the disposal of the Province of Canada then being formed. Similar dispositions were made, either by Statute or by the exercise of the royal prerogative, in favour of the other colonies in British North America. The British North America Act continued these arrangements for the benefit of the Provinces forming the Confederation, and the sections of the Bill under reference provide for the extension of the principle to the Province of which it purports to provide for the formation.

It may be noted that there has been no legislation or exercise of the royal prerogative transferring, to Canada or otherwise, any right to enjoy the beneficiary interest in the territorial revenues of the North-West Territories. The fifth section of Rupert's Land Act of 1868, like the Order in Council of June 23, 1870, for which it is the authority, goes no further than to provide that upon the admission of Rupert's Land into the Dominion, "it shall be lawful for the Parliament of Canada to make, ordain and establish within the land and Territory so admitted all such laws, institutions and ordinances, and to constitute such courts and officers, as may be necessary for the peace, order and good government of Her Majesty's subjects and others therein." The words of the Order in Council dealing with the admission into the Union of that part of the North-West Territories formerly known as the North-Western Territory are more sparing as to number but appear to convey a somewhat wider extent of power, as they not only provide for the "good government" of the Territory, but also for its "future welfare," at the hands of Canada. With the exception of the grant made to the Hudson's Bay Company by the Imperial Or-

der in Council of June 23, 1870, section 30 of "An Act to amend and continue the Act thirty-two and thirty-three Victoria, chapter three, and to establish and provide for the Government of the Province of Manitoba," confirmed by the British North America Act 1871 appears to be the only authority under which any portion of the rights of the Crown in Rupert's Land or the North-Western Territory has ever been alienated. The Act last referred to is the Act under the authority of which the Parliament of Canada has from time to time made "provision for the administration, peace, order, and good government" of the North-West Territories, being a "territory not for the time being included in any Province;" and it is also the Act under which Parliament will provide for the "constitution and administration of any.....Province" which may be established, "and for the passing of laws for the peace, order and good government of such Province....."

The difference between legislative jurisdiction and proprietary rights was clearly laid down by Lord Herschell in the judgment of the Judicial Committee of the Privy Council in the Fisheries case, but it may be admitted that the necessities of "administration," and the "duties and obligations of government and legislation as regards these Territories," assumed by Parliament, together with the established Imperial practice in such cases, would probably, though not necessarily, carry with them the privilege of appropriating the territorial and other revenues of the Territories for the purposes of maintaining good government and furthering the ends of legislation. Upon the formation within the Territories of the promised "political institutions bearing analogy.....to those which exist in the several provinces of the Dominion," it is submitted that whatever interest Canada may have had or exercised in respect of the territorial revenues will devolve upon the Province. As Great Britain has divested herself, for the benefit of her Colonies, of all her proprietary rights in the public domain within those Colonies, so, it is thought, Canada should do with respect to any claim that may be preferred on behalf of the Dominion to the beneficiary interest in the public domain within that part of the North-West Territories to be included in any Province to be established.

It may be that the Government of Canada will admit the principle contended for above on behalf of the people of the

North-West Territories who may be included within the limits of any Province to be created, but will argue that it will not be in accord with established public policy for the Dominion to divest itself of the ability, largely advertised abroad, to grant lands to actual settlers upon almost nominal conditions. Such appears to have been the view adopted in 1884 by the Government of the day with respect to certain similar representations then made by the Province of Manitoba. The validity of the claim was admitted by the agreement to recompense the Province for the loss of its public property. It is not deemed necessary here, at this stage, to discuss any such proposition further than to point out the one fact that, should the Dominion withhold from the Province, for the benefit of Canada at large, the right to administer the public domain within its boundaries and to enjoy the revenues therefrom, the addition of each new settler, or—what experience has shown to practically almost amount to the same thing—the opening up of each new settlement, will impose a burden and financial strain upon the revenues of the Province altogether out of proportion to any revenue derivable on account of such settler or settlement, and one that can only be met by an early appeal to extensive direct taxation. The last issue of the Statistical Year Book gives the following rates of government expenditure per head in the several provinces—Ontario, \$1.74; Quebec, \$2.74; Nova Scotia, \$2.04; New Brunswick, \$2.47; Manitoba, \$4.58; British Columbia, \$9.88; Prince Edward Island, \$2.82. In the year 1900 the expenditure of the Government of the North-West Territories was limited to \$477,374.22 for the simple reason that no more money was available for expenditure. The population of the Territories in May, 1901, is reported to have been in the neighbourhood of 160,000. A simple calculation shows the per capita expenditure in 1900 to have been about \$3.00. Without extravagance and in order to provide for urgent public necessities, the per capita rate of expenditure in the Territories, had the money been available, would have been between \$6.00 and \$7.00. This large rate of public expenditure in the Territories as compared with the rates of the eastern provinces, is entirely attributable to the extraordinary increase in population due to the energy displayed by the Immigration Branch of the Interior Department. While such energy is commendable

from the view point of the Dominion interests, yet its results place a great strain upon the finances of the country, and it is, with all respect, urged that the exploitation of the public domain within the Province to be established, in the interest of the Dominion solely and entirely, will place upon the Province a burden too onerous to bear, and one which should properly fall where the benefits go.

22. The following amounts shall be allowed and paid by Canada by half yearly payments in advance as an annual subsidy to the Province, that is to say:

- (a) For the support of the Government and Legislature, fifty thousand dollars.
- (b) On an estimated population of two hundred and fifty thousand at eighty cents per head, two hundred thousand dollars, subject to be increased as hereinafter mentioned, that is to say:—A census of the Province shall be taken every fifth year reckoning from the general decennial census of one thousand nine hundred and one and an approximate estimate of the population shall be made at equal intervals of time between such quinquennial census and such decennial census; and whenever the population by any such census or estimate exceeds two hundred and fifty thousand which shall be the minimum on which the said allowance shall be calculated, the amount of the said allowance shall be increased in accordance therewith until the population reaches one million three hundred and ninety-six thousand and ninety-one, after which there shall be no further increase.

MEMO.—Section 22 provides for the payment of an annual subsidy to the new Province on the lines of that paid to the Provinces under section 118 of The British North America Act. It may be noted that in the year 1900 the cost of government and the legislature in the North-West Territories amounted to \$66,311.37, which amount was further supplemented by expenditures made from the Parliamentary vote for Government of the North-West Territories upon matters which, in the Provinces, usually devolve upon the provincial revenues, and which principle may be expected to be extended to the province to be formed.

The payment of eighty cents per head upon an estimated population in excess of the present actual population follows the precedent established in the case British Columbia at the time of its admission into the Union. Ten years after its admission the population of that province had not reached to within 10,000 of the number upon which the subsidy was based. In the case of the North-West Territories the population is rapidly increasing through immigration. Since the census was taken in May it is estimated that more than 25,000 people have come into the Territories, and it is reasonably expected that by the earliest date the Province can be established the population will reach the initial figure referred to in the Bill, and that long before 1906 the population will be largely in excess of that upon which payment up to that date will be made. It is proposed that the per capita allowance shall be paid on the actual population until such time as that population reaches the number upon which this grant is paid to the Province of Ontario. Owing to the extraordinary rate in the increase of the population in the West at the present time and in future prospect it would be manifestly unfair to limit this grant to a population of 400,000 as has been done in other cases; but as the terms which are sought by the draft Bill are strictly within those granted elsewhere it is submitted that, at least, the maximum grant ever to be paid when the population warrants should be not less than that paid to any other Province in the Dominion. In the meantime, and until the population reaches 400,000, the grant paid will be upon the same basis as that paid in all the Provinces except Ontario and Quebec.

23. The Province shall be entitled to be paid and to receive from the Government of Canada by half yearly payments in advance interest at the rate of five per cent. per annum on the excess over the sum of of a sum to be ascertained by multiplying the population of the Province by 32.46 and for the purpose of this section the population of the Province shall until after the next decennial census be deemed to be two hundred and fifty thousand: Provided that immediately after the census of there shall be a readjustment under this section on the basis of the population as ascertained by such census.

MEMO.—This clause provides for the establishment of a capital account between the Province and the Dominion upon similar terms to those which have been given to the Province of Manitoba, with the exception that the arrangement proposed is not final, the Bill providing for a readjustment on the basis of the population of a future date, when it may be expected that the ratio of increase will approximate more closely to those in the other provinces than is the case at present.

24. The Province shall be entitled to receive by half yearly payments in advance from the Government of Canada interest at five per cent. per annum on the sum of one dollar per acre for each acre of land in the Province granted by the Dominion otherwise than for homesteads or pre-emptions under the provisions of The Dominion Lands Act or in settlement of half-breed claims.

MEMO.—Section 24 would probably be more properly referred to in connection with sections 18, 19, 20 and 21 of the draft Bill as it deals with the public domain in so far as grants of lands in the North-West Territories made for Federal purposes are concerned, and seeks to place the indebtedness of Canada, to meet which these lands were given, where it properly belongs, namely, the Dominion at large, and not upon the property of the Province. These grants have, in the main, been made in the aid of railway construction in the West. Of such grants the following have been made, from Manitoba and North-West lands, to the companies named:—

	Acres.
Alberta Railway and Coal Company	..1,114,368
Calgary and Edmonton2,176,000
Canadian Northern9,907,200
Canadian Pacific19,816,010
Great North-West Central320,000
Manitoba and North-Western2,752,000
Manitoba and South-Western1,396,800
Qu'Appelle, Long Lake & Saskatchewan	1,625,344
Red River Valley352,000

Of these roads only four are entirely within the Territories, those, namely, of the Alberta Railway and Coal Company,

the Calgary and Edmonton Railway Company, the Qu'Appelle, Long Lake and Saskatchewan Company, and the Red Deer Valley Company, and the lands granted lie within the area of the proposed Province. The other roads named lie either entirely in Manitoba or partly within both Manitoba and the Territories. With respect to three of these roads, namely, the Great North-West Central, the Manitoba and North-Western and the Manitoba and South-Western, the following is noted. The whole of the line constructed by the Great North-West Central is entirely within Manitoba. An area of 708,827 acres has been reserved for this grant, of which about 703,000 acres are in the Territories, and from which the bulk of the 320,000 acres earned under the grant will have to be selected, there being only some 5,800 acres of the reserve in Manitoba. An area of Territorial lands, equal to the whole grant to the Manitoba and North-Western Company, has been reserved for the purpose of that grant, though less than one-fifth of the road constructed lies in the Territories. The line of the Manitoba and South-Western Colonisation Company is entirely within Manitoba, but an area in the Territories of about 681,000 acres has been reserved for the grant on account of this road. Of the grants to the Canadian Pacific Railway Company the balance of that on account of the construction of the main line (18,206,986 acres) is the most important. As it will be shown, only some 2,500,000 acres have been selected outside the Territories, the balance being within the Territories. The Canadian Pacific Railway Company has been granted lands in aid of its Deloraine and Napinka, Glenboro and Souris, Kemnay and Estevan, and Pipestone branches amounting in all to 1,609,024 acres. A reserve approximating 1,900,000 acres in the Battleford district of the North-West Territories of Canada, several hundred miles from the location of these branch railways, has been made for the purposes of these grants, though only about one-half of the Kemnay and Estevan branch is within the Territories, the Pipestone branch has just entered the Territories, the balance of these two roads together with the whole of the other two named being entirely without the Territories in the Province of Manitoba.

The case of the Canadian Northern Railway Company may be mentioned also, as it is extremely probable that a

very considerable part of the grants to that company, which aggregate nearly 10,000,000 acres will, when located, be taken from Territorial lands, though those portions of the company's system for which the grants have been made lies entirely outside of the Territories.

These railways have been aided by the Dominion on the ground that their construction was a benefit to Canada, and the policy followed in Manitoba and the North-West Territories is in remarkable contrast to that adopted by the Dominion in all other parts of Canada. Published Government statistics show that the Dominion Government has granted aid to railways constructed and under construction, up to June 30, 1900, by way of loans and bonuses a sum of \$166,009,303. The people of the Territories, man for man, bear an equal proportion of the cost to the Dominion of such expenditures. There are some ninety railway enterprises, each wholly within its own Province, which have been granted cash subsidies at the charge (it is again repeated) of the people of the Territories equally with those of other parts of Canada, but in the Territories, railways constructed as much in the interests of Canada as any one of the ninety referred to above, are subsidised entirely at the cost of the public domain within the Province, notwithstanding the fact that some of the roads so subsidised will not benefit the Province in any form or shape. The principle being once conceded, it must be admitted that if one is, all railways constructed are for the benefit of Canada, whether it be the Canadian Pacific system with its six thousand and odd miles of track or the Phillipsburg Junction road, two-thirds of a mile in length. Canada should therefore bear the cost of the grants made by the Dominion and the Bill seeks to provide an equitable arrangement for transferring the burden of these and other similar grants from the Territories to the Dominion, so that the people of the Province will not be dealt with in these respects otherwise than are the people of the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island and British Columbia.

In addition to the matters dealt with in the foregoing draft Bill, I have also to direct your attention to, and to press for the removal by ancillary legislation of, the exemption from taxation granted to the Canadian Pacific Railway Company under

clause 16 of the schedule to Chapter 1 of the Dominion Statutes of 1881. The exemption as is well known is two-fold. First, that in the words—"The Canadian Pacific railway, and all "stations and station grounds, workshops, buildings, yards and "other property, rolling stock and appurtenances required and "used for the construction and working thereof and the capital "stock of the company, shall be forever free from taxation by "the Dominion, or by any Province to be hereafter established, "or by any municipal corporation therein;" and, Second, in that part of the clause which reads—"and the lands of the "company in the North-West Territories, until they are either "sold or occupied, shall also be free from such taxation for "twenty years after the grant thereof from the Crown. The effect of these exemptions is to prohibit any Province which may be established—or any municipal corporation therein—from requiring the Canadian Pacific Railway Company to assist in the "administration" of the country or the maintenance of "peace, order and good government" within its bounds with respect to a part of its property forever and with respect to another part for a limited period of time. This exemption falls hardly upon the people of the North-West Territories in a number of ways. The nature of the land grant to the company, in that it is spread over the whole country in small blocks of one square alternating with those open for homesteads, causes every dollar spent by a settler in the improvement of his homestead, where it lies within the districts reserved for the selection of the land granted on account of the construction of the Canadian Pacific Railway, to enhance the value of the lands held for the company in its neighbourhood. All public expenditures made in such districts for roads, bridges and other works of a similar description improve the value of the lands still held by the company under its main line grant, the company contributing nothing on account of such lands towards the cost of the works by reason of which they are benefited.

An examination of the terms of the grant to the Canadian Pacific Railway Company shows that the exemption will bear with particular stress upon any Province established within the area referred to in the draft Bill. The paragraph lettered (a) of clause 9 in the schedule to the 1881 Canadian Pacific Railway Act (chapter 1 of the Statutes of that year) reads—

(a) The said subsidy in money is hereby divided and appropriated as follows, namely—

CENTRAL SECTION.

Assumed at 1,350 miles—

1st—900 miles at \$10,000 per mile.. \$9,000,000

2nd—450 " 13,333 " .. 6,000,000

\$15,000,000

EASTERN SECTION.

Assumed at 650 miles, subsidy equal

to \$15,384.61 per mile.. . . . \$25,000,000

\$25,000,000

And the said subsidy in land is hereby divided and appropriated as follows, subject to the reserve hereinafter provided for—

CENTRAL SECTION.

1st—900 miles at 12,500 acres per

mile.. . . . \$11,250,000

2nd—450 miles at 16,666·66 acres per

mile.. . . . 7,500,000

\$18,750,000

EASTERN SECTION.

Assumed at 650 miles, subsidy equal

to 9,615 acres per mile.. . . . \$6,250,000

25,000,000

The original land grant of 25,000,000 acres has been reduced by 6,793,041 acres at a cost to Canada of \$10,189,521, thus leaving the company to receive 18,206,986 acres. In other words, the amount of that apportionment of the land grant on account of the construction of the "Eastern Section"—or that part of the railway between Callander and a point east of Red River to which the road had been constructed from Selkirk by the Government, all of which lies in the Province of Ontario—has been exchanged for cash, at the cost of the people of the Territories equally with those of every other part of Canada. Of the balance of the land grant, the company has selected some 2,500,000 acres within the Province of Manitoba, leaving the balance to be selected from the lands within the North-West Territories out of the extensive areas

reserved for that purpose. This particular grant is that made on account of the construction of the "Central Section" of the railway, namely, that from Selkirk to Kamloops, which has been definitely ascertained to be a distance of 1,250 miles. This distance is divisible as follows—Manitoba, 220 miles; North-West Territories, 760 miles; British Columbia, 270 miles. It is therefore apparent that a proportionate area, based upon the mileage through the Province at the rate granted per mile through the prairie portion of the Central Section (220 miles at 12,500 acres per mile, being 2,750,000 acres) has not been taken from Manitoba lands, and that in addition to this shortage of 250,000 acres the whole of the grant earned by construction through British Columbia (at the mountain rate of 16,666·66 acres per mile) is being made out of the lands of the Territories. Even if, under any process of reasoning, the exemption clause can be justified as regards the construction of the railway through the Territories, it is not thought that the Territories can in equity be required to bear this extra burden on account of the construction of the railway through the Provinces of Manitoba and British Columbia. If they are so required, the people of the Territories, who are individually contributing equally to the cost to Canada of the interest upon the debt created by the payment of the original bonus of \$25,000,000, the payment of \$10,189,321 for the repurchase of the land grant on account of the Eastern, or Ontario, section of the railway, together with the annual payment of \$100,000 to British Columbia for the lands conveyed to Canada under the terms of the Imperial Order in Council of May 16, 1871. "to aid in the construction of the railway," will be also liable to bear whatever the exemption from taxation under the Canadian Pacific Railway Act of 1881 may mean. By the terms of that Act the Province to be established—or any municipal corporation therein—will be prohibited from taxing the company or its property in any manner or for any reason. Unless invidious comparisons are made between the Canadian Pacific and other railway companies this will mean the involuntary relinquishment of recourse to that avenue of revenue as no competing company will be liable to expend the necessarily vast sums of money required unless it has prospects of obtaining similar exemption from taxation at the hands of the Province.

The necessity for this extraordinary burden upon the people of the West is not obvious. Ample evidence exists to

show that the railway was not in any sense built for the benefit of the North-West. In 1865, the Honourable George Brown voiced the opinion of the Government of the day when he stated in his place in the Parliament of Canada during the Confederation debates that "the Confederation is, therefore, clearly committed to the carrying out of both these enterprises," his reference being to the construction of the Intercolonial railway and the opening up of the communications with the North-Western Territory. "I doubt," he proceeded to say, "if there was a member of the Conference who did not consider that the opening up of the North-West and the improvement of our canal system were not as clearly for the advantage of the Lower Provinces as for the interests of Upper Canada. Indeed, one gentleman held that the Lower Provinces were more interested—they wished to get their products into the West—they wanted a back country as much as we did—they wanted to be the carriers for that great country—and they were, therefore, to say the least, as much interested in these questions as we were." But there is no need to go back beyond the solemn compact entered into between Canada and the Colony of British Columbia in 1871. The Imperial Order in Council of May 16, 1871, respecting the province of British Columbia, sets forth as one of the terms and conditions upon which that Colony consented to enter the Confederation, the undertaking of the Government of Canada "to secure the commencement, simultaneously within two years from the date of the Union, of the construction of a railway, from the Pacific toward the Rocky Mountains, and from such point as may be selected east of the Rocky Mountains toward the Pacific, to connect the seaboard of British Columbia with the railway system of Canada; and further to secure the completion of such railway within ten years from the date of the Union." The preamble to chapters 71 and 72 of the Dominion Statutes of 1872 and chapter 1 of the Statutes of 1881 all set forth the fact in various ways that (to quote from the last mentioned Act) "by the terms and conditions of the admission of British Columbia into Union with the Dominion of Canada, the Government of the Dominion has assumed the obligation of causing a railway to be constructed connecting the seaboard of British Columbia with the railway system of Canada."

All this being so, it is difficult for the people of the North-West Territories to understand why they should be called upon

Canada by Her Majesty Queen Victoria by and with the advice and consent of Her Majesty's Most Honourable Privy Council by Order bearing date the twenty-third day of June, 1870, under the authority of the 146th section of The British North America Act 1867, described as the Provisional Districts of Assiniboia, Saskatchewan and Alberta as the said Districts are defined by Orders of His Excellency the Governor General of the Dominion of Canada made in Council on the eighth day of May, 1882, and the second day of October, 1895, respectively; and that portion of the Provisional District of Athabasca, as the said District is defined by Order of His Excellency the Governor General of the Dominion of Canada made in Council on the eighth day of May, 1882, and the second day of October, 1895, respectively, lying to the south of the fifty-seventh parallel of north latitude, shall be formed into and be a Province which shall be one of the Provinces of the Dominion of Canada and which shall be called the Province of

2. On, from and after the first day of January, 1903, the provisions of The British North America Act 1867, except those parts thereof which are in terms made or by reasonable intendment may be held to be specially applicable to or affect only one or more but not the whole of the Provinces under that Act composing the Dominion, and except so far as the same may be varied by this Act, shall be applicable to the Province of _____ in the same way and to the same extent as they apply to the several Provinces of Canada and as if the Province of _____ had been one of the Provinces originally united by the said Act.

3. 19. Letter from the Minister of the Interior to Premier Haultain, March 27, 1902.

Hon. F. W. G. HAULTAIN, OTTAWA, March 27, 1902.
Regina, Assa.

Dear Mr. HAULTAIN,—Absence from Ottawa due to ill health has prevented me from communicating with you on the subjects discussed by you and your colleague when here rejecting the financial and constitutional status of the North-West Territories. I presume, however, that you would have gathered our views from the expressions of opinion which took place during our interviews, and our conclusions will not, therefore, I trust come in the way of a surprise.

It is the view of the Government that it will not be wise at the present time to pass legislation forming the North-West Territories into a Province or Provinces. Some of the reasons leading to this view may be found in the fact that the population of the Territories is yet sparse; that the rapid increase in population now taking place will in a short time alter the conditions to be dealt with very materially; and that there is a considerable divergence of opinion respecting the question whether there should be one province only or more than one province. Holding this view, therefore, it will not be necessary for me to discuss the details of the draft bill which you presented as embodying your views.

Respecting the present financial requirements, the question of an increase in your subsidy is now receiving consideration, but the result cannot, as you are aware, be communicated until the estimates are brought before Parliament. This I have every reason to hope will take place in a very short time.

Believe me, dear Mr. Haultain,

Yours very truly,

CLIFFORD SIFTON.

20. Letter from Premier Haultain to the Minister of the Interior, April 2, 1902.

Hon. CLIFFORD SIFTON, REGINA, April 2, 1902.
Minister of the Interior,
Ottawa, Ont.

Dear Mr. SIFTON,—I beg to acknowledge the receipt of your letter of the 27th of March, conveying the decision of the

Government with regard to the financial and constitutional questions which have been the subject of discussion during the past year and a half. So far from your conclusions not coming as a surprise as you suggest, I must say quite frankly that the decision of the Government has come not only as a surprise, but as a deep disappointment as well. In your letter of the 21st of March, 1901, you say:

"I may say that I realize very fully the difficulties of the position in which the Government and the Legislative Assembly of the North-West Territories is placed, and I admit that there is very much in the suggestions which are made in your letter and in the memorial regarding the necessity of a change in the constitutional and financial position of the Territories.

"Without at the present moment committing myself to any positive statement I am prepared to say that the time has arrived when the question of organising the Territories on the Provincial basis ought to be the subject of full consideration. It would appear to me that the better way of bringing the matter to a more definite position would be to arrange for a conference upon the subject between the representatives of your Government and a Committee of Council representing the Federal Government."

Again on the fifth of April, 1901, you write:—

"The latter portion of the Session of Parliament here finds all the Members of the Government extremely busy, and it would be hopeless to expect from them that mature and careful consideration of the various and important subjects which will require to be debated and settled in connection with the establishment of the Territories as a Province or upon a Provincial basis. I think I shall therefore be compelled to ask you to defer the discussion until after Parliament has prorogued."

These opinions and the long delay that followed, in order to choose a convenient time for that "mature and careful consideration of the various and important subjects which will require to be debated and settled in connection with the establishment of the Territories as a Province or upon a Provincial basis," led us to suppose that when the subject was finally taken up it would be taken up with a view to immediate settlement. The written statements, which have been made by

me, must have proved conclusively that the necessity for the change was a pressing one and that we had arrived at a point when our constitutional and financial position was not adequate to the proper performance of the duties devolving upon us. Recognising this state of affairs we have gone to the Dominion Government and have said: "If you cannot or will not deal with the questions which have arisen in the Territories give us the powers and the income which would justly accompany those powers and allow us to work out our own salvation." To this you answer: "That it is the view of the Government "that it will not be wise at the present time to pass legislation "forming the North-West Territories into a Province or Provinces." One of the reason given for this position is: "That the population of the Territories is sparse." I might point out that we have at least ten times the population of Manitoba when it was erected into a Province, and a larger population than that Province had so lately as 1891; a considerably larger population than the Province of Prince Edward Island, and with the immigration of the present season a considerably larger population than the Province of British Columbia according to the late census. Another reason advanced is: "That the rapid "increase in population now taking place will in a short time "alter the conditions to be dealt with very materially." This rapid increase in population is one of the principal reasons why we are asking to be formed into a Province, in order that we may be able to deal with the new conditions that it brings about. The longer it goes on without the change the more aggravated the present difficulties will become.

With regard to the divergence of opinion as to one or more Pronvinces, I might say that that is a difficulty which will always exist, and which any postponement of action will not remove.

I must also say on behalf of the North-West Government that after having been asked to meet a subcommittee of the Privy Council and to state our case not only verbally but in writing, it is extremely unsatisfactory that the Government has come to the conclusion: "That it will not be necessary to discuss the details of the draft bill which embodied our views." This is a conclusion to the negotiations which have been held which we could hardly have expected considering the importance of the subject discussed and the formal manner in which the discussion has taken place.

We cannot but regret that the Government has not been able to recognise the urgent necessity for the change that has been asked and can only trust that as you have denied us the opportunity of helping ourselves you will be at least impressed with the necessity and the duty, which is now yours, of meeting the pressing necessities of these rapidly developing Territories. While we may, in your opinion, without inconvenience mark time constitutionally, we cannot do without the transportation facilities, the roads, the bridges, the schools and the other improvements which our rapidly growing population imperatively requires, and at once. Whether we are made into a Province or not, our financial necessities are just as real, and in conclusion I can only trust that when the question of an increase to our subsidy is receiving consideration, more weight will be given to our representations in that respect than has been given to our requests for constitutional changes.

I am, yours faithfully,

F. W. G. HAULTAIN.

21. Letter from Premier Haultain to the Minister of the Interior. Jan. 31, 1903.

EXECUTIVE COUNCIL,

REGINA, January 31, 1903.

Hon. CLIFFORD SIFTON,

Minister of the Interior,

Ottawa, Ont.

Dear Mr. SIFTON.—At various times during the past year whilst I was in England one or other of my colleagues in the Territorial Government discussed Territorial questions with you and on my return I met you in Ottawa with Mr. A. L. Sifton for the same purpose. More recently I had an opportunity of discussing these questions at some length with you in Regina, and I have also read a report of a speech made by you here in which you gave expression to your views upon the same subjects. As Parliament will be meeting at an early date, I think it will bring these matters to a definite issue.

I agree to the fullest extent with all that has been—or can be—said respecting the advantage to the Territories to be gained by the introduction into the Dominion Government of a

gentleman so well versed in all our affairs as is my friend Mr. Ross, to whom it is generally understood, your references in that connection are made, as your united influence should have a marked and beneficial effect upon the destinies of this part of Canada. I must, however, say that I have heard and read with great concern your opinion to the effect that it is desirable to postpone action upon the Memorial of the Legislative Assembly of May 2, 1900, and the claims of the Territories founded thereon. The necessities are so urgent and the movement in favour of Provincial Institutions is so unanimous, that I should like, if possible, to convey to your mind an adequate appreciation of the significance of the movement and of the unfortunate effect which its neglect or repression will have upon the North-West. You are reported in *The Regina Leader* of the twenty-second instant, as having stated in a meeting of your friends here that:—

. a very cursory and elementary discussion and consideration of the subject would show that there were a great many difficulties, a great many important questions, to be dealt with when the subject is before the Federal Parliament. . . . It was not a very vital point whether the Territories were formed into a Province this year or next year; but it was vital as to what the terms were on which the constitution was framed.

Further on in the report it is stated that you said that you—

. had impressed upon Mr. Haultain that what was of importance was that when the terms were settled they should commend themselves to the great majority of the people, and that the terms should be loyally supported, and not lead to agitation year after year for other terms.

Whilst what you say respecting terms is very true, I cannot agree with what you are reported as having said respecting the time at which provincial institutions should be introduced into this section of the Dominion. Time—an early time, the earliest time—is of the essence of this contract, and it is our opinion that the best time is the present. Without entering into any further argument on that point here, I must say that it does not seem to me that sufficient justification for postponing the consideration and settlement of the questions involved in the Provincial question—which would appear to be the present general attitude of the Federal Government—has been established. I have before me your letter of March 27, 1902, in which it is stated that—

It is the view of the (Dominion) Government that it will not be wise at the present time to pass legislation forming the North-West Territories into a Province or Provinces.

Your letter goes on to say:

Some of the reasons leading to this view may be found in the fact that the population of the Territories is yet sparse; that the rapid increase in population now taking place will in a short time alter the conditions to be dealt with very materially; and that there is a considerable divergence of opinion respecting the question whether there should be one Province only or more than one Province.

Upon these grounds you stated last year, as the opinion of the Dominion Government, that you did not deem it necessary to discuss the details of the draft bill presented by me as embodying the views of the Government of the Territories upon this subject. I presume that it is not necessary for me to elaborate an argument to you in support of our main theme that the time is ripe for a change in the constitutional position of the Territories. Just one year before writing the letter quoted above, and nearly two years before the present time of writing, you informed me, in a letter dated at Ottawa on March 21, 1901, that you realised—

. very fully the difficulties of the position in which the Government and Legislative Assembly of the North-West Territories is placed.

and you admitted then—

. that there is very much in the suggestions which are made in your letter and in the Memorial regarding the necessity for a change in the constitutional and financial position of the Territories.

In the same letter—written two years ago—you informed me that, without committing yourself to any positive statement, you were—

. prepared to say that the time has arrived when the question of organizing the Territories on the Provincial basis ought to be the subject of full consideration.

It is true that you arranged and brought about a conference between a Committee of the Privy Council and members of the Territorial Government, but no one can be more familiar than yourself with the reasons which led the Dominion Government to adopt the position set forth in your letter of March 27 last. What those reasons were in full does not yet openly appear, and I feel it incumbent upon me to say that, in view of all the conversations and correspondence had upon this subject, in view of the official negotiations held, upon request, as a result of those conversations and that correspondence, and also in view of the circumstances surrounding the whole of the questions involved, I have been forced to the conclusion that those reasons which the Dominion Government has not yet seen fit

to place before the Territorial Government and Legislature must have been more cogent than those set forth in your letter of last March. For take those reasons seriatim. First, "the fact that the population of the Territories is yet sparse." It is to that fact that we owe in large measure our present financial disabilities. It is to the second reason given, namely, "the rapid increase in population," and the consequent and continuous material alteration in our conditions, that our administrative difficulties are due, while that same rapid increase has a very direct influence upon our financial needs, not the least of which is the necessity for some other provision for expenditure upon matters properly chargeable to "capital" account than by taking the money required from current revenue.

There is nothing new in these statements. They have, supported by details more or less full, been laid before you each successive year since your accession to office, as reasons for asking the Federal Government to take such measures as are calculated to afford relief from the intolerable position in which we are placed, and it comes as a surprise to us to find the reasons we have advanced to you for so many years in succession to support our claim to fair and just treatment put forward as "some of the reasons" for the refusal of the Dominion Government to even take our claims into consideration.

The last reason advanced in your letter for the Government's inaction, that, namely, "there is a considerable divergence of opinion respecting the question whether there should be one Province only or more than one Province," has been very definitely answered by the people of the Territories. With my proposition to the Government having been disseminated in every way possible through the length and breadth of the country beforehand, the people of the Territories elected representatives to a new Legislature on May 21 last. In my address to my own constituents, which was reproduced, I believe, in every newspaper published in the West, I said—

At the present time the Government of the Territories is engaged in negotiations with the Dominion Government leading to the establishment of a part of the Territories upon the provincial basis. Apart from all other considerations, financial necessity has forced this question to the front. A rapidly increasing population has caused the present revenues of the Territories to become totally inadequate to meet the public demands and in the opinion of the Government the only solution of the difficulties now being met with is to be found in the larger powers and income which go with the Provincial status upon proper terms. Larger powers, it is true, mean larger responsibilities, but these same larger powers will carry with them the ability to discharge any duty that can be placed upon the people of the West.

The Government has presented to the Federal authorities the claims of the people of the Territories in a document which has been published and is being widely distributed. In that document the Territorial Government has expressed its opinion in favour of the organization of one Province only. Action upon the whole question has been postponed by the Dominion Government, principally upon the ground that there is a "divergence of opinion respecting the question whether there should be one Province only or more than one Province"—a question which in the last resort is one for the Dominion Government to settle. The opinion of the Territorial Government is based upon the fact that in the past one Government and one Legislature have found no difficulty in conducting the affairs of the country other than such as arose from the inadequacy of the revenue, and it is not anticipated that any difficulty which cannot be met will arise in the future. There is a widespread and well founded opinion existing throughout Canada against what has been called "over-Government," or "multiplicity of Governments," and there appears to be no substantial reason for the formation of more than one Province in the Territories at the present time. Much less is there any reason for considering that other proposition which has been made on the part of the Province of Manitoba, namely, the division of the people of the Territories by including within the limits of that Province a considerable portion of the present district of Assiniboia, for the whole sentiment of the people concerned is against that proposal. Upon this phase of the question, at least, there is no divergence of opinion. Even should there be any material divergence of opinion in the Territories on the one or more Province question—and there undoubtedly is some—the result of the election can only demonstrate and accentuate the fact. The Territorial Government, however, has indicated to the Federal Government what it believes to be the opinion held by a very large majority of the people of the Territories as promising to be in the best interests of the country as a whole. Whilst this is so, it is at the same time to be clearly understood that though the Government's opinion has been formed after careful consideration of all the facts before it, such is its strong conviction that Provincial establishment upon the general terms proposed is imperatively required, and at the earliest possible date, that it does not consider the question of one or more Provinces to be of paramount importance in view of the magnitude of the other questions involved. These questions deal with the things which the Government on behalf of the people of the Territories has claimed must of right belong to any Province established in the West, and which were practically unanimously approved by the Legislature at its last session. They are briefly—

(1) Equal rights with all the other Provinces of the Dominion and the same financial consideration that has been given to those Provinces;

(2) Control of the public domain in the West, by the West and for the West;

(3) Compensation for the alienation of any part of the public domain for purely federal purposes; and

(4) The removal of the unjust and onerous Canadian Pacific Railway exemption from taxation.

These are the matters that the Government of the Territories is now fighting for, and these are the matters upon which your judgment is invited in my appeal to you for re-election as your representative in the Legislature. A similar appeal is being made in every constituency in the country by every candidate whose election will give support to the Government at this critical period in the history of the Territories. The issue is plain, and it is for the people of the Territories to decide.

On the question of the establishment of Provincial institutions in the West the Assembly, in May, 1900, was unanimous, and the result of the elections in May, 1902, demonstrated definitely that the Assembly clearly represented public opinion throughout the Territories upon that subject. As I stated in

my address, "the issue is plain;" I do not know how it could have been made plainer. The people have decided and their decision is found in the fact that not only am I offered the support of a greater proportion of the members of the House than I ever had before, but also that 24 out of the 25 members of the last House who sought re-election (and who all voted "yea" on the Resolution of May 2, 1900) were returned at the top of the polls in their respective districts. I may also say that the result of the election has justified my statement that it could only demonstrate and accentuate the fact that there undoubtedly is some divergence of opinion in the Territories upon the one or more Province question. There are probably a few members of the new Legislature who support the view of two Provinces but they are not united as to the manner in which the Territories should be divided. Annexation of any part to Manitoba has not a single advocate in the House, while an overwhelming majority of the constituencies has pronounced in favour of one Province.

I will go further and say that the people of the Territories practically unanimously voted for the establishment of the country upon the Provincial basis. The manner in which that shall be done is, to again quote from my address, "a question which in the last resort is one for the Dominion Government to settle." At the request of Sir Wilfrid Laurier, in my letter of December 7, 1901, I placed on record the views of the Government of the Territories as to the matters which should receive consideration, and at the same time condensed those views in the form of a draft Bill. Since then, with a full knowledge of the facts, the people of the Territories have elected new representatives, a large majority of whom support and approve those views. So that I am free to claim—as I do—that the people of the Territories have given their answer to the statement, expressed on behalf of the Dominion Government, that they are not united on the question of Provincial establishment. I have admitted that there are divergencies of opinion upon details of the question, as there are upon all questions in which any community is interested, but there is certainly no divergence of opinion upon the question of the establishment of Provincial institutions in the Territories upon fair, just and equitable terms, analogous to those upon which the older Provinces have been dealt with. We are seeking no favours—we but request that we be fairly dealt with. We have nothing new to lay before the Government, nothing but what has already been stated,

save only that the conditions are growing more intolerable, the financial stringency is more accentuated, and our constitutional inability to do anything to help ourselves still more marked. We claim—as we have always claimed—that our sparse population, as well as its present rapid increase, are factors in our public life urgently calling for the early attention of Parliament with a view to dealing adequately with our disabilities, and it has already been sufficiently demonstrated that there is no warrant for the belief that the people of the Territories are not sufficiently alive to their own wellbeing as not to be practically a unit upon this question.

In a letter, addressed to you on January 30, 1901, I said “that financial embarrassments rather than constitutional aspirations” led us to request the full Provincial powers. I might now say that we are driven by both reasons. Financial necessities have developed constitutional aspirations, but apart from the purely financial aspect of the case we demand that system of government under which we shall have as full opportunities for the exercise of our citizenship as our fellow citizens in the Provinces. The local Government and Legislature should have full and free scope of action left to them on many subjects which relate to the prosperity and happiness of the country and the North-West will not be satisfied until this is granted.

This letter will be presented to you by Mr. Bulyea, and I have to earnestly ask that you will be so good as to afford him an opportunity to present to both yourself and Sir Wilfrid Laurier such supplementary remarks as may seem to him to be required to make clear the views of the Government upon this—to the Territories—most momentous matter.

In conclusion I would once more urge upon your consideration the question involved in the whole subject of the future welfare of the Territories, in the hope that such consideration will result in the introduction of legislation dealing with these matters at the coming session of Parliament.

I am, dear Mr. Sifton,

Yours very sincerely,

F. W. G. HAULTAIN.

EXECUTIVE COUNCIL.

REGINA, February 3, 1903.

The Right Honourable

SIR WILFRID LAURIER, G.C.M.G.,

President of the Privy Council,

Ottawa.

SIR,—I have the honour to enclose a Memorandum supplementary to the printed statement submitted to you on December 7, 1901, relating to the establishment of Provincial Institutions in the North-West Territories.

The large immigration of the year just closed together with the prospect of a still larger immigration in the present year and the years to follow, make it necessary for me to change some of the figures in the printed statement referred to.

The Memorandum will refer by number to the sections in the draft Bill submitted in the printed statement, and may be considered as supplementary to, or amending, the explanatory memorandum appended to each section of the draft.

I might say with regard to the financial clauses of the draft Bill that they are based, of course, upon the law and the practice prevailing at the present time. Should the demands made by the Inter-provincial Conference be acceded to by your Government our subsidies would presumably be paid upon the same basis.

I have the honour to be,

Sir,

Your obedient servant,

F. W. G. HAULTAIN.

REGINA, February 3, 1903.

[MEMORANDUM.]

Section 4. In the printed statement a request for an initial Parliamentary representation of ten, based upon expectation of population, is made.

The immigration for the past two years, as shown by the Reports of the Department of the Interior, added to the population as shown by the last census, would give us a present population of 250,000; that means that we are at the present

moment entitled to a representation of ten members in the House of Commons.

The estimated increase for the present year of 100,000 would entitle us to four additional members by the end of the year, or, as the immigration season closes in the early summer, it would be fair to say that before Parliament prorogues the Territories will be entitled, on actual population, to a representation of fourteen members.

As there is every indication that the movement of population into the Territories will continue in larger proportions for some years to come, it is fair to presume that long before the next census is taken our representation in Parliament will be very much less, proportionately to population, than that of any other portion of Canada.

A very conservative estimate for the year 1904 and the years following to the date of the next census would be an increase of 250,000 which would mean a population of not less than 600,000 at the end of the year 1910. Estimating that these figures are based upon reasonable expectations, we should be granted a representation of not less than twenty until the next census is taken, after which, of course, the provisions of The British North America Act would govern.

Section 22.—The amounts mentioned in clause (b) of this section should be changed as follows: The per capita allowance at the rate of eighty cents should be paid on an initial population of 400,000, estimated on the figures set forth in the supplementary note to section 4.

Section 23.—As the legislation creating the new Province cannot reasonably be expected to come into effect until the latter part of the present year, the debt allowance should be paid upon an initial population of 350,000, based upon expectations already mentioned.

[TELEGRAM.]

OTTAWA, Ont., Feb. 5, 1903.

TO HON. F. G. HAULTAIN, Regina,

Have arranged for Committee of Council to meet yourself and Mr. Bulyea on question of financial grant for coming year.

Think you should bring your accountant with full details of proposed expenditure for next year.

CLIFFORD SIFTON.

24. Letter from Premier Haultain to the Minister of the Interior, Feb. 11, 1903.

REGINA, February 11, 1903.

The Hon. CLIFFORD SIFTON,
Minister of the Interior,
Ottawa.

Dear Mr. SIFTON,—When I received your telegram announcing the appointment of the subcommittee of Council to confer with Mr. Bulyca and me on the North-West financial questions I was under the impression that Mr. Bulyca, having been in Ottawa about that date, was aware of the intended appointment. Since then I have had both letters and telegrams from him which would lead me to suppose that he does not know about the appointment, and, as he will not return to Ottawa from New Brunswick until next Monday or Tuesday, I must ask you to postpone any meeting of the subcommittee until after that date. Any day after Tuesday the 17th instant will suit us, and the earliest day after then that is most convenient to you will be most convenient for us.

I should like to ask the consideration by the subcommittee of Council of our Provincial proposition. The question of financial assistance this year will, of course, necessarily be discussed, whether the Government decide to take action on the Provincial question or not, as in any event, the present system would remain in existence this year, or at least for the greater part of it. The question is such an important one and the necessity so urgent that in addition to any statement on the subject which I have already made I would again urge on you the importance of its immediate settlement.

Yours faithfully,

F. W. G. HAULTAIN.

SIR,—I have the honour, by direction, to acknowledge the receipt of your communication of the 3rd instant, addressed to the Right Honourable Sir Wilfrid Laurier, Prime Minister, which has been referred to the Minister of the Interior, and in which you enclose a memorandum supplementary to the printed statement submitted to the Premier on the 7th December, 1901, in regard to the establishment of Provincial Institutions in the North-West Territories.

RIDEAU CLUB,
OTTAWA, 19 March, 1903.

The Hon. CLIFFORD SIFTON,
Minister of the Interior,
Ottawa.

Dear Mr. SIFTON,—As I have remained over here for some days since I last saw you, you may possibly have addressed me to Regina with respect to the result of the recent interview of Mr. Bulyea and myself with the subcommittee of Council regarding North-West affairs. In case no decision has yet been arrived at or communicated to me, may I ask you to let me have, if possible, before your departure for England, a final reply (addressed to Regina) on behalf of the Government to our request for the creation of a Province and for larger financial assistance in the meantime.

Your faithfully,

F. W. G. HAULTAIN.

DEPARTMENT OF THE INTERIOR,
OTTAWA, 21st March, 1903.

Hon. F. W. G. HAULTAIN,
Regina, Assa.

My Dear HAULTAIN.—I sent a note over to the Rideau Club but found you were gone. The question of your financial arrangements was up for discussion today, and Mr. Fielding will communicate with you. The arrangement suggested will, I think, prove reasonably satisfactory.

Your faithfully,

CLIFFORD SIFTON.

29. *Letter from Premier Haultain to Sir Wilfrid Laurier,
April 15, 1903.*

EXECUTIVE COUNCIL,

REGINA, April 15, 1903.

The Right Honourable.

SIR WILFRID LAURIER, G.C.M.G.,

President Privy Council,

Ottawa, Ont.

Dear SIR WILFRID LAURIER,—Shortly before Mr. Sifton left for England he wrote me a note saying that the subcommittee of Council, appointed to deal with North-West affairs, had had a final meeting, and that I should hear from Mr. Fielding what the Government intended to do.

When in Ottawa, I pointed out to Mr. Sifton and to the subcommittee of Council that it was important that we should be made aware of the intentions of the Government at as early a date as possible. The North-West Legislature will meet on Thursday, as the session could not be postponed any longer, owing to the statutory necessity for meeting within one year of last session. We have not, as yet, heard from Mr. Fielding, and we shall be obliged to meet our Legislature on Thursday next without having any idea at all as to the amount of money which will be available for legislative appropriation this year. May I ask you to see that we are informed as soon as possible of the result of our interview with you.

I am enclosing a copy of a letter, addressed to Mr. Sifton, for the information of the Government, to which I referred in my interview with the subcommittee and which, no doubt, you have already seen. It deals exclusively with the question of Provincial Institutions in the Territories; and I would again, on behalf of my colleagues, earnestly ask your consideration of our request.

With regard to our Vote, I might add to anything I have already said and written on the subject, that the immigration this season is even larger than any estimate previously formed, and that the necessities created by this large increase in our population will be greater than those indicated by me in my statement which was written at the request of the subcommittee and addressed to Mr. Sifton on the twenty-first day of February last.

I would also, in Mr. Sifton's absence, ask for your particular attention to our request for a Vote supplementary to the

Vote for the current year. Whatever amount the Government may decide to give us for the year beginning on the 1st July next, it will be quite inadequate for the purposes of the year for which it is voted, and will leave us, so far as the conditions of last year and the necessities for the first six months of this year, in a very awkward position. As I pointed out to the subcommittee we were obliged last year, not only on account of the unexpectedly large increase to our population, but also on account of floods and other untoward conditions, to undertake the large amount of work—imperatively necessary at the time—on the credit of the small amount of money payable to us in the beginning of January, for the first six months of this year. Nothing but the most urgent necessity, I admit, could have justified this expenditure, but we are quite confident that the conditions of the past season were an absolute justification of our action.

These circumstances constitute the grounds for our request, not only for a large increase to our grant for the coming Dominion fiscal year, but for a substantial supplementary Vote to meet the actual necessities of the present moment.

To sum up, I beg to ask for an early reply to our request: First, for the granting of Provincial Institutions to the Territories; Secondly, for a Vote supplementary to the North-West grant for the current year; and Thirdly, for a largely increased Vote for the year 1903-1904.

Yours faithfully,

F. W. G. HAULTAIN.

Government will place in supplementary estimates for coming year two hundred and fifty thousand dollars to cover the over expenditure of these Territories and also recommend to Parliament an advance of capital account up to five hundred thousand dollars from time to time for approved public works. The two bridges which have been specially arranged for to be

charged to the capital advance. It will be better that all bridges in Territories be left to the Territorial Government. Please treat this as confidential for a few days until you can arrange to have it dealt with by Order in Council.

REGINA, April 17, 1903.

Supplementary vote quite satisfactory if made supplementary to current year. Other propositions absolutely unsatisfactory in method and amount. Conditions here require large increase to annual grant for coming Dominion fiscal year apart from question of capital advance, for which we have made no request. In case capital advance is made unrestricted disposal by local legislature must be allowed, and we should strongly protest against any part of cost of replacing Macleod and Lethbridge bridges, both Federal undertakings, being charged.

Dear Mr. HAULTAIN,—I beg to acknowledge receipt of your favour of the 15th instant. As Mr. Fielding has communicated with you already by wire on the subject therein mentioned, I do not suppose that it requires any further reply.

*34. Extract from letter dated April 20, 1903, addressed to the
Hon. W. S. Fielding, Minister of Finance, signed F.

* * * * *

I trust that the further consideration of this whole subject promised in your telegram of this date will result in some more definite recognition of our necessities than has hitherto been evidenced. The one and the best solution of all these difficulties has, on several occasions of late, been suggested to the Dominion Government, and it seems to me that I might well close this communication by an expression of the opinion that just so long as the Provincial status is withheld from the Territories will it be necessary for the Government of the Territories to direct attention with increasing force and emphasis to the present unsatisfactory manner of making financial provision for the public requirements of the country.

35. Memorial from Legislative Assembly, N.W.T., to Dominion Government, April 24, 1903.

To His Excellency the Right Honourable Sir Gilbert John Elliott, Earl of Minto and Viscount Melgund, of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto, of Minto, County of Roxburg, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, &c., &c., Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY:

We, His Majesty's dutiful and loyal subjects, the Legislative Assembly of the North-West Territories of Canada, in session assembled, humbly approach Your Excellency for the purpose of representing--

That by an Address dated on the second day of May in the year one thousand nine hundred, a copy of which is attached hereto, the Legislative Assembly pointed out that repeated representations had been made, in various ways, to the Government of Canada with a view to obtaining just and equitable assistance towards providing for the proper and effective administration of affairs in those Territories and for the public necessities of their rapidly increasing population, and that such representations had been met by intermittent and insufficient additions to the annual grant, the provision so made by the Parliament of Canada never bearing any adequate proportion to the financial obligations imposed by the enlargement and development of the political institutions created by itself;

That by the said Address, the Legislative Assembly humbly prayed that Your Excellency would be graciously pleased to cause an inquiry to be made into the position of the Territories, financial and otherwise, and to cause such action to be taken as would provide for their present and immediate welfare and good government, as well as the due fulfilment of the duties and obligations of Government and Legislation assumed with respect to these Territories by the Parliament of Canada, and it was furthermore humbly prayed that Your Excellency would be also graciously pleased to order inquiries to be made and accounts taken with a view to the settlement of the terms and conditions upon which the Territories or any part thereof should be established as a Province;

That since the passing of the said Address further representations have been made in various ways to Your Excellency's Government with regard to the financial and constitutional position of the Territories;

That during the past three years the immediate necessities of the Territories have been vastly increased by a remarkable immigration movement, which is still going on;

That no adequate response has been made to the repeated requests for the financial assistance necessary for the proper and effective administration of the affairs of these Territories and for the public necessities of their rapidly increasing population;

That the Legislative Assembly, representing, as it does, the unanimous opinion of the people of the Territories, believes that nothing short of that system of government enjoyed by our fellow citizens in the Provinces will afford a solution of the Legislative and financial difficulties which confront it;

Therefore we do humbly pray that Your Excellency in Council will cause such action to be taken as will provide for the present and immediate financial necessities of the Territories and will further provide for the establishment of Provincial Institutions in the Territories upon fair and just terms analogous to those upon which the old Provinces have been dealt with;

All of which we humbly pray Your Excellency to take into Your Excellency's gracious and favourable consideration.

of the North-West Territories.*

The Honourable
The Secretary of State,

SIR,—I have the honour to forward herewith for transmission to His Excellency the Governor General, the enclosed Address to His Excellency, from the Legislative Assembly of

the North-West Territories, upon the present constitutional and financial condition of the North-West Territories.

I have, etc.,

OTTAWA, 29th April, 1903.

His Honour

The Lieutenant Governor of the North-West Territories,
Regina, N.W.T.

SIR,—I have the honour to acknowledge the receipt of your despatch of the 24th instant, enclosing an Address to His Excellency from the Legislative Assembly of the North-West Territories upon the present constitutional and financial condition of the North-West Territories and to state that the same has been duly submitted to the Governor General in Council.

I have, etc.,

*38. Letter from Premier Haultain to Sir Wilfrid Laurier
June 2, 1903.*

REGINA, June 2, 1903.

The Right Hon. Sir WILFRID LAURIER, G.C.M.G.,
President Privy Council,
Ottawa.

SIR,—I have the honour on behalf of the North-West Government to again ask for a reply to the requests set out in my letter to you of the 15th April last. Acknowledging that letter on the 20th April you say "As Mr. Fielding has communicated "with you already by wire on the subject therein mentioned, "I do not suppose that it requires any further reply." Mr. Fielding's telegram of the 16th April was a confidential and informal proposition and only dealt with the financial position.

On the 17th April I telegraphed Mr. Fielding our objections to his proposition, and informed him that I was writing on the subject. On the 20th April Mr. Fielding telegraphed "Will await your letter before taking further action." My letter to Mr. Fielding was dated the 20th April. On the 25th April the Territorial Legislature adjourned for six weeks to await the decision of the Federal Government with regard to the North-West grant, and up to the present time no further communication on the subject has been received by us. In further reference to your letter of the 20th April I beg to point out that Mr. Fielding's telegram does not deal with the most important part of my letter of the 16th April, namely, our request for Provincial Institutions, and I would most respectfully urge that our representations on this important question merit some further reply than can be gathered by implication from the fact that Mr. Fielding does not refer to them.

I have, etc.,

F. W. G. HAULTAIN.

*§9. Letter from Sir Wilfrid Laurier to Premier Haultain,
June 8, 1903.*

OTTAWA, 8th June, 1903.

The Hon. F. W. G. HAULTAIN,
President of the Executive Council,
Regina, N.W.T.

SIR,—I have the honour* to acknowledge the receipt of your letter of the 2nd instant. The Minister of Finance has, by this time, communicated with you respecting the financial grant to be given to the North-West Legislature.

With regard to your further request that legislation be introduced this session conferring on the Territories full provincial organisation, I have had the honour to discuss the matter with the members of the House of Commons from the Territories. I have asked them to consider whether it would be advisable to have such legislation introduced this year. We are, as you know, introducing a Redistribution measure at the present session, and we are giving to the Territories a much larger representation in the House of Commons than they would be entitled to were they to become organised at once as

a province. In fact the Bill which we have introduced allows to the Territories a representation in the House of Commons of ten members. Were they to be admitted at once as a province, they would be entitled to only six members. It would be a question of extreme difficulty and complications to give to the Territories at the same time all the advantages of full provincial organisation without the corresponding disadvantages.

I have the honour to be,

Sir,

Yours truly,

WILFRID LAURIER.

*40. Letter from Premier Haultain to Sir Wilfrid Laurier,
June 15, 1903.*

The Right Hon. Sir WILFRID LAURIER, G.C.M.G.,
President Privy Council,
Ottawa, Ont.

REGINA, June 15, 1903.

SIR,—I have the honour to acknowledge receipt of your letter of the Eighth instant relating to the question of Provincial Institutions in the Territories, and to express regret on the part of the North-West Government that that question has again been put on one side for a reason which seems quite foreign to the subject.

With all deference to the opinion expressed by you, I cannot see that the representation proposed to be given to the Territories under the Redistribution Bill could be in any way affected by the passing of concurrent legislation granting the Provincial status to the Territories.

The provisions of the B.N.A. Act relating to representation would not, I submit, apply to a Province which, at the earliest, could only come into existence at the same time as the Redistribution Bill became law. Even if legislation creating a Province were introduced at the present session of Parliament, the actual coming into existence of the Province would necessarily be postponed for some months to enable Territorial affairs to be wound up, and thus any question with regard to representation and the effect of the B.N.A. Act would be removed. I might also remind you that upon the admission of British Columbia into the Confederation and upon the

creation of the Province of Manitoba larger representation was given than these two Provinces were respectively entitled to under the B.N.A. Act.

You say that you have discussed the question of Provincial organization with the Members of the House of Commons from the Territories and have asked them to consider whether it would be advisable to have such legislation introduced this year. Your letter does not make it clear what the opinion of those gentlemen is, but I feel justified in asserting that that opinion was not in accord with the wishes of the people they represent unless it supported the claims made by us which are unanimously endorsed by the North-West Legislature, and were practically unanimously endorsed by the people of the North-West Territories at the General Elections in May, 1902. The question of larger representation in the Federal Parliament is without doubt an important one, but the infinitely more urgent question of Provincial organisation should not be subordinated to it. The two questions are quite separate and independent, and cannot, I think I have shown, affect one another. Under any circumstances, however, the obtaining of Provincial powers is in our opinion of much greater importance to the people of the Territories than additional representation in a Parliament whose failure to fulfil the duties and obligations it has assumed with regard to the North-West is one of our strongest reasons for demanding Home Rule.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN.

REGINA, July 24, 1903.

The Hon. CLIFFORD SIFTON,
Minister of the Interior,
Ottawa.

SIR,—In the absence of Mr. Haultain I have the honour to acknowledge receipt of your telegram, asking that copies of the following letters be sent to you at Ottawa by first mail:

(1) Letter dated August 11, 1901, signed by the Hon A. L. Sifton, addressed to yourself;

(2) Letter dated December 17, 1902, signed by the Hon. A. L. Sifton, addressed to yourself;

(3) Letter dated August 14, 1901, signed by yourself, addressed to the Hon. A. L. Sifton;

(4) Letter dated April 15, 1903, signed by the Hon. F. W. G. Haultain, addressed to yourself.

As I have been unable to definitely locate certain of the letters described above, I am forwarding to you herewith copies in duplicate, of the printed correspondence, as laid on the Table of the Legislative Assembly here dealing with the subjects of the Provincial question and the Parliamentary grant to the Territories. On page 6 of the pamphlet headed "Memorial" will be found printed copies of two telegrams, under dates of August 10 and August 14, 1901, which passed between the Hon. A. L. Sifton and yourself which are the only communications that have been traced anywhere near those dates appearing to comply with your request.

The letter dated December 17, 1902, is the letter first printed in the pamphlet headed "Correspondence." No trace of any letter dated April 15th last, written by Mr. Haultain, addressed to you, can be found here, but it is thought that your reference may possibly be the letter addressed on that date by Mr. Haultain to Sir Wilfrid Laurier, which will be found printed in its regular place in both pamphlets.

Should these not be the letters to which you have reference, I would be pleased to make further search if you will kindly indicate the nature of the subject dealt with in the letters you desire.

I have the honour to be, Sir,

Your obedient servant,

JOHN A. REID,

Clerk Executive Council.

SIR,—I have the honour to confirm my telegram of this date, sent in Mr. Haultain's absence, reading:

Your telegram to Premier. All letters and telegrams asked for will be found in printed documents forwarded with my letter to Minister Interior, dated July 24. Further copies going by mail.

I am enclosing to you herewith two copies of all correspondence, down to June 2, last, connected with the Memorial of the Legislative Assembly of May 2, 1900, dealing with the financial and constitutional position of the Territories, and of the correspondence between the Federal and Territorial Governments, down to June 6 last, respecting the Parliamentary grant for expenditure by the Government of the Territories during the calendar year 1903.

As it would appear not improbable from your telegram that my letter to the Minister, of July 24 last, was not at present available I am enclosing a copy herewith, for your information, as it indicates some possible slight confusion in the record of the correspondence as to the persons between whom the several letters and telegrams passed. All communications referred to in your telegram will be found printed in either the pamphlet headed "Memorial," or that headed "Correspondence," in the places indicated by their respective dates.

SIR,—I have the honour to enclose, herewith, for submission to His Excellency the Governor General in Council, the following original document, viz.,—

An humble petition of the Legislative Assembly of the Territories, to His Excellency in Council, adopted on the 20th day of November, 1903, reaffirming the statements, and renewing the prayers contained in its addresses, dated respectively the Second day of May, 1900, and the Twenty-fourth day of April, 1903,—and praying that the same be taken into His Excellency's most gracious, favourable and early consideration.

The two addresses above referred to, were transmitted by the undersigned, to your Department, the first under cover of despatch dated the 20th July, 1900, and the second under cover of despatch dated the 24th April, 1903.

I have the honour to be, Sir,

49. Letter from Department of Secretary of State to Lieutenant Governor Forget, Nov. 28, 1903.

His Honour OTTAWA, 28th November, 1903

The Lieutenant Governor of the North-West Territories,
Regina, North-West Territories.

SIR,—I have the honour to acknowledge receipt of your despatch, No. 34, of the 21st instant, enclosing, for submission to His Excellency the Governor General in Council, the Petition of the Legislative Assembly of the North-West Territories, reaffirming the statements and renewing the prayers contained in previous Addresses to His Excellency dated the 2nd day of May, 1900, and the 24th April, 1903.

In this connection I may observe that no Resolutions of the Legislature of the North-West Territories appear to have been received by the Secretary of State in the year 1900. A Resolution, dated the 4th May, 1900 (not 2nd of May), was received here on the 5th February, 1901, and laid before His Excellency the Governor General in Council, but the covering despatch does not indicate the tenor of the Resolution in question.

In regard to the Address of the 24th April last, which you say was sent to the Secretary of State under cover of despatch of even date, I beg to say that two despatches were received from you on the 24th April, 1903, the one enclosing an Address from the Assembly upon the present constitutional and financial condition of the North-West Territories, and the other dealing with the question of transportation.

The Secretary of State would be glad to know to which of these two subjects the Address of the 20th November, 1903, relates, as your despatch of the 21st instant does not disclose this information.

I have the honour to be, Sir,

Your obedient servant,

JOSEPH POPE,
Under Secretary of State.

50. Letter from Lieutenant Governor Forget to Secretary of State, Dec. 5, 1903.

REGINA, December 5, 1903.

The Honourable

The Secretary of State,
Ottawa.

SIR,—I have the honour to acknowledge the receipt of a letter (File No. 2341) from the Under-Secretary of State, dated the 28th ultimo, acknowledging the receipt of my despatch of the 21st November, covering, for submission to His Excellency the Governor General in Council, the Petition of the Legislative Assembly of the North-West Territories, reaffirming the statements and renewing the prayers contained in previous Addresses to His Excellency dated the 2nd May, 1900, and the 24th April, 1903. In this letter the Under-Secretary of State stated that no Resolutions of the Legislature of the North-West Territories appear to have been received by the Secretary of State in the year 1900 but that a Resolution dated the 4th May, 1900, was received in Ottawa on the 5th February, 1901, and that the tenor of the Resolution is not indicated in my covering despatch.

It is possible some misunderstanding has arisen from the fact that reference is made in the Under-Secretary of State's letter to a Resolution, whereas the document of May 2nd forwarded by me on July 20, 1900, was an Address, a copy of which I now have the honour to forward together with my covering letter and the acknowledgment of its being duly received.

With regard to the Address of the 24th April last, the one which is referred to is the one enclosing an Address from the

Legislative Assembly upon the constitutional and financial condition of the Territories, of this I also enclose a copy for your information.

I have the honour to be, Sir,

Your obedient servant,

A. E. FORGET,
Lieutenant Governor.

51. Letter from Department of Secretary of State to Lieutenant Governor Forget, Dec. 9, 1903.

His Honour

OTTAWA, December 9, 1903.

The Lieutenant Governor of the North-West Territories,
Regina, North-West Territories.

SIR,—I have the honour to acknowledge the receipt of your despatch of the 5th instant, and regret to find that I was in error in stating that no Addresses or Resolutions of the Legislature of the North-West Territories appear to have been received by the Secretary of State during the year 1900.

Your despatch of the 20th July, 1900, and accompanying Address were duly received and laid before His Excellency the Governor General in Council on the 25th of the same month. The Secretary of State will take the same action with respect to the despatch and enclosures of the 21st November last.

I trust that Your Honour will be so good as to accept my apologies for the error into which I was inadvertently led.

I have the honour to be, Sir,

Your obedient servant,

JOSEPH POPE,
Under-Secretary of State.

52. Letter from Premier Haultain to Sir Wilfrid Laurier, May 19, 1904.

The Right Honourable

OTTAWA, May 19, 1904.

SIR WILFRID LAURIER, G.C.M.G.,
President of the Privy Council,
Ottawa.

SIR,—On several occasions since the Second Day of May, 1900, I have had the honour to direct the attention of the Do-

minion Government, both through yourself and the Minister of the Interior, to the Memorial of the Legislative Assembly of the Territories, adopted on that date, asking that the preliminary steps should be taken towards the creation of Provincial Institutions in that portion of the Dominion. You will, I have no doubt, recall the conference held in the fall of 1901 by a subcommittee of the Privy Council, of which you were a member, with my then colleague, Mr. A. L. Sifton, and myself on behalf of the Territorial Government; and you will also be familiar with the extended statement setting forth our views and crystallizing them, as it were, in the form of a draft Bill, submitted by myself on December 7, 1910, at your request. I presume you are also acquainted with the nature of the communication sent to me by the Hon. the Minister of the Interior in March, 1902, in which it was intimated that the conditions with respect to population and alleged divergence of opinion in the Territories upon details of the question were sufficient reasons, in the opinion of the Dominion Government, for not discussing our representations. As the correspondence has been laid before Parliament I assume that you are aware in January, 1903, I addressed a communication to the Hon. Mr. Sifton in which I took occasion to point out that in May, 1902, I submitted the issue to the people of the Territories, with the result that, without exception, every member of the Legislative Assembly supports the contentions of this Government upon the question of the urgency of carrying on the negotiations and taking accounts looking toward the establishment of the Territories upon the Provincial basis, no matter what their views upon other subjects may be. This statement is based, amongst other reasons, upon the fact that even as late as the Twentieth day of November last the members of the Assembly unanimously adopted a resolution to present an humble Address to His Excellency the Governor in Council reaffirming the statements and renewing the prayers upon the subject of the Provincial establishment contained in their Addresses to His Excellency, of the Second day of May, 1900, and the Twenty-fourth day of April, 1903.

To all these addresses and supplementary correspondence the only replies we have been favoured with from the Dominion Government have been the letter, referred to above, from the Hon. the Minister of the Interior, dated on March the 27th, 1902, and another from yourself dated on June the 8th, 1903. I deem it necessary in this connection to impress this fact upon

you, namely, that the Members of the Legislative Assembly are closely in touch with the people of this country, and they, one and all, have repeatedly expressed opinions entirely contrary to those which have apparently determined your action on this question. Further—and I make this statement advisedly—of the 35 members of the Assembly one-half are well known to be in active sympathy with yourself and your Government, and these gentlemen are in full accord with the other members of the House upon this subject. I might also refer to the fact that some, at least, of the political conventions at present being held in the Territories for the selection of candidates representing your party, and which are being largely guided by members of our Legislature, are adopting resolutions calling upon your Government to take up the question of our Provincial establishment and carry it to a satisfactory conclusion. I think it becoming to mention these matters at this time, as it seems to me that they are in themselves evidence that the advice tendered to you by some of your supporters in Parliament from the Territories has not been in accord with the desires of the people as they are giving expression to them.

I need not urge you to deal with this matter upon other grounds, for I have already done so as fully as I am able to do, and it only remains for me, on behalf of the Government of the Territories, to give point to the representations of the Legislative Assembly by demanding, with all respect, that your Government will take up the negotiations at the point where they were carried to by my letter of December 7, 1901, and continue them until the matters involved are settled. In doing so I have to say that we request that, at the earliest possible date after the conclusion of the negotiation and settlement of the accounts between the Dominion and the Territories, legislation be introduced into Parliament organizing upon the Provincial basis that portion of the North-West Territories lying between the western boundary of Manitoba and the eastern slope of the Rocky Mountains, and extending northward from the International boundary and the Northern boundary of Manitoba as far into the district of Athabasca as may be decided upon. We further ask that, whatever else it includes, the legislation introduced shall contain provision for—

(1) The application of the British North America Act as far as possible to the area dealt with;

(2) Adequate representation in both Houses of Parliament, bearing in mind the difference in the ratio of increase in the population in the Territories from that of the longer settled parts of the Dominion;

(3) Government, Legislature, and the administration of Justice;

(4) The preservation of vested rights;

(5) The transfer of the public domain with all Territorial rights and the beneficial interest therein involved;

(6) A subsidy based as nearly as may be upon those given to the Provinces;

(7) Remuneration for that part of the public domain alienated by the Dominion for purely Federal purposes; and

(8) The placing of the burden of the Canadian Pacific exemption upon the Dominion, where it properly belongs.

In conclusion, I beg to be permitted to state that all these matters have been repeatedly brought to the notice of your Government, and I trust they will now receive some consideration at your hands.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN.

*53. Letter from Premier Haultain to Sir Wilfrid Laurier,
May 19, 1904.*

The Honourable

OTTAWA, May 19, 1904.

SIR WILFRID LAURIER, G.C.M.G.,

President of the Privy Council.

Ottawa.

SIR,—In the course of the correspondence which I had with you last year on the subject of the creation of a Province in the Territories, you informed me that on account of the delay in the formation of a Province the Territories were enabled to secure larger representation in the House of Commons. While not agreeing with the arguments which you advanced on this question, but still believing that the most important question for the Territories is the obtaining of full Provincial powers, I would like to point out to you that if the larger representation in the

Commons is to be regarded as a set-off to our demand for Provincial powers we have not received that representation under the new Redistribution Act to which we are entitled. Your letter pointed out that by the postponement of the Provincial question you were able to deal with the question of Territorial representation apart from the terms of The British North America Act, which in the event of the establishment of the Province would apply. I would therefore call your attention to the fact that according to the figures given by the Department of the Interior our population at present is about 450,000, and that on the present basis of representation we are entitled to eighteen members instead of the ten given us under the Redistribution Act. This representation of ten, which is at the present time far below what we are actually entitled to on population, will, long before the first Parliament elected under the new Act has come to an end, be still more inadequate. I would therefore ask you to consider the question of amending the Redistribution Act before the next General Elections, and of granting to the Territories at least the representation which they are actually entitled to at the present time, if not a representation based upon a reasonable expectation of increased population between now and next Dominion census. If we were a Province at the present time we would be entitled to the representation which I am asking for.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN.

54. Letter from Premier Haultain to the Minister of the Interior, May 19, 1904.

HON. CLIFFORD SIFTON, OTTAWA, May 19, 1904.
Minister of the Interior,
Ottawa.

SIR,—On December 17, 1902, Mr. A. L. Sifton, as Treasurer of the North-West Territories, submitted a statement of estimated amounts required to be provided by Parliament for the services of the Territories falling within the control of the Legislative Assembly during the year 1903. The statement covered the following details:

Civil Government.	\$80,000.00
Legislation.	45,000.00
Administration of Civil Justice & Ordinances	20,000.00
Public Works.	400,000.00
Education.	250,000.00
Agriculture and Statistics.	50,000.00
Hospitals, Charities and Public Health . .	25,000.00
Miscellaneous services not grouped above..	10,000.00
	<hr/>
	\$880,000.00

On February 21, 1903, at the request of Sir Wilfrid Laurier and yourself, I submitted a statement furnishing full details of the above estimates, at the same time taking occasion to point out that such had been the unexpected increase in the demands for schools, arising from the great increase in our population, that I felt it necessary to amend the estimate for "Education" by \$16,000.00 thus making the total estimated requirements for the year 1903 to be \$896,000.

To meet our estimated expenditures—which were shown in my communication of February 21 to be far short of the public necessities—we received the following sums:

One half of the grant for 1902-3:

Paid in January 1903. \$228,989.50

One half of the grant for 1903-4 due
in July, 1903 but paid in two instalments as follows:

1. July 20. 91,595.80
2. November 2nd 262,393.70

353,989.50

\$582,979.00

No reference is here made to the supplementary vote of \$250,000.00 to cover our overdraft of 1902, as that stands by itself and has no connection with our estimates for 1903 or 1904.

We thus practically received some \$300,000.00 less than the amount required to meet our public obligations, and in consequence have had to curtail our expenses. Every work required and not done in 1903 is calling for attention in 1904, in addition to other and largely increased necessities. This year

we require at least \$1,000,000.00 to perform the services placed upon us by Parliament, one half of which amount we expect to be called upon to expend upon public works. Our other services are so inelastic that whatever amount we fall short of the sum above stated will necessarily have to be withdrawn from the expenditure upon roads, bridges and similar public necessities.

It may occur to you that Parliament made other provision for expenditure upon public works in the Territories that has not been here mentioned, and which might possibly be utilized. In that connection I have first to say that our public works expenditure during 1904 does not contemplate such works as properly range themselves with "capital" expenditure. Had the Legislative Assembly decided to make any such expenditures authority for so doing would more properly form the subject of a separate communication, without any connection whatever with the sums under consideration.

But apart from that I have to remind you of the nature of the statements made to you every year since your accession to office and which are well summarized in the concluding words of Mr. A. L. Sifton's letter addressed to yourself on January 9, 1903, which I here quote:

The Territories having all their assets in the hands of the Dominion Government must therefore depend upon the Dominion Government for this source of revenue, as well as for the annual subsidy which they receive for ordinary services, and until such time as the Dominion Government is prepared to assume the responsibility for the formation of a Province, or Provinces, upon terms which will enable them to assume their own responsibilities, and, if they so desire, incur their own liabilities, it rests with the Dominion Government to furnish the necessary means to carry on the work in a proper manner commensurate with the work that is done in the other Provinces of the Dominion.

I am enclosing two statements, one of which will show you the amount of work done, and taxation imposed upon themselves, by the people of the Territories during the year 1903.

With regard to the work and taxation, you will see from the statements that work to the extent of \$223,655.00 was actually performed during the year. The school statement shows that during last year we actually created 133 new school districts. I may add that we have already at this date formed or are in the process, of forming a similar number this year and we calculate that we will establish at least 200 new districts before the end of the year. We only begin to feel the effects of the large immigration the second year after it has come in, and during this year and every succeeding year our necessities will increase very much more largely in proportion to other

years. The statement also shows the amount of taxation imposed by the people themselves for school purposes.

These two statements will I think speak for themselves, and it will be quite unnecessary for me to inform you with regard to the increased numbers of people who are coming into the Territories this year. Under all the circumstances, and in view of the inadequate amount supplied to us last year, I feel I am quite within the mark and making a very modest request when I ask for an increase of \$400,000,000, at least, for the coming Dominion year.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN.

The average rate of taxation for 1903 as nearly as can be estimated with the figures at hand was,—

In rural districts about 4c. per acre.

In town and village districts about 8 mills on the dollar.

NOTE: (1) In rural districts the rate of taxation varies from 2 cents to 10 cents per acre. There are a great many

districts that levy rates of 5 cents, 6, 7 and 8 cents per acre. In town and village districts from 10 to 15 mills on the dollar is not an uncommon tax.

(2) While the above figures show the amount of taxes collected there is a very large sum of arrears of taxes outstanding—probably \$150,000. These arrears are due principally on railway and other lands which were purchased by speculators during the past year and a half. In order to make up the deficit caused by the nonpayment of these arrears trustees have had to borrow large sums by note. The figures given therefor do not accurately indicate the amount required to be raised by taxation to maintain our schools.

*55. Letter from Sir Wilfrid Laurier to Premier Haultain,
Sept. 30, 1904.*

PRIVY COUNCIL,

Hon. F. W. G. HAULTAIN,
Regina, Assa.,

OTTAWA, Sept. 30, 1904.

DEAR SIR,—My attention has been called to the fact that there has been no reply sent to your letters of May 19th and June 1st respectively.

In regard to the subject raised in the letter of May 19th permit me to say that I do not think that I upon any occasion indicated an opinion that larger representation in the House of Commons was to be regarded as a set-off to the demands of the North-West Territories for provincial powers. I merely pointed out that the action of my Government in declining to introduce legislation to constitute the North-West Territories into a Province at the time when your Government requested it had resulted in an increased number of representatives being granted to the North-West Territories in the House of Commons. Had the request for provincial autonomy been given when it was made the representation would necessarily have been governed by The British North America Act, and you would now have been entitled to six members, which could not have been increased until the decennial readjustment of representation. By reason of the fact that the North-West Territories still remains without provincial autonomy we have been able to deal more liberally in that respect. It was not suggested that the Territories were entitled to call for an annual readjustment of its representation on the basis of population, nor do I think that any precedent can be found in constitutional practice for such a suggestion. The number of members granted in the last Redistribution Act was based upon a somewhat liberal computation of the population as presumed to exist at the time when the Act was introduced. The question as to what should be the representation of the Territories when they are constituted into a province or provinces is one which will call for renewed consideration when the question of provincial autonomy is dealt with.

In reference to your letter of the 1st of June I do not think that I need discuss at length the representations which it contains further than to intimate my opinion that circumstances have justified the wisdom of the course adopted by my Govern-

ment in declining to deal finally two years ago with the many important questions involved in the admission of the North-West Territories into confederation as a province or provinces. Rapid development has taken place in the North-West Territories during the intervening period and I am inclined to the view that all those who will be called upon to give consideration to the subject will be in a position to deal with it in the near future with the advantage of fuller and more comprehensive information than could possibly have been available two years ago. You will have learned prior to the receipt of this letter that Parliament has been dissolved. The new House of Commons will contain not four but ten representatives of the North-West Territories who coming fresh from the people will be entitled to speak with confidence as to the views and requirements of those whom they represent. Should my Government be sustained we will be prepared immediately after the election to enter upon negotiations for the purpose of arriving at a settlement of the various questions involved in the granting of provincial autonomy with a view to dealing with the question at the next session of Parliament.

Yours respectfully,

WILFRID LAURIER.

EXECUTIVE COUNCIL,

The Right Honourable REGINA, October 5, 1904.

SIR WILFRID LAURIER, G.C.M.G.,

President of the Privy Council,

Ottawa.

SIR,—I have the honour to acknowledge receipt of your letter of the 30th ultimo, in which you inform me that your attention has been called to the fact that there had been no reply sent to my letters of May 19 and June 1, that Parliament had been dissolved, and that if your Government is sustained you will be prepared, immediately after the election, to enter upon negotiations for the purpose of arriving at a settlement of the various questions involved in the granting of provincial autonomy with a view to dealing with the question at the next session of Parliament.

I have the honour to be, Sir,

Your obedient servant,

F. W. G. HAULTAIN.

The Alberta Act.

4 AND 5 EDWARD VII., CHAPTER 3.

An Act to establish and provide for the Government of the
Province of Alberta.

[Assented to 20th July, 1905.]

Preamble.

Whereas in and by *The British North America Act*, 1871, being chapter 28 of the Acts of the Parliament of the United Kingdom passed in the session thereof held in the 34th and 35th years of the reign of Her late Majesty Queen Victoria, it is enacted that the Parliament of Canada may from time to time establish new provinces in any territories forming for the time being part of the Dominion of Canada, but not included in any province thereof, and may, at the time of such establishment, make provision for the constitution and administration of any such province, and for the passing of laws for the peace, order and good government of such province, and for its representation in the said Parliament of Canada;

And whereas it is expedient to establish as a province the territory hereinafter described, and to make provision for the government thereof and the representation thereof in the Parliament of Canada: Therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Short title.

1. This Act may be cited as *The Alberta Act*.

Province of
Alberta

formed: its
boundaries.

2. The territory comprised within the following boundaries, that is to say,—commencing at the intersection of the International boundary dividing Canada from the United States of America by the fourth meridian in the system of Dominion land surveys; thence westerly along the said international boundary to the eastern boundary of the Province of British Columbia; thence northerly along the said eastern boundary of the province of British Columbia to the north-east corner of the said province; thence easterly along the parallel of the sixtieth degree of north latitude to the fourth meridian in the system of Dominion lands surveys as the same may be hereafter defined in accordance with the said system; thence southerly along the said fourth meridian to the point of commencement,—is hereby established as a province of the Dominion of Canada, to be called and known as the province of Alberta.

3. The provisions of *The British North America Acts*, 1867 to 1886, shall apply to the province of Alberta in the same way and to the like extent as the apply to the provinces heretofore comprised in the Dominion, as if the said province of Alberta had been one of the provinces originally united, except in so far as varied by this Act and except such provisions as are in terms made, or by reasonable intendment, may be held to be specially applicable to or only to affect one or more and not the whole of the said provinces.

4. The said province shall be represented in the Senate of Canada by four members: Provided that such representation may, after the completion of the next decennial census, be from time to time increased to six by the Parliament of Canada.

5. The said province and the province of Saskatchewan shall, until the termination of the Parliament of Canada existing at the time of the first readjustment hereinafter provided for, continue to be represented in the House of Commons as provided by chapter 60 of the statutes of 1903, each of the electoral districts defined in that part of the schedule to the said Act which relates to the North-west Territories, whether such district is wholly in one of the said provinces, or partly in one and partly in the other of them, being represented by one member.

6. Upon the completion of the next quinquennial census for the said province, the representation thereof shall forthwith be readjusted by the Parliament of Canada in such manner that there shall be assigned to the said province such a number of members as will bear the same proportion to the number of its population ascertained at such quinquennial census as the number sixty-five bears to the number of the population of Quebec as ascertained at the then last decennial census; and in the computation of the number of members for the said province a fractional part not exceeding one-half of the whole number requisite for entitling the province to a member shall be disregarded, and a fractional part exceeding one-half of that number shall be deemed equivalent to the whole number, and such readjustment shall take effect upon the termination of the Parliament then existing.

Subsequent
readjust-
ments.

2. The representation of the said province shall thereafter be readjusted from time to time according to the provisions of section 51 of *The British North America Act*, 1867.

Until the Parliament of Canada otherwise provides, the qualifications of voters for the election of members of the House of Commons and the proceedings at and in connection with elections of such members shall, *mutatis mutandis*, be those prescribed by law at the time this Act comes into force with respect to such elections in the North-west Territories.

Executive
Council.

8. The Executive Council of the said province shall be composed of such persons, under such designations, as the Lieutenant Governor from time to time thinks fit.

Government.

9. Unless and until the Lieutenant Governor in Council of the said province otherwise directs, by proclamation under the Great Seal, the seat of government of the said province shall be at Edmonton.

Great Seal.

11. The Lieutenant Governor in Council shall, as soon as may be after this Act comes into force, adopt and provide a Great Seal of the said province, and may, from time to time, change such seal.

An Act for extending the jurisdiction of the Courts of Justice in the Province of Lower Canada, and Upper Canada, to the trial and punishment of persons guilty of crimes and offences within certain parts of North America adjoining to the said Provinces.

(11th August, 1803.)

Whereas crimes and offences have been committed in the Indian Territories and other parts of America not within the limits of the Provinces of Upper or Lower Canada, or either of them, or of the jurisdiction of any of the Courts established in those provinces or within the limits of any civil government of the United States of America, and are therefore not cognizable by any jurisdiction whatever, and by reason thereof great crimes and offences have gone, and may hereafter go unpunished, and greatly increase—for remedy whereof, *May it please your Majesty* that it may be enacted, and be it enacted by the *King's Most Excellent Majesty* by and with the consent and advice of the Lords Spiritual and Temporal and Commons in this present Parliament assembled, and by the authority of the same, THAT, from and after the passing of this Act, all offences committed within any of the Indian territories or parts of America, not within the limits of either of the said Provinces of Upper or Lower Canada, or of any civil government of the United States of America, shall be, and be deemed to be, offen-

ces of the same nature and shall be tried in the same manner and subject to the same punishment as if the same had been committed within the Province of Lower or Upper Canada.

2. *And be it further Enacted*, that it shall be lawful for the Governor or Lieutenant Governor, or person administering the Government for the time being of the Province of Lower Canada by Commission under his hand and seal, to authorise and empower any person or persons whomsoever resident or being at the time, to act as Civil Magistrates and Justices of the Peace for any of the Indian Territories or parts of America not within the limits of either of the said provinces or of any civil government of the United States of America, as well as within the limits of either of the said Provinces, either upon informations taken or given within the said Provinces of Lower or Upper Canada, or out of the said Provinces in any part of the Indian Territories or parts of America aforesaid, for the purpose only of hearing crimes and offenses and committing any person or persons guilty of any crime or offence to safe custody in order to his or their being conveyed to the said Province of Lower Canada to be dealt with according to law, and it shall be lawful for any person or persons whatsoever to apprehend and take before any person so commissioned as aforesaid, or to apprehend and convey or cause to be safely conveyed with all convenient speed to the Province of Lower Canada any person or persons guilty of any crime or offence there to be delivered into safe custody for the purpose of being dealt with according to law.

3rd. *And be it further Enacted*, that every such offender may and shall be prosecuted and tried in the Courts of the Province of Lower Canada (or if the Governor, or Lieutenant Governor, or person administering the government for the time being, shall from any of the circumstances of the crime or offence, or the local situation of any of the witnesses for the prosecution or defence think justice may be more conveniently administered in relation to such crime or offence in the Province of Upper Canada and shall by any instrument under the great seal of the Province of Lower Canada, declare the same, then that every such offender may and shall be prosecuted and tried in the Court of the Province of Upper Canada) in which crimes or offences of the like nature are usually tried, and where the same would have been tried, if such crime or offence

had been committed within the limits of the Province where the same shall be tried under this Act; and every offender tried and convicted under this Act shall be liable and subject to such punishment as may by any law in force in the Province where he or she shall be tried be inflicted for such crime or offence, and such crime or offence may and shall be laid and charged to have been committed within the jurisdiction of such Court, and such Court may and shall proceed therein to trial, judgment and execution or other punishment for such crime or offence in the same manner and in every respect as if such crime or offence had really been committed within the jurisdiction of such Court, and shall also be lawful for the Judges and other officers the said Courts to issue subpoenas and other processes for enforcing the attendance of witnesses on any such trial, and such subpoenas and other processes shall be as valid and effectual and be in full force, and put in execution in any parts of the Indian Territories or other parts of America out of and not within the limits of the civil government of the United States of America as well as within the limits of either of the said Provinces of Upper or Lower Canada in relation to the trial of any crimes or offences by this Act made cognizable in such Court, or to the more speedy and effectually bringing any offender or offenders to justice under this Act as fully and amply as any subpoenas or other processes are within the limits of the jurisdiction of this Court, from which any such subpoenas or processes shall have issued as aforesaid; any Act or Acts, law or laws, custom, usage, matter or thing to the contrary notwithstanding.

4th. *Provided always, and be it further enacted*, that if any crime or offence charged and prosecuted under this act shall be proved to have been committed by any person or persons not being a subject or subjects of His Majesty and also within the limits of any Colony, Settlement or Territory, belonging to any European States, the Court before which such prosecution shall be had, shall forthwith acquit such person or persons, not being such subject or subjects as aforesaid, of such charge.

5th. *Provided nevertheless*, that it shall and may be lawful for such Court to proceed in the trial of any other person being a subject or subjects of His Majesty, who shall be charged with the same or any other offence, notwithstanding such offence shall appear to have been committed within the limits of any Colony, Settlement or Territory, belonging to any European State as aforesaid.

Whereas the Servants in the pay of the Honble. Hudson's Bay Company in this department have heretofore given much and general cause of Complaint, by reason of their disobedience, neglect of duty, Combinations, and desertion, to the great injury of the Company, the degradation of the Officers, and the subversion of all order and discipline, and that no individual shall from and after the date hereof plead Ignorance of the Punishment which will follow the above offences in particular, and all other misdemeanours in general. This is to give Notice to all Persons of whatever denomination within these Territories, That all Crimes, Offences or misdeameanours, which are cognizable by the Laws of England will in future be punished according to the said Laws.

Company against Committing any of the above offences; or any other, as from and after the date of this Notice, each and every breach of the Laws will assuredly be attended with certain punishment, which will be proportioned to the Crime Committed.

And as there are of necessity foreigners and other persons unacquainted with the Laws of England in the service of the said Honble. Company, who may be ignorant of the consequences attendant upon a breach of the Laws, the Governor of those Territories by and with the advice of his Council, have deemed it prudent to state the leading offences at the foot hereof, and opposite to them the probable punishment which will attach to each, and The Governor and Council, recommend them to the serious consideration not only of the foreigners of whatever nation but also to the entire of the Servants, whether English, Irish, Scotch or Orkneymen.

And fully aware as the Governor and Council are that there are now in the service of the said Honble. Company in this department many individuals of turbulent and refractory

dispositions, they will do well to be cautious how they behave in future as it is resolved the law shall be strictly enforced, and that no offence, infraction of duty, or misbehaviour of any description whatever shall be overlooked or passed by unnoticed.

And as there are also many individuals of peaceable demeanour and uniform good conduct in this department, it is hoped that they will continue to conduct themselves with the same propriety for the time to come, encouragement will only be given to the most deserving and protection and support to the meritorious and well disposed.

And all Chief factors, Traders, masters of posts, and other Officers who shall have men placed under their Command, are hereby ordered to make known to the individuals placed under them respectively, the substance of this notice, which must be done by reading the entire contents to the whole of the persons collectively, or individually under their respective commands, and thus the Chief factors, Traders, masters of posts and all other officers are commanded to perform, and on no account, pretext or pretence to neglect.

3. Selkirk Treaty with the Indians, July 18, 1817⁽¹⁾

THE SELKIRK TREATY.

THIS INDENTURE, made on the eighteenth day of July, in the fifty-seventh year of the reign of our Sovereign Lord King George the Third, and in the year of our Lord eighteen hundred and seventeen, between the undersigned Chiefs and warriors of the Chippeway or Saulteaux Nation and of the Killistine or Cree Nation, on the one part, and the Right Honourable Thomas Earl of Selkirk, on the other part:

Witnesseth that for and in consideration of the annual present or quit rent hereinafter mentioned, the said Chiefs have given, granted and confirmed, and do, by these presents, give, grant and confirm unto our Sovereign Lord the King all that tract of land adjacent to Red River and Ossiniboyne River, beginning at the mouth of Red River and extending along same as far as Great Forks at the mouth of Red Lake River, and along Ossiniboyne River, otherwise called Rivière des Champignons, and extending to the the distance of six miles from Fort Douglas on every side, and likewise from Fort Doer, and also from the Great Forks and in other parts extending in breadth to the distance of two English statute miles back from the banks of the said rivers, on each side, together with all the appurtenances whatsoever of the said tract

¹ Morris, *Treaties of Canada with the Indians*, pp. 299-300. On July 17, 1817, Selkirk wrote to Hon. W. B. Collman, "You are aware that one of the allegations which have been made in vindication of the North West Company, is that the outrages committed here have arisen from the jealousy of the native Indians against agricultural settlements, and their resentment against my settlers, for having possession of their lands without their consent or any purchase from them. I believe you have already heard enough to be satisfied how little foundation there is for any such idea. But it would be still more satisfactory if the sentiments of the Indians on that point were explicitly and formally declared in your presence, and still more so if they would consent to a specific cession of a portion of their lands to be set aside for the express purpose of agricultural settlements.

With a view to obviate misrepresentation and to show in a more decided manner their sense of the benefits likely to arise from agricultural establishments, I would propose to them, not a sale but a gift. If a large quantity of goods were offered for the purchase, it might be said, that the temptation of immediate advantage had induced them to sacrifice their permanent interests. I would therefore propose to them, merely a small annual present, in the nature of a quit rent, or acknowledgment of their right, and having specified what I intend to give in this way I would leave it to themselves to specify the boundaries of the lands, which they might agree to give up on that consideration, and to appropriate to country. But at all events the transaction would seem to facilitate the settlement of the country under Crown grants, in the event of my title being found defective.

of land, to have and to hold forever the said tract of land and appurtenances to the use of the said Earl of Selkirk, and of the settlers being established thereon, with the consent and permission of our Sovereign Lord the King, or of the said Earl of Selkirk. Provided always, and these presents are under the express condition that the said Earl, his heirs and successors, or their agents, shall annually pay to the Chiefs and warriors and successors, or their agents, shall annually pay to the Chiefs and warriors of the Chippeway or Saulteaux Nation, the present or quit rent consisting of one hundred pounds weight of good and merchantable tobacco, to be delivered on or before the tenth day of October at the forks of Ossiniboyne River—and to the Chiefs and warriors of the Killistine or Cree Nation, a like present or quit rent of one hundred pounds of tobacco, to be delivered to them on or before the said tenth day of October, at Portage de la Prairie, on the banks of Ossiniboyne River. Provided always that the traders hitherto established upon any part of the above-mentioned tract of land shall not be molested in the possession of the lands which they have already cultivated and improved, till His Majesty's pleasure shall be known.

In witness whereof the Chiefs aforesaid have set their marks, at the Forks of Red River on the day aforesaid.

7. *Extract from Minutes of Meeting of the Governor and Council of Rupert's Land, held at River Settlement, 10 June, 1845.*⁽¹⁾

Resolved, 1. THAT, once in every year, any British subject, if an actual resident, and not a fur trafficker, may import, whether from London or from St. Peter's, stores free of any duty now about to be imposed, on declaring truly that he has imported them at his own risk.

¹ Report of Select Committee on H. B. Co., 1857, p. 373.

2. That, once in every year, any British subject, if qualified as before, may exempt from duty, as before, imports of the local value of ten pounds, on declaring truly that they are intended exclusively to be used by himself within Red River Settlement, and have been purchased with certain specified productions or manufactures of the aforesaid settlement, exported in the same season or by the latest vessel at his own risk.

3. That, once in every year, any British subject, if qualified as before, who may have personally accompanied both his exports and imports, as defined in the preceeding Resolution, may exempt from duty, as before, imports of the local value of 50*l.*, on declaring truly thta they are either to be consumed by himself, or to be sold by himself to actual consumers within the aforesaid settlement, and have been purchased with certain specified productions or manufactures of the settlement, carried away by himself in the same season or by the latest vessel at his own risk.

4. That all other imports from the United Kingdom for the aforesaid settlement, shall, before delivery, pay at York Factory a duty of 20 per cent. on their prime cost, provided, however, that the Governor of the settlement be hereby authorized to exempt from the same all such importers as may, from year to year, be reasonably believed by him to have neither trafficked in furs themselves since the 8th day of December, 1844, nor enabled others to do so by illegally or improperly supplying them with trading articles of any description.

5. That all other imports from any part of the United States shall pay all duties payable under the provisions of 5 and 6 Vict. c. 49, the imperial statute for regulating the foreign trade of the British possessions in North America; provided, however, that the Governor-in-Chief, or, in his absence, the President of the Council, may so modify the machinery of the said Act of Parliament as to adapt the same to the circumstances

7. That henceforward no goods shall be delivered at York Factory to any but persons duly licensed to freight the same, such licenses being given only in those cases in which no fur trafficker may have any interest direct or indirect.

8. That any intoxicating drink, if found in a fur trafficker's possession, beyond the limits of the aforesaid settlement, may be seized and destroyed by any person on the spot.

Whereas the intervention of middlemen is alike injurious to the Honourable Company and to the people; it is Resolved,

9. That henceforth furs shall be purchased from none but the actual hunters of the same.

8. *Petition of Inhabitants and Natives of the Settlement situated on the Red River, in the Assiniboin Country, British North America.*⁽¹⁾

To the Honourable the Legislative Assembly of the Province of Canada, in Parliament assembled.

The Petition of the undersigned Inhabitants and Natives of the Settlement situated on the Red River, in the Assiniboine Country, British North America,
Humbly sheweth,

That many years ago a body of British emigrants were induced to settle in this country under very flattering promises made to them by the late Earl of Selkirk, and under certain contracts.

All those promises and contracts which had led them to hope that, protected by British laws, they would enjoy the fruits of their labour, have been evaded.

On the coalition of the rival companies, many of us, Europeans and Canadians, settled with our families around this nucleus of civilization in the wilderness, in full expectation that none would interrupt our enjoyment of those privileges which we believe to be ours by birthright, and which are secured to all Her Majesty's subjects in any other British colony.

We have paid large sums of money to the Hudson's Bay Company for land, yet we cannot obtain deeds for the same. The Company's agents have made several attempts to force upon us deeds which would reduce ourselves and our posterity to the most abject slavery under that body. As evidence of this we append a copy of such deeds as have been offered to us for signature.

Under what we believe to be a fictitious charter, but which the Company's agents have maintained to be the fundamental law of 'Rupert's Land,' we have been prevented the receiving in exchange the peltries of our country for any of the products of our labour, and have been forbidden giving peltries in exchange for any of the imported necessities of life, under the

¹ Report of Select Committee on H. B. Co, 1857, p. 437-439.

penalty of being imprisoned, and of having our property confiscated; we have been forbidden to take peltries in exchange even for food supplied to famishing Indians.

The Hudson's Bay Company's clerks, with an armed police, have entered into settlers' houses in quest of furs, and confiscated all they found. One poor settler, after having his goods seized, had his house burnt to the ground, and afterwards was conveyed prisoner to York Factory.

The Company's first legal adviser in this colony has declared our navigating the lakes and rivers between this colony and Hudson's Bay with any articles of our produce to be illegal. The same authority has declared our selling of English goods in this colony to be illegal.

On our annual commerical journeys into Minnesota, we have been pursued like felons by armed constables, who searched our property, even by breaking open our trunks; all furs found were confiscated.

This interference with those of aboriginal descent had been carried to such extent as to endanger the peace of the settlement.

Thus we, the inhabitants of this land, have been and are constrained to behold the valuable commercial productions of our country exported for the exclusive profit of a company of traders who are strangers to ourselves and to our country.

We are by necessity compelled to use many articles of their importation, for which we pay from one hundred to four hundred per cent. on prime cost, while we are prohibited exporting those productions of our own country and industry, which we could exchange for the necessaries of life.

This country is governed and legislated for by two distinct Legislative Councils, in constituting of which, we have no voice, the members of the highest holding their office of councillors by virtue of rank in the Company's service. This body passes laws affecting our interest; as, for instance, in 1845 it decreed that 20 per cent. duty would be levied on the imports of all who were suspected of trading in furs; this duty to be paid at York Factory. Again, in 1854, the same body passed a resolution imposing 12½ per cent. on all the goods landed for the colony at York Factory.

The local legislature consists of the Governor, who is also judge, and who holds his appointments from the Company: they are appointed by the same body, and are, with one or two

exceptions, to a greater or less extent dependent on that body. This Council imposes taxes, creates offences, and punishes the same by fines and imprisonments, (*i.e.*) the Governor and Council make the laws, judge the laws, and execute their own sentence. We have no voice in their selection, neither have we any constitutional means of controlling their action.

Our lands are fertile, and easily cultivated, but the exclusive system of the Hudson's Bay Company effectually prohibits the tiller of the soil, as well as the adventurer in any other industrial pursuit, from devoting his energies to those labours which, while producing to the individual prosperity and wealth, contribute to the general advantage of the settlement at large.

Under this system our energies are paralysed, and discontent is increasing to such a degree, that events fatal to British interest, and particularly to the interest of Canada, and even to civilization and humanity, may soon take place.

Our country is bordering on Minnesota territory: a trade for some years has been carried on between us. We are there met by very high duties on all articles which we import into that territory, the benefits of the Reciprocity Treaty not being extended to us. Notwithstanding this, the trade has gone on increasing, and will continue to do so; we have already great cause to envy those laws and those commercial advantages which we see enjoyed by our neighbours, and which, wherever they exist, are productive of prosperity and wealth.

As British subjects, we desire that the same liberty and freedom of commerce, as well as security of property, may be granted to us as is enjoyed in all other possessions of the British Crown, which liberty is become essentially necessary to our prosperity, and to the tranquillity of this colony.

We believe that the colony in which we live is a portion of that territory which became attached to the Crown of England by the Treaty of 1763, and that the dominion heretofore exercised by the Hudson's Bay Company is an usurpation antagonistic to civilization and to the best interests of the Canadian people, whose laws being extended to us, will guarantee the enjoyment of those rights and liberties which would leave us nothing to envy in the institutions of the neighbouring territory.

When we contemplate the mighty tide of immigration which has flowed towards the north these six years past, and has already filled the valley of the Upper Mississippi with settlers.

and which will this year flow over the height of land and fill up the valley of the Red River, is there no danger of being carried away by that flood, and that we may thereby lose our nationality? We love the British name! We are proud of that glorious fabric, the British Constitution, raised by the wisdom, cemented and hallowed by the blood of our forefathers.

We have represented our grievances to the Imperial Government, but through the chicanery of the Company and its false representations we have not been heard, and much less have our grievances been redressed. It would seem, therefore, that we have no other choice than the Canadian plough and printing press, or the American rifle and Fugitive Slave law.

We, therefore, as dutiful and loyal subjects of the British Crown humbly pray that Your Honourable House will take into your immediate consideration the subject of this our petition, and that such measures may be devised and adopted as will extend to us the protection of the Canadian Government, laws and institutions, and make us equal participators in those rights and liberties enjoyed by British subjects in whatever part of the world they reside.

Wherefore, your petitioners will ever pray.

RODERICK KENNEDY,
and 574 others.

The Governor and committee approve of the appointment of a Board of Works for the purpose of attending to the roads and bridges in the settlement, and are glad to find that the councillors are on the whole working harmoniously, and, they trust, beneficially, to the interests of the inhabitants.

They note your wish for the appointment of a good surveyor, and have desired Sir George Simpson to look out for a

suitable person in Canada; but it is doubtful whether he will succeed in obtaining one this season.

The Governor and committee trust that the course you pursued with the five deserters from the service of the fur trade will have a good effect in preventing such conduct in future.

The Minutes of Council held on 18th of October and 8th December are approved of.

With respect to your inquiry as to the competency of the Court of Assiniboin to adjudicate in civil cases exceeding the amount of 200*l.*, I am to inform you that that court being held under the authority of the charter within the limits of Rupert's Land, its powers are not restricted as to the amount upon which adjudication may be made, the rights held under the charter being reserved by the last clause of the Act Geo. 4, c. 66.

I am also directed to inform you, with reference to the petition of the Presbyterian congregation of Red River, that neither the Governor and Council of Assiniboin, nor the Governor and committee of the Hudson's Bay Company, have the power of incorporating any body of men for any purpose whatever. The property held by the Presbyterian congregation must therefore be vested in trustees, as it is at present; and you will be pleased to communicate this to the parties interested.

Mr. F. G. Johnson, Q.C., of the Montreal Bar, who has been appointed recorder of Rupert's Land, assessor and legal adviser to the Governor of Assiniboin, and to the Company, will proceed by the spring canoes to Red River, and will assume the law library now in the possession of Mr. Thorn.

From the accounts they have had of Mr. Johnson's ability and disposition, the Governor and committee have every expectation that he will act cordially with you for the general benefit of the settlement under your charge.

The account you give of the abundant supply of agricultural and plain provisions is very satisfactory; and, trusting that nothing may occur to disturb the peace and prospects of the settlement.

I have, &c.,

(signed) W. G. SMITH.

Assistant Secretary.

10. *Memorial of Bishop Anderson to the Hudson's Bay Company, 1856.*⁽²⁾

To the Governor and Committee of the Honourable Hudson's Bay Company.

Gentlemen,

On my first appearance at your Board after my return, you were kind enough to ask me to prepare a memorial, containing any suggestions regarding the condition of that country in which we have a common interest. The subject has been very often on my mind since, and constant occupation has alone prevented me from complying sooner with your request.

It is indeed difficult to advance any general propositions regarding the territory, from the entire difference of condition of the Red River Settlement and that of the country at large. And yet, if Rupert's Land is to rise, it must be from encouragement given to the Settlement. Now, the one barrier which most retards its progress would be the want of direct approach, except on the side of the United States.

Would it not be possible to improve in any way the navigation from York Fort to Lake Winnipeg, or to open a more direct communication from Lake Superior to the Red River? The condition of some of the Rapids is certainly very dangerous on the way from Norway House. An outlay comparatively small might remedy some of these, so as to facilitate the importation of English goods. A survey too of the land intervening between Fond du Lac and the Settlement might open up the other route, with perhaps even a smaller risk.

My own feeling is strong that the country will now admit of immigration, if conducted on a wise and cautious scale. Artisans and tradesmen are certainly required at the present time at the Red River. If a small number of carpenters, masons, and blacksmiths could gradually be sent out by the Honourable Company furnished with a free passage, it would raise the character of the population and lead to the foundation of special trades. If not conveyed out from Britain, they will soon find their way across from the United States.

Perhaps some young men could be found to go out in such capacities from industrial schools, and the Home Government

¹ Report of Select Committee on H. B. Co., 1857, 237-239.

might be induced to contribute towards sending them out in the first instance, if grants of land were held out to them in prospect, after a certain period of residence in the territory.

Another settlement might surely be attempted, in addition to the solitary one at Red River. As occupying an intermediate position between it and Canada, the spot indicated by Sir G. Simpson, between Lac la Pluie and the Lake of the Woods, might be selected. If the Company were willing to extend some assistance annually towards such an object, I should be glad to promise a clergyman and a schoolmaster. Such a measure would manifest an earnest desire for the welfare of the Indian, and that large population over which the Company bears rule.

I have to express my obligation for much valuable aid which has been rendered to me by your Board and the Council of Rupert's Land in the erection of churches and other ecclesiastical matters. More especially, I have to thank the Company for undertaking to build at their own cost the churches at Moose and at York, now in progress. On this head I have but one petition to present, which concerns my own cathedral, to be commenced immediately on my return. Might I ask from the Honourable Company a grant of 500*l.* towards that object, to be paid in two annual instalments? The Society for Promoting Christian Knowledge have granted me such a sum, and I trust that the Company will not be unwilling to contribute the like amount to that church, which will be the mother church of all the churches of the land. Of the need of such a building, instead of the present church of St. John's, Sir G. Simpson is well aware, as he is also of the difficulties which will attend the undertaking. When standing on the spot this summer, Sir George himself recommended me to take out an architect or a contractor of a better description from England with me.

I have to request a passage to Moose Fort by the 'Prince Arthur' for Mr. Fleming, of the Church Missionary Society. He goes out to assist the Rev. John Horden, as the Rev. E. C. Watkins will now be removed towards the Saskatchewan.

I can scarcely expect the Company to add to our clerical staff and yet I should feel it a great relief if they could increase the salary of their own chaplain, the Rev. J. Chapman, after seven years' service, to 200*l.* per annum, as the 50*l.* in addition to their 150*l.* falls entirely on myself.

In education I gratefully acknowledge the 100*l.* still continued to the Red River Academy, and now devoted to the

Academy for young ladies at St. Cross. The matter which weighs at times heavily on my mind in this department would be the thought of so many at some forts without any education afforded them, as, for instance, at Fort Carlton. If a school-master could be appointed at such leading spots as Carlton, Albany, Lac Seul, the Company bearing half the expense and the church the remaining half, it would be a mighty lever for elevating and improving the land. It would be a source of great pleasure to me if the Company would sanction such a proposal, even for four or five of the principal forts.

Such matters are more under my own cognizance than the details of the social and political economy. I cannot, however, refrain from saying, that I deem the present tariff on goods at York, at the Red River, and up the country, higher than can be justified on the usual principles of commerce. I only mention this as a subject for the consideration of the Board, as a point which I feel it difficult to account for when called upon to do so in public.

The Indian Tariff might, I have always thought, be somewhat more equalized over the country. An identity of price for furs is not, of course, to be expected but a greater equality of price might, I am sure, prevail with great advantage when two forts are so near as Fort Alexander and the Red River, or even Cumberland and Norway House. In saying this, I must, however, profess an entire ignorance of such concerns, having always purposely abstained from entering into them. Of the general fact I am of necessity conscious, and merely on that account would plead, as I am in duty bound, on behalf of the poor Indian, who has often represented to me his condition, and begged me to undertake his cause.

On the general question of the trade of the country, I subjoin an extract from a letter received since my return to England from one formerly in my own diocese, but now in that of Toronto, who is a shrewd and acute observer of passing events, and whose name will at once suggest itself to many of the committee, and which tends to corroborate many of the views given in the above memorial.

Referring to the agitation in Canada on the subject of the charter, the writer observes—

‘After four years’ residence in Canada, my own opinions are unchanged as to the evils that would follow free trade in furs. It would doubtless enable unscrupulous adventurers to make money in the southern part of the territory. Rum would

be largely used, and the Indians greatly demoralized, and difficulties consequently thrown in the way of missionary operations. I never hesitate to express my opinion to that effect whenever I am asked what I think of the movement.

‘The Company will moreover have to relax their system. It is useless to attempt keeping things as they were 100 years ago. All the southern part of the territory susceptible of improvement will have to be given for agricultural purposes. A large portion of Rainy Lake district, and of Swan River and the Saskatchewan districts, together with the Red River, will ultimately fill up with settlers. As Minnesota fills up, settlements are sure to extend north of the boundary line.’

My opinion, expressed to all, after the experience of seven years, would be that to throw open the trade to free competition would tend to the speedy ruin of the Indian. My own desire and endeavour would be to raise and rescue them as a people, and to prepare them to be able to stem the current when civilization, as it gradually must, spreads westward from Canada over this mighty territory.

As regards the sale of spirituous liquors to the Indians, I rejoice to find that measures are about to be taken for their entire or partial disuse in the course of this year. That they can be brought to an end at once is scarcely possible, from the growing facilities of importation from the United States, but the example on the part of the Honourable Company (if the plan mentioned to me by Governor Johnson shall be carried out) would be productive of the best consequences. The chief difficulty to my own mind has always been the entire disuse of spirits along vast tracts of the country, as in the Moose and Albany districts, and their use in other quarters. That the custom of distributing spirits to the Indians, when coming in large bodies to the forts, is often attended with fatal consequences I am aware from actual knowledge and very earnestly would I entreat that some substitute be made—a gift of tea, or any other thing prized by the Indian—instead of that which ruins so often both body and soul. In making this appeal, I speak in the name of all my own clergy, and also in the name of the Rev. J. Black, of the Presbyterian communion, who, in a special letter sent after me, besought me to use any influence in my power to remedy this crying evil. My belief is, that if the Company gives up the practice, the free traders will be led immediately to discontinue it. At least, I think I may answer for the Protestant population.

Such are a few of the leading points to which my attention has been chiefly called, given in a more desultory shape than I could have wished, from the constant pressure of engagements. Others may occur to me during my stay, which I should at once state to the Board, with the same frankness and openness as on the present occasion. If any matters admit of easier explanation by word of mouth, I would again wait upon the Company at one of their subsequent meetings.

The committee will, I am sure, give me credit for a sincere and earnest desire for the best interests of the country. That desire we feel, I trust, in common, and our anxiety would be to promote any measures which might be proved to have a beneficial tendency. In looking back upon seven years, the progress has in many things surpassed my expectations, but when I look towards Canada and the United States, I am disappointed that there is not more of perceptible growth. I know, however, the peculiarities of the land, and I should not like to witness any rapid changes. My prayer and earnest wish would be, that the Company might be led to devise some changes which might at once be sound and salutary, and in accordance with the spirit of the present age; such as may tend to the good of all committed to their care, whether Europeans or Indians; their temporal advantages in the present world, and their higher interest as immortal beings, to be trained for another and an unending state.

Commending these remarks to your candid and favourable consideration,

I have, &c.,

LE 13 JUILLET, 1852.

The Revd. Mr. La Flèche's Translation.

DISPOSITIONS PRELIMINAIRES.

I. Toutes les ordonnances locales qui ne seront pas explicitement étendues plus loins, ne seront applicables qu'à cette partie du district d'Assiniboia, qui forme la Colonie de la Rivière Rouge et ses environs.

II. Toutes les amendes et confiscations, qui n'ont point de désignation spéciale, doivent revenir aux fonds publics.

III. Tout règlement sera interprété sans aucune distinction de *Genre* ou de *Nombre*.

IV. Si quelqu'un favorise, d'une manière quelconque, la violation d'une ordonnance locale, il sera tout aussi coupable que le principal offenseur.

V. La loi générale d'Angleterre suppléera à tous les cas qui ne sont prévus par ces réglemens locaux.

1. Tous ces réglemens locaux enregistrés jusqu'au 30 Août, 1851, sont rappelés.

FEUX.

2. Si un malon de foin, en pleine prairie, est endommagé par un feu courant, le propriétaire n'en pourra réclamer le dommage que dans le cas où il aura cerné ce malon d'un anneau de la bourrage d'au moins quatre piés de large, à la distance de trente verges au moins.

3. Si, du 31 Mai au 1 Décembre, quelqu'un met le feu avec intention de le faire courir, il paiera dix louis d'amende, dont moitié au poursuivant.—Pourvu, cependant, que la cour peut remettre toute l'amende, si le défendant n'a mis le feu que par nécessité, et a fait tout en son pouvoir pour l'empêcher de courir.

4. Si un feu allumé en plein air, sans intention pourtant de le faire courir, est laissé allumé, et que par défaut de précaution, ou par négligence, il vient à courir, toute personne qui l'aura allumé, ou alimenté, ou qui s'en sera servi, paiera une amende de cinq chelins à cinquante chelins.

ANIMAUX.

5. Si un troupeau entre dans un champ clos, le dommage sera divisé également entre ces animaux, et de plus, ces animaux

pourront être retenus en garanti jusqu'à assurance du paiement à raison de douze sous par jour pour le soin de chaque animal. Pourvu, cependant, qu'aucune partie du dommage ne puisse tomber sur quelqu'animal qui serait entré par une barrière ouverte, ou par une clôture qui n'aurait ni la hauteur, ni la force, ni la densité convenable.

6. Si un étalon approchant deux ans et audessus est trouvé libre, le propriétaire de cet étalon paiera vingt chelins d'amende, et l'animal pourra être retenu en garanti jusqu'à assurance du paiement à raison de douze sous par jour.

7. Si un belier est trouvé libre entre le 30 Juin et le 1 Novembre, toute personne peut le prendre, et le retenir jusqu'à ce que le propriétaire lui ait payé deux chelins et demi, lesquels lui appartiendront.

8. Si, entre le 31 Mars et le 1 Novembre, un cochon est trouvé libre, le propriétaire de ce cochon est responsable du dommage causé par des cochons, que en égard au tems et au lieu, son cochon aurait pu causer, à moins qu'il ne puisse prouver que ce dommage a été causé par tel ou tels autres cochons en particulier.

USAGE DES CHEVAUX.

9. Si quelqu'un prend un cheval, pour le monter ou l'atteler, sans le consentement du possesseur, il paiera un louis d'amende, et on lui confisquera l'aquippement, de quelque qualité qu'il soit, dont il se sera servi pour le monter ou l'atteler.

FOIN.

10. Si un colon fauche du foin au dela de la ligne de deux milles avant le 20 Juillet, il lui sera confisqué, ou il en paiera la valeur.

11. Le privilège exclusif de faucher ce foin entre les lignes de deux et de quatre milles, sera perdu pour la saison du moment que celui, qui y a droit, aura fauché au dela de la ligne de quatre milles, et en tous les cas privilèges cesseront après le 31 Août.

12. Si un colon fauche sciemment sur la terre d'un autre, son foin lui sera confisqué, en espèce ou en valeur, au profit et au satisfaction du propriétaire, sans recevoir aucun dédommagement pour son travail; mais s'il l'a fait par ignorance, son foin lui sera encore confisqué, mais il aura droit à être dédommagé de son tems.

CHEMINS.

13. Les principales grandes routes auront deux chaînes de large.

14. Les autres chemins peuvent être réparés et améliorés comme chemins publics, mais seulement lorsque les propriétaires du sol auront consenti à laisser libre une largeur convenable qu'ils élargiront de tems en tems de manière à réparer les dommages causés par la rivière, ou autres causes semblables..

15. Si quelqu'un perce dans la glace un trou à jour, ou seulement dans une partie de l'épaisseur de la glace, il l'indiquera par une perche d'au moins six piés de long, planté du côté le plus près du chemin, faute de quoi, il sera responsable du dommage qu'une semblables précaution aurait pu prévenir.

Deux louis pour avoir fourni quelque ustensile de brasserie;

Trois louis pour avoir fourni du malt;

Cinq louis pour avoir fourni des liqueurs fermentées;

Dix louis pour avoir fourni toute autre cause immédiate d'enivrement que les liqueurs fermentées.

20. Ensus ces amendes, le délinquant restituera au sauvage l'équivalent de tout ce qu'il pourra en avoir reçu, si c'est le cas, pour lui avoir fourni ces choses, et toute partie de cet équivalent, qui n'aura pas été payé en argent, sera estimée, dans ce cas, au prix courant.

21. Si un sauvage ivre commet ou menace de quelque violence, sans provocation, il pourra être enprisonné ensus de toute autre punition désignée, jusqu'à ce qu'il poursuive la personne qui peut avoir été coupable dans l'affaire.

Le montant du dommage sera également divisé entre chacun des animaux, connus briseurs de clôtures, indépendamment des autres animaux trouvés simultanément dans l'enclos, mais n'ayant point le même défaut; et tout animal connu comme briseur de clôtures et trouvé dans l'enclos, sera gardé en garant jusqu'à ce que son maître paye sa part du dommage, pourvu que le propriétaire de l'enclos puisse prouver que la clôture du dit enclos était suffisamment haute, forte, et serrée, et que la ou les barrières de l'enclos était ou étaient fermées.

CHEMINS.

XIII. Le principal grand chemin aura deux chaînes de large.

XIV. Tout autre lien actuel de passage, pourra être réparé ou amélioré comme chemin public, mais pas avant que toutes les

Deux Louis pour fournir des ustensiles de brasserie : l'amende ira au délateur.

Cinq Louis pour fournir la bière ou liqueur fermentée : l'amende au délateur.

Dix Louis pour fournir des liqueurs distillées ou tout moyen immédiat d'ivresse, autre que les liqueurs fermentées : la moitié de l'amende sera pour le délateur.

Dans tous les cas, le délinquant, après conviction, sera emprisonné jusqu'au payement de l'amende.

XIX. En sus de ces amendes, le délinquant restituera au sauvage l'équivalent qu'il pourrait avoir reçu de ce dernier pour les dites fournitures. Dans cette restitution, tout ce qui ne sera pas argent devra être estimé au prix coûtant.

XX. Si un sauvage ivre commet ou menace de commettre, sans provocation, un acte de violence, il peut être emprisonné, en sus de toute punition particulière, jusqu'à ce qu'il poursuive la personne qui peut avoir été coupable de son ivresse.

XXI. Toute personne qui possède ou a possédé du malt ou de la bière ou des liqueurs spiritueuses ou quelque autre moyen d'ivresse sus-mentionné dans la compagnie ou dans la tente d'un sauvage, cette personne sera regardée comme coupable d'avoir fourni aux sauvages ces moyens de s'enivrer.

LOIS SUR LA BOISSON.

XXII. Il est permis au banc des magistrats de paix et aux petites cours assemblées dans leurs divers districts, le premier lundi du mois de Juin, chaque année, ou à d'autres époques, quand ils le jugeront à propos, d'accorder des licences valables jusqu'au premier lundi de Juin suivant aux demandeurs approuvés (lesquels devront être propriétaires fonciers dans la Colonie). Les licences donneront droit de vendre en détail sur les propriétés de ceux qui les obtiendront, toutes sortes de liqueurs spiritueuses, vin et bière légalement importé ou fabriqué dans le pays. On est censé vendre en détail, quand on vend moins de cinq galons de liqueurs spiritueuses, moins de un galon de vin, et moins de huit galons de bière. Il faudra payer une somme de dix Louis pour obtenir une licence qui autorise à

vendre en détail des liqueurs spiritueuses, comme du vin et de la bière, et la somme de cinq Louis pour la licence qui autorise à ne vendre que la bière en détail. Si quelqu'un vend des liqueurs spiritueuses, du vin ou de la bière en détail, sans cette licence, il payera, pour chaque délit, après en avoir été convaincu, devant une petite cour, sur le serment d'un ou de plusieurs témoins, une amende de dix Louis sterlings, et sera emprisonné, jusqu'au paiement de l'amende. La moitié de l'amende appartiendra au dénonciateur. La formule des licences sera conforme aux cédules A ou B. Toute contravention à la teneur des dites licences sera punie par la perte des licences; et de plus, en cas d'infraction des dispositions stipulées dans les dites licences relativement aux Sauvages, le délinquant sera passible de la pénalité spéciale pour fournir aux Sauvages les moyens de s'enivrer.

Cédule A.

Ceci est pour certifier que vous êtes autorisé par les présentes à vendre, sur votre propriété, toutes liqueurs spiritueuses légales, en toute quantité au-dessous de cinq galons, du vin en toute quantité au-dessous de un galon, et de la bière, en toute quantité au-dessous de huit galons, à toute personne ou personnes, sous les restrictions suivantes, vous ne vendrez point depuis neuf heures du soir, jusqu'à six heures du matin, non plus que les jours de dimanche à quelque heure que ce soit. Vous ne vendrez point à des personnes ivres, jamais à aucun sauvage ni à aucune personne vulgairement connue comme sauvage. Tout acte contraire à ces restrictions rendra cette licence nulle et de nul effet.

Cette licence sera valable jusqu'au premier lundi de Juin prochain.

Cédule B.

Ceci est pour certifier que vous êtes autorisé par les présentes à vendre, sur votre propriété, toute quantité de bière au-dessous de huit galons à toute personne ou personnes, sous les restrictions suivantes; vous ne vendrez point depuis neuf heures du soir jusqu'à six heures du matin non plus que le dimanche à quelque heure que ce soit. Vous ne vendrez point à des personnes ivres, jamais à aucun sauvage, ni à aucune personne, vulgairement connue comme sauvage. Tout acte contraire à ces restrictions rendra cette licence nulle et de nul effet.

Cette licence sera valable jusqu'au premier lundi de Juin prochain.

XXIII. C'est avec les fonds provenant des licences et des amendes que les petites cours défrayeront toutes les dépenses nécessitées pour le maintien des lois contre la vente illégale des boissons spiritueuses, du vin ou de la bière, ou contre ceux qui fournissent au sauvages les moyens de s'enivrer. Les mêmes petites cours rendront compte au Gouverneur et au Conseil de ces recettes et de ces dépenses.

XXIV. Aucun procès ne pourra être intenté, à l'effet de recouvrer les pénalités encourues par la violation des lois qui règlent la vente des liqueurs enivrantes, si l'information n'a pas été donnée dans le cours de six mois après la perpétration du délit.

DOUANE.

XXV. Toutes les marchandises importées dans le district de l'Assiniboine, des quelque Partie des Possessions Britanniques que ce soit, ou de tout autre pays étranger, seront soumises à un impôt de quatre pour cent "ad valorem," valeur qui sera estimé d'après le prix courant auquel ces marchandises sont vendues dans les lieux d'où elles viennent.—Londres, New-York, etc. On excepte de cette règle générale certains articles sur lesquels il y aura des spécifications particulières. Les articles suivants seront introduits exempts de douane, savoir :

- I. Toutes les barres de fer et d'acier.
- II. Tous les livres et toutes les publications, importés ou pour l'usage particulier ou comme marchandise.
- III. Tous les instruments scientifiques.
- IV. Toutes les machines et tous les instruments aratoires.
- V. Tous les bagages, comme tous les vêtements et ustensiles dont les propriétaires ont fait ou font encore usage.
- VI. Toutes les semences, racines ou plantes, propres à améliorer l'agriculture.

XXVI. Il y aura quatre Collecteurs des Douanes qui résideront à chaque extrémité et au centre de la Colonie, ainsi qu'à la Prairie du Cheval Blanc. Leurs maisons seront regardées comme des offices de la douane. Chaque Collecteur aura le pouvoir de faire prêter serment, de chercher et de saisir les marchandises de contrebande et de poursuivre les contrebandiers. Il pourra exiger l'appui des connétables, ainsi que de tout sujet loyal de Sa Majesté Britannique et à tous ceux, qui, sans être connétables, répondront à son appel. Le Collecteur, aux dépens du trésor public, les payera, comme connétables spéciaux et extraordinaires, dix shillings par jour. Chaque Collecteur aura le pouvoir d'exiger et de recevoir le paiement de la douane, et de donner des reçus faisant foi que la douane a été payée. Deux fois par mois, chaque Collecteur remettra, entre les mains du Gouverneur qui est, en vertu de son office, Collecteur Général, tous les revenus qu'il aperçut, ainsi qu'une liste des personnes qui ont payé, et la valeur des marchandises sur lesquelles l'impôt a été levé. Tous les huit jours chaque Collecteur enverra au bureau du douane le plus proche une liste de toutes les quittances faites par lui. Chaque Collecteur, en sus de son salaire, aura droit au cinquième des profits résultant des saisies qu'il aura faites ou fait faire.

XXVII. Toutes les personnes important dans le district d'Assiniboia, des marchandises sujettes à la douane, ces personnes qu'elles soient propriétaires, agents ou conducteurs, seront pourvus d'une facture ou manifeste qui fera connaître, outre le nom du consignataire, un rapport exact de la quantité et du prix d'achat de toutes les marchandises contenues dans les voitures, vaisseaux ou autre véhicule quelconque, par terre ou par eau. Cette facture ou manifeste sera vérifiée par la signature être saisies. Le Collecteur, pour s'assurer de la véracité des marchandises dans la Colonie, la dite facture ou manifeste sera présentée à un Collecteur au premier bureau de douane par où passent les marchandises. Autrement les marchandises pourront être saisies. Le Collecteur, pour s'assurer de la véracité des factures à lui présentées, pourra exiger le serment de la partie intéressée, ou bien examiner les marchandises, en ouvrant les colis, s'il le juge nécessaire. Après avoir ainsi reçu satisfaction, il exigera le paiement de la douane, ou, à sa discrétion il

pourra accepter une obligation pour le montant payable au moins en trois mois. Cette obligation pourra être poursuivie et recouvrée comme toute autre dette.

Le Collecteur, auquel on aura satisfait pour la douane, comme ci-dessus spécifié, écrira sur le revers de la facture ou manifeste les mots "Examiné et payé" il y apposera en outre sa signature et la date, et ceci sera regardé comme une quittance suffisante.

Si dans certains cas, pour une cause inévitable, il arrive qu'il ne se trouve pas de facture, le Collecteur sera autorisé à accepter la déclaration assermentée des parties intéressées pour connaître la valeur des marchandises, ou, s'il le juge nécessaire, il peut s'en assurer autrement.

XXVIII. Tout propriétaire, ou importateur ou consignataire de marchandises sera tenu de montrer son manifeste, dans le délai de vingt quatre heures après l'arrivée des marchandises, (si déjà il n'a point de quittance) à un Collecteur de la douane, et tout propriétaire, importateur ou consignataire de marchandises qui aura manqué à cette formalité, sera passible, outre la somme exigée par la douane, d'une amende qui ne dépassera pas cinquante Louis sterlings, et que la cour pourra diminuer à discrétion, et cette amende pourra être recouvrée par les mêmes poursuites que toute dette contractée. Tous les ballots, ainsi que les marchandises en gros qui n'auront pas été déclarés dans le manifeste seront saisis comme contrebande, et confisqués au profit de la Reine, ou du Gouverneur et du Conseil agissant en son nom. Dans le cas où une personne quelconque refuserait de montrer son manifeste ou sa facture, ou bien refuserait de payer la douane, ou de donner une obligation pour son paiement, le Collecteur sera autorisé à saisir toutes ses marchandises comme contrebande.

Toute personne qui fera un faux rapport à un Collecteur sous la foi du serment pourra être poursuivie comme parjure volontaire.

Les personnes, réclamant exemption de la douane, parce que leurs marchandises sont destinées pour des lieux au-delà du cercle de l'Assiniboine, les entreront, comme les marchandises destinées à l'usage de la Colonie, dans une des maisons de la douane où elles les déclareront en transit pour leur destination, et où elles donneront une obligation de ne pas disposer des dites marchandises avant qu'elles soient loyalement transportées en dehors des limites du District de l'Assiniboine. Cette obligation équivaudra à la moitié du prix coûtant des marchandises

ainsi entrées, et ne pourra être annulée que par le certificat d'un Collecteur des Douanes, faisant foi que les conditions de l'obligation ont été remplies. Autrement le montant de l'obligation sera confisqué et pourra se recouvrer à la manière des dettes contractées.

XXIX. Toutes les marchandises soumises à la douane, seront regardées comme contrebande dans les cas suivants, si elles ne sont sauvegardées par une quittance.

I. Si elles sont restées sur les propriétés du possesseur ou du consignataire durant plus de quarante huit heures.

II. Si on les a ouvertes, ou, si l'on en a disposé d'une manière quelconque, ou si elles sont autrement passées des mains du premier importateur ou consignataire.

III. Dans le cas où n'étant pas sujettes à la douane, à cause de leur destination au delà des limites du District, elles auraient été ouvertes, ou l'on en aurait disposé, ou si, d'une façon quelconque, elles étaient sorties de la possession du premier importateur ou consignataire dans les limites du District, sans la connaissance et l'autorisation d'un collecteur des Douanes, toutes ces marchandises à moins d'une décision contraire, seront confisquées au profit de la Reine, par le Gouverneur et le Conseil agissant en son nom. Toutes les marchandises ainsi saisies seront déposées dans la maison de la Cour, et ensuite, à des époques fixées, on les vendra à l'encan, au profit du trésor public, à la réserve de la somme requise pour payer les dépenses et satisfaire aux droits des collecteurs.

XXX. Un droit de cinq shillings par gallon est imposé sur toutes les liqueurs fermentées et distillées, à l'exception de celles qu'on pourra prouver avoir été directement importées du Royaume-Uni par le consignataire.

XXXI. Voici quels seront les collecteurs des Douanes :

William Dease, à la Pointe Coupée, avec un salaire de £20 par an.

Roger Goulet, au Fort Garry, avec un salaire de £35 par an.

Patrice Breland, à la Prairie du Cheval Blanc, avec un salaire de £20 par an.

XXXVI. Tout créancier, à qui il est dû une somme de vingt shillings au moins, en faisant serment devant un juge de paix sur l'exactitude de la dette, et sur le fait qu'il croit son débiteur dans l'intention d'aller dans un pays étranger ou dans une partie de ce pays sur laquelle ne s'étend pas la juridiction civile des cours de la Colonie, ce créancier pourra forcer le dit débiteur à montrer des garanties pour attendre son retour à la Colonie dans la saison même de son départ, ou à donner des assurances qu'il apparaîtra à la prochaine cour compétente. A défaut de ces conditions, le créancier pourra faire saisir le débiteur et le retenir dans la Colonie jusqu'à cette époque. De

l'effet de cette loi sera exempt tout débiteur qui a contracté avec la compagnie ou avec d'autres pour laisser la Colonie durant un temps limité, sans songer à une absence illimitée de la Colonie; pourvu que son engagement ait été affiché au Bureau de la Compagnie, ou autre place publique, au moins quatre jours avant la tenue de la dernière cour compétente qui précède la date de son prétendu départ; et désormais, en aucun cas, nul débiteur laissant la Colonie, aux termes d'un engagement, ne pourra être détenu pour dettes contractées avec un tiers, après la date voulue de la publication de son engagement de laisser la Colonie pour un temps limité.

XXXVII. XLII. Si un batelier, après avoir signé un pareil engagement, mais non autrement, néglige ou refuse de se rendre au bateau dans lequel il s'est engagé à servir, ou s'il refuse de faire le voyage convenu, s'il s'absente sans permission, tout juge de paix, sur la plainte assermentée du maître ou propriétaire du dit bateau, lequel produira son contrat, aura droit de saisir le dit batelier, et, dans le cas où ce dernier ne pourrait pas donner des raisons suffisantes de son absence, de son refus ou de sa négligence, le dit juge, après preuves suffisantes de ce défaut, pourra emprisonner le batelier pour un temps quelconque qui n'excédera pas trente jours, à moins que ce batelier ne consente à faire le dit voyage à la satisfaction du plaignant.
